

THOSE DESTITUTE CHILDREN.

Their Father Will Take Them to His Mountain Home.

Officer Healey of the Children's Society went to the place referred to yesterday where six half-orphan children are destitute, to remove them to the Orphan Asylum. But he discovered that another father in the same house has two children, half-orphan, poor but not wholly destitute, but both were sick. Pleading the illness might be of a contagious character, he went for Dr. Oden, who examined the children and found them to be suffering with throat disease that may or may not prove to be diphtheria. The place is low and over bad ground and not a proper spot for sick children. Healey resolved therefore not to remove the first group of children, as they might carry disease to the Orphan Asylum.

The father of the six children has a small place in the mountains, and will take his children there as soon as he can get the money to pay their way. Officer Healey has called on Supervisor McLaughlin in relation to the matter, and Secretary Simon of the Children's Society is interesting himself about it, and it is expected, therefore, that the money, only a few dollars, will be raised, and the poor man, who is destitute, will be able to take his motherless children to his home in the mountains, where he says he will be able to provide for them. This will be better by far than the original intention of putting the children in the asylum, relieving both that institution and the Children's Society.

Yesterday Healey took into custody a boy named Willard Page and deposited him in the City Jail for safe keeping for a few days, Chief Drew consenting to accept him for a short time. The lad is small and stout and claims to be 16, but he is not believed to be over 12 years of age. He ran away from Salt Lake City, where he says he has two brothers, but they are not men to care for him, both being the boy illegals, usually under the influence of liquor. He has neither father nor mother living. He has been here some ten days, sleeping in barns and living from hand to mouth. He says he is willing to work to earn his living.

The officers do not think that he is a vicious lad, but he is one who would be easily contaminated if left without care. The boy is very obscure in statement as to when he left Salt Lake City. What to do with him is puzzling the society officer. Correspondence will be opened with the officers of the Boys' and Girls' Aid Society, San Francisco, to ascertain if they can dispose of him.

In the meantime Healey is at work on cases relating to more important matters, and one of which regards a villainous fellow who is insulting school children and whose conduct has much disturbed the school authorities.

Weather Report.

The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 55 and 46 degrees, with fresh southerly winds and showery weather prevailing. The highest and lowest temperatures one year ago yesterday were 58 and 48 degrees, with 10 inches of rain, and one year ago to-day 56 and 45 degrees, with no rain. The rainfall yesterday was .16 of an inch, making for this season 7.57 inches, as against 14.31 inches to an equal date last year. The barometer was slowly rising last evening, and at 5 P. M. stood about the 30-inch mark. If the wind blows

Pebbles.

Lenses for the eye are made of rock crystal (commonly called pebbles) or of crown glass. Lenses made from rock crystal are harder and therefore less liable to scratch. Pebbles unless cut accurately are apt to refract unequally. They also absorb more heat. So that lenses made from good crown glass are equal to the best pebbles, are cheaper and universally used. I shall be pleased to give more information on this subject at my offices, Masonic Temple, Sixth and K. Optician F. De Wolfe Hennis.

A SOLDIER'S KICK.

He Wants Governor Budd to Look After the Yountville Home.

The following unique complaint has come from the Soldiers' Home at Yountville. It was referred to a reporter for deciphering, because the writer had made the waste basket reference fairly plain. After worrying with the letter for an hour the following was made out. It will be observed that there are only two stops in the whole letter and there are no commas:

January 27, 1897.

THE MEMORIAL GROVE.

Enthusiastic Reception of the Proposition Throughout the State.

Mrs. Dr. Waggoner has returned from San Francisco, where she had held a meeting of the General Memorial Grove Committee.

There was a large attendance present from San Francisco, Oakland, San Jose, Berkeley, Alameda and Vallejo, with many letters from distant parts of the State regretting the inability of the writers to attend. The delegates were all very enthusiastic over the proposed movement, and proved the same by substantial contributions to the memorial fund.

The comrades from different parts in the State who had been communicated with express themselves as being willing to aid not only by good counsel but in a financial way, which will be very acceptable to the promoters.

At a recent meeting of the ladies of Edward Roby Circle, G. A. R., of this city, there was a large delegation of Grand Army men present, and the subject was freely discussed, all pledging assistance.

The surprise is no longer one of speculation, but an assured fact. As soon as replies are received from Eastern correspondents at the battlefields and other points, the date of the tree-planting will be made public. The following committees were appointed at the meeting in San Francisco.

Programme Committee—Chairman, Belle S. Herr, Department President of the Ladies of the Grand Army in Sacramento, and Past Presidents Ella C. Smedley and Venice F. Cushing of Oakland, Carlina S. Shirland of Sacramento, Sarah A. Metcalf and Beinda S. Bailey of San Francisco, Abby L. Burgess and Eleanor P. Anderson, of San Jose, and Eva J. French of Santa Rosa.

Finance Committee—Mary Blood-Miller (Chairman), Anna L. Pouik, Mary E. Smith, Sarah E. B. Todd and Rachel K. Pierce.

Reception Committee—The President, Past President and Department officers of Edward Roby Circle No. 2, Ladies of the G. A. R., Sacramento.

Ways and Means—The Presidents of each circle in the Department, with power to choose assistants from their own circles.

BACK IN JAIL.

Tom McSherry Convicted of Assault at Cosumnes.

When Tom McSherry made a howl the other night because another man gave him a beating over a game of cards he did not know that he was getting himself into trouble, but he was.

It seems that at a dance at the Slough House during the holidays a big row occurred, in which McSherry was one of the principals. When the smoke of battle had cleared away it was found that Michael Powers had been stabbed by McSherry, after unprovokedly steps were taken for the latter's arrest, but he had disappeared.

But his recent trouble in this city got his name into the "Record-Union," and that settled him. As soon as the paper reached the Cosumnes the next day word was sent to the city for the police to hold McSherry, and he was held.

Yesterday he was taken out to the scene of the holiday function for examination before the Justice of the Peace of that township. District Attorney Ryan went out to prosecute the case, but after the testimony was given in it was found not to be very strong, and all parties agreed to have the charged reduced to one of simple assault.

To this McSherry pleaded guilty and was brought back to the County Jail.

STELZNER THE WINNER.

So Declared by the Athletic Club's Governors Last Night.

The Board of Governors of the Sacramento Athletic Club met last night, and after listening to statements on behalf of Stelzner and Van Buskirk relative to their glove contest on Wednesday night, after a full consideration of the matter, refused to sustain the decision of referee Donahue. Stelzner was declared to be entitled to the decision and 50 per cent. of the receipts, and Van Buskirk 10 per cent.

The official report of the board is as follows: At a meeting of the Board of Governors of the Sacramento Athletic Club held January 28, 1897, to consider the decision of the referee in the Stelzner-

THE BOGART RECITAL.

Will Take Place at the Congregational Church To-Night.

The song recital announced for the Bogart Concert Company under direction of Francis Stuart, takes place this evening at the Congregational Church. The box sheet at Purnell's shows a large sale of tickets, which has no doubt, been somewhat emphasized by the popular price of twenty-five cents for admission, without extra charge for reserved seats.

The lady vocalists of the company, however, who have already appeared here for the Lecture Association, have numerous admiring friends in the city, and would doubtless have testified to that fact, through a good audience, if double the present admission rate had been charged.

The programme will be largely composed of popular songs, but some of the numbers will also give opportunity for display of the classic art, and the enjoyment of those who seek that realm in music.

The hares have all been in the park for quite a while and are running strong. If the weather should be fair a great day's sport will be had. The prizes will be \$30, \$15 and \$10. Ed. Johnson Against Bohl.
