

TO-NIGHT'S GREAT MEETING.

Special Trains Will Bring Hundreds to the City.

Thousands Will be in Line to Show Their Appreciation of Johnson and the Ticket.

To-night will witness the grandest political demonstration that Sacramento has ever held, the occasion being the monster meeting in honor of Congressman Grove L. Johnson and the county candidates.

All the arrangements are about completed, and the clubs of the city and the surrounding county will all take part. In addition to this, special trains will run from a number of places, bringing large delegations of Mr. Johnson's friends in the district to show their interest in his success.

The train from Marysville will leave at 6 o'clock p. m., and arrive at 7:30; that from Auburn will leave at 5:30 p. m., and arrive in the city at 6:30, while that from Folsom will arrive at 7 o'clock, arriving at 7:45. A train will also be run from Galt, leaving there at 5:30 p. m. All trains will start on the return trip at 11:30 p. m.

The Resolute Club made all necessary arrangements last evening, and will meet at Jacobs' Hall at 7 o'clock sharp in uniform. Every member expects to turn out and do his share of parading. The other clubs have also arranged their time and place of meeting.

The places occupied in line and the places where the different divisions will form appear in the proclamation of Marshal McMullen.

The line of march will be from Second street up J. to Tenth, then to K, K to Second, and countermarch on K to Tenth, Tenth to L, L to Fifteenth, Fifteenth to the new Pavilion, where it will enter and listen to Mr. Johnson's address at 8:30 o'clock.

It is not probable that it will have much space in it after the audience is assembled.

BUSINESS MEETING. Held by the Board of Directors of the Chamber of Commerce.

A meeting of the Board of Directors of the Chamber of Commerce was held last evening, the President, Joseph Steffens, presiding.

The Committee on Public Improvements reported as follows: To the Board of Directors of the Sacramento Chamber of Commerce—Gentlemen: Your Committee on Public Improvements respectfully recommend—

First—That the Board of City Trustees be requested to deny applications for change of grade of sidewalks for less than one block, and that all property holders be required to conform to the official grade.

Second—We recommend that a competent hydraulic engineer be employed to pass upon the plans for protecting the levee where the discharge pipes pass through it at the new pumping station, to the end that suitable protection may be had if not already provided for.

Third—We recommend that the Board of City Trustees be requested to declare the portions of Tenth, Fifteenth, L and N streets, adjoining Capitol Park, a boulevard, and to adopt ordinances to govern travel thereon, as other cities have done in similar cases.

The Secretary was requested to confer with the Committee on Streets of the Board of Trustees in the matter of much needed repairs on J, K and other streets, and to report on the most approved outfit for repairing such streets and the cost of same.

L. L. Lewis (Chairman), W. A. Curtis, H. Bennett, Albert Eklus, H. H. Groll, Committee on Public Improvements.

J. G. Coleman, the Secretary, handed in his report from October 3d to date, as follows: To the Board of Directors Sacramento Chamber of Commerce—Gentlemen: Agreeable to your instructions I notified the committee having charge of matters of the pamphlet to hasten their work, and have received assurances that the work is being done.

The Supervisors allowed the bill for

Needing Sympathy.

A SUFFERER FROM A NERVOUS OR chronic weakness, who has sought aid in various forms of quackery, and in every instance failed to get relief, is certainly deserving of sympathy, but more so if, after having this sad experience, he gives up and despondently concludes that there is no help for him. In this frame of mind there is not much pleasure in the world for a broken-down spirit. But it is just such men to whom Dr. Sanden appeals in his scientific work, "Three Classes of Men," a pocket edition of which can be had for application. In this he proves that Electricity, and not medicine, is the nerve and sexual power, and he offers indisputable proof that his electric belt will cure.

Dr. Sanden's Belt Cured Him. Stockton, Cal., May 1, 1896. DR. A. T. SANDEN—Dear Sir: I would consider it very grateful in me not to speak of what your crowd medicine has done for me, as I was broken down with debility. My mind was depressed and my thoughts were all gloomy. I was always confused, I could not sleep more than a few hours at a time, my work was weak and relaxed, and I was swiftly going down hill when I got your belt, and I will never regret the day. I thank God I am today a different man. Now I have power and energy in the highest degree. I am a strong man now, and with every one who is weak would try Dr. Sanden's Belt. Your grateful patient, CHARLES H. KUCHLER, 88 North Sutter street, Stockton, Cal.

