

VOICE OF THE PRESS.

Expressions of Coast Newspapers in Brief.

On All Shades of Political Belief and Upon Leading Topics of the Day.

Stockton Independent: It has cost the wage workers more than three billions of dollars to experiment with free trade and it has cost the sheep men \$50,000,000 to attempt to cheapen the working-man's coat and blanket. Isn't the cheapening process of the Democratic free traders too expensive a luxury to be continued?

A QUESTION OF OUR OWN INTERESTS.

Fresno Republican: A contemporary engaged in the laudable purpose of conducting a campaign of education says: "The Republican party has always loudly proclaimed that its policy was one of absolute independence from all foreign influences. It now takes the remarkable stand that the United States must act as the tail to a European financial kite that the people of this nation may more highly prosper. Truly, the monometallists make us exceedingly weary."

About the thinnest of all the gruelly stuff that is being given the voters by the free coiners is this which is flavored with the idea that hesitancy to commit this country to the free and unlimited coinage of silver is due to a spirit of subservency to British dictation and a disposition to favor the interests of foreign nations at the expense of our own.

Is it reasonable to suppose that the political party which has persistently antagonized foreign interests in the most direct way possible, by a protective tariff, would be inclined to yield anything to foreign dictation on the financial question? Nothing could be more absurd. There is no question of foreign interests under consideration, as a matter of fact. The only question is that of results in this country.

WHILE IT LIES.

Chino Champion: The financial question before the country to-day does not lie between bimetalism and gold monometallism, but between bimetalism, advocated by the Republican party, and silver monometallism, advocated by the Populist party. A bimetallic currency with the free and unlimited coinage of silver at 16 to 1 has been demonstrated to be impossible by Mexico and other countries which have tried it, and had their gold driven out of circulation and out of the country.

A CURIOUS THING.

Redlands Citigraph: Seems like a curious thing, this "crime of '73" to hear our Demopop and Popocrat friends talk. It must have been a terrible crime, and yet the country went right along for twenty years and flourished and waxed fat, and never knew what a terrible crime had been perpetrated. In fact, the people might have forever remained in ignorance had it not been for the renunciation of protectionist principles and the substitution of free trade. Had protection prevailed the past four years the "crime of '73" would never have been found out.

HIS ABILITY.

Santa Cruz Sentinel: The great ability of General Harrison was not recognized till he made his wonderful series of speeches in the campaign of 1888. The same result is following from Major McKinley's speeches. Up to date he has addressed all kinds and conditions of men, and his speeches show a wealth of knowledge, versatility, grace of expression and a broad patriotic fervor far away from the feelings of a partisan, which have placed him in the very front rank of our political thinkers and statesmen.

WOMAN SUFFRAGE.

Los Angeles Herald: We should deplore the exercise of the right of ballot by women. Our reasons are sentimental, but are none the less, in our conception, cogent and deeply lodged in the breasts of a multitude of the men and women who are most genuinely and intently interested in the welfare of the human race. The editor of the "Herald" believes the true trinity of estates, in the wholesome evolution of the race, to be: The democracy of men, the aristocracy of women and the monarchy of God. So long as the "eternal feminine" is the inspiration of mankind we shall have an ever advancing civilization and the finest efflorescence of the mind and

soul. Woman's aristocracy and influence lie in her higher walk and work. Her "otherness" to man is what hedges her about with the divine right to lead him up the higher ways. No doubt Generals Washington, Bonaparte and Grant had the right to ride in the skirmish line of battle, or scale ramparts, side by side with the private soldier, but they did not exercise the right, and it was well for the armies they commanded they did not do so.

THE VITAL ISSUE.

Fresno Republican: William Jennings Bryan, the fusion candidate for the Presidency of the United States, does not recognize that there is a tariff question at issue in the present campaign. He avoids reference to it and confines himself to discussion of the financial question after the Bryanesque manner. If anybody asks him a question concerning the tariff he answers it with a glittering generality and returns to the consideration of the silver dollar. Evidently Mr. Bryan and the tariff are not on speaking terms. He lives on another plane from those who regard the tariff question with interest.

This may or may not be very commendable on the part of the fusion candidate, but it probably is fortunate for the country that it has a large class of citizens who differ from him in that they consider that the question of sufficient income is of vital importance to the Nation. This may be a low, bread-and-butter method of looking at the matter, but in a world where most people are accustomed to eating bread and butter it doubtless is a good thing that many people have not reached a plane above the consideration of such gross subjects.

