THE STATE IS SAFE.

Her Taxes Not Affected by the San Francisco Rumpus.

The State Board of Equalization has granted Auditor Broderick of San Francisco a week's extra time in making up his tax roll for that city. The extension had been asked in order to cover the delay caused by each of the Boards of Supervisors of that city having made a change and turned it into the Auditor.

The latter submitted the question to the Supreme Court as to which of the levies he should recognize.

Attorney-General Fitzgerald had already given an opinion, however, on the matter, and according to his version of the situation the State has nothing to do with the question at issue, as the Legislature had already amply provided for just such an emergency as now exists. He quotes the following section of the Political Code, which says:

"Section 3715. The action of the State Board of Equalization in fixing the rate of taxation for State purposes is, in the absence of action by the Board of Supervisors, a valid levy of the rate so fixed, and imposes upon the Auditor, Tax collector and all other officers charged with the performance of any duty under the revenue law the same obligations as if the Board of Supervisors had made the levy at the proper time."

McADAMS DISCHARGED.

The Court Held He Had Acted Merely in Self Defense.

George McAdams, foreman of the sewer work at Third and S streets, was discharged in the Police Court yesterday by Justice Davis, on the ground that he acted in self-defense.

McAdams was charged by George McKenzie with having struck him on the head with a shovel. The facts showed that McAdams discharged McKenzie, who afterward went to him and demanded his time, and was told that he could not get it till one of the contractors arrived. He struck McKenzie, saying he would take the time out of him, and McAdams hit him with the fat of his shovel.

After McAdams was discharged, City Attorney Brown said McKenzie should be punished for contempt of court, as he had told a false story and wasted the time of the court.

The court ordered McKenzie locked up until to-day, and an opportunity will be given him to explain why he should not be punished for contempt.

Mr. Broder, who leaves a widow and brother, besides many friends, was an old resident of that part of the county, having resided there for over forty years. The funeral took place from his home, five miles east of Folsom, and was largely attended. The interment took place in the Mormon Island Cemetery.

Mrs. Devine Was Discharged.

The charge against Mrs. Devine of having disturbed the peace of Mrs. Wilson was dismissed in the Police Court yesterday on motion of the City Attorney, who said the case was not properly stated, who said at first, and that if any trouble had been created it was on the other side. It should have been an injunction suit, as they quarreled over house rent.

Bauman Battery Case.

The charge of battery against Charles Bauman was dismissed in the Police Court yesterday. Bauman was charged with battery on a boy named Charles Heber, but the boy's mother testified that he did not strike the boy, who was annoying him, but playfully pushed him over, and that his father, who did not see the affair, had sworn out the warrant.

Smashed the Buggy.

A. J. Rhoads' horse ran off with a buggy yesterday from Second and J streets, and made an attempt to bolt into Irvine's stable at L street. Instead, however, the horse bolted into a stairway leading to the basement. The buggy came to grief, but the horse was not much injured.

COMING CITY CONVENTIONS.

ASPIRANTS FOR THE VARIOUS CITY OFFICES.

A Woful Lack of Candidates for Some of the Minor Places.

Next week will be a lively one in political circles. Three conventions will be held for the nomination of candidates for the various city offices to be voted for at the coming municipal election. The Republicans will hold their convention on Wednesday, the Democrats on Friday and the Citizens' Association on Saturday.

There will be but one primary, however, that of the Republicans, which will be held on Tuesday, and all candid and doubtless will take a hand in it. The Democrats will appoint their delegates, and the convention of the so-called Citizens' organization will consist of the members thereof.

For some of the offices to be filled there is a plethora of candidates, but in several of the wards but few have been mentioned for ward positions. As far as the "Record-Union" has been able to learn, the candidates are as appears below: All classes as Republicans will not be named, go before the convention, for some have already announced their purpose of running independently:

For Mayor—J. W. Wilson, William Land, B. U. Steinman, C. H. Hubbard and John Well (Republicans). The Democratic candidates are E. Leonard, William McLaughlin and J. G. Davis.

For City Attorney—A. A. DeLigne, Eugene Wachhorst and W. F. Renfro. These are all Republicans, but Wachhorst and Renfro will run as Independents.

Auditor and Assessor—J. D. Young (Republican) and Robert Martyr (Democrat).

Collector—C. C. Robertson, Emmet Phillips and Charles A. Root, all Republicans.

