

NO CITY WATER ON SUNDAY.

The New Pumps to be Connected To-Morrow.

It Behooves Everyone to Lay in a Good Supply of Water To-Day.

The new pumps at the City Water Works are to be connected with the mains on Sunday, and at 6 o'clock in the morning the supply will be shut off.

It is calculated that it will take about twelve hours to complete the work of making the connections, hence everyone should to-day provide a sufficient supply of water to last until at least Sunday evening.

Water to be used for drinking purposes should be kept in inclosed vessels, as when exposed it readily absorbs the impurities in the atmosphere.

One's physical feelings, like the faithful meter, search and point out plainly the fact of disease or health.

If a man is not feeling well and vigorous—if he is losing flesh and vitality, if he is listless, nervous, sleepless, he certainly is not well.

The down hill road from health to sickness is smooth and declines rapidly.

At the first intimation of disease, the wise man takes a pure, simple vegetable tonic. It puts his digestion into good active order and that puts the rest of his body in order.

The medicine that will do this is a medicine that is good to take in any trouble of the blood, the digestion, or the respiration, no matter how serious it may have become.

The medicine to take is Dr. Pierce's Golden Medical Discovery. It is a remarkable remedy. It cures diseases in a perfectly natural way, without the use of strong drugs. It cures by helping Nature.

It has a peculiar tonic effect on the lining membranes of the stomach and bowels. By putting these membranes into healthy condition, stimulating the secretion of the various digestive juices and furnishing to the blood the proper purifying properties, it reaches out to every body and drives disease germs before it into its final excretory channels. It builds up firm muscular flesh, makes the skin and the eyes bright.

Dr. Pierce's Golden Medical Discovery has been found wonderfully efficacious in the treatment of skin diseases—eczema, tetter, erysipelas, salt rheum—from common pimples or blotches to the worst case of scrofula.

HE IS MARKED FOR MURDER.

Highbinders Have Their Eyes on Quong Hing of This City.

It is Said There is \$1,000 Offered for the Murder of the Sacramentan.

A few days since the "Record-Union" published the particulars of the attempt of a highbinder named Ah Fun to murder Quong Hing, a well-to-do Chinese butcher and storekeeper of Folsom, who is a prominent figure among the Chinese in this vicinity.

Coming directly on the heels of the murder of "Little Pete" in San Francisco, the Folsom affair caused considerable comment. The "Call" now states that there is a conspiracy on foot to kill Quong Hing, a prominent Chinaman of this city. It says:

"It has just come to light that simultaneously with the attempt of 'Little Pete' in this city an attempt was made to murder another influential Chinese in Sacramento, and that community was spared the unwelcome sensation attending a foul assassination only by the vigilance of certain friends of the man marked for death in the Capital of the State.

"The day before Pete's temerity caused his death six as desperate highbinders as Chinatown can boast took the train for Sacramento. Their mission was to murder Quong Hing, the former interpreter of the San Yups, and there exists little doubt that the deed would have been consummated had it not been for the fact that spies have learned of the intended crime and immediately wired Hing of his danger.

"As soon as the latter received the startling news he left his mercantile business in charge of subordinates and went into hiding until the day before yesterday. In the meantime the hatchetmen arrived and at various times were seen about those places where the man marked for slaughter was most likely to be found.

"On the day before yesterday Quong Hing quietly boarded the train for San Francisco, where he would be surrounded by friends and in comparatively small danger of losing his life so long as he observed ordinary precaution. The highbinders were apprised of his arrival here and have since returned.

"Quong Hing, the manager of the Sam Yup Theater, on Jackson street, is another person whose life is in constant danger. The success of that institution, it is said, is largely owing to his business enterprise and sagacity, and in order to give the rival See Yup house, lately opened on Washington street, a better chance to thrive he has been placed on the death list.

"Both Quong Hing and Quong Chick are frequently seen on the street together, but they are always accompanied by a Cantonian guard. White guards have a 'snap' in the Chinese quarter nowadays.

"The conspiracy to murder Hing at Sacramento shows one thing pretty conclusively—that sooner or later 'Little Pete' would have been murdered even if his white guard were along. The idea in killing Hing was to keep him from returning to this city and filling the office of interpreter to the Sam Yups, which would be left vacant by Pete's death. The Chinese say the sum on Quong Hing's and Quong Chick's head is \$1,000 each."
