

NATIONAL LEAGUE OF REPUBLICAN CLUBS.

The Annual Convention in Session at Detroit.

Delegates Present From Nearly Every State and Territory.

Governor Pingree Welcomes the Visitors on Behalf of the State of Michigan—National League President Woodmansee Delivers His Annual Address—Telegram of Congratulation From President McKinley.

DETROIT, July 13.—Cool, pleasant weather was furnished for the opening of the tenth annual convention of the National League of Republican Clubs.

The most striking feature in the decorations of the auditorium was a life-sized portrait of President McKinley, surmounted by an eagle and surrounded by the stars and stripes.

A graduate of seats was equipped by a capacity of 3,000 persons by the more notable delegates. The delegates, seated in State groups, filled nearly the entire floor space, and the public looked on from the galleries.

The Governor was compelled to pause for a moment on account of an interruption caused by applause at the entrance of the Illinois delegation headed by Governor Tanner.

President Woodmansee then introduced Governor Pingree to deliver the address of welcome on behalf of the State of Michigan.

The President of the National League, D. D. Woodmansee of Cincinnati, then delivered his annual address, in part as follows:

Gentlemen of the Convention: In compliance with a custom that has been established at our national league conventions, I venture to address you as your President upon the state of the league and of our relations and duties to it and to the Republican party.

"In further reporting to you, it is proper for me to say that since I became your President less than one year ago, I have traveled in twelve States, and made in each of those States from one to ten speeches.

"During the last campaign, when the Democratic candidate for President was traveling about the country in palace cars, telling the people of their poverty and distress, the Republican League Clubs, one by one, were finding their way to Canton, where they heard the gospel of hope and the prophecy of better things to come.

"Gentlemen of this convention and friends of the league, I cannot bring my address to a close without returning my thanks for the very distinguished honor that I have received from this organization and for the cordial support that has been given to me by the league Republicans throughout the Union.

did league workers throughout the States who in the order which you might designate, are entitled to this preference. I want now and here to pledge to the league and to my successors in office my unqualified support through all the years to come.

"With confidence in our leaders and faith in our party principles, we will enter the contest that is before us with courage that is undaunted. The Republican party is right upon the great questions that concern the masses of our people, and being right, it is sure to win.

No announcement of the list of committees was made, as many States had not settled upon their selections.

Telegrams of regret were received from Vice-President Hobart, Secretary Sherman, Senators Allison, Quay, Wellington, Washburn, Fairbanks, Burrows, Speaker Reed, Congressmen Fowler, Dingkey, Henderson and Secretary Alger, Gary, Clegg, Long, Wilson and General Commissioner Evans and others.

TWO CHILDREN SUFFOCATED.

Fatal Results of a Tenement House Fire at Jersey City.

NEW YORK, July 13.—Two children were suffocated in a burning tenement house in Jersey City early to-day.

The fire broke out about 3 o'clock in the baker shop of Edward Manzer. So filled with smoke were the apartments above the bakery that it was difficult to breathe.

William Ziegler, a third-floor tenant, had been ill, and the flames and smoke had charged the apartment, he had rushed about the building screaming and blundering the work of the firemen.

Ziegler, when his children were taken away, broke from the policeman, and rushing to the window, sprang out onto the fire escape, landing feet below.

Shortly after Ziegler had jumped out of the window of his apartment, his wife, despite the efforts of the policeman, followed his example.

HAWAIIAN ANNEXATION.

FRIENDS OF THE TREATY ARE NOT UNEASY.

Neither Japan Nor the Sugar Trust Can Weaken the Administration's Position.

WASHINGTON, July 13.—The "Evening Post" says: There is no uneasiness among the friends of annexation in Congress about the Hawaiian situation.

The Foreign Relations Committee of the Senate is to meet to-morrow, and Senator Davis, the Chairman of the committee, said this morning that he was going to try to secure a special report on the Hawaiian treaty at that meeting, if a quorum could be obtained.

Neither Senator Frye, Senator Lodge nor Senator Gray, members of the committee, were at the Capitol today.