Trustee (First Ward)—H. Wachhorst, P. F. Tebbets, W. H. Sherburn and J. F. Woods (Rep.), and L. Boyson, Felix McLaughlin and H. B. Nielsen (Dem.). It is quite likely Mr. Sherburn will not allow his name to go before the convention, but in any event he will not run as an Independent.

Trustee (Third Ward)—Charles W. Payne and W. W. Bassett (Rep.), and M. J. Egan (Dem.).

Trustee (Fifth Ward)—Phil Douglas (Rep.).

Trustee (Seventh Ward)—W. D. Knights (Rep.), and Henry Brown (Dem.).

Trustee (Ninth Ward)—J. H. Dolan, E. Decker and M. Varnish (Rep.).

School Director (Second Ward)—D. D. Whitbeck, banker (Rep.).

School Director (Fourth Ward)—F. L. Atkinson, physician (Rep.).

School Director (Sixth Ward)—D. D. Whitbeck, banker (Rep.).

School Director (Eighth Ward)—Win. J. Davis, editor and stenographer and present Chairman of the Board of Education (Rep.).

No doubt other candidates will come to the surface for some of these offices before the conventions meet, but at present it looks as if certain aspirants may have a walkover.

SCHOOL CHANGES.

A New Ninth Grade Established on Account of Overcrowding.

On account of the over-crowding of the schools the City Superintendent of Schools has been forced to make some changes.

He found that at the Hartness Grammar School there were sixty-eight pupils in the ninth grade, making it necessary to establish a new ninth grade.

In order to do this he has consolidated the two third grades at Twenty-third and N streets, leaving the consolidated class in charge of Miss Elizabeth Rogers. Miss Irene Richardson has been placed in charge of the new ninth grade, while Miss Nellie Todd will fill the vacancy made by Miss Richardson's promotion. Miss Louise Conrad takes Miss Todd's place; Miss Ella Sherburn takes Miss Conrad's place; Miss Ada Tenbrook takes Miss Sherburn's place and Miss Lulu Kaerch is transferred from Twenty-third and N streets to take Miss Tenbrook's place.

The Sutter Grammar School is also crowded to its utmost capacity, and the ninth grade at the Sacramento Grammar School is very full.

The High School is badly over-crowded, and Superintendent Eriewhine has had to procure twenty-five new desks to place in the annex to the school that has been rented by the Board of Education in the next block.

CHARGED WITH BURGLARY.

Chief Drew Receives a Telegram to Arrest a Baseball Player.

Word was received yesterday by Chief of Police Drew asking him to arrest a young man named Kaymer who was playing with one of the local baseball clubs in this city, as he was wanted in Hanford for burglary.

Officers Fisher and Maley found Kaymer yesterday and arrested him. He appeared greatly surprised when told he was wanted for burglary, and said that he was at a loss to know what it could be, as he had not been in Hanford for more than four months and was certainly innocent of any burglary.

The Constable who telegraphed to arrest Kaymer will be up after him tonight.

NOT ALL GONE.

The Thieves Drawn by the State Fair Have Not All Left.

CHARGED WITH BATTERY.

Metcalf Went to Work the Wrong Way to Collect His Money.

Yesterday afternoon a drunken man whose name appeared on the police slate as John Doe went into the saloon at Third and K streets and ordered something to eat at the lunch counter, and after eating it refused to pay for it.

M. E. Metcalf, the proprietor of the lunch counter, seized him by his whiskers, and the row attracted Officer Ash, who told Metcalf that was not the way to collect his bill, and to desist. Instead, Metcalf struck the man twice in the face, and Officers Ash and Harlow took them both to the station, placing a charge of battery against Metcalf and one of drunk against the other man.

Weather Reports.

The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 93 and 64 degrees, with light to gentle northerly winds and clear or hazy weather prevailing.

The highest and lowest temperatures one year ago yesterday were 74 and 51 degrees, and one year ago to-day 79 and 59 degrees.

The average temperature was 78 and the normal 68 degrees; showing yesterday to have been 10 degrees warmer than usual for the 23d of September.

The wet thermometer at 5 p. m. was 69 degrees, being 23 degrees cooler than the dry thermometer at the same hour.

The percentage of moisture in the air at 5 p. m. was 30 per cent., as against 33 per cent. at the same hour on Wednesday.

Big Day for Bargains.

J. W. Lindner opened up the Red House yesterday with about twenty-five saleable, and there was a jam from opening until closing at 6 o'clock. Doors were closed several times to prevent too big a rush. Real bargains like hats giving ought to create some excitement. Mr. Lindner says that if the rush continues he will have the whole stock sold out inside of thirty days.