This is a very strong letter, but Dr. Sanden has hundreds like it that he is not allowed to print. Does it not tell you there is help near at hand? Weak men, seek yourselves, discard drugs and seek a natural remedy.

Call or send for the book with full information about Dr. Sanden's Electric Belt. SANDEN ELECTRIC CO., 282 Market street, opposite Palace Hotel, San Francisco. Office hours, 8 to 9; evening, 7 to 8:30. Portland (Oregon) Office, 253 Washington street.

the exhibition, and the same has been paid.

The President extended an invitation to delegates to the State Grange and many visited the rooms and expressed admiration for the exhibit. On October 9th a meeting of the Special Committee on Sugar Beet Culture was held and a committee of three appointed to visit Claus Spreckels on the 13th. Mr. Spreckels was not able to meet the committee on account of illness.

Contributions to the exhibit have been made by McLaughlin & Fyfe, Henderson & Brown, and Dr. G. L. Stammers. Hugh McWilliams of the Elm Nursery contributed the use of six pot-potted plants.

October 15th S. Wasserman gave notice of the contemplated removal of woolen mills from Ashland, Or. With your approval I will send the proprietor of the mills a copy of Mr. Small's article on "Manufacturing Advantages."

On the 14th E. K. Alsip recommended that correspondence be had with Mr. Trotherton of San Francisco in reference to establishing smelting works at Sacramento.

Your Committee on Public Improvements met on the 14th and formulated its report on sundry matters, and decided to take up other work soon.

Communications have been received from the following gentlemen, which are for your consideration, viz.: J. A. Fitcher, Secretary State Board of Trade; William Ingram, and Rev. A. C. Herrick of Sacramento.

By request of the President, a design for letter-heads is submitted for your consideration.

I have been advised of the adoption of resolution by the honorable Board of State Capitol Commissioners requesting the honorable Board of City Trustees to declare those portions of Tenth, Fifteenth, L and N streets adjoining Capitol Park a boulevard, and that suitable ordinances be adopted for governing travel thereon, as has been done in other cities.

THE OTHER SIDE'S STORY. Why the Knights of Honor Did Not Pay the Walsh Claim.

A short time ago there was published in the "Record-Union" an article to the effect that the Knights of Honor had refused to pay the death claim of Thomas Walsh of Chico.

Thomas Johnstone, Grand Reporter of the Grand Lodge of this State, claims that the statement has done the order an injustice, and gives the history of the case.

It appears that Walsh, who had a benefit certificate made out payable to his wife, had some disagreement with her and changed it, making it payable to his son and daughter. He afterward lost his money, and his wife, continuing to take care of him, he felt that he had done her an injustice, and took out another certificate, revoking the second one, and again making the benefit payable to his wife, as at first.

After his death the attorney for the daughter and son notified the Supreme Lodge to declare the money to the widow. The Supreme Lodge is therefore forced to hold the money until the courts decide to whom it shall be paid.

Mr. Johnstone adds that the Chico people, who know all the facts, favor the widow's claim.

DEATH OF JOHN RICHARDS.

The Well-Known Cosumnes Farmer Passes Away.

Another Member of the Sacramento Pioneers Goes Over to the Silent Majority.

Another member of the society of Pioneers has gone to join the silent majority.

John Richards, who was well known throughout the county, passed away at his home on the Cosumnes on Wednesday night after an illness of several weeks, at the age of 70.

Mr. Richards was one of the early settlers on the Cosumnes River, where he has remained ever since. Born in Cornwall, England, in 1826, he came to this country in 1845, and engaged in lead mining in Wisconsin, but when the gold fever broke out he abandoned it in order to search for the more precious metal.

With three others, he started with ox teams across the continent, leaving St. Joseph in April, 1849, and arriving at Dutch Flat in September. He struck a streak of luck from the first, taking out \$5,000 from his claim there in six weeks, one of the nuggets being worth \$252. In 1851 he went back East for the purpose of getting married, and was united to Miss Elizabeth Mitchell of Lafayette County, Wisconsin. He invested his money in cattle, which he drove across the plains to this State in 1853. He bought 500 acres of the Shelton place, and afterward 1,000 acres of Government land adjoining it.

He has been largely interested in mining operations, having some valuable quartz claims, but his main pursuit has been wheat and stock-raising.

Of a kindly and genial nature, Mr. Richards numbered as his friends all who knew him, and although his failing health was a pronouncement of his death many were not aware that it was so near, and will regret to learn of his decease.

