

THE SALVATION ARMY PLAN.

Commander Booth-Tucker Discourses Thereon.

How it is Proposed to Give Relief to the Poor and Unemployed.

Commander Booth-Tucker, of the Salvation Army, addressed a small audience at the Congregational Church last evening, taking for his theme his plan for giving relief to the unemployed.

In his introductory remarks the Commander stated that during the past six months 50,000 conversions had been made in the United States alone through the agency of the Salvation Army, and of the number at least 10 per cent. were from the criminal classes.

The proposition, the speaker said, was to strike poverty out of the social scale. The army had made, and proposed to make, bridges over which the poor might pass from destitution to independence.

In London, alone, the speaker said, 6,000 people pass over that bridge every day. The cost was \$438,000, of which \$470,000 was returned by the persons assisted, leaving \$23,000 to be contributed from outside sources.

Continuing, Commander Booth-Tucker said, "Our plan, which is that of General Booth, with modifications to suit the changed conditions in America, is to establish first city colonies, vacant lot cultivation, better known as the Pingree plan. I am in correspondence with the Mayors of cities where this potato patch plan has been tried, and they all endorse it as successful."

"As a next step, we would establish colonies consisting of from 100 to 1,000 acres, as near to large cities as possible, to which we would move the worthy unemployed. The plan carried further with be to establish colonies on large tracts of 100,000 acres and upwards.

"We wish to promote homiculture, a forgotten art. We believe that the people should be transferred to the land, planted upon it. The 2,000,000 unemployed in the United States, if they could be put on the land, would be made tax-producers instead of tax-consumers, and the taxable value of the land would be increased as well. The land of the colony established by General Booth at the mouth of the Thames has already increased in value from \$100 to \$1,000 an acre, and not only this, but the value of the land in the immediate vicinity of the colony has increased at such a rate that now it is impossible for us to obtain land there to extend the limits of our farm.

"This is an age of waste; a waste of labor, of land and of capital. We can make no progress with our plan unless we have the co-operation of the three. It is proposed to bring the three together in a system of labor expended, for instance, in five-acre tracts, we would first send out twenty families who would find these would prepare homes for the next fifty, and the first seventy would prepare homes for the rest. Where the little five-acre home with house and cow and chickens cost \$250, we would charge \$1 a month and it was paid for. Where possible these colonies would be established near large ranches that steady labor might be furnished the large ranch owners; and the colonies be furnished with work."

In conclusion the speaker said he hoped to see at no distant day colonies established which would take the poor of the earth back to the farm, there to receive a return for labor expended. He felt satisfied that the plan, if carried to its practical conclusion, would give the question of the unemployed.

Notaries Appointed. Governor Budd yesterday appointed Notaries Public as follows: Oscar P. Taylor, N. Newby and Francis W.

Death's face is not a pleasant thing to look upon, yet thousands of men and women go about daily with the reflection of death in their faces. The dull eyes, the sallow complexion, the sunken cheeks, the emaciated form, all tell the story of the hidden advances of that implacable foe—consumption. Doctors have declared that consumption is incurable. It is not. Thousands of consumptives have testified to their complete recovery after they were given up by the doctors and all hope was gone. It is simply a matter of going to the seat of the trouble, which is imperfect and improper nutrition.

Dr. Pierce's Golden Medical Discovery does this. It corrects all disorders of the digestion. It invigorates the liver. It makes assimilation perfect. It fills the blood with the elements that build new healthy tissue in every organ of the body. It is the great blood-maker and flesh-builder. It cures 98 per cent. of all cases of consumption. All good druggists sell it.

H. Gaddis, Esq., of No. 313 S. J. Street, Tacoma, Washington, writes: "I was taken ill in 1882 with headache and pain in my back. I called in a doctor and he came three times. He said I was bilious but I kept getting worse. I took a course so that I could not sleep and my back was so bad. My lungs hurt me, and I got so poor that I was skin and bone. I thought I was going to die. I saw the 'Golden Medical Discovery' recommended for a cough. I tried a bottle of it and it did me so much good that I tried another one and it made me sound and well. I recommend it to everybody. It saved my life."

A headache is a symptom of constipation. Dr. Pierce's Pleasant Pellets cure constipation promptly and permanently. They do not gripe. Druggists sell them.

