

GRAVE MATTERS DISCUSSED.

Supervisors Elect Franklin Cemetery Trustees.

The Board Will Go Down and Investigate the Work on the Sutter Island Road.

When the Board of Supervisors met yesterday morning L. T. Hatfield presented a petition from C. Swanson & Son for permission to set poles and string wires from the intersection of the Riverside road, where it meets the city limits, to their packing-house, in order to conduct electric power to it.

Chairman Jenkins said that a similar petition had been filed with the board from Folsom, which had been referred to the District Attorney for his opinion. This petition would be governed by his opinion on that one.

Morrison said there was plenty of room to put up the poles along the side of the road if the board found it had power to do it. He would not interfere with anything. He moved that the matter be referred to the Road Committee to confer with the District Attorney, and with power to act. So ordered.

Mr. Hatfield said he was willing to have included in the petition a provision that if anyone else down that way wished to convey power they should have the privilege of using the poles put up by Swanson for that purpose.

The Contract Committee reported that the lowest bidders on stationery were Messrs. Funnell and Parker, and the board adopted the report and fixed the prices on that basis.

Mr. Gray appeared before the board in relation to the road on Sutter Island, half the expense of constructing the road having been assumed by the board. A claim for \$1,792 14 had been presented to the board for road work.

He would like to know if the Road Committee or the County Surveyor had inspected the work, to see where the money was going to. It was not levee building, but the construction of a highway. Before going any further he would like to have the Board of Supervisors and County Surveyor inspect the road carefully, and ascertain whether the work is being done for reclamation or for road purposes, and he so moved.

Mr. Gray said that there was a county road on the levee, and had been for many years, and the residents want it raised and strengthened.

Morrison spoke at length on the matter, and Surveyor Boyd said he had not had time as yet to take any measurements, and did not know how much work had been done, except that the dredger had gone almost around the levee, and the work is about two-thirds done. It must all, however, be leveled down and staved, if there is no limit to the board's liability under the agreement, it should be abrogated before the cost amounts to too much, as the people are doing more than they originally intended.

It was decided not to pay the bill until the board had gone down and investigated the work.

W. H. Devlin filed the papers in the matter of the application of the San Joaquin Transportation Company for leave to erect a wharf on Sutter Island, and at his request the matter was set for Tuesday, April 6th.

District Attorney Ryan reported in relation to advertising for bids that there was nothing in the law to prevent the board from advertising in a weekly paper, as many counties have no daily papers within their borders.

He also stated as his opinion that the board had the right to grant the privilege to parties to put up poles for private use without advertising for a franchise, but if it were for a public use it must advertise for a franchise.

The County Surveyor was authorized to make a survey of the land that George Besler proposes to deed to the county, in order that a proper deed can be drawn.

Walter Willets addressed the board in relation to the refunding of certain money advanced by residents of Tyler Island, now that the land has been reclaimed. He explained the law under which the demand had been made and the difficulty that has arisen from the fact that the Commission formed at the formation of Escondido and District No. 4, which originally included the whole island, the Commission having been abolished some years ago and the island having been divided into four districts since. The other districts have drawn their share of the money and nearly \$1,200 remains in the fund. The matter was referred to the District Attorney, to be reported on at the next meeting.

Mr. McAdams asked if the Board intended to finish the piece of road on

the Auburn road that was partially graded last fall.

Curtis said it was intended to finish the road, but the rains came and it was too wet. Much of it is in condition now to finish and will be much better than if graded in the spring. When graded in the spring a road does not wear so well. The road will be finished when fit.

The board then took a recess till 2 p. m.

AFTERNOON SESSION.

When the board reconvened in the afternoon the bill of McMahon & Sons for \$1,500 as part payment on the Mormon Island bridge, the material being on the ground, according to contract was presented. The bill was ordered paid.

The Franklin Cemetery matter came next, there being a contest over the appointment of trustees. A petition for the appointment of Richard A. Bilby and Charles T. Frey to fill the vacancies, was presented.