It is not the present expectation that the treaty of annexation will be taken up at this session, but a situation exists which may hasten the matter. It is believed that if the attitude of Japan towards Hawaii becomes more threatening, it will force annexation at once, though the friends of annexation will not be in haste unless developments render speedy action necessary.

The Bennington, now on the California coast, is being fitted out to take the place of the old cruiser Marion at Honolulu. The Marion was ordered home some time ago, but an accident to her machinery delayed her for several months, and the order has now been re-pealed. Though there has been talk of sending the battleship Oregon to Honolulu to reinforce the Philadelphia, it is said at the Navy Department that no such orders have been issued, and it is more probable that she will be kept in the neighborhood of San Francisco, in perfect condition and ready for sea orders at short notice.

Admiral Beardslee will soon be relieved at Honolulu by Admiral Miller, if the latter, now on his way home from England on the Brooklyn, does not ask to be relieved of his orders in view of his domestic affliction. It is said that Admiral Beardslee has not been sent any orders recently. When he went out to Honolulu some months ago he was charged to maintain the status quo there, having in mind the fact that the President intended at his convenience to submit an annexation treaty to the Senate. That was before knowledge that Japan would protest against the treaty, and though the Admiral's orders hold good at this time, the explanation, it is believed, will divert the fact of any hostile meaning toward Japan.

AT OAK PARK. Improvements To Be Made in the Athletic Grounds.

Mr. Morton, proprietor of the Oak Park athletic grounds, stated yesterday that before next Sunday he will have some improvements made to the grounds, so that visitors will no doubt greatly appreciate them.

He will have the covering in the back of the grandstand removed, thus permitting free circulation of air beneath the roof, and an awning will be placed over the "bleachers" so that those occupying the benches will be protected from the sun.

SUPREME COURT DECISIONS. SYLLABUS. (Crim. No. 278.—Department One—Filed July 12, 1897.)

People, respondent; Dan Whelan, appellant. Obtaining money under false pretenses. Affirmed.

Defendant demurred to an information filed against him and the demurrer was sustained, but the court being of opinion that the defects could be cured directed that a new information be filed, as provided by Section 1008, Penal Code. Instead of filing such new information the District Attorney laid the charge before the Grand Jury and procured an indictment against defendant for the offense. Held, that conceding that this course was not in exact accord with the contemplation of the statute, it was at most but a mere irregularity which in no way affected any substantial right of the defendant. Whether he was proceeded against by information or indictment could not be material to him, since both methods are equally competent and each subserves precisely the same purpose.

The allowing of a demurrer is no bar to further prosecution when the court directs a new information to be filed. The strength and credibility of the corroborating evidence is for the jury.

Requisition Issued. Governor Budd has issued a requisition on the Governor of Oregon for the arrest of Lily Evans, alias Lily Baldwin, charged with grand larceny in having robbed a man in San Francisco of \$80. E. J. Uren is agent for the State.

SOCIAL EVENTS.

The lawn party given last night by the King's Daughters at the residence of Rev. C. L. Miel, Eleventh and F streets, was a perfect success, both in attendance and excellence, and reaped a substantial financial return for the cause of charity.

The evening was a delightful one, and seemed all the more so after the broiling weather that had prevailed for several days, and every one was glad of the opportunity of spending it out of doors. An excellent programme of music was rendered, as follows: Vocal solo, Mrs. Owens; vocal duet, Mrs. May Carroll; vocal solo, Mrs. Shannon; vocal solo, Mrs. Pinkham. After the musical part of the programme was ended, "Looking Backward" was danced—a Virginia reel, the performers in which wore their clothes hand before and hand masks on the backs of their heads. It was very comical and won a liberal meed of applause. Refreshments were served and the main attraction of the evening, the circus, was announced to be open. Signor Miello, the proprietor, enquired upon the dignity and amiability of the two principal attractions, the trick elephant, Jag Jar, and the boneless Circassian girl, his dissertation succeeding so well that the audience several times tried to burst the tent by coming into it to see the different performances. It was an enjoyable evening for every one who attended.
