

DAILY RECORD-UNION ISSUED BY THE SACRAMENTO PUBLISHING COMPANY

The Stockton "Record" asks: "Is crime the chief matter of human concern?" Add and scandal, neighbor, and then apply to the San Francisco nude press for an answer.

It is not surprising that Democratic leaders declare against annexation of Hawaii. It would give prestige to the Republican administration if accomplished, as it will be, and that country never, never do. Party before country every time.

Oh yes, good news is plentiful. This is an inventive age. It is an age and day of discovery. It is a day of education, of endowments, of great moral movements, of scientific demonstration and of art achievement.

For news in medicine it devotes a page of horrible illustration and worse text, to accounts of surgical operations of especially revolting character, of value only to the technician, less even if true.

Last year the girl became of age, and then she took steps to ascertain what had become of her legacy. She obtained an order of court citing her father to appear and show cause why he should not make a report of his guardianship, but he made no response, and she then sued for an accounting, and the recovery of the money that was due her.

At the meeting of Cosumnes Tribe, No. 16, Improved Order of Red Men, Thursday evening, District Deputy Great Sachem, Thomas J. Lames, assisted by East Great Sachem, J. P. Counts, and Past Sachems, G. W. Whitlock, C. Boothroyd and J. W. Crone, raised up the following Chiefs for the ensuing term:

That is a righteous law that has gone into effect in Illinois prohibiting the cheapening of the uniform of the National Guard. It should be adopted in every State of the Union.

The boxing bout between Billy Lewis of this city and Jim Ryan of Cincinnati at Army Hall to-night promises to be one of the best contested affairs of the kind witnessed here for many a day.

The men are to fight twenty rounds, unless a decision should be given earlier, and the prospect is that it will not be a very short bout, as the men are supposed to be quite evenly matched.

In the Police Court yesterday morning the case of C. C. Clifford, charged with disturbing the peace of C. J. Malone, was continued until Tuesday next.

The claim is now made by the friends of ex-Internal Revenue Collector Welburn that he has been insane for months. Very true. So is any man who gambles at races, deserts his family for lewd women, wastes his substance in riotous living, and disgraces his family and the Government by conduct that the hoodlum would blush to be guilty of.

the term of their natural lives. A few such applications of correctives would reduce the insanity crop wonderfully.

It is possible that the Senators and Representatives of California in Congress may hear through the Chamber of Commerce of San Francisco and the press of the State, that California is for the annexation of Hawaii.

Well! annexation talk and urgency have had one good effect to date. They have insured the safety of the reciprocity treaty. For that much, give thanks.

As an exchange well puts it, "Governor Boies knows when he is whipped; Mr. Bryan does not."

TO-MORROW'S CONCERT.

The Music Will Be of a Decidedly Patriotic Character. The open-air concert at the Plaza on Sunday evening will be by the Second Infantry Band, C. A. Neale, Director, and will commence at 8 o'clock:

March, "American Republic".....Kennedy Revere, "Star of the Sea".....Kennedy American fantasia, "Tone Pictures of the North and South".....Bendix Patrol, "The Blue and Gray".....Dalbey Fantasy on "My Old Kentucky Home".....Selection, "El Capitan" (the gems of the opera).....Sousa

The Concert Committee desires it stated that all the above selections are by American composers.

AFTER MANY YEARS.

A Young Girl Gets Judgment for a Small Estate. Judge Johnson yesterday rendered his decision in the case of Marguerita Smith against Louis Smith and others, giving judgment for the plaintiff for something like \$800.

The case is not without interest. Marguerita Smith is the daughter of Louis Smith. She had a small estate in her own right, and her father was appointed her legal guardian. They removed to Stockton, and she was there abandoned by him.

HEAP WAMPUM.

Cosumnes Tribe's Belt is Bulging With Lucre. At the meeting of Cosumnes Tribe, No. 16, Improved Order of Red Men, Thursday evening, District Deputy Great Sachem, Thomas J. Lames, assisted by East Great Sachem, J. P. Counts, and Past Sachems, G. W. Whitlock, C. Boothroyd and J. W. Crone, raised up the following Chiefs for the ensuing term:

After the raising up there were interesting talks by members of the order. The annual report showed an increase in membership and a well filled wampum belt.

LEWIS AND RYAN.

