

HEAT IN EASTERN CITIES UNABATED.

Seven Deaths and Many People Fatally Affected at St. Louis.

The Thermometer Registered Ninety Degrees Throughout the Night.

Hottest Day of the Year at Kansas City—Twelve Prostrations and Two Deaths Reported—Seven Sudden Deaths at New York Indirectly Due to the Heat—The Mercury Bubbles Out of the Tube at Louisville.

ST. LOUIS, July 9.—Seven people died from the heat in St. Louis on the twelfth day of insufferable heat. Two people, one of them a New Orleans negro, were driven insane, and six others have been sunstruck and will die before morning. There have been numerous prostrations in St. Louis. A. Smith, the Brooklyn's catcher, and Grady, first baseman of the St. Louis team, were prostrated during the baseball game this afternoon. Smith is unconscious, and his condition appears to be serious. Two deaths and several prostrations occurred in East St. Louis. Eleven other prostrations fell in the streets and were taken to the hospitals. In the last twenty-four hours there has not been a second's remission from the heat. Last night was terrible. Street thermometers registered 90 degrees throughout the night. In the houses it was many degrees hotter. Sleep was impossible to most. The local weather bureau predicted thunderstorms and a decided drop in temperature for this afternoon, but not a cloud appeared. This night is 1 degree hotter than last night.

HOTTEST OF THE YEAR.

KANSAS CITY, July 9.—The heat in this city and vicinity was even more oppressive to-day than yesterday. At 8 o'clock this morning the thermometer registered 86 degrees, at 9 o'clock 90 degrees, at noon 94 degrees and at 1 p. m. 97 degrees, the hottest of the year. The humidity was unusually heavy, adding greatly to the prostrating effect of the intense heat.

Up to 6 o'clock to-night twelve prostrations and two deaths have been reported. M. Dougherty, a soda water manufacturer, was stricken on the street, and died soon after being removed to his home. Patrick White, an aged blacksmith, died this morning in the rear of the shop where he worked, death being due to the heat and over-indulgence in drink. Many horses fell on the streets. Throughout Kansas and Northwestern Missouri the same intense heat prevailed. At Lawrence and Hutchinson, Kas., street thermometers recorded 101 degrees.

SEVEN SUDDEN DEATHS.

NEW YORK, July 9.—The temperature at 11 o'clock to-night in this city was down to 74 degrees. The police report eleven prostrations. Seven deaths here to-day were indirectly due to the heat.

THE MERCURY LEAVES THE TUBE.

LOUISVILLE, July 9.—The maximum reached this morning by the thermometer was 95 degrees at 11 o'clock, after which the mercury gradually receded until 12 o'clock, when another upward spurt was taken, which sent it bubbling out of the tube. Three deaths are reported from the intense heat and many prostrations.

AT DAYTON, OHIO.

DAYTON (O.), July 9.—Three deaths from the heat have occurred in the past few hours. The thermometer registered 93 degrees at noon.

SUFFERING IN KENTUCKY.

PADUCAH (Ky.), July 9.—The heat wave is causing suffering all over Western Kentucky. Many prostrations are reported. Two hundred employes in the Illinois Central below here have struck, declaring they could not work. Threshing crews are abandoning their machines.

WORKMEN PROSTRATED.

KOKOMO (Ind.), July 9.—This was the hottest day here for sixty years, the thermometer registering 105 degrees. The workmen on the Green town pike quit work on account of many of the force being prostrated.

HOTTEST EVER KNOWN.

MUNCIE (Ind.), July 9.—This has been the hottest day ever known here. E. D. Dubois, who recently came from Chicago as superintendent of street railroads, was prostrated; also Cyrus Richardson, Jacob Melsker, Timothy Hardwick, John Rich and many others, not seriously. The glass works are compelled to close on account of the heat.

SIXTEEN PEOPLE DIE AT CHICAGO.

CHICAGO, July 9.—Of all the hot days that have made life a burden since the warm weather of 1878, this was the worst. There were more deaths of human beings and of animals, and the number of prostrations was greater than upon any other day of the long hot spell that has hung over Chicago. Sixteen people are dead from the heat, two are insane, and out of a large

number of prostrations ten cases are critical.

Out in the Bridewell, where seven prisoners went insane yesterday because of the heat, three others suffered the same from the heat to-day.

The night was a sizzling horror. There was comfort to be found nowhere. It was the hottest night Chicago has ever known. The mercury was 87 degrees last night at midnight, and although near the lake it sunk to 82 degrees at 6 a. m., the decrease in temperature was more than offset by the increased humidity, which through the night and day made the discomfort far greater than is implied by the record of the thermometer.

