

STATE BOARD OF REGENTS.

They Enter Into a Contract for Private Printing.

May be Enjoined—Protest on the Part of the Typographical Union.

State Printer Johnston has gone to San Francisco to consult Attorney-General Fitzgerald in regard to the action of the State University Regents in letting a contract to a private firm for \$749 worth of printing for the University.

It was but recently that the Attorney-General advised State Controller Colgan that all printing for State officials, boards and commissions should be done in the State Printing Office.

At a meeting of the Typographical Union yesterday the following resolutions were adopted in condemnation of the action of the Regents:

Whereas, We are informed that the Board of Regents of the University of California, a public institution maintained by the taxpayers of this State, have awarded the contract for the printing of the "University Register and Announcement of Courses" (work heretofore performed in the State Printing Office at Sacramento, under the supervision of the Superintendent of State Printing) to the Pacific Press Publishing Company of Oakland, a notoriously unfair establishment, and which has been and is a standing menace to organized labor as well as to the legitimate business interests and prosperity of California; and

Whereas, There can be no excuse for this action of the Board of Regents, as the revenue of the University of California was increased by the recent Legislature by the addition of a one per cent. ad valorem tax upon each \$100 of value of the taxable property of the State; therefore, be it

Resolved, That Sacramento Typographical Union, No. 46, condemns the action of the Board of Regents of the University of California in awarding, contrary to law and in the face of the opinion of the Attorney-General recently given, to the Pacific Press, work which had heretofore been performed by union men to a notoriously unfair office, thereby degrading labor; and be it further

Resolved, That we hereby appeal to all citizens of this State to take cognizance of the unwarranted and unlawful action of the Board of Regents in taking the bread from the mouths of union men, and we especially appeal to organized labor throughout the State to protest in vigorous terms against such action.

Resolved, That a copy of these resolutions be forwarded to sister labor organizations and to the press under the seal of this union.

PRESSMEN'S RESOLUTIONS. At a special meeting of Sacramento Pressmen's Union, No. 60, last evening, the following resolutions were adopted:

"Whereas, It has come to our notice that the Board of Regents of the University of California at Berkeley has given the printing of the register of the university to the Pacific Press Publishing Company of Oakland; and

"Whereas, It is an established fact patent to every union man connected with the book and printing trades that this establishment is rated as the most unfair printing-house on the Pacific Coast, employing only non-union men at paltry wages, the highest attempt wages paid being insufficient for the support of a family of free and intelligent people should live; and

"Whereas, We deprecate the fact that the management of the greatest public educational institution in this State—the revenue for the support of which is supplied by the taxpayers of this great commonwealth, should consent to a transaction whereby work heretofore belonging to intelligent American union mechanics should be transferred from a union printing-house to furnish work to unorganized labor; therefore, be it

Resolved, That Sacramento Pressmen's Union, No. 60, denounces the action of the Board of Regents as in the interest of public teaching—to prefer public work being done in such places, and request all organized labor to assist in putting down such attempts to cripple union workmen by depriving them of employment through such un-American practices, and be it further

Resolved, That a copy of these resolutions be given to the public press for publication, and also a copy to sister unions."

THE BOOKBINDERS. The local Bookbinders' Union, No. 35, met last evening and adopted a resolution calling the attention of the sister union in San Francisco to the fact that the Board of Regents of the State University have contracted with the Pacific Press in Oakland—a non-union establishment—to do its printing, and urging it to prevent the carrying out of the contract, as being opposed to the interests of union labor.

THE NATIONAL ANNIVERSARY

The Executive Committee Meets and Outlines Its Plans.

There Will be No Public Fireworks, But a New Kind of Evening Entertainment.

The Fourth of July Executive Committee held a stormy meeting and Hubbard's office is a scene of confusion. The chamber was abuzz with fervid oratory, intermingled with motions, amendments and substitutes.

At the end, however, all differences were obliterated and harmony prevailed. The committee reported that the Board of Supervisors had been called on and requested to appropriate funds towards the celebration.

The members present had received the request favorably and promised assistance, but declined to take definite action until after the return of Supervisor Morrison.

Mr. Beckwith, for the Literary Committee, reported that the members of the committee, he said, were attempting to secure the services of an orator for the occasion, and when that was finished the remaining part of the programme would soon be filled out.

The Parade Committee was instructed to report at the next meeting on the cost of appropriate floats for the parade.

J. O. Coleman, for the Evening Entertainment Committee, described his proposed plan of entertainment at length. The plan, in brief, is to fit out six or eight floats, and each float shall be occupied by a party of five or six performers, two by vocalists, who shall sing patriotic and other songs, and others still by members of zither and guitar clubs.

The floats, according to Mr. Coleman's plan, will be divided into two groups, and each float will carry a party of five or six performers, two by vocalists, who shall sing patriotic and other songs, and others still by members of zither and guitar clubs.

Mr. Coleman said he had talked with a great many citizens regarding his proposed plan, and all had expressed it favorably, and as being entirely feasible. He had, he said, interviewed individual members of such organizations as would be called on to furnish the talent for the entertainment and all had entered heartily into the spirit of the plan.

He felt certain that such an entertainment would meet with hearty cooperation from the Turn-Verein and from the Sacramento Athletic Club, and it had been suggested that the McNeill Club be requested to furnish singers, and that the Mandolin and Zither Clubs be requested to furnish instrumental music.