In addition to being a member of the Pioneer Association, Mr. Richards was a member of Elk Grove Lodge, No. 173, P. and A. M.; Sacramento Chapter, No. 3, R. A. M.; and Sacramento Commandery, No. 2, Knights Templar.

The funeral will take place from his late residence on Sunday at 10 a. m., under the auspices of the Elk Grove Lodge, and Sacramento Commandery will attend it. The interment will be in the Elk Grove Masonic Cemetery.

Beside his widow, Mr. Richards leaves seven children, Mrs. Alexander Milne, Mrs. Lafayette Miller, Mrs. Henry Band, Mrs. E. A. Platt, Charles J., John L. and William F. Richards, Lizzie Viola, the late wife of W. A. Johnston, was also one of his daughters.

Came Too Often. Yesterday morning Fred Anderson stood up in the Police Court for the third time within the week to answer to a charge of drunk. This was coming a little too thick to suit the court, who scolded before he pronounced sentence, "Ten days in the County Jail."

Agitationism. Causing headaches and all other troubles of the eye, necessitating glasses, scientifically fitted and work guaranteed; absolutely reliable, by F. de Wolfe Henrich, Masonic Temple. Hours, 9-12, 1-5, Sundays, 9-12.

LAND OFFICE DECISIONS.

Register Fraser and Receiver Gardner Render Two.

A Homestead Claimant and a Mineral Contestant Are Made Happy.

Thomas Fraser, Register, and Charles F. Gardner, Receiver, of the United States Land Office in this city, have rendered a decision in the case of George T. Wayman, contestant and homestead applicant, against the homestead Pacific Railroad Company.

The suit involved a portion of section 7, township 18 north, range 9 east, of Mount Diablo meridian. The contestant made application to homestead the tracts above named, claiming that it was exempt from the railroad company's grant by reason of the settlement of James Burke upon it prior to the date of the granting Act, and alleged that Burke was a qualified pre-emptor.

The petition and affidavit were transmitted to the Land Commissioner and a hearing was ordered. The contestant presented a plat in evidence showing the location made by him, which substantially agreed with the description of the land claimed by Burke in his recorded declaration of possessory right of pre-emption, the certified copy being also presented in evidence.

All the witnesses for contestant testified to having known Burke personally and that he had resided upon and improved the land as late as the year 1868. It was shown that Burke occupied the land from 1854 to 1868 consecutively, and that the dwelling on the site where Burke's house formerly stood.

Generally the testimony supported the allegations set forth in the petition for hearing, and none of the testimony was contradicted, or the petition impeached.

The court held that the tract in question in the case of Fraser, (for so little suburb of Sacramento) had been cultivated by a duly qualified pre-emptor from 1854 to 1868, prior to the Congressional grant to the railroad company, and that therefore the land was exempted from the operation of the company's grant and was not to be included in the grant to the company; that a valid pre-emption in Burke had attached prior to and at the time of the granting Act, and that the land should be cancelled as far as the land in question was concerned. Wayman was declared a duly qualified homestead applicant and recommended that his application to homestead the tracts be filed.

A MINERAL CONTEST. In the matter of the contest entitled J. G. McCloud, mineral claimant and protestant, against the Central Pacific Railroad Company and Salistine Gomes, respondents, involving a tract of land in section 15, township 12 north, range 8 east, as contained in the location of the "Big Lead" Quartz Mine, adjoining the town of Auburn, Placer County. An examination into the records of the Land Office showed that the original plat of survey was filed in Marysville in 1856, and was cancelled about half the land returned as unsurveyed, and not until 1871 was an official plat of the township filed.

On July 30, 1885, a third plat of survey was filed, and upon it the land in dispute, together with other tracts, were designated as "mineral" by the railroad company. The railroad company filed a list of selections covering the land described, and afterward made application to "disprove mineral" upon it. A hearing was had July 27, 1885, and the evidence submitted was of such character as to oblige the local officers to decide that the land was non-mineral, but owing to irregularity in the service of notice the case remained open and undetermined, and was so when the present protest was filed.

The documentary evidence presented with the protest showed that the mining location was made on the subdivision of the land described, and extended the width of 200 feet on each side of the lode. The petition for a hearing was granted, and the 27th day of July, 1896, fixed for as the time for hearing.

Before the time set Gomes intervened, alleging the land to be non-mineral, and that he was the owner by purchase from the railroad company, and asked for a continuance until August 25th, which was granted.