They Will Go Twenty Rounds This Evening. The boxing bout between Billy Lewis of this city and Jim Ryan of Cincinnati at Army Hall to-night promises to be one of the best contested affairs of the kind witnessed here for many a day.

The men are to fight twenty rounds, unless a decision should be given earlier, and the prospect is that it will not be a very short bout, as the men are supposed to be quite evenly matched.

Henry Gallagher will be master of ceremonies, and will see that everything is conducted on the level. The men are reported to have trained faithfully and the management announce that they will enter the ring in good condition.

In the Police Court yesterday morning the case of C. C. Clifford, charged with disturbing the peace of C. J. Malone, was continued until Tuesday next.

Y. W. C. A. CONFERENCE.

IT WILL OPEN AT MILLS' COLLEGE ON THE 25TH.

Some Advance Notes—Farewell Reception to Miss Beazell Thursday Evening.

The members of the Young Women's Christian Association are to be congratulated on their recent effort in domestic science—a school in cookery—as the "Notes" have proved to be much more popular, and the sale of the same meeting a much larger demand than the most sanguine could have expected.

On Tuesday evening there will be held the regular monthly board meeting, and on Thursday a farewell reception will be given to Miss Beazell, General Secretary, from 8 to 10 p. m.

Miss Beazell will attend the Christian Endeavor convention, and then assist in the summer conference at Mills' College, which follows. She will leave for her home in Indiana about the 25th. Miss Beazell will open the discussion on "Bible Study" with an address and assist in city work throughout the conference, having changed her plans to visit Geneva, at the request of the International Committee.

It is hoped that a large number of the delegates to the convention will plan to stay at least a few days at Mills' College. There are accommodations for 300 or more. It is a delightful place to rest, and those who have friends from the East could not find a spot in the country better suited to favorably impress visitors than there.

The expense is reasonable, and the help gained here will greatly benefit every Sunday school worker, every Bible student, and everyone in any way interested in Christian work of whatever character.

There will be missionary conferences and time devoted to Bible study each morning, and from noon till evening to outings, rambles and rest. Then each evening there will be lectures, addresses, etc., by prominent men on the coast, and the International Committee have secured the services of several prominent men from the East, who will attend the Christian Endeavor convention, among whom are J. Wilbur Chapman of Philadelphia, who will close the final session of the convention and assist at the conference. Dr. Hughes of Minneapolis will preach the sermon Sunday morning and evening, and Dr. Chapman of Oakland will again give helpful talks.

The many friends of Miss Emma Reeder, Coast Secretary, will be pained to learn that owing to ill health she has been compelled to sever her connection with the coast work. She went East Thursday evening, and it is not known yet who will fill her place.

REAL MEAN.

A Hobo Makes Repeated Raids on An Officer's Pantry. For the past few weeks the hobo element have had fat picking at the residence of Policeman James Douglas at Seventh and E streets. Douglas' saw, ax, hammer and other tools necessary in a well-regulated household have mysteriously disappeared, and, sad to relate, fifteen glasses of jelly that had been put up by the officer's wife, have also been missed from their accustomed shelf in a basement.

Several days ago when Douglas was returning home after having walked his beat all night, he caught sight of a young man of the genus hobo, prowling about his backyard. Douglas gave chase, but the prowler proved fleet of foot and escaped.

It was different yesterday morning, when the officer came face to face with the man on one of the principal streets of the city. He asked no questions, but bundled him to the police station, and this morning he will be tried on a charge of vagrancy.

A NARROW ESCAPE.

Elliott Stops His Car Just in Time to Save a Boy's Life. Yesterday morning the little son of Wm. Eberhart, who is in business in the Masonic Temple, started to run across K street, but a car was coming and he found that he would not be able to cross ahead of it in time to avoid danger and he stopped.

A bicyclist came along, riding on the wrong side of the street, and struck the little fellow with such force that it threw him on the track directly in front of the advancing car.

Motorman Jack Elliott, who has on several previous occasions saved life that was endangered by his car, reversed his lever instantly and stopped the car just before it reached the boy.

RAILROAD BALL GAMES.

Car Sop No. 5 and the Boiler Shop to Compete. The Southern Pacific League will play its next schedule game of baseball at Agricultural Park on Sunday. The game will be called at 2 p. m. sharp.

