SOCIAL EVENTS.

On Wednesday evening Fred Boltano was the recipient of a very pleasant surprise party at the hands of his friends. Music, dancing and games served to make the hours pass quickly. Those present were: Mr. and Mrs. Jake Hilge, Mr. and Mrs. Henry Rubenstein, Mr. and Mrs. Joe De Costa, Mr. and Mrs. Manuel Silva, Mr. and Mrs. Robert Steiger, Mr. and Mrs. Dias, Mr. and Mrs. Popert, Mr. and Mrs. Raf Gross, Mrs. Meyer, Lillie Kunz, Emma Popert, Annie Schuminger, Carrie Popert, Clara Gross, Rose Schuminger, Mamie Dias, Mary Martin, Rob Steiger, Jr., George Yuhre, Harry Meredith, John Maloney, Flora Gross, Geo. Steiger, Walter Hagerty, Justus Steiger and Albert Dias.

At the California Hotel, Twelfth and I streets, the proprietor, Joseph Geriz, entertained a number of friends last night by giving a social party. The feature of the affair was a dance in which Antonio Simons and Miss Antepatria participated. The novelty of the affair lay in the fact that Simons was a foreigner. The guests report having had a most enjoyable evening.

Show of Cowardice.

(Santa Rosa Republican, 13th.) The Legislature made a notable exhibition of cowardice Friday. Nearly all the members had signed a petition to Congress to pass the pending anti-scalpers' bill. Learning of this the railroad ticket scalpers of San Francisco enlisted the co-operation of some of the metropolis papers against the measure. This caused a number of the legislators to waver, and pass a resolution declaring against the anti-scalpers' bill.

The anti-scalpers' bill provides that the railroad companies shall pay for the unused portion of any ticket. This is just and fair. It provides that the ticket business shall be done by the regularly appointed agents. This could injure nobody and it would prove a protection to many.

The general public should not lose cognizance of the fact that the people and not the railroad companies support the scalpers and the men the railroads have to employ as spotters because of the scalpers. In the simplification of this business the people would be the gainers and it is a pity that members of the Legislature are so thin skinned that they will nevertheless a demagogue says "railroad," regardless of the merit of the proposition before them.

A SAD MISTAKE.

Hard on the Boys, But the School Master Was Pleas'd. "It's plain the boys and young fellows in this town must be a bad lot," said a tourist to the proprietor of a hotel in Arkansas, relates the New York "World." "I've seen no less than five young fellows of from 16 to 18 years of age go by here with blackened eyes and a banged-up look generally."

"You want know how that happened?" asked the hotel man, with a grin. "Yes, I would."

"Well, I'll tell you. You see we've got a feller teachin' our school this winter who's mighty on-poplar, an' a lot 'o' the big boys 'o' the school lay in wait for him the other night, callin' him on ketchin' 'im an' givin' 'im a duckin' in the river. He's sparin' one of Hiram Todd's gals, an' the boys thought it was his night on duty at Hiram's, so they lay in wait in the woods near the Todd house."

"Well?" "Well, they'd made a mistake an' the feller they rushed out an' tackled was Bud Swipes, who's courtin' another one 'o' the Todd gals, an' Bud is the champion slugger of this county, an' the boys never found out their mistake till Bud had maul'd half 'o' 'em most to death. Kinder tough on a boys, but I guess the teacher ain't a-carin' any."

The Papers of the World.

A statistician has learned that the annual aggregate circulation of the papers of the world is estimated to be 12,000,000,000 copies. To grasp the idea of this magnitude, it is stated that the amount of the papers would cover no fewer than 10,450 square miles of surface; that it is printed on 781,250 tons of paper, and further that if the number (12,000,000,000) represented, instead of copies, seconds, it would take over 333 years for them to elapse. In lieu of this arrangement we might press and pile them vertically upward to gradually reach our highest mountains. Topping all these, and even the highest Alps, the pile would reach the magnificent altitude of 490, or in round numbers, 500 miles. Calculating that the average man spends five minutes reading his paper in the day (this is a very low estimate), we find that the people of the world altogether annually occupy the equivalent to 100,000 years reading the papers.

A CAPITOL ROW.

An Ex-Attache Has Trouble With Others On the Pay-Roll.

There was a squabble last night at the Capitol, inside of the Assembly Chamber, between one of the ex-attaches of the Legislature and some who retained the jobs.

The fortunate ones had been jollying the unfortunate man, who is a descendant of Marshal Ney, one of Napoleon's best known Marshals of France, and who had lost his position and was trying to get back on the pay-roll.

They have been losing no opportunity to try him, and last night made him believe his life was in danger. He struck one of them, after provocation, and was then told that he had better look out or he would be killed.

He put himself in charge of one of the Capitol watchmen and asked for protection to his home, which was afforded by Officer Talbot.

No blood was shed this time, but about two weeks ago two of the same crowd attacked Ney at Fourth and K streets and almost beat him to death.

A SHORT CONTEST.

The Captain of Police Stopped It in the Second Round.

A ten-round contest was announced to take place at the Theater Comique last night between Ed. Hennessy and James Flynn. The men came together all right enough, but the contest was a short one.

Hennessy was knocked down in the first round, and in return knocked Flynn down, and struck him while down. A claim of foul was made, and Flynn remained on his knee till he was counted out.

The referee, Fred Hanstead, thought things were about even and ordered the men to go on.

In the second round Flynn was knocked down and Hennessy uppeared him while on the floor and went into finish him without allowing him to rise. Captain of Police Ash stopped the fight and the referee declared it a draw.

TOO MUCH OF IT.

Arrest of Three Alleged Destroyers of Valuable Shrubs.

A recent paragraph in the "Record-Union" called the attention of the police to the destruction of beautiful flowering shrubs that has been going on in the city.

They were accordingly on the look-out for the vandals, and last evening Officers Higgins and Douglas arrested two brothers, who were peddling camellias. They claimed the flowers had been given them after 10 o'clock on the preceding night by the employer of one of them.

As the flowers had been torn and not cut from the bushes, the lads were locked up. One of them had been seen with fifteen beautiful white camellias the night before.

Later in the evening Officers Fisher and Hayes arrested another youth known as "Peg" Dawson for a similar offense. They will all appear before Judge Davis this morning.
