

HIGH HATS AT THEATERS.

SAN FRANCISCO SUPERVISORS MOVE IN THE MATTER.

An Ordinance Introduced Making It a Misdemeanor for a Woman to Wear One at a Theater.

SAN FRANCISCO, March 16.—At the meeting of the Board of Supervisors yesterday, Supervisor Rottazzi introduced an ordinance which makes it a misdemeanor, punishable by both fine and imprisonment, for a woman to wear a high hat in a theater.

The ordinance is as follows: Section 1. No person shall wear any hat or helmet or other head covering within any licensed theater in this city and county during the time of performance in said theater or during the rendition of any program on the stage or platform of said theater, but every such hat, bonnet or other head covering shall be removed from the head by the person wearing the same during the time of performance in said theater or during the rendition of the program on the stage or platform of said theater; provided, however, that the above prohibition shall not be held to include skull caps, lace coverings or other small or closely fitting headgear or covering which does not interfere with or obstruct the view of the stage or platform of such theater or persons in the rear of such wearers while in such theater.

Section 2. No person, firm or corporation having the lease, management or control of any licensed theater shall permit any person during the time of performance in such theater or during the rendition of any program on the stage or platform of said theater, to wear any hat, bonnet or other head covering contrary to the provisions of Section 1 of this order.

Section 3. Any person who shall violate the provisions of Section 1 of this order shall be adjudged guilty of a misdemeanor, and upon conviction shall be punished by a fine not less than \$3 nor more than \$20, or imprisonment in the County Jail for not more than one day, or by both such fine and imprisonment.

Section 4. Any person who shall violate the provisions of Section 2 of this order shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine not less than \$10 nor more than \$25, or imprisonment in the County Jail not less than two days nor more than ten days, or by both such fine and imprisonment.

Section 5. Any person who violates the provisions of Section 1 of this order shall not be arrested by any police or

peace officer during the progress of the performance or rendition of any program on the stage or platform of such theater, but such person shall be arrested at the conclusion of the performance or rendition of the program; provided, however, that such person may be removed and ejected from the theater by the proprietor or manager of such theater.

EVE OF THE CORBETT-FITZSIMMONS BATTLE.

(Continued from First Page)

lossing. On arriving in Carson Mr. Corbett drove immediately to his son's quarters and spent the remainder of the night with him.

A special from the East—the first one—also came in. It was made up of ten Pullman cars—two from Chicago, two from Salt Lake, one from Omaha, three from Kansas City, one from Indianapolis and one from Toledo. All the lower berths were occupied, but many of the upper ones had not been taken. There were about 250 people aboard, the only notable being Jack McAuliffe and Harry Phillips of Montreal, who took John L. Sullivan to Europe.

The most prominent arrival on the late train to-night was John L. Sullivan, whom all Carson was expecting for a week. Notwithstanding the late hour, near midnight, a large crowd and a brass band was waiting to greet him and escort him to the Arlington Hotel.

It is expected that both of the smaller fights will furnish much excitement. All the men are in the finest condition and all of them express themselves as being confident of the result. The betting is somewhat in favor of Billy Smith as against Green, although there are so many friends of the latter here from San Francisco that they have pushed his odds up somewhat.

Green will enter the ring weighing 147 pounds, and Smith will be ten pounds heavier. Hawkins and Flaherty are to fight at 125 pounds, and both are at the weight.

When asked this evening how many people he expected to attend the fight to-morrow, Dan Stuart said he was confident that 10,000 people would witness the battle. He has expected more to attend from San Francisco, but for some reason many of the patrons of the ring of that city had decided not to come.

The matter of choice of corners was decided to-night by a "toss-up." Corbett's representative winning the toss. He chose the southwest corner of the ring, wishing to get the sun at his back and leaving Fitzsimmons no choice but to take the northeast corner.

Jack McAuliffe, after a visit to both men, declared to-night that Fitzsimmons, in his opinion, is sure to win. "It will be a short fight," he added. "As I think Fitzsimmons will lick the other fellow inside of ten rounds. I am anxious to challenge the winner on behalf of Tom Sharkey. I have notified both men of my intention."

The weather indications to-night are that to-morrow will be clear and cold. The snow clouds which have been hovering about the mountain tops west of the city have given place to-night to a dark mass which does not indicate in this vicinity anything more than wind. It began blowing at a lively rate at 9 o'clock this evening, but no one seemed discouraged by it, as the vacuum toward which it is tending will doubtless absorb all of it there is before morning.

The outlook for to-morrow is a clear day, with an abundance of sun, just such a day as is needed for the fight.

The wind ceased blowing about 10 o'clock, and was followed by some snow, not enough, however, to be more than a nuisance. The clouds are much lighter than they were in the early part of the evening, and it is now feared that to-morrow may be unpleasant.

SENATE DELUGED WITH BILLS.

Four Hundred and Thirty-Eight Introduced Yesterday.

WASHINGTON, March 16.—In the Senate to-day 438 bills and eight joint resolutions were introduced. They embraced nearly every phase of public business.

