GIVE US CLEAR WATER.

It is intimated—and the intimation smacks of authority, for the rumor is of semi-official character—that a campaign of supposedly ennobling education is to be entered upon to lead the people into a quiescent state under the promotion of a scheme to expend a good many thousands of dollars for more muddy water pumps, and for a senseless attempt to filter the river water supply.

These things should be nipped in the bud. It was never intended that the Trustees should have power to expend large sums of money for public works without submitting the propositions to the people.

By buying machinery in sections and keeping each purchase below the limit allowed without submission of the plan to the people, the plain letter and intent of the law standing between the taxpayers and official misgovernment is defeated.

We submit that this sort of thing should not be repeated. We have had enough of it in Sacramento in the last fifteen or twenty years to last the city forever.

In short, no one better than the City Trustees know that the people of Sacramento want clear, pure water; that they are weary of this eternal complaint of strangers, and constant reproach of the muddy supply of the present; that they are themselves desirous of good, wholesome, clear water as a matter of cleanliness and health, and do not believe that a supply that receives the bodily ejections of 1,100 convicts daily is fit for use, even after it has rolled twenty miles, and more in a stream no larger than the American River.

The old argument that served to give certain Trustees excuse for defeating the will of the people relative to a clear water supply no longer avails. That cry was that the scheme gave over the city Water Works into the hands of a corporation for twenty years or more. There can be no such hedging now. If more pumps are needed to deliver to the people of this growing city sufficient water for fire and domestic purposes, well and good, but let the proposition to buy them be submitted to the people whenever the law so directs, and when purchased let them be placed where they can deliver

clear water drawn from nature's uncontaminated sources, and needing no interposition of filter beds.

Of course the city should continue to own its water works. No one has ever contended that it should not, nor has it ever been for a moment proposed that she should turn over to any one the office of fixing, collecting or handling water rates funds. The city should own her water works absolutely, and without co-partner or interference.

More than that, we go so far as to say that no one of the adherents of river water has dared to say, the city should absolutely own the source of the water supply. If a sufficient subterranean supply can be found, as we believe, the city must own the ground where she intercepts the stream.

The city does not own her water supply. She has numerous partners, and every one of them undesirable. Marysville is in partnership with us and determines in part the character of the water we use. The Folsom prison is a part owner and user with us, and determines the graduation of the mixture of ingredients. Folsom itself drains into the stream we use.

The fish boats and house boats along all the streams above us are partners with us in our water supply, and do not accord us the honor of consultation with us after the manner of partners. The boys who bathe in the stream, the farmers who wash sheep in it, the dwellers along its banks, and steamboat proprietors who traverse its current are partners with us, and daily contribute that which we wish they would refrain from adding to the common stock.

So it is, as it has been all along settled, that the city shall own her water works, and we, all should own her water supply.

The plan to clear the river water by bed filtration plants from the tanks of which the pumps will draw clear water for domestic use, is simply ridiculous. The proposition really borders on idiocy. Nowhere in the world where filtering beds for water works have been tried have the conditions been such as here prevail. Nowhere else on this green footstool is there any attempt to filter the water of a stream that deposits coarse and fine silt an eighth of an inch deep in an hour's time in a goblet at certain seasons of the year, and always a considerable deposit at any season.

Besides, a thousand filter beds placed one after the other in chain-like consecutiveness, with the clarified water from the first forced into another, and so on to the last, will not purify. Deleterious soluble matter placed in the first bed or tank will be found on the witness stand in large degree in the last. The germ of disease laughs at bed filters and walks triumphantly through all the possible sand, charcoal, gravel, and earth bed filter devices that engineers or Trustees ever devised, or that impudent scoffing at scientific truth on the part of official ignorance may suggest.

THE INDETERMINATE SENTENCE.

The indeterminate sentence and parole laws of Illinois have just been sustained by the decision of the Supreme Court of that State. Both laws move in right directions. That California has not both instead of but one, is not creditable to a progressive State.

It is well known that arbitrary sentences work inequality and injustice. Criminals for precisely the same offenses, committed under precisely similar circumstances, and characterized by exactly the same features, go to State Prison for terms of involuntary service differing so widely as to length as to be ridiculous. In the minds of convicts in prison this subject is one of constant thought, and the inequality and dissimilarity of punishment operate among them against reformatory influences, and go far to negative efforts made to turn the offender from criminal ways.