We take it that the citizens who look upon the question of the sufficiency of the national income as important are in a majority, and such will be interested in a brief consideration of facts relating to the tariff. A man might theorize himself into the opinion that free trade would be the best policy for this Nation to adopt, as Mr. Bryan has done, but every such one must admit that the republic must have an adequate income, and that, until something better is suggested, the tariff system must be continued because from it is derived a large part of the national income.

DISCARDING WATSON.

San Bernardino Sun: Had the meeting on Boston Common been called for the express purpose of notifying Watson that he was discarded, it could not have been done more successfully. Had it been called to say to the Populists of the land that the implied bargain made at St. Louis was repudiated, no more effectual means could have been devised. Standing together on Boston Common, almost in the shadow of Faneuil Hall, and in the presence of the greatest gathering of people in this campaign, Bryan and Sewall pledged each other faith, and if there was ever any question as to who would be Bryan's running mate, that question was there disposed of.

Mysterious Midnight Shots.

There was a rumor about town at midnight last night that several pistol or gunshot were heard in the eastern part of the city. Up to 2 o'clock this morning, however, the police had learned nothing more definite than that shots had been heard.

The Yolo Deadlock.

A gentleman who came over from Woodland last night said the deadlock in the Republican County Convention on Supervisor from the Washington district was still unbroken. The contestants are John Cornish of Clarksburg and Ezra Casselman of Washington.

Alleged Illegal Voting.

C. S. Dewey was taken before Justice Gill of Washington yesterday on a charge of illegal voting at the recent Republican primary there. A demurrer was filed by S. R. Hart, his attorney, and the case was continued till Friday.

Prohibition Address.

At Seventh and K streets this evening F. E. Coulter, State Chairman of the Prohibition party, will hold an outdoor meeting and deliver an address on the political situation.

It is said that the first book printed in this country from stereotype plates was a catechism by a Mr. Watts. This work was issued in New York in the year 1813, and was compiled for the benefit of the children of several New York churches.

SERIES OF ACCIDENTS.

Rattle-Brained Horses Were the Cause of Them.

Somebody has truthfully said that the horse is "the biggest fool animal that walks." That is, that when frightened he loses his head and becomes crazy. The statement is not greatly overdrawn.

Yesterday morning B. Ruhl, formerly a resident of this city, but who lives in the country at the present time, came to town driving a fractious horse. The animal became frightened at some object on Fourteenth street and ran away, breaking the buggy.

Mr. Ruhl took the vehicle to a shop where it was made whole again, and after hitching up the horse once more he started for his home. He had not driven a block, however, when the horse again ran away, and one of the wheels of the vehicle colliding with a telephone post, Mr. Ruhl was thrown violently to the ground.

He was taken to the Receiving Hospital where it was found that no bones were broken, and he was soon able to go about his business. The buggy was a wreck when the horse got through with it.

On Tuesday a Swede employed on Cavanaugh's hop ranch, south of the city, was kicked by one of the horses of a team he was driving, with the result that one of his legs was broken. He was taken to the Sisters' Hospital for treatment.

On Tuesday evening Hoy Kee, the Chinese merchant at Fifth and I streets, took his wife and two small children out for a ride in a surrey. He stopped at Sixth street to water the horse, when the latter started to run. Kee, who had alighted, caught hold of the bridle, but it broke and came off, and the horse dashed away with the woman and children.

One wheel came off and the vehicle was overturned. Mrs. Kee suffered a severe concussion of the brain and was unconscious until yesterday, but is now recovering. The children received severe contusions, but no serious injury.

A LIVELY BOUL.

Two Women Have a Scrimmage on the Street.

About 5 o'clock last evening two women came together at the corner of Sixth and K streets, and for a few minutes the air was thick with petticoats, white stockings and handkerchiefs.

The crowd, which gathered rapidly, howled with delight, and were getting the full benefit of a free circus, when Officer Katzenstein appeared on the scene and ordered the combatants to "break away," and they broke. Unfortunately the officer did not get the names of the parties.

GAME SEASON.

It Does Not Begin Until the 15th of the Month.

Some people seem to be of the impression that the open season for shooting wild game begins to-day. This is a mistake. It does not begin until the 15th. Some years ago the season opened on the 15th of September, then the date was extended to October last, and two years ago to October 15th.

Game Warden Helms states that the seven men arrested by him in Yolo last Sunday will be tried in the Superior Court, the Supreme Court having decided that Justices of the Peace have no jurisdiction in cases where the maximum fine is not limited to a certain sum.

A HUNDRED HARES.

They Were Brought From Kern County for Coursing.

The Coursing Park Association, which is fitting up Agricultural Park for hares, received on Tuesday one hundred fine strong hares from Kern County.

