

HOW GUARDS WERE DECEIVED

PLAN FOR SMUGGLING OPIUM INTO FOLSOM PRISON.

An Accidental Discovery by a Car Inspector Exposes a Very Sharp Device.

For some time opium has been smuggled into the Folsom State Prison to the convicts and the officials have been unable to find out how it occurred...

The car had written on it in chalk "34 ft." indicating that it was that long, and the railroad man noticed shortly afterwards that part of it was rubbed out with a piece of greasy waste...

Lying in the hollow on top of the drawhead was a roll of opium about two inches long, tied up in a piece of newspaper and slightly covered with dirt...

PERSONAL MENTION.

C. C. Powning is over from Reno taking in the fair. Mrs. Rebecca Thisby of Isleton is visiting the city.

Wood B. Davis of Truckee is visiting with his brother, Judge G. G. Davis, and incidentally seeing the fair.

All three of the Code Commissioners—Shanahan, Caminetti and Buila—happen to be in the city at the same time.

SOCIAL EVENTS.

W. C. Hendricks, Jr., local manager of the Sunset Telephone and Telegraph Company, and Miss C. L. Berkeley, daughter of County Assessor Thos. H. Berkeley, will be married at noon to-day at the residence of the bride's parents...

He had just returned from the ball field. "Fortunately," he said, "bloomers have gone out of fashion."

Hot from the roaster sealed to the grocer. "Capital" Java Blend.

TO THE TOILER! How do you feel when your work is done? Is your back weak? Are you weary? Do your nerves tremble? Do you feel as if all your strength was gone—that you are not able to stand the work you used to? Does old age seem to be coming on, while you are still young in years? Does your back give out? Then get Dr. Sanden's Electric Belt.

HARNESS STOLEN.

C. F. Dillman the Sufferer a Second Time in a Week.

The stable of C. F. Dillman, in the alley between N and O, Twelfth and Thirteenth streets, was entered on Monday night and two sets of harness stolen.

The British Seals.

Only in one part of our dominions are seals left unprotected. This is in the British Isles. The English seals, plentiful on all our rocky coasts, have been persecuted for centuries, and in the "rookeries" where they still survive they meet with no protection at all.

Few, but Slick.

Rural life in certain sections of Indiana is simply incomprehensible to those who have not seen it, and many phases of it are incomprehensible to outsiders who have seen it.

The Cheerful Idiot.

"It must have been a very tender heart," said the cheerful idiot, pausing in the saying of his chop.

Injustice to Her Wheel.

"I had my photograph taken with my wheel, but had to reject it."

Encouragement for the Feeble.

So long as the falling embers of vitality are capable of being kindled into a warm and genial glow, just so long there is hope for the weak and emaciated individual.