So long as the man punished feels that the law is unequal in its operations, that it is severe upon one and mild as to another, his spirit is embittered against the law, the convict leads himself to believe that he has been unjustly dealt with, and that the system of human justice fails of justice.

Now in Illinois instead of the court or jury fixing a term of service for the convicted criminal, the verdict must be either guilty or not guilty and no term is fixed. It is simply ordered that the convicted be transferred to the prison. The law fixes a term of imprisonment that is dependent upon the behavior of the offender. It is for the prisoner to say by his conduct whether he will remain a convict for the full term prescribed by the law. In other words the man is sent up much as the insane are committed to an asylum, to be detained until it is reasonably certain that they may with safety to society be set at large.

Prison officers in daily contact with their wards, are far better judges of the degree of punishment that should be administered, than Judges or juries. That was the unanimous judgment of the Committee on Criminal Law Reform at the last National Prison Congress. The Governors of thirty-three States were addressed upon this subject last year, and asked to give replies after thorough counseling with their prison authorities. All but four made answers urging the adoption of the indeterminate sentence system. The four who repelled in the negative were, the Governors of Idaho, Nevada, Montana and Rhode Island. It is submitted that such a verdict should command for the indeterminate system at least a fair trial.

THEOSOPHICAL. New Local Headquarters and Lectures by Dr. Griffiths.

The Hargrove Theosophical Society has moved its center to larger headquarters in Odd Fellows' Temple. It is being papered, furnished and seated for a meeting and lecture hall.

Papers and lectures on everyday topics are given, followed by discussion, questions and answers. Mrs. J. E. Mills is President, and Alfred Spinks Secretary. A lotus circle, or children's Sunday-school, is conducted by Mrs. Mills and assistants. All meetings are free.

Dr. Griffiths will deliver additional lectures before leaving Sacramento.

FIVE GOOD RUNNING RACES.

Thousands Witness the Events at Agricultural Park.

Some Close Finishes—Four Favorites Won—Five Events For To-Day.

The special six days' race meeting inaugurated yesterday at Agricultural Park promises to be as successful as that which closed on Saturday, which was the best meeting held in many years.

The attendance yesterday was fully equal to, if not greater, than on the day of the preceding meeting. There were four books on the ground, and they were all well patronized.

The races were all well contested, and good time was made. It was a good day for favorites, though some of them had close calls.

The first race, four and one-half furlongs, had as starters, Mildred 108, to 1; May Boy 108, 7 to 1; Cassandra 11, 105, 7 to 5; San Carlos 108, 7 to 5; Desdemona 103, 8 to 1.

San Carlos led from the start, Cassandra second and May Boy third, and they finished in the same order in 50 1/2 seconds. Cassandra quit near the score and beat May Boy, which was by only a neck, San Carlos leading her by four lengths.

Jones, Desdemona's jockey, was barred for two days for delaying the start.

Second race, five furlongs, selling. Dorsey 103, 6 to 1; Blue Bell 101, 3 to 1; Jack Richelieu 103, 6 to 1; Irma 101, 6 to 1; Rodegap 103, 8 to 1; Tortoise 100, 2 to 1; Leon 103, 4 to 1; Picnic 98, 15 to 1.

After a long delay at the post, caused chiefly by Richelieu's refusal to break away, the flag fell to a good start, with Picnic showing first, Irma next and Tortoise third. Rounding into the stretch, Tortoise moved up, but was passed in the stretch by Leon, who won out by two lengths in 1:02. Tortoise a half-length ahead of Jack Richelieu.

Third race, six furlongs, Walter J. 112, 4 to 1; Major Cook 114, 6 to 5; Santuzza 107, 2 1/2 to 1; Last Chance 114, 12 to 1; La Flecha 107, 6 to 1; Billy Ayres 114, 15 to 1.

The race was nearly an hour at the post, and when the flag was finally given them Last Chance was left standing in the rear. There should have been two or three others with him. Major Cook went away in the lead and led to the score, where Santuzza, which had run in second place all the way, made a sprint and won by a nose in 1:15. La Flecha third, a length behind, which was her position from the start.

