

OPENING OF ATHLETIC PARK

A Round of Varied Amusements For To-Morrow.

Manager Morton Has Still Further Additions to the Grounds in View.

To-morrow will witness the opening of the finest athletic grounds on the coast—those just completed at Oak Park, on the outskirts of this city, by J. D. Morton, the gentleman who has expended some \$10,000 in that enterprise.

There will be several attractions at the park, including four baseball games, bicycle riding, a vaudeville company, etc.

The baseball games will be between teams from the Wholesalers and the Retailers, Southern Pacific Car No. 5 and the paint shop, the rolling mill and the boiler shop, and the Andersons and the Koenigs (Athletic Club teams).

To-morrow's opening will be in the nature of a complimentary benefit to Mr. Morton by the Railroad Shops Baseball League. They appreciate the fact that Mr. Morton has been at a very heavy outlay of good money in providing Sacramento with such splendid facilities for the enjoyment of outdoor sports and rural amusements.

Mr. Morton stated yesterday that on the result of to-morrow's attendance will depend several important additions that he has in contemplation. If he becomes satisfied that the people are with him and will liberally patronize the grounds, he will extend the facilities already provided for their convenience and amusement.

Among these are the erection of a club-house and bowling alley and the establishment of a commodious dining-room, where people who desire quiet can sit in comfort and peruse good and wholesome publications.

He has already a fine vaudeville company with which to open the theater. The latter is provided with new scenery and effects and arranged with a view to the comfort of visitors. This company has been engaged for one week, and in a few days Mr. Morton will go to San Francisco to make further arrangements for the future.

The regular admission to the grounds (after to-morrow) will be ten cents, and this will entitle the visitor to see and enjoy all the attractions.

"I have good news for the baseball admirers," said Mr. Morton yesterday to a "Record-Union" reporter. "I have been trying for some time to arrange a match game of ball between the two best clubs in the city, and I believe I have now about accomplished my purpose."

"From all that I can learn, the Gilt Edges and Capital City Corkers are the crack-a-jacks of Sacramento, and are capable of putting up a first-class game. The feeling between the members and friends of the clubs is almost as intense as that of the old Alta-Union contests, and the game will be for keeps" from the beginning.

"The members of the two clubs are all Sacramento boys, and so intense is the rivalry between them that neither side will concede a point. I am to meet representatives from each club to-morrow to make final arrangements for a game in the near future, and I hope to be able to announce by Monday that I have succeeded in arranging the best game of baseball played in Sacramento for years."

THE WHEELER RACES. The Capital City Wheelmen completed all their arrangements with Manager Morton last night for the meet of June 6th. Hereafter all wheel events of every nature on the track will be under control of this organized wheel association.

To-day and Sunday men in training for the "meet" will be on the track training, and it is worth while to see these training runs. After Monday morning parties wishing to use the track for exercise and pleasure will have to pay Mr. Morton his regular fee, which is, however, very light for the use of the best track in the United States.

But while men of regular teams are training no use of the track will be allowed to others. This is absolutely necessary to prevent accidents and interference, as will be obvious. All men training for the meet now will have to secure a permit from the Race Committee, blanks for that purpose having been prepared by the committee.

S. U. P. S. M. S. Lavenson and C. J. Atwater. A rather amusing error crept into the announcement of the "meet" yesterday morning. Referring to the entry of all the riders of the Olympic Circuit for the June meet it was so written, but in composition the printer made it Olympic "Club." The Olympic Club has nothing to do with the Olympic Circuit. That refers to a group of professional riders organized for the circuit of the coast and State, and is managed by gentlemen who have named it after the athletic park, the "Olympic."

The wheelmen advertise this morning for bids for the programme provided for the meet of June 6th.

Baseball To-Day. At Agricultural Park this afternoon there will be a game of baseball between the Baker & Hamilton and High School teams of the Mercantile League.

At Oak Park the Waterhouse & Leaters and Captains, of the same league, will also play.

All four teams are in splendid condition and good games are promised by all. The teams are made up as follows: High School—H. G. Smith, p.; D. Cowden, c.; J. Scott, Ward Hall (Captain); H. Thiel, E. McBride, F. Mott, T. Dickson, S. Root and F. Cannon (substitute).

Baker & Hamilton—W. E. Newbert (Captain), p.; George W. Newbert, c.; B. Milne, e.; B. Gimbal, George Oberst, George Little, Arthur Tilton, E. B. Hackett, C. Burchard; substitutes, F. Carroll, Edgar Smith and M. Enos.

Waterhouse & Leaters—B. Birdsall, p.; W. Birdsall, c.; O. Edin, A. Edin, C. Hildebrandt, A. G. Greenlaw, G. Yuhre, H. S. Milliken, D. Grooms, H. I. Lightner, W. Hunt, substitute.

Capitols—Powers, c.; McManus, p.; Barns, Dunne, Orman, O'Brien, Treathway, Wayne, Baker; substitute, Joy.

Forney, Wadsworth; M. W. Haskell, Berkeley; H. G. Edin, Los Angeles; J. J. Rose, Jr., El Rio; O. R. Gurney, R.