By 7 a. m. the mercury in the weather office had climbed to 84 degrees, and there was a steady overpowering bull movement until 3 p. m., when 90 was reached. This was up in the Auditorium tower, where the wind had a chance at the thermometer. On the streets, where the heat radiated from baking pavements and sun soaked brick walls, it was 5 to 8 degrees higher than in the tower, and no breeze to be had.

The day was especially severe on horses, over 100 dying in the streets. Sixteen hundred men and boys were temporarily thrown out of employment in Pullman to-day. Owing to the intense heat, the managers found it necessary to close the works at noon and send the workmen home. The shops will remain closed to-morrow if the hot weather continues, and until the temperature decreases a little.

A thunder storm this evening caused a drop of 20 degrees. Rain fell over the entire country in torrents.

In Iowa, a downpour of rain cooled things considerably. At midnight the number of prostrations by heat had risen to 63. Of this number 18 cases are said to be serious, and 12 of them are almost certain to die.

AT CINCINNATI. CINCINNATI, July 9.—The number of heat deaths to-day were six. The maximum heat by trustworthy thermometer to-day at 96 degrees at 3 p. m. It is still 85 at 11 o'clock.

ATKINSON (Kan.), July 9.—Henry number of deaths in the last seven days is sixty.

DEATH NEAR ATCHISON. ATCHISON (Kan.), July 9.—Henry Leuh, a farmer, died from sunstroke while riding on the Eden-Good Intent route to-day. After the mail carrier had been driven two miles further in the direction of Atkinson, both horses fell dead. Many horses died near here in the harvest fields. The thermometer registered 100 degrees in the shade.

MAXIMUM TEMPERATURE. WASHINGTON, July 9.—At the Weather Bureau the following maximum temperatures were reported to-night: Concordia, Kan., 102; Omaha, 94; Devenport, 98; Kanstis City 98, St. Louis, 96; Nashville, 98; Cincinnati, 96; Indianapolis, 98; Chicago, 88; Eastport, 76; St. Paul, 80; Washington, 88; Trenton, 92; Savannah, 80; New Orleans, 94; Key West, 82; Nantucket, 74.

PLYER AND SCHOEDDE. Held to Answer in Twenty Thousand Dollars' Bail.

SANTA CRUZ, July 9.—This morning the attorneys for the defense in the cases of George F. Plyer and M. Schoedde did not offer any testimony on behalf of the prisoners at the preliminary examination in Justice Gardner's court, but argued a motion to dismiss. The attorneys centered their main arguments on Schoedde's side of the case, contending that, according to the testimony of H. Bradley, Schoedde was in San Jose on the night the crime was committed, therefore it was impossible for him to have been in Santa Cruz. Against this contention was thrown Schoedde's own admission to the police officers in San Jose that he did not leave Santa Cruz until Monday morning; also the fact that Bradley was too drunk to remember anything. Beside, the room engaged by Schoedde at the Hobron House was proven to have been occupied Sunday night.

The attorneys contended themselves with merely making a motion as to Plyer, not backing the motion with any argument. Justice Gardner denied the motion for dismissal, holding the prisoners to answer before the Superior Court, with bail fixed at \$20,000 each.

The prisoners' attorneys wanted the bail reduced, on the ground that it was excessive, but the Justice refused to do so, and remarked that any bonds furnished would have to be thoroughly investigated as to responsibility of sureties before being accepted. The prisoners were then taken back to jail. An effort is to be made to have the Superior Court order the bail reduced.

A NOTORIOUS SWINDLER. William Lottman Placed Under Arrest at San Francisco.

SAN FRANCISCO, July 9.—William Lottman, said by the police to be a notorious Eastern swindler, was arrested in Hammersmith & Field's store on Sutter street to-day. The detectives subsequently visited Lottman's room in the Russ House and met his wife. When they informed her of her husband's plight she seized a revolver and attempted to send a bullet through her brain. Detective Wren grasped her arm, seized the pistol and reasoned with her until she promised to make no more attempts at suicide.

Lottman is charged with passing numerous forged checks on shopkeepers. He admitted that the drafts he presented in this city were bogus, but denied that he had been operating elsewhere. The man is said to be well known to the New York police as a notorious swindler.

THE DEPORTATION OF CHINESE.

There Can Be No Appeal From the Decision of a Commissioner.

Ruling of U. S. District Judge De Haven in the Case of Tsu Tse Mee.