Mr. Beckwith inquired whether it was intended that the proposed entertainment should take the place of the usual pyrotechnical display.

Mr. Coleman said that such was certainly the intention.

Then Mr. Beckwith vigorously objected. He did not, he said, wish to be a marplot, and hoped he was not a sturrian, but a Fourth of July celebration without fireworks would entirely fail in what it was intended to accomplish.

Mr. Coleman said that such was certainly the intention.

Mr. Beckwith explained that red fire would be burned at proper times during the performance, and as proposed, give, and that the whole was to conclude with a grand illuminated bicycle parade.

Mr. Coleman explained that red fire would be more in keeping and more patriotic than the usual fireworks, and could be arranged if the right men were put on a fireworks committee, a good exhibition could be had, and exorbitant commissions need not be paid firms which dealt in fireworks.

Mr. Heilbron said it would be difficult to raise funds for the purchase of fireworks, and that if only fifty children were ever allowed to attend a display.

Mr. Spencer explained that the cost for the floats proposed would be much less than for the allegorical floats used in a day parade.

Committee members Ficks, Bann, Wright, Hogan and others took up the cudgels against fireworks, and numberless motions, amendments and substitutes poured in until nobody knew just what was before the meeting.

It was finally sifted down to a motion by Mr. Wright to the effect that the Committee on Evening Entertainment be instructed to proceed on the plans proposed by Mr. Coleman, and that it report the probable cost of such an entertainment at the next meeting.

A motion by Mr. Beckwith to lay the motion on the table was voted down by 9 to 2, and the original motion prevailed, thus settling the question of a pyrotechnic display at the coming Fourth of July celebration.

A motion to allow the Invitation Committee \$30 for immediate use was carried, and the meeting adjourned to meet next Monday evening.

WHAT THE SUPERVISORS DID.

People in the Mokelumne Bottoms Want More Trestles.

Requests for Money for Fourth of July, Etc., Taken Under Advisement.

Mr. Hughson, Mr. Glenn, Mr. Marlette and others residing in the south-eastern part of the county appeared before the Board of Supervisors yesterday and asked that certain improvements be made to the lower Stockton road, near the Mokelumne River, in the way of trestle-work.

Mr. Glenn said the board had done considerable work for the neighborhood, in the way of constructing trestles over some of the worst places in the vicinity of the junction of the Mokelumne and Cosumnes Rivers, but more are needed.

Two weeks ago he nearly swam his horse to get across one low place. About 400 feet of trestle is still needed to make it possible for people to reach the Mokelumne bridge. No earth filling will answer. The water, he said, is now falling, but the mud is so heavy that it can only be traveled by the lightest of vehicles.

"Why don't you ask," said Chairman Jenkins, "whether the county trestle all the way from the main land to the river, for that's about what it means?"

"Well, that's about it," said Mr. Glenn, "but we don't like to ask for more than we can hope to get. We have come this early in the season, so still having plenty of time to do the work. We hope the members of the board will go down there and see for themselves what is to be done."

Mr. Kunsting said that while the board had done considerable work down there, it was practically useless unless something was done to make the road passable between the trestles already constructed.

The delegation was promised that the members of the board would visit that locality at an early day and see what could be done toward putting that strip of road in a condition for winter travel.

CLAIMS WITHDRAWN.

Mr. Witter, President of the Golden Gate Dredging Company, was permitted to withdraw claims filed for work on the Sutter Island levee road amounting to \$3,000.

Mr. Witter explained that the claims were filed under a misapprehension, and the sums involved were covered by claims filed by the Trustees of the Sutter Island District.

HELP FOR AN INDIGENT. City Trustee Devine appeared before the board on behalf of Louis le Blanc, an old resident upward of 70 years of age, and who is in indigent circumstances.

He thought the board should insist on the Howard Benevolent Association assisting Mr. le Blanc, who is not only poverty-stricken, but an invalid.

The county, said Mr. Devine, pays \$300 a month to the Howards, and should demand of that association some relief for Mr. le Blanc.

Supervisor McLaughlin said he was familiar with the case of Mr. le Blanc, and would see Mr. Dale, Steward of the Howards, in regard to the matter.

MINOR MATTERS.

The Trustees of Capitol School District sent in their report of the result of the late election in that district, showing that a tax of \$2,500 was voted for the purpose of making an addition to the schoolhouse.

A communication was read from a woman in Denver, Col., asking the board to assist her son, now an invalid in Sacramento, in returning to his home in Colorado.

The bond of Arthur Thornton, proprietor of the ferry at New Hope, was received and filed.

FUNDS FOR THE FOURTH.

A committee composed of A. Hellbron, Tom Scott, George C. McMullin and A. C. Harrison, of the Fourth of July Celebration Committee, and City Trustee McKay, called on and addressed the board relative to the board making an appropriation for the celebration of the national day.

After hearing what the gentlemen had to say the board took the matter under advisement.

L. Hatfield, representing the Christian Endeavor Society, asked the board to appropriate \$150 toward the \$500 that it is desired to raise for the purpose of dressing up the Capital City in proper shape to receive the many thousands of people that will be here on their way to the great convention next month in San Francisco.