The allegations upon which the investigation was made set forth that there existed and had been regularly located a gold-bearing quartz vein or lode, the same cropped to the surface at various places, and assayed \$15 14 per ton, and could be mined at an expense of \$2 50 a ton.

The question to be decided, therefore, was whether the existence of such facts had been satisfactorily established, and if so, whether or not the facts established the land to be mineral and more valuable for that than other purposes.

The mineral protestant submitted the evidence of himself and ten witnesses, which substantiated his allegations. It upon the ledge, which had been sunk and from two and one-half to seven feet in width, and that the prospects procured ranged from \$8 to \$10 a ton. The land was said to be worth little for agricultural purposes.

The respondent produced six witnesses, most of whom were miners and who had prospected on the ledge, but who had not seen the ledge, and his wife also testified that the rock taken from the ledge was of no value.

The Land Office officials, sitting as a court, decided that the land was open to mineral location, and that the evidence showed the rock to be mineral in character, so as to yield gold, from 100 to 200 per cent profit. It was considered a valuable mining property, and of little value for agricultural purposes, and that it should be reserved from the grant made by the railroad company and cancelled, and that the claimant should be allowed to acquire a mineral title for it.

SOCIAL EVENTS. Christina Lorenson and William Kasement of San Francisco were married at the home of the bride, Ninth and S streets in this city, October 14th. Rev. Hoskinson performed the ceremony. These young people will make their home in San Francisco.

Thursday evening, at Foresters' Hall, the ladies of the Sumner Relief Corps gave a reception in honor of Mrs. J. H. Shepard, Department Inspector of the Woman's Relief Corps. A fine musical and literary programme was rendered, and those present report having spent an enjoyable evening. Mrs. Shepard inspected Fair Oaks Relief Corps Tuesday and Sumner Relief Corps Thursday afternoon.

Following was the programme: Piano solo, Gladys Wiley; vocal solo, Comrade Dasonville; recitation, Maud St. Clair; cachouca, Irma Farley; vocal solo, Mrs. Dasonville; piano solo, Mamie Dupuy; vocal solo, Nita Medley; recitation, Mrs. Gent; piano solo, Willie Adams; vocal solo, Comrade Wiley; dramatic dances, Edna Farley; duet, Mr. and Mrs. Dasonville; recitation, Bessie Adams.

At the residence of the bride's mother and stepfather, Mr. and Mrs. Martin Daniel, about six miles east of Galt, by James M. Grey, evangelist of the Church of Christ, Alice F. Grammer and Benjamin Brown, was married on Thursday in the presence of relatives and friends. After the ceremony an excellent dinner was served, to which ample justice was done, and feasting and merriment was the order of the day.

EVERYBODY'S COLUMN. Under this heading the "Record-Union" will publish short items from correspondents on topics of interest to the general public. The matter in these communications will be understood by the name of the writers. All communications must be accompanied by the name of the writer, not for publication unless so desired, but as a guarantee of good faith.—Eds.

A New Church Building. "Record-Union": One of the most commendable enterprises in a community, and especially in a new and growing city, is the building of a church. We mark as an evidence of the civilization and culture of the people who flow to this coast from whatever part of the country they may come, when they begin to inquire about religious privileges and facilities for worship in the new localities that are open to their choice, as permanent homes. Much has recently been written and published of the beautiful and rapidly growing town of Orangevale. It deserves all the praise that can be given. Like all other new settlements, it has its reverses and discouragements to overcome, but the spirit shown by its citizens will assuredly lead to success, and it is destined to become the garden spot of Central California.

The Presbyterians of this prosperous little suburb of Sacramento (for so it will certainly become in a few years) will within the present year erect a church edifice, and are now enjoying its advantages and privileges—a Christian home, we trust, for the reception of those who may hereafter desire to cast their lot with the people. And now they have arranged for a "formal opening" of the church on Monday evening, October 19th, and are anxious to see all their friends on that occasion. The fact that the Rev. Dr. McKenzie is to deliver the address should be sufficient to fill the church to overflowing, and certainly no one will go from the place without benefit in the direction of true progress. W. W. L. Orangevale, October 17, 1896.

PERSONAL MENTION. G. W. Sparks of Woodland is in the city. Albert Gallatin and Mr. Livermore came up from the Bay last night. Miss G. Suddell and Miss A. Suddell are guests at the Golden Eagle Hotel. Mrs. C. J. Hammes has returned from her visit to her sister, Miss Lizzie Dinsie, at Sonora.