A Crusade Against Gambling at Los Angeles Commenced—Tape Games and Brokers Notified by the Police to Cease Business, the Authorities Basing Their Complaint Against the Latter on the Ground That They Are Bucket Shops.

SAN FRANCISCO, July 9.—In the United States District Court to-day Judge J. J. De Haven rendered his first decision, upholding the ruling of Commissioner Hancock, to the effect that there was no appeal from the decision of a Commissioner in a deportation case.

Tsu Tse Mee, a Chinese who was brought here recently from Texas for deportation under a commitment from a Texas Commissioner, applied for a writ of habeas corpus, claiming that the Commissioner had no legal authority to order his deportation. Commissioner Hancock denied the writ, whereupon the Chinese appealed, but to no purpose, as Judge De Haven held that the Commissioner's ruling was final.

CRUSADE AGAINST GAMBLING. Tape Games and Brokers Notified to Cease Business.

LOS ANGELES, July 9.—The crusade against the gambling games has been the direction of Atkinson, both horses fell dead. Many horses died near here in the harvest fields. The thermometer registered 100 degrees in the shade.

This action, which has been threatened for weeks past, is the result of an opinion given recently by Deputy District Attorney Chambers on the legality of the games. He held that they came within the pale of the law, and were subject to prosecution. This opinion was presented to the Police Commissioners, and from this body Chief of Police Glass received his instructions.

The tape games give nothing more nor less than fictitious quotations, and in fact their managers make no other claim. On the other hand, the brokers claim that they do a legitimate business, but the authorities base their complaint against them on the ground that they are bucket shops. Five firms were to-day notified to discontinue business, but Black & Fitzgerald, who conducted a tape game, was the only firm to accept the mandate. The others propose to contest the matter.

STOCKTON INSANE ASYLUM. The Institution Run for Less Than the Appropriations.

STOCKTON, July 9.—At the regular meeting of the Board of Managers of the Stockton Hospital for the Insane to-day a schedule of recommendation as to salaries was made out at the request of the State Commission. The recommendations will be made from all in the hope that an equalizing of salaries throughout the State may be made.

The report of the Superintendent showed that nineteen inmates had been admitted during the month, four were discharged recovered, and thirteen died. The average number for the month was 1,521, and they were maintained at a cost of 34.3 cents per capita per day. The average cost of maintenance in the Stockton Hospital is .03 of a cent less than 35 cents per day, which is from 4 to 16 cents less than the average cost at the other institutions of the kind in the State. During the last fiscal year the institution lived \$6,548 inside of the appropriation. The year before it was \$10,000 inside of the amount, compared with a deficiency of \$15,000 two years ago.

MRS. JOHN BRADBURY. The General Belief That She Will be Discharged.

SAN FRANCISCO, July 9.—When the case against Mrs. John Bradbury of Los Angeles, charged with adultery at the instance of the local Society for the Prevention of Vice, was called in Judge Low's court to-day the fair defendant failed to respond. Her attorney, Gavin McNab, however, produced a certificate from her physician to the effect that she was physically unable to appear, and upon this showing Judge Low continued the matter until Monday next.

While the evidence against her is identical with that already introduced in the Ward case, which the same Judge has intimated will result in the defendant being held to answer to the Superior Court, it is generally believed that Mrs. Bradbury will be discharged.

NORMAL SCHOOL GRADUATES. Important Decision Rendered by the Supreme Court.

SAN FRANCISCO, July 9.—The Supreme Court to-day rendered a decision of unusual importance to Boards of Education and teachers in this State. The case at bar was that of Edith A. Mitchell against the Board of Education of San Diego County, an application for a writ of mandate to compel the School Directors to issue a certificate as provided by Section 1503 of the Political Code upon her graduation from the State Normal School. The lower court having denied her application for such a writ, she appealed, with the result that the Supreme Court reverses that ruling, and directs that a peremptory writ issue as prayed for.

PRISONERS AT WHITTIER. Counties Must Pay Half the Expense of Those They Send.

SAN FRANCISCO, July 9.—The Supreme Court to-day rendered a decision sustaining that of the Superior Court of Los Angeles, whereby that county was compelled to pay \$3,064 05 for board of minors it sent to the institution. Los Angeles County disputed the right of the Legislature to pass a law compelling counties to pay half the expenses of those sent to Whittier, and

ROYAL BAKING POWDER Absolutely Pure. ROYAL BAKING POWDER CO., NEW YORK.

recently refused to settle when a bill was presented. The result was a suit for \$3,064 05, which was decided in favor of plaintiffs. An appeal was taken to the Supreme Court and the judgment of the lower tribunal was affirmed.