Henry Ehrhardt objected, stating that the petition was got up secretly and he thought it was a piece of spite work against F. B. Beckley. The men who wish to be appointed have never, he said, given anything toward taking care of or supporting the cemetery. He, with Messrs. Beckley, Stephenson and other, had cared for it, built a fence around it and kept it in order, and he thought they were entitled to some consideration in the matter.

P. R. Beckley said that seven or eight years ago he and J. M. Stephenson laid out the cemetery and sold the lots, erected a windmill and fence and put it in order. Mr. Stephenson had since moved into the city and to some extent lost his interest in the cemetery, and he himself was acting as Superintendent and having it cared for.

Jenkins said that he was sorry to say that the board had jurisdiction in the matter. He did not think it should have, as he believed that those directly interested should have control. Mr. Beckley said that he had no objection to Mr. Stephenson's having control, and he thought they were entitled to some consideration in the matter.

Jenkins moved that the prayer of the petitioners be denied, and the motion was carried unanimously.

Jenkins then moved that, as there are vacancies, the board proceed to fill them. He did not think it best that two Trustees of one family should be appointed when others who are equally interested could be chosen.

McLaughlin thought that the whole matter had been settled by denying the petitioners. He declined to vote on the motion and it was carried.

Nominations being in order and the board members declining to make nominations, Jenkins nominated Henry Ehrhardt and John Sprock and they were elected, McLaughlin declining to vote.

TIME EXTENDED.

Mr. Elwell, representing McMahon & Son, asked for an extension of time to build the Mormon Island bridge, as there is no bottom at that place on which to build false work and it would probably go out with some of the freights, as the Folsom bridge did. He asked that the time be extended for ninety days.

Curtis said that the highest water often came in June, as the snow melts in the mountains. If an extension is granted he should certainly advise that it be made 120 days, and he so moved.

WILL GET TEN CENTS.

Sheriff Johnson appeared before the board in relation to the price fixed by the board last fall for feeding the prisoners in the County Jail.

Morrison said that in accordance with the findings of the Grand Jury the board fixed the price at 8 cents a meal. He had investigated the matter and was satisfied that the prisoners could not be fed such food as is given to them at that price. The board's finding has a good effect and there are fewer prisoners than last year, and very few second-timers. He moved that the price from March 1st be fixed at 10 cents a meal, those who do not work to have two meals a day and those working and the trustees to have three.

Curtis said he voted last fall against the board, as he did not believe it was right. His motives had been misconstrued and maligned at the time, but he had always been opposed to the reduction.

McLaughlin thought it was queer to reduce the price and then raise it. Morrison explained that when the reduction was made the Grand Jury was in session and had investigated the matter, and recommended it. He had since found that several members of the jury thought that 5 cents or even less was plenty good enough for the prisoners. The jury, however, he was informed, would have recommended the price at 9 1/2 cents a meal if the board had not fixed it.

Johnson said that 10 cents was the minimum price paid by all the counties except Santa Clara and it proposed to raise the price. Solano, San Joaquin and other adjacent counties pay 15 cents to 17 cents.

The motion was carried, McLaughlin voting no.

The board then convened as a Swamp Land Board and allowed a number of warrants.

The board then adjourned till 10 a. m. to-day.

Police Court Notes.

Justice Henry presided over the Police Court yesterday morning, in the absence of Judge Davis, who was ill. Joseph Lynderson, charged with threats against life, had his case continued till Monday.

The case of burglary against the boy, Petrie, and old offender, was continued till to-day.

The four charges of embezzlement against W. T. Krigbaum were continued till Tuesday.

The Chinese Assault Case.

Clarence Cuddy, the newsboy, was found guilty yesterday of assaulting a Chinaman, and will be sentenced to-day.

Justice Henry gave all the boys that appeared in court a very instructive lecture, stating that the evidence showed they were in the habit of gambling in the alley, and that unless they would give up such practices and of annoying passers-by, no matter what their nationality, they would never become good men and useful citizens.