Fourth race, seven furlongs, selling. Mollie R. 104, 10 to 1; Sea Spray 102 to 1; Wm. O'B. 106, 7 to 1; Miss Ruth 104, 6 to 1; Adam Andrew 95, 2 to 1. Adam Andrew won in a driving finish by a length from Mollie R. in 1:27 1/2. W. O'B. third by a half-length. The latter led for the first eighth, with Miss Ruth second. Then Adam shot to the front and remained there to the end of the race.

Fifth race, five furlongs, maidens. Lovington 110, 10 to 1; Cogent 100, 4 to 1; Madafa 112, 3 to 2; Madrone 115, 4 to 1; Jessie O. 107, 15 to 1; Defender 100, 3 to 1; Modestia 95, 8 to 1; Cheridiah 95, 6 to 1. Madrone, a 4 to 1 shot, captured the race, Madafa a close second, and Modestia third. The time was 1:02 1/2.

Agricultural Park, Sacramento, May 31, 1897. Running, four and a half furlongs, two-year-old maidens. J. Bertolacci's b. San Carlos, by Gano-Letta (Calms), 108 pounds, ... 1 J. Touhey's br. Cassandra II, by John A. dam by Duke of Norfolk (Parker), 106 pounds, ... 2 Colusa Stable's br. May Boy, by St. Charlie-Puebla (Flynn), 108 pounds, ... 3 Midglen 108 and Desdemona 106 also ran. Time—1:05 1/2.

Same day—Running, five furlongs, selling. Munchado's ch. h. Leon, by St. David-Lena (Weber), 103 pounds, ... 1 W. P. Pine's br. g. Tortoise, by Brown Fox-Turquoise (Calms), 100 pounds, ... 2 Thomas Boyle's b. h. Jack Richelieu, by Great Tom-Evanson (Shepard), 103 pounds, ... 3 Dorsey 103, Blue Bell 101, Irma 101, Rodegap 103, and Picnic 98 also ran. Time—1:02.

Same day—Running, six furlongs. T. Boyle's blk. m. Santuzza, by Midglothian, dam by Wheatley (Shepard), 114 pounds, ... 1 J. Bertolacci's b. San Carlos, by Gano-Letta (Calms), 108 pounds, ... 2 J. Touhey's br. Cassandra II, by John A. dam by Duke of Norfolk (Parker), 106 pounds, ... 3 Colusa Stable's br. May Boy, by St. Charlie-Puebla (Flynn), 108 pounds, ... 4 Midglen 108 and Desdemona 106 also ran. Time—1:05 1/2.

Same day—Running, seven furlongs, selling. Atkin & Lottridge's b. e. Adam Andrew, by Sir Mordred-Pedana (Clawson), 95 pounds, ... 1 Wm. O'B. 106, 7 to 1; Miss Ruth 104, 6 to 1; Adam Andrew 95, 2 to 1.

Thousands of women are cast-up dead on the shores of life because of their own ignorance or neglect. No woman can be free from pain, or safe from the ever-threatening breakers of death, who neglects to take proper care of the organs that constitute her womanhood. It is not a woman's duty to neglect her womanly self, but to be healthy, nervous, pain-racked and fretful, and approaching maternity will be a menace of the grave. It is easy for a woman to avoid this suffering and danger.

Wisdom know that Dr. Pierce's Favorite Prescription is a marvelous remedy for those troubles that make life miserable, and fill the period of prospective motherhood with fears. It is the discovery of an eminent and skillful specialist, Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Over 90,000 women have testified to the almost miraculous action of this wonderful remedy. It works directly on the organs distinctly feminine. It makes them strong and healthy, & cures all weakness and disease. It prepares for wifehood and motherhood. It insures baby's health and makes its advent easy and nearly painless. Druggists sell it. Nothing else is "just as good."

Mrs. G. A. Connor, of Redding, Spring, Montgomery Co., Va., writes: "My daughter, aged 15 years, had a goitre coming on her neck and it disappeared after the use of one bottle of Dr. Pierce's Favorite Prescription."

Dr. Pierce's Common Sense Medical Adviser is in plain English. Contains 1,008 pages and over 300 illustrations. If you want a copy, paper-covered, send at once stamps, to cover the cost of mailing only to the World's Dispensary Medical Association, Buffalo, N. Y. If you prefer cloth cover, send 50 cents.

Next to Yourself. I Don't be obstinate. You can buy summer underwear here, and never know the difference in the weight of your purse. The Model, Fifth and J.

SINFULNESS OF UNBELIEF.

