Park Notes.

Commencing at 10 a. m. to-day the committees will judge coach horses, carriage teams, roadster teams, saddle horses, Herefords, Jerseys and Angus cattle and poultry.

The next stock parade will take place at 10 o'clock to-morrow morning. On Friday morning at 10 o'clock the ladies' riding and driving tournament will be concluded. No prize will be awarded to anyone who had not appeared on the first day.

The directors have decided to carry out the contracts with horse owners who had entered their animals for hurdle races. The owners pledge themselves, however, to place only competent jockeys in the saddle, and declare that there will then be very little chance of an accident occurring.

River View Stock Farm's little two-year-old pacer Telephone, by George Dexter-Oakwood, made a very good showing yesterday in the first race, considering the fact that she is only just recovering from a very long and severe sickness. A few weeks ago she barely had command of her hindquarters. By another year she will be a good one if nothing happens to her.

Secretary Smith states that on Saturday next the stock will give a purse for the "Darktown Derby," in which only colored jockeys will participate. The chief prizes will consist of a load of watermelons and one very fine "razzah."

SPECIAL MENTION.

Sewing Machines and Bicycles.

One of the most attractive exhibits of the Fair is that of George D. Irvine of the White Sewing Machines and the White Bicycles for both ladies and gentlemen. He has lately accepted the agency of these machines, and has a most pleasing display of them in the upper left wing of the Pavilion. Some of the points of superiority claimed for the White Sewing Machines are noiseless action in running, a pinch tension, which pinches the thread just enough to make a smooth, elastic stitch, tension indicator, thoroughly digested, the contents of the dust caps for needle and presser bars. The White Bicycles are hand-some wheels, strong, durable, light, easy running and fully guaranteed. After the Fair George D. Irvine will occupy part of the Schwamb picture store at 804 J street.

SHOULD BE RETURNED.

Reasons Why Republicans Should Stand by Johnson.

(From the Mountain Echo.) The majority of the discontented Republicans in the Second District who, without understanding the situation, rose up in arms against the Hon. Grover L. Johnson because of his course on the railroad funding bill, are now ashamed of their conduct. They have read and thoroughly digested the contents of Mr. Johnson's letter explanatory of his course in the matter of the railroad, and they are now satisfied that they did this worthy public servant an almost irreparable injustice, and now out of their mouths their hearts speaketh, and eulogiums and praises upon praises are being showered upon the head of Grover L. Johnson.

The Democratic press of the district is silent as to Mr. Johnson's letter of explanation. There are no loopholes for the opposition parties to glide into, nor can they by way of innuendoes and insinuations, directly or indirectly, seek to make political capital out of even one paragraph of that very ably written statement of facts and figures. Like Banquo's ghost, Mr. Johnson would not down at the bidding of blatant political demagogues, mugwumps and opposite forces of whatever shade, color or denomination. He was cog-

izant of the fact that he did his whole duty in behalf of his constituency, and if perchance right was to be construed into wrong, and in the cause of right and justice he was to be crushed, he would still be cognizant of the fact that he did right, and he would go down in defeat with the full consciousness of knowing that he died in the cause of right, and that ignorance, stupidity and the lack of better judgment on the part of members of his own party, would be accountable for the result. But such conclusions are not to be; such results will not follow upon the heels of a Congressional record so brilliant in every part as that made by the Hon. Grover L. Johnson in the recent Congress.

The people, irrespective of party, are being educated up to the fact that Hon. Grover L. Johnson did right in every act, and notwithstanding the fact that his immigration bill, pension bill and other important bills have been filed for the incoming Congress, they are measures, which if they become law, will be of widespread benefit to the people; not only to the people of the Second Congressional District of California and the State, but the whole Nation as well. With a Republican President and a Republican Congress these valuable bills will become law. It is to the interest of every voter of the Second District to study up the record of the Hon. Grover L. Johnson before the day of election arrives; to study it up in a fair and unprejudiced frame of mind; note the vast good he would have accomplished had the Administration been favorable to him; take into consideration that he is a man of deep learning, a man of broad conception, a man of the highest legal attainments, a scholar and a statesman of the first order; that he is a deserving man, and that he merits the hearty support of his party. Remember, too, that he is not only a credit to the district he represents in his own State, but a credit to the Nation as well. His commanding influence in the councils of the land should not be forgotten by Republicans; he is the right man in the right place. He is a true blue Republican and has been for thirty-five years. He has watched the rise of the Republican party since its birth and always cherished it as the party of American progress; for such it is. It has blazed the trees along every new highway to American industrial success. It stood for free labor when the Democracy maintained slave labor. It defended the Union and the honor of the flag when both were imperiled. It has stood abreast of the best thought and noblest aspirations of the age in which its lot is cast, and through good and evil report, by night and by day, in the hours of peril and in the full flush of victory it has merited success. The Hon. Grover L. Johnson is a stalwart member of that grand old party; that party of courage and conscience; that party of promises kept, of deeds performed. He believes in its sublime faith in the American people; its devotion to truth; its love of freedom; the depth of its patriotism; its national principles and all its hopes and all its prayers for the greatness and glory of our united country. Such is the devotion of the Hon. Grover L. Johnson to the Republican party, and the reasons why he is a member of that grand old party. Republicans, be as devoted as he, and as true to such a noble cause, and on the 3d of November next cast your ballot for the reelection of the Hon. Grover L. Johnson. This is a duty you owe yourself, your district, State and Nation.

SOCIAL EVENTS.

G. W. Averill, a skilled mechanic in the employ of the Southern Pacific Railroad Company at their shops in this city for many years, was united in Miss May E. Stevens, a young lady of Sacramento, by Rev. R. M. Stevenson at the latter's residence at 2 o'clock yesterday afternoon. Relatives and a few intimate friends were present. The happy couple went to San Francisco a few days, and from there to Mrs. Averill's parents at Christine, Mendocino County, for several weeks.

Pinkham, departed for New York last night, via the Northern Pacific, to pursue his medical studies in the Hahnemann College of that city.

ANOTHER DISAPPEARANCE.

Young Manuel Azavedo Leaves Home and Does Not Return. Another boy has mysteriously disappeared in the southwestern part of the city under similar circumstances as those of the disappearance of young Peterson.

This time it is young Manuel Azavedo, a Portuguese boy of quiet and steady habits, who put on his new clothes and left home for a short time late Monday afternoon. His father is much distressed about it, and there are now fears of foul play in both cases, as the habits of both boys, so say those that know them, preclude the idea that they have run away.

A MIDNIGHT SALUTE.

Citizens Awakened From Their Slumbers by the Noise of Cannon.

Last night, shortly after 11 o'clock, the inhabitants of the city were awakened from their slumbers by the roar of cannon along the water front, and many inquiries were made as to what it meant.

Some time ago the Board of Trustees granted the Mexicans of this city permission to fire a salute in honor of the declaration of Mexican independence, but the permission was asked and given to fire the salute at 6 a. m. and 6 p. m., and it was rather a peculiar proceeding, to say the least, to wake the residents of the city from their slumbers in the middle of the night by such an uproar, and it created much unfavorable comment.

The formation of the McKinley and Johnson Republican Club promises to be a very active factor during the campaign.