Auction Sales To-Day.

At 10 a. m., to-day Bell & Co., 415 J street, will sell at auction there the strotting stallion Lenmar and 3-year old trotting filly Lady Lenmar. Also, sulky, harness, etc., and household furniture.

At 4:30 p. m., Bell & Co., will sell at auction a store building 20x100 feet, on the south side of J street, near Third, with a dwelling in the rear.

SUPERIOR COURT.

Probate and Law Calendar Matters Disposed Of.

Judge Hughes yesterday heard the law calendars in his and Judge Johnson's departments of the Superior Court.

An order was made approving the first account of the administratrix of the estate of George F. Bronner, deceased.

The will of Thomas O'Brien, deceased, was admitted to probate and letters granted to Thomas F. and O'Brien; appraisers, M. M. Hardy, Matt Coffey, and Alexander McDonald; notice to creditors in the "Record-Union."

The account of the administrator of the estate of James Perry, deceased, was allowed.

The demurrer was overruled in the case of Henry Slack against J. W. Critch, with fifteen days to answer.

The motion for a change of venue in the case of Mary A. Allen against Bridget Walsh and others was submitted on briefs.

Robert S. McClure was granted a discharge from his debts.

The sale of the personal property of Jacob Altmann, an insolvent debtor, was confirmed.

In the case of Edward Sheehy against the Farmers' and Mechanics' Bank, the demurrer was overruled, with seven days to answer.

Letters of administration were granted to A. D. Christanson on the estate of John L. Pembro, deceased.

All other cases were continued.

"The Best."

(From the Arbuckle Transcript.)

The Sacramento "Record-Union" entered upon its forty-seventh year last Monday. When we want the facts we always read the "Record-Union." It gives the plain news without any flourishes or sensationalism. In this particular we regard it as the best paper in the State.

COHN AND WACHORST WIN.

Assessor Irvine's Deputies' Cases Taken Under Adjudication.

Judge Hunt yesterday decided the case of the county against R. T. Cohn and E. S. Wachorst, to recover salaries paid to them as deputies some three years ago. The judgments were in favor of the defendants.

The cases of the county against George D. Irvine, P. H. McGrath, W. E. Everson, J. M. Stephenson, and George H. Cutter, ex-Assessor Irvine's deputies, with the same end in view, were heard and taken under adjudication.

Where is Larose?

Recorder R. T. Cohn is in receipt of a letter from Napoleon Larose, 922 Lakeview avenue, Lowell, Mass., asking for information regarding Larose, Francis or Peter Larose, who came to this State in 1849 from Three Rivers, Can.

He married in 1854 or 1855 to a Mexican woman and had a son born in 1855 or 1856, whose name was Antoine Larose. He would like to obtain intelligence of him, whether alive or dead.

Will Float Away.

Charles Wilbur, the loafer who lives off the earnings of fallen women, and who was arrested for talking to one of these women through the bars of the

jail a few days ago, yesterday pleaded guilty to a charge of vagrancy and was given three days in which to leave town.

WHEELMEN'S TRIBUTE.

C. C. W. Members Will All March to Warren Elliott's Funeral.

Elsewhere appears a call addressed to all members of the Capital City Wheelmen's Club. It requests them to assemble at the clubrooms at 1:30 p. m. on Sunday sharp, to attend the funeral of their late member, W. G. Elliott. They are requested to appear in citizens' dress, with caps. Wheels are to be led. Members who are not prepared to bring their wheels will move in ranks with those having wheels by proper distribution.

Lieutenant Elliott was one of the most respected and best loved of the members of the club. It is desired that there shall be a large turnout to pay to his memory this last tribute of respect. The funeral will be under the conduct of the club of which he was a founder, and to which he was so devotedly attached.

Captain Roundey, in honor of Lieutenant Elliott's memory, has canceled the club run called heretofore. The club will move from its rooms at 2 o'clock sharp, hence promptness of assembly at 1:30 is desired.