The two best teams of the League are to play against each other, and as both have won the same number of

Writing to Mrs. Pinkham.

She says:—I have been using your Vegetable Compound and find that it does all that it is recommended to do. I have been a sufferer for the last four years with womb trouble, weak back and excretions. I was hardly able to do my household duties, and while about my work was so nervous that I was miserable. I had also given up in despair, when I was persuaded to try Lydia E. Pinkham's Vegetable Compound, and to-day, I am feeling like a new woman.—Mrs. ELLA M'GARVY, Neebe Road Station, Cincinnati, O.

games thus far, a very interesting and exciting game may be looked for. Each team has been strengthened of late.

The grand stand has been covered with canvas, so that all who attend will be in the shade and have comfortable seats where they can see all that transpires, and the breeze will have full scope.

The management has taken extra pains to see that this game of the Fourth will be one to be long remembered.

FRUIT SHIPMENTS.

There Will Be a Let-up During Monday and Tuesday. No less than thirty-eight car loads of fruit were sent from here yesterday for Eastern points, as follows: One-half car of cherries, one and one-half of apricots, fifteen of peaches, fifteen of plums, five and one-half of pears and one-half of apples; total, thirty-eight. For the corresponding date of last year twenty-seven cars went East.

Owing to the railroad being covered with Christian Endeavor trains, the Southern Pacific Company has notified the fruit shippers to hold back their consignments on Monday and Tuesday, by which latter day the rash will be over.

FIREWORKS DISPLAY.

A Free Show for Three and One-Half Hours. The management of the Oak Park Athletic Grounds has secured a \$500 lot of superior fireworks it says, at a bargain.

These will be displayed on the grounds to-night from 8:30 to midnight. The admission is free. Manager Morton says he believes these pyrotechnics to be just as represented, namely very superior and beautiful.

Whist Winners.

For the month of June the prize winners at the Sacramento Whist Club are: Monday evenings, Howell Duplicate, for teams of four—George M. Mott, C. E. Burnham, James H. Pond and J. L. Whitbeck.

Wednesday evenings, consolation—Mrs. D. A. Lindley and D. D. Whitbeck.

Friday afternoons, consolation, for ladies only—Mrs. J. W. Barrett.

Saturday evenings, north and south, east and west pairs—Mr. and Mrs. C. E. Burnham.

Weather Bulletin. The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 89 and 66 degrees, with gentle to fresh northerly winds and clear weather prevailing.

The highest and lowest temperatures one year ago yesterday were 93 and 57 degrees, and one year ago to-day 98 and 62 degrees.

Boehm and Everett Fined.

Charles Boehm and Frank Everett, who on Thursday pleaded guilty of disturbing the peace at Oak Park on Sunday last, appeared for sentence in Judge Gandy's Court last night.

The Judge imposed a fine of \$40 or forty days in Boehm's case, and inasmuch as that of Everett was not an aggravated one, the Court only fined him \$5.

Buggy Accident.

Yesterday Mrs. Sorr, whose home is at Thirteenth and F streets, was painfully bruised by a fall from a buggy on J street. After her injuries had been attended to in a drug store she was taken home. The are not serious.

Horse Knocked Down.

While a cemetery car was passing along Tenth street yesterday a horse attached to a street sweeper's cart walked out on the track in front of the car. The horse was knocked down and the cart damaged to the extent of a broken shaft. No other results.

500 Ice Cream Freezers, Just Arrived, AT 15 PER CENT OFF THE REGULAR PRICE.

THE FIRST MINUTE that the cream remains in White Mountain Freezers it is so thoroughly stirred by the duplex dashers that every particle is absolutely incorporated into every other particle, so that an evenly flavored, perfectly mixed product is insured.

THE SECOND MINUTE the cream really chills, and actual freezing commences against the sides of the can from which our double self-adjusting scrapers instantly remove it, so that the entire contents become perfectly and evenly chilled.

THE THIRD MINUTE finds the cream growing stiffer, and, being kept in absolute untiring motion, it speedily becomes a frozen mass of delicious delicacy.

THE FOURTH MINUTE'S work gives the finishing touches to the cream, as the constantly revolving beaters break up any small lumps, and cause the cream to become even-grained and of uniform hardness, and in

JUST FOUR MINUTES since it first went into the freezer can, it comes out the finest quality cream known to civilization.