The long-eared, long-legged scorchers were placed in pens at the park, and will be given an opportunity to familiarize themselves with the lay of the ground before the opening day of the coursing.

Yesterday some boys discovered the presence of the hares and through sheer wantonness killed two or three of them with clubs. If the guilty ones should be caught they will be prosecuted.

THE DIAMOND ROBBERY.

Gus Devine Obtains a Writ of Habeas Corpus.

Gus Devine, who was on Tuesday held to answer for alleged complicity in the Wachhorst diamond robbery, yesterday sued out a writ of habeas corpus, by his attorney, S. R. Hart, returnable before Judge Hinkins this afternoon.

Mr. Hart, who is also counsel for Frank Holden, said last evening it was not true that the latter had made any admission implicating anyone in the robbery.

SOCIAL EVENTS.

Last evening Frank Welch and his bride, just arrived from Utah, were given a reception at the residence of the groom's father, Ben Welch, at which a number of friends were present. A most delightful evening was enjoyed.

PERSONAL MENTION.

Miss Alvina Schmidt of Cincinnati, O., is visiting her sister, Mrs. L. E. Bruner.

Mrs. L. H. Brown will return to-day from her extended visit to relatives in Maine and Massachusetts.

Mr. and Mrs. David F. Dryden of Portland, Ore., are visiting their uncle and aunt, Mr. and Mrs. B. F. Pike, at 2304 G street.

The many friends of Adjutant-General Barrett will regret to hear that he is so ill as to be confined to his room yesterday.

J. F. Clark and wife have returned from an extended stay at Pacific Grove.

C. A. Ruman of Michigan Bar was in the city yesterday.

Hon. J. B. Stevenson of Bloomington, Ill., a nephew of the Vice-President, is visiting Hon. R. D. Stephens. He was here a year or two ago with a hunting party.

Secretary of State Brown has returned from his trip to San Francisco. Mr. Brown has been chosen a Vice-President of the National Prison Association at Milwaukee.

BRIEF NOTES.

Two carloads of wine and one of hops went East from here yesterday morning.

The pay-car went eastward over the division yesterday to gladden the hearts of the employes along the road.

Advertisement for Battle Ax Plug. Features an illustration of a man with a large battle ax and the text: "Big as a Barn Door." Battle Ax Plug. For 10 cents you get almost twice as much "Battle Ax" as you do of other high grade goods. Before the days of "Battle Ax" consumers paid 10 cents for a small plug of the same quality. Now, "Battle Ax"—Highest Grade, twice the quantity. That's true economy.

SUPREME COURT DECISIONS.

Resolution of Intention, No. 327.

SYLLABUS.

(No. 19,492—Department One—Filed September 28, 1896.) The county of Orange, appellant; the County of Los Angeles, respondent. Action to recover money alleged to be the plaintiff's proportion of money received from the State as repayment of money expended by the defendant in providing for the support of aged persons in indigent circumstances. Affirmed.

Cupid Was Busy.

The god of love got in his work in a lively fashion last month. County Clerk Hamilton was called on by no less than forty-nine couples who wanted licenses to marry.

Do not despair because you have tried many medicines and have failed to receive benefit. Remember that Hood's Sarsaparilla cures when all others fail to do any good whatever. Hood's Pills are the best family cathartic and liver medicine. Harmless, reliable, sure.

Notice of Award of Contract, No. 315.

PURSUANT TO LAW AND TO THE resolution of the Board of Trustees of the City of Sacramento, adopted September 28, 1896, directing this notice, notice is hereby given that the said Board of Trustees, in open session, on the 21st day of September, 1896, opened, examined, and publicly cleared all sealed proposals offered for the following work, to wit:

That K street, in this city, from the east line of Front street to the west line of Second street, be improved by removing cobble, grading and laying refined asphaltum concrete three (3) inches in thickness on top of which shall be laid redwood blocks (12) in refined asphaltum, and four (4) inches in thickness, with a top coating of prepared asphaltum one-quarter (1/4) of an inch in thickness; also altering two (2) old catch-basins at the alley and where not already done constructing granite curbing and round corners at the alley.

Rejected all of said bids except that next hereinafter mentioned, and therefor awarded the contract for said work to the lowest regular responsible bidder, to wit: Cotton Bros. & Co., at the prices named for said work in their proposal on file in the office of the Board of Trustees of the City of Sacramento, September 29, 1896. s39-21.

Resolution of Award, No. 315.

RESOLVED, THAT "THE BOARD OF Trustees of the City of Sacramento, in open session, on the 21st day of September, 1896, opened, examined and publicly cleared all sealed proposals, or bids, offered for the following work, to wit:
