IS LOOKED FOR.

Cheyennes Believe They Have Done Their Duty in Turning Over

One of the Indians Who Was Concerned in the Hoover Murder.

Agent Smith Warns Sheriffs and Their Deputies Not to Again Enter the Reservation Without They Come Provided With Duly Executed Warrants of a Specific Nature.

DENVER, June 5.—A special to the "News" from Miles City, Mont., says: Stock Inspector, smart and having in charge Badger, the Indian who killed Sheep Herder Hoover, arrived here at 3 o'clock this afternoon. They reached the railroad five miles west of here, and came in by train. When the train arrived the depot platform was crowded. Special police and Deputy U. S. Marshals on hand to protect the prisoner, should the citizens resort to violence.

On the platform Badger stood erect, his arms folded, exhibiting very little sign of nervousness. His face was streaked with red paint, and his blanket drawn closely over his shoulders.

County Attorney Porter learned today that there are ten Indians implicated in the murder of Hoover.

Agent Smith will not allow Sheriffs and their deputies to enter the reservation, dated June 3d, to W. D. Smith, Deputy Sheriff of Custer County, will show. He says:

"Referring to my communication of May 29th and June 1st, addressed to yourself and Sheriff Gibb, respectively, concerning the arrest and delivery of one David Stanley, a Cheyenne Indian, under my charge, accused of the murder of John Hoover, I have the honor to inform you that I consider the presence here of yourself and Sheriffs or Deputies at the time pending my investigation of the case in question is a source of irritation and disturbance to the Indians under my charge, and to a great extent hampers me in conducting the investigation and managing the Indians under my authority, as provided for by Section 2188, revised statutes of the United States, to manage and superintend the interior with the Indians under my charge, and further referring to my requests to yourself and Sheriff Gibb in the letters above mentioned, that you withdraw from this reservation.

County Attorney Porter leaves for Helena Sunday, his errand being to consult with the Governor regarding the Indian trouble. He says that the other Indians implicated in the murder must be arrested at once, and that the laws of Montana must be observed, even if they have to resort to force. He received reliable information this morning that the Indian agent would like to believe that Badger was being considered by all that would be required, and that no more arrests would be made. The Cheyennes believe they have done their duty by delivering up one Indian, and it forced to surrender the others trouble is looked for.

NEW YORK MARKETS.

Strong Bull Character So Far as Stocks and Bonds Go.

NEW YORK, June 5.—There was no mistaking the strong bull character of today's market for stocks and bonds, nor was there any room for doubt that the motive for buying was greatly increased confidence over the general outlook for business in the country. The bear element was not a factor in the market at any time during the day except as buyers were eager to cover beyond their reach. There was some profit-taking at intervals by the more conservative-minded traders, but apparently their only purpose in selling one stock was to put the proceeds into another. Such realizing sales as were made were all absorbed, looking in consequence the upward course of prices went merrily on from opening to close of the day's short session.

The dealings were remarkably well distributed, sugar showing the largest number of shares of any one stock sold with 16,500 shares. The general strength of the market was doubtless assisted by the aggressive strength shown by some of the most active stocks, notably sugar, the Grangers and New York Central. Reports from Washington that a treaty with Spain was being considered looking to the regulation of the naturalization of Spanish subjects as citizens of the United States had their effect in helping prices. Missouri Pacific and Western Union joined the list of appreciating values. With the favorites of the

bears thus shifted to the bull side of the market, there was practically no opposition left to the advancing tendency of the market.

There will be no doubt that a great part of the buying of stocks during the week has been predicted upon a conviction that the out of the general business is generally improved and the country has turned the corner from depression towards improvement. The cheerful confidence shown by the Secretary of the Treasury in his public utterances has made a strong impression on Wall street.

The gold exports are no longer dreaded, as it is seen that the depletion of the gold reserve in the treasury is not measured by the amount of gold exportation. The decrease in the treasury reserve since the gold export movement began is considerably less than two-thirds of the gold exports. The growing prospects that the country's crops are to be plentiful and of good quality is accepted as giving the best possible assurance of increased prosperity and expanded business.

BREEZY DAY IN THE U. S. SENATE.

The Debate on the Lumber Schedule Leads to Some Warm Words.

Senators Vest and Bacon Differ on the Proposed Tariff.

A Letter Received From the Minister of Austro-Hungary Protesting Against the Discriminations of the Sugar Schedule in the Pending Tariff Bill.

WASHINGTON, June 5.—On the opening of the Senate to-day a communication from the Secretary of State was received, transmitting a letter from the Minister of Austro-Hungary, Baron von Hengelmueller, protesting in behalf of his Government against the discriminations of the sugar schedule in the present tariff bill against bountied sugar. The Minister's letter was read in full at the request of Vest. It urges that the discrimination against sugar receiving bounties be denied to Austria-Hungary the most favored nation treatment, and also threatens to damage heavily the exports of the country. The communication was referred to the Finance Committee.

At 12:15 the consideration of the tariff bill was resumed. The first paragraph of the wood schedule relating to hewn timbers, etc., was agreed to at 1 1/2 cents per cubic foot, the new rate proposed by the committee.

When the next paragraph relating to sawed boards, planks, etc., was reached, Vest said he would later move to place the articles of this paragraph and those of the previous on the free list.

Allison then perfected the provision relating to the addition of the export duty upon saw logs coming from countries paying export duty so that the proviso will apply also to "broomsticks and chains used in towing logs." This amendment was agreed to.

Jones of Arkansas, referring to the heavy burden it imposed on the people of the West, said the rates of the bill were the result of a determined and systematic effort by the lumber men, and in this connection he read a letter from the National Lumber Convention that issued from an office in Washington urging that petitions to Senators and members be prepared bearing the names of working men. This, Jones declared, was the means by which the high rates were being urged.

Vest said there was a single item in the bill so utterly indefensible as that taking white pine from the free list and placing a rate of \$2 per thousand feet upon it. White pine was justly called "the king of coniferous woods" and the clear intent of the framers of this bill was to make the rates absolutely prohibitory on this wood.

It was due to some extent to a combination between the lumber interests of the West and the South, and he had been confronted by this combination during his last canvass. The Senator referred to the manner in which the Maine delegation—the ablest one in Congress—had succeeded for years in keeping spruce on the dutiable list. It was a credit to their capacity, and it eventually would come into the United States cheaper than at present.

McLaurin (Dem.) of South Carolina, who recently entered the Senate, made his initial speech, criticizing the rates of the wood schedule, saying they were not designed to benefit any Southern industry, and that if there was anything of the kind it was merely incidental.

Vest moved an amendment excepting white pine from the operation of the paragraph.

Bacon (Dem.) of Georgia expressed his differences with Vest. The latter, he said, had advocated rates increased 100 per cent, while in this schedule the average ad valorem was below 20 per cent. That being the case, Bacon asserted that Vest's statement that this was the most unjustifiable feature of the bill was not warranted.

"I regard it as the most reasonable feature of the whole bill," declared Bacon. "I regard the schedule as a proper one, irrespective of the party from which it comes."

GRAECO-TURKISH AFFAIRS.

The Porte Will Have to Give Up Thessaly.

CONSTANTINOPLE, June 5.—At the meeting between the Embassadors of the Powers and the Turkish Minister for Foreign Affairs, Tewfik Pasha, on Thursday, at the Topkapli Palace, Sir Philip Currie, the British Ambassador, M. Cambon, the French Ambassador, and Signor Pansa, the Italian Ambassador, made a distinct declaration against the retrocession of Thessaly to Turkey. This attitude of the three Powers named is regarded as being of the highest political importance, in view of the fact that since the Czar's telegram to the Sultan there has been a marked rapprochement between Russia and Germany. Here the opinion is expressed that the indications point to a resuscitation of the League of the

Three Emperors, if that league is not already an accomplished fact.

Pitched Battle in Kentucky.

LOUISVILLE, June 5.—A special to the "Post" from Paintsville, Ky., says: A pitched battle, in which Tom Lewis, Preston Lee, Green Charles, J. W. Charles, Shade Lee and Hemp Lee engaged, occurred near the Virginia border. J. W. Charles was killed outright, and Green Charles, Hemp Lee and Tom Lewis were mortally wounded. The particulars are meager, but the report says the crowd had been drinking, a quarrel ensued after a discussion, with the above results.

Decided Decrease in Wheat Exports.

WASHINGTON, June 5.—A decided decrease in the amount of wheat exported from the Argentine Republic is reported to the State Department by United States Consul Buchanan at Buenos Ayres for the first three-quarters of this year, as compared with the same period last, the figures being 53,708 tons and 267,079 tons respectively. In some provinces the Government has been obliged to distribute wheat for seed.

A Capital Finish at Gravesend in the Parkway Handicap Witnessed by a Large Crowd.

Azrian made the running, with Harry Reed second and Howard Mann back in the race with Roundman. Sloan made no move on Howard Mann until they began to round the upper turn and then joined the leaders. Mr. Belmont's pair, Don De Oro and Octagon, and Harry Stull's Braw Lad were the only starters in the rich Carleton stakes, and Mr. Belmont declared to win with Don De Oro. URBANA SHOOTING AND LYNCHING INCIDENT.

Though the City Has Resumed Almost Its Usual Quietness,

The Citizens Still Talk of Wreaking Vengeance.

Sheriff McLean and Captain Leonard Have Disappeared, and Their Present Whereabouts Unknown—A Court-Martial in Store Over the Non-Participation of the Springfield Militia Company.

URBANA, June 5.—The city has quieted since the lynching of yesterday morning.

Nothing was known here early today of the whereabouts of Sheriff McLean and Captain Leonard.

It was the general understanding that the Sheriff drove to Springfield, but nobody outside of the Captain's immediate circle of friends knew where he went.

It was reported last evening that a mob of 150 was organized to go to Springfield after the Sheriff.

Such word was sent to Springfield, having the effect, it is said, of driving the Sheriff off to Dayton. He is universally condemned by the people and held responsible for the shooting of citizens by the militia. The citizens insist that he was altogether too officious, and should have refrained from ordering out the troops.

The Captain is condemned for ordering the soldiers to fire, and the boys of the company for firing into a crowd of their fellow citizens. After their escape from the jail the members of the company have not dared to show their faces upon the street, and many of them have left the city. A livery man took a timid squad of them to Springfield.

Their troubles are not over with yet. Some of the wounded claim to know who shot them and several thrashings are laid out. It is reported that Smith Bell, the father of Harry Bell, who was killed, threatened to kill Captain Leonard on sight. The son was an unmarried man, aged about twenty years and a broom maker by occupation. Baker, the other man killed, was about thirty-seven years old and married. He was a tenant on a farm north of the city. He leaves a widow and five children.

The body of "Click" Mitchell, the rapist, who was the cause of all the trouble, is an elephant on the hands of the city. The body was secreted to prevent the mob from wreaking vengeance on the remains. Threats of getting the body and burning it were freely made. Relic hunters had nearly cut the coat of the dead man. Every button was gone and even his shoes and stockings were taken off and carried away.

The Mayor, C. H. Ganson, states that the tragedy of night before last and the lynching were entirely uncalculated. He urged the Sheriff to get the prisoner out of town when he was first taken to jail, but the Sheriff neglected to do so. The Mayor says there would have been no trouble then. Concerning the militia he says:

"I do not understand that the Governor refused troops, as several companies were held in reserve. The Springfield militia, after a consultation with the Sheriff, were moved two blocks away from the jail to be ready in case needed. There was no expectation of the lynching taking place at the time. The crowd, at my request, partially dispersed as soon as the Springfield militia started to march away."

At the time of lynching the Sheriff and his deputies, together with twenty of our county militia, were in the jail on guard. I left the jail some time before the lynching. The Sheriff had full charge of the military as well as the prisoner. Any part I took in the matter was to keep innocent blood from being shed and also to prevent lynching if possible. No blame can be attached to the Governor."

It is said there is a court-martial in store over the non-participation of the Springfield company of the O. N. G. They were in the city, accompanied by Colonel Anthony of their regiment, and instead of participating in the guarding of the jail they marched away under the advice of Mayor Ganson. The company is said to have been at the depot awaiting a train home while the lynching was going on. Colonel Anthony will no doubt have to explain to the Springfield company why he was ordered to report to the Sheriff. They marched to the jail, but had no consultation with the Sheriff, as he did not appear, and there is a question whether the Mayor was authorized to speak for him in telling them to retire.

Captain Leonard and the local company will, no doubt, have to explain why they ceased to resist after firing into the mob, and somebody will have to explain how the keys happened to be dropped down on the hall floor from up stairs after the mob had broken in the outside door. The Sheriff and militia were all up there at the time.

The Sheriff plainly stated before leaving the city that he and the troops retired to the up stairs portion of the jail and quit without offering any resistance simply because they were unwilling to shoot down any more citizens.

There will, no doubt, be a military investigation as to whether the Captain acted under the Mayor's orders in the matter. It is supposed the local company, being composed of Urbana boys, who tried over the shooting of their fellow citizens the previous night, absolutely refused to shoot again.

The Sheriff denies responsibility for the shooting and so does the Captain. On the other hand the citizens assert that the Sheriff himself fired the first shot. He asserts that at least five shots were fired into the jail from outside before a shot was fired on the inside.

DAYTON (O.), June 5.—Sheriff McLean of Urbana arrived in Dayton at 8 o'clock last night and was quietly conveyed to the home of his brother-in-law. Efforts were made to keep the presence of the Sheriff in this city a

secret. He said that he had left Urbana at the solicitation of friends and that while he had no fear he had deferred to their wishes in the matter.

BASEBALL.

Cincinnati Fielders Did Great Work Yesterday.

PHILADELPHIA, June 5.—The Phillies could not hit Dwyer to-day and Cincinnati won the game in the fifth inning. Johnson pitched after the fifth and Hoy, on a two baser in the ninth inning, was the only man to reach home. Cincinnati put out seventeen on only balls. Attendance 12,480. Score: Cincinnati 6, hits 9, errors 1; Philadelphia 1, hits 7, errors 2. Batteries—Dwyer and Schriver; Wheeler, Johnson and Boyle, Umpire—Sheridan.