EXPIATED HIS CRIME.

Old Man Benito Lopez Executed at Folsom Yesterday.

At 10 o'clock yesterday, in the Folsom State Prison, Benito Lopez was hanged for the murder of W. S. Washburn, which was committed in San Andreas, Calaveras County, last fall. Lopez was 69 years of age when the crime was committed. He had lived neighbors with his victim for a number of years, and trouble about a mining claim which Lopez claimed Washburn had jumped, was aggravated by a well of water on the former's property, which overflowed the lot owned by Washburn. The trouble culminated in the shooting, in cold blood, of Washburn by the vindictive Lopez.

Lopez's last night on earth was a quiet one. He ate a hearty breakfast, was being adjured and from that time until he stepped under the shadow of the gallows spent his time with Father Santandreu of the Spanish Church in San Francisco, and Father Hunt of this city.

Lopez was nervous to the last, and showed no sign of fear when the noose was being adjusted. Father Santandreu addressed the spectators, saying for Lopez that he asked pardon for his sins, and forgave those who had sinned against him.

The trap was sprung at 10 o'clock sharp, and twelve minutes later the attending physicians pronounced the murderer dead.

Among the spectators were Geo. B. Washburn, of San Francisco, a son of the murdered man, and Sheriff Benjamin Thorne of Calaveras County. Sheriff Thorne stated that Lopez had been a dangerous man, and was suspected of having committed murder several years ago, though the authorities had been unable to make a case against him.

CAUGHT IN STOCKTON.

Arrest of Carl Fuchs, Frank Blair's Accomplice.

Word has been received by Chief of Police Drew from Stockton to the effect that the young man, Carl Fuchs, who was wanted for complicity in the recent stealing of a couple of bicycles from a dealer there, had been arrested.

Frank Blair, who it is claimed was concerned in the theft with Fuchs, is now in jail in this city for the theft of Young Newman's wheel.

Young Fuchs appears to be making good headway on the down grade. About a year ago he was in trouble here, and evidently has not profited by his experience.

AMUSEMENTS.

At the Clunie Opera-house this evening the pretty, useful, richly costumed comedy, "Said Fasha" once more. It will be sung at a matinee performance also at 2 o'clock this afternoon. We have had no comic opera company here in many a day that has given better satisfaction, taken all around. No such rich costumes have been presented by any troupe since the early days. There is a great amount of merit in it. Mr. Lowellyn's topical songs, and Mr. Kyle's leading low comedy, are exceedingly popular and both these actors and singers are in high favor. The opera will be given for the last time to-morrow night.

PERSONAL MENTION.

J. W. Christy of Ringwood, Ill., paid his old friend James Robbins a visit yesterday on his way back East from Southern California.

Miss Gribble arrived from the East yesterday to make her home with her uncle, Harry Gribble.

Weather Report.

The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 82 and 55 degrees, with fresh southerly wind and clear weather prevailing, and a few clouds floating in the air.

The highest and lowest temperatures one year ago yesterday were 63 and 53 degrees, with .26 of an inch of rain, and one year ago to-day 67 and 54 degrees, with .30 of an inch of rain.

The average temperature was 69 degrees and normal 65 degrees. Yesterday was therefore 4 degrees warmer than usual for the 21st of May. The humidity was 54 per cent. at 5 p. m. as against 47 per cent the previous twenty-four hours.

Row Over a Debt.

Clarence Edwards was yesterday arrested by Officer Twaddle on a warrant served out by Leon Lewis, charging him with having disturbed the peace.

Mr. Lewis claims that Edwards, who is about 17 years of age, attacked him with cobbles and made things decidedly warm for a few minutes. Edwards, on the other hand, says that Lewis owed him money for labor performed and refused to pay.

Grand Army Ladies.

The following resolution was adopted at a special meeting of the Ladies of the Grand Army:

"Resolved, That we heartily indorse the stand taken by Superintendent Erlwine in his defense of Memorial Day in the public schools, and vote of thanks is hereby extended to him by Edward Roby Circle, No. 8, of the G. A. R." (Signed) Harmonia Jones, President; E. H. Waggoner, Secretary.

Three More Sacramentans.

Among the newly-appointed officers at the Preston School of Industry are: Captain P. J. Glas, John Hanlon and Albert Heeth, all of this city.

Captain Glas is to have charge of the military training of the boys. Mr. Hanlon is to be the printer for the school, and Mr. Heeth will oversee the tailoring department.

Supervisors Accused.

In accordance with the findings of the late Grand Jury, District Attorney Ryan has filed accusations against Supervisors Jenkins and Dremann in connection with their votes on the publication of the election proclamation in too many newspapers.

Elected Their Officers.

A temporary organization has been effected by the Merchants and Manufacturers' Association by the election of these officers: W. F. Purnell, President; S. I. Hopkins, Secretary; William B. Geiser, Treasurer.

Prather Convicted.