FISHER'S CESSPOOL.

It is Causing Him and His Neighbors Trouble.

Police Officer Michael Fisher is in trouble, he says was unavoidable. He recently constructed a neat dwelling at Twentieth and K streets, and as there was no sewer nearer than seven blocks he could get no sewerage connection, and did as did others in the neighborhood do—dug a cesspool.

But unfortunately, Fisher says, his pool filled with sewage and overflowed. He called the attention of the Sanitary Inspector to the condition of affairs and asked what he ought to do, but states that he received no satisfaction, and that while he was ready and willing to suppress the nuisance, he was unable to do so.

A complaint was recently sworn out against him and the case was called yesterday in the Police Court. The bailiff had been unable to locate the witnesses Fisher desired subpoenaed and further hearing was continued until 2 o'clock p. m. to-morrow.

AMUSEMENTS.

Friday and Saturday evenings and Saturday matinee at the Metropolitan Theater James A. Herne will present his own play of home life entitled "Shore Acres." The management announces that the box office of the theater will be open from and after this morning for the sale of seats. Manager Todd also announces that on each evening the curtain will rise at 8 sharp, and requests that all auditors be seated at that hour. The drama will be presented here precisely as it was in the East and during its phenomenal run in San Francisco, with all the original scenery and effects. This New England comedy-drama has had the greatest success ever achieved by any American play. It is conceded that no play of the day has won so much of public favor. It addresses all humanity, is as pure as a snow flake and breathes only the highest morality and the tenderest sentiment. It appeals to the heart with powerful force. While the scenes of the play recall the "Old Homestead," it is agreed that it moves upon a higher level and far exceeds it in character. The story is human to the core. The company is a very large one and the engagement one of the most costly ever written by Manager Todd. This play is peculiar in that it has no soubrette and no villain. It is in four acts and five tableaux, and the action is confined to one house. The conservative critic of the Boston "Transcript," speaking of the play said:

"Shore Acres" is a drama worthy the suggestion of its name; and that is high praise. For "Shore Acres" is a phrase which brings to the imagination, the homely simplicities of the farm-land, and the keen savor, the wild courage of the sea. And the play has both of these; and is raised thereby not only to, but above the level of the best stage pictures of New England life our generation has seen. It will rank with the conspicuous successes not alone of the season, but of the dramatic generation.

"Mr. Herne's Uncle Nat is a portrait worthy to hang forever in the museum gallery of great traditions. There were moments not a few of which recalled the lawless art, the mellow humanity of the great comedian, who so many times, in parts so closely analogous, commanded our smiles and tears."

At the Clunie Opera-house this evening Leavitt's variety company in athletics, song, dance, instrumental music, comedy, character acts, etc.

Weather Report. The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 70 and 45 degrees, with gentle southerly winds and clear weather prevailing. The highest and lowest temperatures one year ago yesterday were 77 and 60 degrees, with a trace of rain; one year ago to-day 74 and 60 degrees with a trace of rain.

The barometer was falling last evening and the temperature rising. The dew point last evening was 51 degrees, which precludes any idea of frost.

Kelly Tarried Too Long. J. C. Kelly, who was recently before Justice Henry on a vagrancy charge, was declared guilty, sentenced to serve forty days in the County Jail, and the commitment suspended to allow him to leave town. But Kelly did not leave town. He hung around and yesterday morning was again placed behind the bars. The suspending provision of the commitment was yesterday morning withdrawn and Kelly will grace the rock pile for the period of forty days.

Ah Sing's Sad Song. Ah Sing denied in the Police Court yesterday morning that he had stolen two jackscrows from T. R. Perry, but as he had been caught with those articles in his possession, and as Mr. Perry identified them, Justice Davis did not agree with the Chinaman, and after having declared him guilty fixed his sentence at 100 days on the county rock pile.

BLUEROCK SHOOTING.

The Capital City Club Ready for Its Season's Work.

The annual meeting of the Capital City Bluerock Club was held last evening, President Morrison presiding. Considerable enthusiasm was manifested by the members, and it was unanimously decided to renew membership in the California Inanimate Target Association.

Eight club shoots of twenty-five birds each will constitute the season's meetings, and the best five scores will be taken in computing the standing of the members in the different classes.