"He That Believeth Not is Condemned Already."

Synopsis of the Discourse Delivered Last Night by Evangelist Bane.

Last evening at the Sixth-street Methodist Church Rev. Mr. Bane delivered a powerful sermon on "The Sin of Unbelief." His text was (John, 3:18): "He that believeth not is condemned already, because he hath not believed in the name of the only begotten son of God."

Mr. Bane said a man who did not believe that unbelief is a sin had asked him to preach on this subject. In studying the matter he had concluded that the sin of sins is unbelief in the Christian religion. Many are going to eternal death because they will not believe in the son of God. Preachers are at a disadvantage, because the great mass of their hearers are unbelievers. Did men believe the word of God they would not dare sin against God.

This unbelief is the rejection of sufficient evidence. Other things are believed on less evidence than we have of the truth of God's word. These Christian people would be believed were their testimony offered on any other subject; but when they testify of their experience of the things of God, revealed to their consciousness, they are not believed. The truths of religion can only be known by experience.

Two men testify that they have tasted sugar, and they know it is sweet. One man, who has not tasted it, says it is sour. And you believe the one. So the testimony of hundreds of thousands who have tasted and found that the Lord is good is rejected, and the statements of Bob Ingersoll, who knows no more of the Christian religion than an unborn babe, yet who stands up at \$100 a night and declares that Christianity is false, are accepted. And men think they are displaying superior intelligence by so accepting them.

An unbelieving woman knelt at the altar of this church a few years ago to investigate the Christian religion. For three nights she came to the altar, because she had been told that that was a step to take. Some told her that she must pray or she could not be saved. "To whom shall I pray?" she asked. "To God," was the reply. "I do not know that there is a God," she said. Then Brother Bechgood told her to offer this prayer, "O God, if there be a God, reveal thyself to me." As an honest investigator she offered the prayer. In a few minutes she lifted her face and said, "I feel that I want to pray." Soon her unbelief vanished and she found God.

My unbelieving friend, if you investigate and do not find it true I will give up preaching. Believing is a mere matter of the will. So no man is excused for not believing. God has given to every man the faculty of faith. He can exercise it if he will. Yet men try to excuse their unbelief, and to excuse their sins because of their unbelief. A Christian reproves a man for doing wrong and he replies, "Why, I do not believe as you do." As if a man in the act of burglary should resent arrest, saying to the officer, "I do not believe in your law."

Why do men try to disbelieve in hell, yet all men believe in heaven? That is a strange thing. Why are so many trying to get rid of the idea of hell? Why are they so concerned about that place? Christians are not anxious about hell. When a man is so troubled about it he gives himself away.

There is no pardon for unbelief. The unbeliever will go down to hell. The only remedy is for the person to believe. "He that believeth shall be saved. He that believeth not shall be damned." Do you suppose God would condemn you for what you cannot help? You can believe. The unbeliever thinks there is no God, because his unbelief separates him from God, so he has no consciousness of Him. A Captain did not believe his chart was correct in that it indicated a rock in a certain place. He was positive there was no rock. "In five minutes I will show you that I am right and the chart is wrong." In five minutes he struck the rock and all on board were lost. There is a rock in your course, my unbelieving friend. Therefore put your trust in Christ and be saved.

Many persons have bowed at the altar and professed salvation thus far during the meeting. Mr. Bane will conduct service each day at 2:30 and 7:45 p. m., except Saturday. His closing services will be next Sunday. The public are urged to attend. Thus far no collections have been taken.

Use Dr. Sieger's Angostura Bitters to stimulate the stomach and keep the digestive organs in order.

2 lbs. Counterfeit Same Price 1 lb. Genuine.

Hundreds of imitators of the genuine Postum Cereal Food Coffee have sprung up with no idea of food value.

Some are drugged to give the coffee taste. The U. S. Court has called the makers of Grain-O to account.

Grocers who persist in giving out imitation "Cereal Coffee" in packages infringing the U. S. trade mark of the genuine Postum will court trouble for themselves and the condemnation of every lover of pure and honestly made food and drink.

Customers are requested to send name and address of grocers who offer imitation "Cereal Coffee."

Look for the name Postum Cereal, Battle Creek, Mich., and the red seals.

POSTUM CEREAL CO., Limited. BATTLE CREEK, MICH.