Frank Prather, who was tried before Judge Hart in Judge Gaddes' court in Yolo, was on Thursday convicted of having stolen a large number of cattle from the Fair ranch. The trial occupied nearly two weeks.

READY FOR MEMORIAL DAY.

Grand Army Committees Complete the Small Details.

Marshal Ficks Outlines the Route of the Parade—Ladies' Auxiliaries.

The Grand Army Memorial Day Committee held a grand Foresters' Hall last evening for the purpose of perfecting arrangements for Memorial Day exercises.

J. S. Jones reported that the street railway company had volunteered the use of a car, free of charge, for carrying the members of the Ladies' Choral Society, who have a plan to march to and from the cemetery. The car will be taken as near as possible to the residence of Mrs. Moeller, where the society will meet prior to starting for the cemetery.

J. S. Easterbrook, for the Committee on Literary and Music, reported that the programme of exercises at the cemetery had been completed by the insertion of the name of Colonel H. Weinstock as orator of the day. The programme, as completed, was accepted and adopted by the committee.

Miss Shields reported a communication from the G. A. R. at Virginia City, Nev., requesting that flowers be sent for decorative purposes. It was decided that each of the speakers at the Memorial Day exercises in the public schools next Friday request that the flowers used for decorative purposes on that day be donated for use of the posts at Virginia City, Nev.

J. S. Jones volunteered to pack and ship such flowers as might be donated, provided they were brought to his place of business. Chairman Mott, for the committee, accepted the proffer of his services, and the several speakers were ordered notified of the arrangement.

Mrs. Herr, for the Floral Committee, reported that every school in the city, the High School excepted, had been visited by the sub-committee, and donations of flowers solicited, and that the High School would be visited as soon as possible.

Grand Marshal Ficks stated that there would be a grand parade, if nothing intervened to stop it. The parade would, he said, be formed north of the Plaza on Tenth street, and would move promptly at 1:30 o'clock p. m., the line of march being down J to Third or Second, on Second to K, up K to Tenth and out Tenth to the cemetery.

Minor details would be arranged as soon as he knew how much of the funds would be allowed for the purpose. It was his intention, provided the finances would permit, to invite a number of Sons of Veterans to act as aides, provided the committee raised no objection. He was directed to use his own judgment as to the selection of necessary aides, and the number required.

It was decided to secure the services of a brass band of fifteen pieces, and five drummers, five fifers and a bass drummer from the Capital City Drum Corps.

The several sub-committees handed in estimates of the funds required by them for the day, and it was found that \$15 would remain to be expended by the Grand Marshal for horse hire, printing, etc. The latter volunteered to supervise the decoration of the speakers' stand at the cemetery, and his services were accepted.

Attention was called to the fact that the committee, for the several posts, had accepted an invitation from Rabbi Simon to attend memorial services at the Synagogue on Friday evening of next week, and had also accepted a similar invitation to attend services at St. Paul's Cathedral one week from to-morrow evening. The members of the several posts will meet at Foresters' Hall and march in a body to the churches.

The Ladies of the G. A. R. took occasion to again extend a general invitation to the members of the several posts to attend a picnic to be held at the hall on Wednesday evening of next week.

No further business coming before it, the meeting adjourned to meet next Thursday evening.

SPRING RACING MEET.

Purses Hung Up for the First Day's Sport.

The spring meeting of the Capital City Driving Association will open Monday next at Agricultural Park, and will continue through the week. The outlook for excellent sport is good, and the lovers of racing will be given a rare treat.

Great pains have been taken by the management to secure first-class entries, and the programme they put out for the first day's sport shows conclusively that they have been successful. One-third of the purses have been secured from all points connected by railway, and it is expected that thousands of persons from other cities and from outlying sections will take advantage of the rate, to see the races.

The events scheduled for Monday, the first day of the meet, are as follows: Pacing, 2:35 class, purse \$200. Jas. Rose's Tule Rose, by Bernal; O. J. Holmes' Blue Bird, by Brigadier; R. H. DOYLE'S COMPANION.

John Dugan, or O'Brien, Taken Into Camp.

Several days ago two boys entered Tibbets' confectionery store on K street and tapped the money-box for \$1.50 while the proprietor was lighting a cigar next door. Dennis Doyle, aged about fifteen years, was arrested and convicted for the larceny, but his companion dropped out of sight.

Yesterday morning, however, Officer Bagley arrested a boy known among his companions as John Dugan, but who says his true name is John O'Brien, as being Doyle's companion. Bagley brought the two boys together, but they would admit no more than a passing acquaintance. After the officer had stepped out, young Doyle, who is now an inmate of the County Jail, observed that the officer must take him for a fool to think he would "split" on a friend.

The officer learned also that Dugan, or O'Brien, had made his hat that he had changed his cap for a hat, and left

off wearing his coat, and that that simple disguise had been sufficient to cause the officers to lose the trail.

Lucky Marriage Days.

Among the innumerable superstitions connected with weddings there is one that asserts that certain days are unlucky ones on which to begin a matrimonial career, while certain others are fortunate. The favorable days are, of course, those which it is most desirable to know.
