A GOOD ELECTRIC BELT.

It Is Worth \$1000 Worth of Drugs—30,000 People Say Dr. Sanden's Is the Best.

Electricity flows into the body for hours at a time from this life-giving appliance. The current can be regulated to any power desired while the Belt is on the body.

THE DAY IS PAST WHEN THINKING PEOPLE—PEOPLE WHO LEARN AS they grow older—believe that drugs contain the only cure for disease. The wonderful success of Electricity has forced them to understand that it is a power in itself; that it cures every disease that drugs will cure, and cures many that drugs will not touch—except to aggravate and make them worse.

Here is a Late Cure. SAN FRANCISCO, March 26, 1897. DE. A. T. SANDEN—Dear Sir: After suffering terribly from rheumatism in my back and kidneys I was induced to try your Belt, and I would not give it up for \$50 if I could not get another. My rheumatism had annoyed me for years, and my back was so weak I could not lift twenty-five pounds. The Belt knocked the pain out in six weeks, and the rheumatism in three, and I have not felt a trace of either since. I am taking it as I feel when a friend told me your Belt would cure me, but I am changed now and am laughing at my ideas. Yours truly, E. J. BURKE, 1024 Powell street.

As Electricity is the best cure for disease, so is Dr. Sanden's Electric Belt the best way to apply it. It is the result of thirty years of study. Beginning with a very crude appliance years ago, it has now been brought up to the highest state of perfection. There is not an Electric Belt in the world to-day which gives as much service for its price as Dr. Sanden's Electric Belt. Six persons joining hands can feel the current from Dr. Sanden's strongest Belt, and yet with the regulator it can be made so mild, so even, that a child can wear it without inconvenience. It is stronger, can be used with less trouble—worn while you sleep—and will last longer than any other Electric Belt made.

I have used your Belt for fourteen years, and is that time it has never got out of order. I have never used any medicine since I put on the Belt. I am kept in good health. Mrs. J. J. Burton, Tenth and San Jose streets, Los Angeles, Cal.

The Regulator Is Important. Dr. Sanden's is the only Electric Belt made which can be controlled while on the body. Those who have used the old style know how impossible it is to get satisfactory results from Electricity when the current cannot be regulated. With Dr. Sanden's the current can be turned on mild for a while, then strong or moderate, just as the wearer wishes it, or can be shut off altogether without removing the Belt from the body. This gives the patient the full benefits of the Electric energy with none of its inconvenience.

Paid One Doctor \$250. SAN FRANCISCO, Cal., February 4, 1897. DE. A. T. SANDEN—Dear Sir: When I bought your Belt I had one year's pay for one doctor \$250 for treatment. I had a severe neuralgia over my body, and especially in my neck. I was not able to do any work, and so weak as that I could not walk. Now, after wearing your Belt, I am entirely cured and cannot recommend it too highly. Yours truly, JOHN LUNN, 12 Sacramento street.

Dr. Sanden's Electric Belt is so wonderful in its toning, invigorating effects that one prominent physician of this city remarked, after having seen one of his old patients cured by it, "It is no wonder now that we are losing all our nervous-debility patients." It is no wonder, for people must believe the evidence of their eyes and ears; they must believe that friend who tells them of the cure. It is stronger, can be used with less trouble—worn while you sleep—and will last longer than any other Electric Belt made.

In Rheumatism, Pains in the Back and Kidneys, Sciatica, Lumbago, the effects of Early Indiscretions, Overwork, Mental Torpid, Torpid Liver, Indigestion, Headache, or any form of weakness, it is effective and a positive cure. Women are cured by it as well as men.

If possible, call and consult Dr. Sanden and test the Belt free of charge, and get the names of hundreds of your neighbors who have been cured by it, but who will not permit their names to be published. Read Dr. Sanden's famous book "Three Classes of Men."

DR. SANDEN IS HERE. Until May 6th he can be found at the Capital Hotel, rooms 23 and 30. He invites you to call and see and test his wonderful Electric Belt and to get his book, "Three Classes of Men," which he gives away free to all.

YOUNG MEN suffering from the effects of early indiscretions and follies. MIDDLE-AGED MEN who for want of strength and vigor, induced by indiscretion, excess, overwork or anxiety, find their powers prematurely declining. OLD MEN, who think their waning vitality can be restored to its old vigor, when it is simply the want of natural electricity and the lack of strength in the body to produce it. All will find it in their interest to call on Dr. Sanden and get his book and test his wonderful Belt. He can be consulted at the Capital Hotel, rooms 23 and 30. You don't have to inquire at the office. Walk right up-stairs and enter his reception room to the right of the stairway. Office Hours—9 to 12 a. m., 2 to 7 p. m., and 7 to 8:30 p. m.; Sunday, 10 to 1.

filled. Riley Gramman appeared at the track, but was refused admittance, and the injunction applying only to the Westchester track.

AT FRESNO. FRESNO, April 27.—The opening day of the Fresno Jockey Club drew a very small crowd out to the race track this afternoon. The card to-day was not one to attract much attention, but with the horses that are quartered at the track, Fresno race goes will probably see some good racing during the week. Weather fine and track good. Results:

Three-quarters of a mile, Jim Bozeman won, Leon second, Myrtle H. third. Time—1:17.4. Grady, the favorite, was left at the post.

Quarter mile dash and repeat, first heat, Sontag won, Lady Kern second, Jennie D. third; second heat, Jennie D. won, Sontag second, Lady Kern third. Final: Sontag won, Jennie D. second. Time—1:12.3 and 1:24.

Five-eighths of a mile, dash, Quick-silver won, Christina second, Gold Bug third. Time—1:02.

COMMERCIAL.

QUITE A SLUMP IN THE WHEAT MARKET.

Barley Easier and Feed Lower—Oats Steady.

SAN FRANCISCO, April 27th. There was quite a slump in Wheat to-day, both in the Eastern and local markets; spot grain was also lower. During the week the hot winds throughout the State and higher Chicago and foreign markets gave the local market quite a lift, but the subsequent change in the weather has eased the situation. Barley is easier following the lead of Wheat, and Feed is lower; Brewing continues nominal; options have declined and are quiet. Oats continue quiet; as previously stated, there were very few bids set out in Oats in the market to-day. During the week Yellow Corn advanced and the market is quite steady.

Receipts of Strawberries are heavier; there were about 100 chests in to-day, and prices are again lower; the majority come in baskets; a few loose in drawers bring more than usual quotations. Choice Navajo Oranges are not plentiful; good specimens are in demand; receipts are light, but still enough for the demand. Mexican Limes are quite scarce and firm.

Butter remains unchanged and rather steady; considerable has been packed and the market is firm. Live Poultry is not so weak. Cheese is in moderate supply and firm. Eggs are rather freely, but a lot are being preserved, and the market is somewhat cramped up; some common sell as low as 15c.