Mr. Allen's batch of bills numbered about fifty-five. They embraced bills directing the foreclosure of the Government lien on the Union Pacific Railroad. To prevent professional lobbying, defining the powers of the judiciary, for service pension, etc.

Bills introduced by Hale related to a cable between the United States, Hawaii and Japan, and to the twelfth census.

There was a general laugh at one of the pension bills of White of California "for the relief of William J. Bryan."

Mr. Lodge's bills included those to amend the immigration laws and for a Hawaiian cable.

Bankruptcy bills were presented by Nelson of Minnesota and Lindsay of Kentucky.

Mr. Morgan reintroduced the Nicaragua Canal bill, and also a joint resolution to abrogate the Clayton-Bulwer treaty.

Numerous bills relating to the Pacific railroads were presented, including that of Morgan to create a Board of Trustees for the Union Pacific and Central Pacific Railroads.

One of Thurston's bills provided for the increase of all pensions.

A resolution by Fry, calling for the information of civil service rules to river and harbor work, was agreed to after some criticism of civil service operations.

Mr. Cockrell asked if the bill was a step toward abolishing civil service rules.

Fry said it was a step toward abolishing these rules so far as they related to labor on engineering work of the Government. The President has extended the civil service rules to all classes of labor, so that an engineer other way up on the Columbia River who wanted a laborer's rating for river and harbor work had to apply to the Civil Service Commission. It is interfering with all manner of public work, declared Fry, and it is absolutely absurd and stupid.

The Chaplain's prayer referred to the deceased wife of Mr. Mearns, who died and he sought divine intervention and public assistance for the sufferers.

been laid on the table after being read, was referred to the Committee on Finance on motion of Merrill.

The measures introduced were referred to the several committees, with the exception of the bill pensioning the widow of Brigadier-General Stevens at \$50 per month, which was passed, being the first bill passed at the extra session.

Several hours were spent early in the day on the question of admitting Henderson, appointed by the Governor of Florida, to fill the temporary vacancy from that State. The debate was largely of a legal and technical character, concerning the precedents on admitting Senators. The case was finally referred to the Committee on Privileges and Elections, where the cases of Corbett of Oregon and Woods of Kentucky are pending.

The Senate adjourned over to Thursday, so neither branch of Congress will be in session to-morrow.

At 3:30 p. m. the Senate went into executive session, and at 3:37 p. m. adjourned until Thursday.

SILVER MARKET.

Considerable Weakness Brought About Through Many Causes.

NEW YORK, March 16.—Considerable weakness has been apparent in the silver market recently on heavy liquidations. Bar silver declined to-day 1/16 per cent. to 92 on reports that the London market was disorganized, owing to the sentimental effects of the efforts making by the Japanese Government to adopt the gold standard.

Buyers have withdrawn temporarily from the market, and in the absence of support the price sagged sharply. London quotations touched 28 1/2.

Considerable apprehension is felt as to the effect on the market in the event of the Japanese bill becoming a law, as the Government has immense stores of silver which may be thrown on the market. The bill introduced is a Ministerial measure, and has already passed the lower house and is in the upper house, or House of Lords.

The steamship Paris will take out to-morrow 680,000 ounces of silver.

RAILWAY ACCIDENT.

Five Men Seriously Injured in a Wreck Near Chicago.

CHICAGO, March 16.—Five men were injured, two fatally, in a railroad accident at La Grange last evening. A meat train bound for Hammond, Ind., jumped the tracks of the Belt Line of the Chicago, Hammond and Western Railway. The engine was derailed, two of the cars were telescoped, and the remainder of the train thrown from the track. The fatally injured are: George Maxwell, fireman, charred steam and severely scalded, Charles Merril-weaver, brakeman, leg broken and internal injuries, and his partner, the other three are severe, but they will recover.

Granite Works Resume.

MONTEPELLIER (Vt.), March 16.—Charles H. Moore, Co., has opened their granite manufacturing works after a shut down since September. This is the most extensive granite plant in Vermont and when running full force employs 300 men here and at Barre.

TERRIBLE HUMOR.

A Little Boy's Sufferings. Covered with Sores and Raw from Scratching. Cured by Cuticura.

About eighteen months ago my baby boy (now three years old) broke out with horrible sores all over his body, which continued night and day. He would scratch to such an extent, that his face and such parts of his body that he could reach with his hands were almost raw from scratching.

After being under treatment by doctors for three months the child got worse, and there seemed nothing that would relieve him. He had wasted away to a mere skeleton, from which I was told by Mr. J. O. Abery, of the Gato City Loan Co., who happened to call at my residence, that he had seen the child in the arms of a doctor, and that he had seen him. He was brought in, and upon seeing him, I bought a box of CUTICURA SOAP, CUTICURA RESOLVENT, and used them according to directions. Before we had been using them three weeks a decided change for the better, the itching began to subside and a healing process had set in. In seven weeks from the first use of CUTICURA REMEDIES, my little one was completely cured, and without a sign of the trouble left. It is over a year since he has been cured; there has been no return of the trouble, and the little man is now fat and healthy, with a beautiful clear skin.