Class A will be those having scores at the close of the season of 90 per cent. or better out of a possible 125. Class B will be those having scores between 75 and 90 per cent.

Prizes of equal value will be given in each class, thus giving one class as much incentive to excel another. Considerable rivalry has already arisen between Dr. I. G. Shaw and J. M. Morrison, each of whom claim superiority over the other at bluerock shooting.

The officers for the ensuing year are: Dr. I. G. Shaw, President; E. A. Nicolaus, Vice-President; L. S. Upson, Secretary and Treasurer; F. Ruhstaller, Jr., Captain. E. A. Nicolaus, F. Ruhstaller and L. S. Upson were elected delegates-at-large to the State Inanimate Target Association, and it was decided that the club should be represented at the next State shoot.

Kimball & Upson's shooting grounds have been put in excellent condition, and the first club shoot will be held next Sunday at 9:30 a. m. sharp. The first and third Sundays of every month have been selected by the club for its pulverizing practice, and some good scores will be made before the close of the season, as there is plenty of good material in the club. The club's membership is limited to twenty active shooters, and it starts the season with a full list.

THE CARLEY BENEFIT.

The Concert This Evening in Aid of Mrs. E. M. Carley.

At the Sixth Street M. E. Church this evening there will be a song recital for the benefit of Mrs. E. M. Carley. The announcement, aside from the fine programme promised, should draw a crowded house to aid a woman who has been foremost for years in good works in this city, and the level of her capacity. She is now ill, bed-ridden and dependent in her old age. Her friends have rallied to raise a sum sufficient to meet pressing needs for her care.

There ought to be no more necessary to be said, to call out a large attendance and to realize a handsome sum. Everything thus far has been donated. From rent, to printing, it remains now for the people to respond to the call for so worthy a purpose.

The programme will open with an octet male chorus, from the Y. M. C. A., "Wandering Down Life's Shady Path," by McGranahan, followed by a ten solo, "For the Sake of the Past" (Matte), by R. T. Cohn; "Bell Song," from "Lakme," by Mrs. Gertrude Auld-Thomas; male trio, "The Lost Chord" (Sullivan-Nesfield), arranged especially for Messrs. Cohn, Kidder and Crocker; baritone solo, "Irma," by Kellin, George G. Hunt; "Sunshine Song" (Greig), Mrs. Gertrude Auld-Thomas; bass solo, "Ho, Jolly Jenkins," by Sullivan, Horace Crocker; duet from "Il Trovatore," by request, Mrs. Thomas and Mr. Cohn; male chorus, "Steal Away," Y. M. C. A. Octet. Mrs. C. A. Neale and Arnold Heyman will be the accompanists for the evening. Mrs. Thomas appeared last week with the San Francisco Symphony Club in a grand concert. Speaking of her in that concert, the San Francisco "Chronicle" of last Friday said:

"There was much interest in the appearance of the vocalist, Gertrude Auld-Thomas, her first since her return to California. She gave the promise of much that she here fulfilled. Her voice in its bird-like flexibility is strangely like Emma Nevada's. Her pianissimo effects are even better. In these passages she gives the thinnest possible human tone, but one that retains sympathetic resonance. Her selection, the 'Shadow Dance,' from 'Dinorah,' showed her ability to the best possible advantage."

AT OAK PARK. The Library Benefit There Was a Successful Affair.

The entertainment given at the Oak Park Baptist Church on Tuesday evening for the benefit of the free library there was well attended and was a very pleasant affair. The programme was: Overture, "Inola," Arion Sextet; duet, Misses Gore; recitation (a), "An Every Day Occurrence," (b) "Jack's Courtship," (c) "What Is An Anthem?" George Purnell; vocal solo (selected), Miss Lida Clinch; recitation, "Little Moses," Mr. Purnell; vocal solo (selected), G. E. Lester; grand selection, "Bohemian Girl" (Balfe), Arion Sextet; dialogue, three train boys; vocal solo (selected), Mrs. A. A. McLean; vocal solo (selected), Miss Lewis; recitation, Miss Emilie M. Connelly; vocal solo (selected), Miss L. Dennis; recitation, "How Baby Played," Mr. Purnell; vocal solo, "Home, Sweet Home," Miss Lida Clinch.