BALTIMORE, June 5.—The Browns downed the Orioles in a close game to-day. The champions outbatted the visitors, but were unable to land on Espar at critical moments. Maul pitched well, but was accorded poor support. He gave way to Hoffer in the fifth, who proved far less effective, issuing two passes to first and allowing four singles which scored the winning runs. Attendance, 5,728. Score: Baltimore 4, hits 12, errors 1; St. Louis 6, hits 12, errors 3. Batteries—Maul, Hoffer and Bowerman; Espar and Murphy, Umpire—McDonald.

WASHINGTON, June 5.—To-day's was a slow game and only saved by the appearance of Soxekalee and of Tom Tucker. The loss of the game was due largely to the Senators' lack of ability to hit the ball, together with errors. Mercer also was touched up freely. Riley was hit on the head by a pitched ball in the second inning, and Norton took Wrigley's place at left, the latter going to third. Gorman went in the box in the eighth. Two hits were made off him. Attendance, 3,500. Score: Washington 5, hits 12, errors 8; Cleveland 10, hits 14, errors 1. Batteries—Mercer, German and Farrell; McDermott and Zimmer, Umpire—Emslie.

BROOKLYN, June 5.—Louisville scored all her runs against Brooklyn at Eastern Park this afternoon in the first two innings. Payne was then replaced by Daub and not another Colonel came within hailing distance of the plate. Hemming was presented with a long floral horseshoe when he took his position in the box. Score: Brooklyn 12, hits 11, errors 5; Louisville 5, hits 7, errors 6. Batteries—Payne, Daub and Hurst; Hemming and Wilson, Umpire—Emslie. Attendance, 5,857.

NEW YORK, June 5.—In the ninth inning, with the score 4 to 3 in favor of New York, Anson brought Griffith and Connor into the game to bat for Denzer and Donohue. Three singles, a homer by Ryan and a steal home by McCormick, secured the victory for the Yankees. Score: Chicago 10, hits 14, errors 4; New York 4, hits 8, errors 8. Batteries—Rusie and Warner; Denzer, Griffith and Kittredge, Donohue, Umpire—McDermott. Attendance, 6,500.

POSTON, June 5.—The magnificent batting of Duffy and Collins' splendid fielding were the features of to-day's game between Boston and Pittsburg. In the ninth inning, with the bases full, Collins made a hair-raising stop that prevented Pittsburg from scoring and probably from winning the game. Attendance, 5,000. Score: Boston 5, hits 8, errors 2; Pittsburg 3, hits 7, errors 0. Batteries—Klobdanz and Bergen; Hawley and Merritt, Umpire—O'Day.

Exports of Specie.

NEW YORK, June 5.—The exports of the week amounted to \$1,160,800 in gold and \$908,845 in silver. The imports were: Gold \$79,709, silver \$50,488, dry goods \$8,245,041, general merchandise \$7,267,119.

Tanner Signs the Gas Bill.

SPRINGFIELD (Ill.), June 5.—Governor Tanner signed the gas bill. As a result the companies forming the Chicago gas trust will be able to consolidate, saving thereby, it is said, \$250,000 annually.

ILLINOIS LEGISLATURE.

THE LAST HOUR A ROUGH-AND-TUMBLE FARCE.

Such an Uproar That No One But Officers Knew How Votes on Bills Were Recorded.

SPRINGFIELD (Ill.), June 5.—The Legislature adjourned Sunday at 4 o'clock this morning. The last hour was a rough-and-tumble farce. The Chamber of Representatives was in an uproar. Paper balls, pastebored boxes, books and even market baskets were used at the game of pitch-and-toss. A will no doubt have to explain to the top of their desks and with the pieces pounded the remnants.

While all this was going on, Charles E. Selby, who was in the chair, complained of the undignified conduct of a couple of members who had put on their hats.

Votes on many bills were recorded, and nobody but the Clerk knew how they were recorded. Bills were passed, and nobody but the Speaker and the Clerk knew the bills by number, to say nothing of the titles. The Senate was equally disorderly, and personal encounters were narrowly averted in many instances.

The Republican Congressional appointment bill, introduced by the so-called "Machine," over which a bitter fight has been waged, was abandoned in the final hour. Governor Tanner denied that he had any intention at present of calling an extra session. It is thought, however, that the defeat of the revenue bills and the failure of the Legislature to take up the appointment bill may result in such action.

THE STEAMER GRADY.

Fears Entertained as to the Safety of the Vessel.

OAKLAND, June 5.—Fears are entertained for the safety of the steamer H. C. Grady, formerly known as the "Traveler," which was purchased by the Oakland commission men for river trade. She is several days overdue from Portland, and as she is a stern-wheeler some alarm has been created. The trip is regarded as a perilous one for craft of that description to undertake.