Captain Nutting of New York City is visiting Sacramento, and on a short stay in San Francisco and a trip to the vicinity of Marysville and Oroville, looking into some real estate offers. Captain Nutting was Captain of Company C, Sixty-first New York Volunteers, of which General Nelson A. Miles was then Colonel. He was presented by the Congress of the United States with a medal "for conspicuous gallantry in the battle of Todd's Tavern, Va., May 8, 1864."

THOMPSON'S TRIAL. The Case Will be Argued and Given to the Jury To-Day. The evidence in the trial of Charles E. Thompson for burglary was all put in yesterday afternoon. Edward Kinney, alias Frank McCarthy, who was sentenced to Folsom for taking part in the same burglary, swore that he sent Thompson back for some clothes that he told him he had left in the house and which he wished to get, as he was jumping his board bill and did not wish to be seen. Thompson testified to the same effect, and said that as he came out of the house he was shot at.

The arguments in the case will be finished this morning and the case given to the jury.

Band of Hope Reception. This afternoon in Pythian Hall the newly elected officers of Sliam Band of Hope will give a reception to the members of the band. An interesting programme has been arranged, including an old-fashioned candy pull. No admission fee will be charged, and the public, as well as every member of the Band of Hope, are invited to attend.

Cesspool Ordinance Violated. Officer Greene yesterday arrested N. Harvie for an alleged violation of the cesspool ordinance.

Treasurer Lyon Improving. County Treasurer Edward Lyon, who has been very ill, continues to improve slowly.

VOLUNTEERS OF AMERICA.

Mrs. Ballington Booth Will Arrive Here To-Day.

She Will Address Citizens on the Work of the Volunteers and the Needs of Prisoners.

Mrs. Maud E. Booth, wife of Commander Ballington Booth, leader of the Volunteers of America, arrives in this city this morning. She will be accompanied by Major Washington Blackhurst, Staff Captain Robert Gardner and Captain Macomber of New York.

The party comes from Stockton, where Mrs. Booth spoke in the M. E. Church. Two meetings will be conducted in this city, both of which will be in the First Congregational Church on Saturday, October 17th, and Sunday, October 18th, at 8 p. m. The subjects of her addresses will be "The Volunteers, Their Work, Principles and Future," and also "The Prisoners of Our Country, Their Need and How to Meet It."

On Sunday forenoon Mrs. Booth will address the prisoners of Folsom State Prison, returning to Sacramento in time for her final meeting in California before leaving for the East.

Mrs. Booth commenced her trip two weeks ago, and in San Francisco and all the large cities she has had remarkable audiences who have manifested sympathy with her and her cause in most decided manner.

The Volunteer movement is one which has made rapid progress. Six months ago, at the time of its inception, Commander Booth had three rooms at the Elbie House for his headquarters and five officers. Now he has three floors at 34 Union Square, New York City, and forty-five on his staff.

"The Volunteers' Gazette" has a weekly circulation of 25,000 copies and is continually increasing. There are now 116 organized posts and almost 400 commissioned officers. Marked advances characterize the work on the Pacific Coast, and every city of importance will soon be occupied by the Volunteers.

Name Omitted. In the account of the funeral of Flora M. Frazier, published in yesterday's "Record-Union," the name of George Smith was accidentally omitted from the list of pallbearers.

That Tired Feeling Makes you seem "all broken up," without life, ambition, energy or appetite. It is often the forerunner of serious illness, or the accompaniment of nervous troubles. It is a positive proof of thin, weak, impure blood; for, if the blood is rich, red, vitalized and vigorous, it imparts life and energy to every nerve, organ and tissue of the body. The necessity of taking Hood's Sarsaparilla for that tired feeling is therefore apparent to every one, and the good it will do you is equally beyond question. Remember

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Hood's Pills are easy to take, cure liver ills, easy to take, 2 cents.

DIED. LA BARE—In this city, October 16th, Henry E. La Bare, of the city of Sacramento, aged 1 month, a native of Sacramento.

CHURCH NOTICES. EMMAUEL BAPTIST CHURCH, CORNER TWENTY-FIFTH AND N STREETS. Rev. A. J. Sturtevant, Pastor. Services at 7:30 p. m. Young People's meeting at 6:45 p. m. Sunday-school at 12:15. Morning service at 10:30. "Where is the Lord God of Elijah?"—Where, the Lord God of Elijah?