Supervisor Appointed. Governor Budd has appointed Edward de la Caesta Supervisor of the Third District of Santa Barbara County, vice self, on account of the new County Government, Act going into effect.

REMAINS OF AN UNKNOWN MAN FOUND IN THE WILLOWS.

On Sunday evening two young men reported to Coroner Clark that they had found the dead body of a man in the brush across the north levee, near the Twelfth-street bridge.

The Coroner dispatched his deputies to look for the remains, but they failed to locate them. Yesterday morning the search was resumed, and the body was found. The man had evidently been dead several months, and the body was badly decomposed.

The remains were those of a man about 35 or 40 years of age, and 5 feet 7 1/2 inches tall. He had short red hair and a heavy mustache of the same color. The clothes were of black cheviot, the coat being of the cut-away variety. The shirt was of blue flannel, and brogan shoes were on the feet. In one of the pockets were found \$26 83 in gold.

Death had evidently resulted from hanging, as a piece of decomposed rope was around the neck, and the companion piece was still attached to the limb of a tree above. The body was in a doubled-up position, and the Coroner believes the unknown man committed suicide. The only paper found on the body was a bulletin of the Unitarian Church of San Francisco, issued in November of last year.

Funerals of Patrick York and Little Willie Hamm.

The funeral of the late Patrick York took place yesterday from the family residence, 1218 P street. Thence the remains were taken to the Cathedral, where services were held. Many friends of the deceased were there to pay their last respects to his memory.

Mr. York was for nearly twenty years employed in one of the mechanical departments of the Southern Pacific Company's work in this city. He was an industrious man and an efficient, trusted workman. He leaves a wife and two little girls to mourn his loss.

The funeral of little Willie Hamm, who was fatally injured by falling from a tree several days ago, was held from the residence of his parents, Mr. and Mrs. W. J. Hamm, No. 2529 K street, Sunday afternoon.

The funeral services, which were largely attended, were conducted by Father Plus at St. Francis' Church, Twenty-second of the Southern Pacific Company, which was by the St. Rose Girls' Sodality, who attended in a body, as did also the altar boys. The floral pieces were many and beautiful.

The pall was borne by altar boys from St. Francis' Church, as follows: Johnny Caffrey, Bernel Wiseman, Frank Giesler, Willie Burke, Frank Foley and Timothy Healy.

A very enjoyable surprise party was given at the residence of Mr. and Mrs. G. A. Gray, 2301 N street, on Saturday evening, it being the twenty-fifth anniversary of their wedding. The house was handsomely decorated for the occasion, and the evening was pleasantly spent in music and recitations. At 10 o'clock the guests adjourned to the dining room where the partook of an elegant repast. The presents were handsome and numerous.

Those present were: Mr. and Mrs. G. A. Gray, Mr. and Mrs. B. S. Tyler, Mr. and Mrs. B. H. Joensink, Mrs. Slocum, Mrs. Frank Slocum, Mr. and Mrs. W. Schaffner, Mrs. E. D. Manson, Mrs. M. T. Lucas, Mr. and Mrs. W. F. Parsons, Mr. and Mrs. Harry Coates, Messrs. M. Remington, Chas. Gray, Fred Gray, Arch Gray and Frank Gray. Misses May Joensink, May Gore, Florence Gray and Effie Gray.

PERSONAL MENTION. A. L. Hubbard of San Jose is at the Golden Eagle.

James K. O'Brien of Smartsville was in the city yesterday.

Superior Judge Matt F. Johnson is to Roseville yesterday.

S. S. Nathan left yesterday on a six weeks' business trip to New York.

State Highway Commissioner W. L. Ashe came up from San Francisco yesterday.

Mrs. J. C. Bricknell left last night for Kansas City, where she will visit her friends for about six weeks.

Mr. and Mrs. Perry E. Haslett and Miss Mae Herbert of Alameda are registered at the Golden Eagle.

D. J. Simmons went to Newcastle and Avila in the evening, Monday, by invitation and delivered an address at each place at the Memorial Day exercises.

Governor Budd has appointed Edward de la Caesta Supervisor of the Third District of Santa Barbara County, vice self, on account of the new County Government, Act going into effect.

All humors of the blood, from the small pimple to the dreadful scrofula, are cured by Hood's Sarsaparilla, which thoroughly purifies, vitalizes and enriches the blood.