ANACONDA RACES. Winners of the Pacing, Trotting and Running Events.

SALT LAKE, July 9.—A special to the "Tribune" from Anaconda, Mont., gives the following result of the races: Pacing, 2:10 class, Nena N. won, Fall Fare second, Strathmont third. Best time—2:12 3/4.

Trotting, 2:14 class, Chris Peterson won, Carlyle Carne second, Antrina third. Best time—2:16 1/4.

Running, five furlongs, Lulu Horton won, Kattie second, Sable third. Time—1:03.

Seven furlongs, Nena N. won, Allahabad second, Harrison third. Time—1:30.

Three furlongs, Leora won, Harry N. second, Red S. third. Time—0:34 1/2.

TIRED OF LIFE. Young Boy Makes a Probably Successful Attempt at Suicide.

SAN JOSE, July 9.—Herbert Hyde, a sixteen-year-old boy, whose mother conducts a photography gallery, attempted suicide this afternoon by shooting himself with a pistol. His attempt will almost certainly prove successful, as the physicians say there is no hope of his recovery. The bullet passed through the boy's head.

It is not definitely known what prompted the deed, but it is thought he became despondent on account of his mother's objections to his keeping late hours. As a result of these chidings, he secured rooms at 250 South Second street, and for some days has been sleeping there.

TOOK STRYCHNINE. An Old Soldier Commits Suicide at San Diego.

SAN DIEGO, July 9.—Henry Lamb, an old soldier, 60 years of age living at 422 Ash street, committed suicide this afternoon by taking thirty-seven grains of strychnine.

Deceased came here from Los Angeles last September, and had resided in that city four years. Prior to that he had lived in Charleston County, Mo., and at Animoso, Ia. He was the recipient of a pension of \$23 per month. At the time of his suicide he was suffering from an injury received during the war. He leaves a widow and several children.

LOS ANGELES RACE MEETING. Will Open in October and Promise to Be a Successful Affair.

LOS ANGELES, July 9.—The coming meeting of the Sixth District Agricultural Association, which opens October 18th and continues ten days, promises to be the most successful in the history of Southern California. The entry list, which is about three times as large as ever before, includes the best horses on the coast. The purses are the most liberal ever hung up by the association. There are twenty-nine entries in the 2:30 trot, fourteen in the 2:12 trot, twenty-two in the 2:30 pace and twenty-one in the 2:17 pace. The purse in each event is \$1,200.

A Hardened Criminal Hanged. TUCSON (Ariz.), July 9.—Philip T. Ashley, a Dane, convicted by the United States Court of killing John Sanders, a United States soldier at Huachuca a year ago, was hanged to-day. He displayed remarkable nerve. He asked for a silk hat to wear instead of a black cap at the execution. He made some jocular remarks, danced a jig, and said, "Let her go, Gallagher." His neck was broken, and he died without a quiver.

Fire at Bear Valley. MERCED, July 9.—A fire at Bear Valley this afternoon destroyed the large merchandise store of Mrs. Trabuco. The origin of the fire is unknown, but it is supposed to have been spontaneous combustion. Mrs. Trabuco carried a large stock of goods, but was well insured.

The Murder of Josef Duplain. LOS ANGELES, July 9.—F. Phillips, Kittle Lewis and Lydia Van were taken to Santa Monica to-day to be arraigned on the charge of having murdered Josef Duplain, the old soldier, on Wednesday night. The examination will be held next week.

Steamer H. C. Grady. FORTLAND, July 9.—The stern wheel steamer H. C. Grady is about to be released from the toils of the law, and it is announced that Captain James Denny will start the steamer next Monday on her way to San Francisco, where she will engage in the Sacramento River trade.

Death of a Pioneer Lady. SAN JOSE, July 9.—Mrs. Innocencia De La Rosa died this evening, aged 62 years. She was the widow of the late Tito De La Rosa, and belonged to the Aiviso family, so well known in this country in pioneer times.

Eleven Years at San Quentin. JACKSON, July 9.—Dick Edwards, a half-breed Indian who was convicted of murder in the second degree for the killing of Silane last May, was to-day sentenced to eleven years in San Quentin Prison.

Death of an Oakland Surgeon. OAKLAND, July 9.—Dr. L. D. Griswold, a pioneer surgeon and a veteran of the late war, died this morning at the home of his daughter. The deceased was 88 years of age.

Shipment of Game Prohibited. SAN LUIS OBISPO, July 9.—The Board of Supervisors to-day passed an ordinance prohibiting the killing of game for shipment out of the country.

THE NONPAREIL SHOES! SHOES! Shirt Waists. Duck Skirts. Women's Wrappers. Ladies' Handkerchiefs. New Valenciennes Laces. New Gloves. Ribbons. Parasols. WASSERMAN, DAVIS & CO. Agents for Butterick Patterns. Big New Store, K, Between Sixth and Seventh. D. M. BISHOPP, Optician, 806 J STREET.

90c a Dozen Panel Photographs. THE GREAT MINERS' STRIKE. LITTLE CHANGE IN THE PITTSBURGH DISTRICT. Every Workman in Mark Hanna's Mines Reported to Have Gone Out. PITTSBURGH, July 9.—The situation of the miners' strike to-night shows but little direct change from yesterday. The principal movement made by the strikers to-day was the securing of a conference of the national leaders of the several powerful labor organizations of the country, with the purpose in view of devising ways and means to assist those who are making what is considered by all of them the supreme effort of the wage advancement. It is known that concerted action will be taken at once to make the suspension of mining in West Virginia complete, which, if successful, will kill off the most effective enemy the strikers have to encounter. It was this field that broke the strike in 1894, and no effort will be spared to bring it into subjection at this time. To supplement the conference a special meeting of the State Labor League was called for Sunday night, at which further means of support will be devised.

HANNA'S EMPLOYEES GO OUT. CLEVELAND, July 9.—One of the surprises of the day came when Dan R. Hanna, manager for M. A. Hanna & Co., received a message stating that every single miner employed at the company's mines had gone out. The Hanna people have been confident of their ability to hold their men. Information received here shows that the shut-down of the Wheeling Division of the Baltimore and Ohio Railway is absolute. The situation in this city over the coal strike is becoming desperate. The Cleveland railroads are growing bolder in confiscating coal, and those who depend upon a regular supply are becoming anxious. The Morris Coal Company has ceased shipping coal altogether, and, in fact, coal dealers, as a rule, have delivered nearly all of their coal. Unless coal begins coming to Cleveland in a few days the situation will be very serious. The lighting companies fear the city may be left in darkness. The Director of Public Works is alarmed over his inability to keep the water supply going. The street railway companies fear a suspension of travel, and the manufacturing concerns with orders to fill are fearful lest their plants will have to shut down for want of fuel.

SITUATION IN ILLINOIS. SPRINGFIELD (Ill.), July 9.—The miners' strike situation in Illinois is as follows: All the miners in the Williamson District are out. In the Springfield District most of the miners are working. In the Peoria District the miners are still working, but will meet to-day. The miners at Stanton and Mount Olive have given out assurances that the Belleville miners would strike, but the Belleville men at their meeting decided to go to work. At Carlinville there is no strike. Virden and Auburn miners struck weeks ago. The miners at Assumption are out, but at Pana and Taylorville are working. At Westville, Vermillion County, the miners are out, but are at work at Danville.

GERMAN LUTHERANS. The Synod at Oakland Formally Opened for Business. OAKLAND, July 9.—The German Lutheran Synod formally opened for business this morning. There were delegates present from thirteen districts, representing California, Oregon, Washington, Nevada, Idaho and Utah. The Rev. J. M. Buehler of San Francisco presided. After devotional exercises the Credentials Committee reported the list of delegates, among whom are: Rev. H. Schwan, D. D., Cleveland, O., President of the general body; J. Kogler, Orange, Cal.; H. A. Paul, Cornelius, Or.; G. Runkel, Los Angeles; J. H. Wills, Portland, Or.; A. H. Poppe, Portland, Or.; W. H. Behrens, Tacoma, Wash.; S. Haernicke, Fresno; P. G. Jacobson, Dixon; G. W. Kiesel, San Diego; H. Hagist, Albany, Or.; C. Strenfert, Tracy, Cal.; E. P. Block, Stockton; B. Belesdorf, Portland, Or.; Dittich, Portland, Or.; Grothe, Los Angeles; Behn, Orange.

Governor Wells' Wife Dead. SALT LAKE, July 9.—Mrs. Teresa Clawson Wells, wife of Governor Wells, died in this city to-day, after an illness of several months.

"DAY" MALARIA CURE. All Its Name Implies. One or two doses removes that tired feeling and renews your ambition. Price, 50c. FRANCIS S. OTT, Manufacturing Druggist, 200 X Street, South Side, Second and K, Sacramento, Cal.
