

RACING EVENTS ON MANY COURSES.

Perfect Weather and a Fast Track at Stockton.

The Favorites Came in First in All the Races.

One of the Events Declared Off on Account of Foul Riding, But the Jockeys Escape Without Even a Reprimand—Results on Eastern Tracks.

STOCKTON, Sept. 23.—The perfect weather and a fast track made good racing at the park easy to-day. The favorites won all of the events, but the end players would have taken about all of the money the sports had if Enos had not resorted to foul riding in the third race. Money rolled into the box on Grady at \$15, Masero \$15 and Lorenz II. \$5 and \$8, keeping the ticket writers hustling for over half an hour. Masero had the best of the start by two lengths, when the barrier was sprung, and attempted to make a run-away race of it, but Grady kept within three lengths of him till rounding the lower turn, when J. Jones, on Lorenz, set sail and passed the pair. A hundred yards from the wire the mare had pulled his mount into Lorenz II, throwing her off the stride. He was on even terms in an instant, and catching hold of Jones' bridle, attempted to bring the mare back to him, but Jones labored him over the head with the bit end of his whip till he released the rein and finished in front by a head. The judges declared the race off, but the boys escaped without even a reprimand.

The other events were very interesting, as the heats were split up, and two close finishes were made by Lato and Claudius. Summaries:

UNION PACIFIC ROAD. REORGANIZATION COMMITTEE PROPOSITION

For the Settlement of the Debt to the United States, It is Said, Will be Accepted.

CHICAGO, Sept. 23.—A special to the "Tribune" from Washington says:

The Union Pacific Reorganization Committee proposition for the settlement of the company's debts to the Government mortgages will be foreclosed, the road sold and the company reorganized.

This statement is made on the highest authority. For several days past the President has been in conferences with the representatives of the company and with the Attorney-General, and before he left Washington he agreed to the sale of the road and its reorganization upon the basis which the Reorganization Committee suggested.

The announcement of this decision may be looked for at an early date. It will come in an order for foreclosure issued by the President or the Secretary of the Treasury.

The agreement to which President McKinley has decided to give his sanction is the same which was submitted to Congress by President Cleveland last January. Under this agreement the Reorganization Committee will bid for the road under a foreclosure sale the sum of \$45,754,059. In order to give an intelligible statement of what this bid will mean to the United States, it is necessary to enter briefly into the story of the Union Pacific obligation to the Government.

The principal debt of the Union Pacific to the United States was \$55,530,512. A portion of this has not yet been advanced by the Government. The interest paid by the Government amounts to \$38,954,893. The whole indebtedness on the 1st day of July, 1897, was \$70,494,405. The sinking fund of the Union Pacific in the hands of the Treasurer of the United States on the same day was \$17,738,209. After deducting the sinking fund, which is an asset of the company, in the hands of the United States for the purpose of paying the debt of the Union Pacific Company to the Government, the sum of \$28,015,850 remains to be paid. That is the amount of the debt of the Union Pacific to the Government, as it is known, will be required to pay the Government. The loss to the Government is the difference between \$53,000,000, which is the net amount due the Government in round numbers, and the \$28,015,850, making a loss of nearly

\$25,000,000 in round numbers, according to the finding of the opponents of the agreement. The agreement for the foreclosure sale also contains a provision for the reorganization of the Union Pacific Railroad Company and its Kansas-Pacific branch. The Reorganization Committee consists of Louis Fitzgerald, Jacob H. Schiff, T. Jefferson Coolidge, Jr., Chauncey M. Depew, Marvin Huggitt and Oliver Ames. The capitalization of the new company under the Fitzgerald plan will be \$100,000,000 4 per cent. bonds, \$75,000,000 of preferred stock and \$25,000,000 of common stock.

PRESIDENT MCKINLEY. How He is Spending His Time at Adams, Mass.

ADAMS (Mass.), Sept. 23.—President McKinley and the members of his party rested to-day. It was nearly 7 o'clock when President and Mrs. McKinley made their appearance at the breakfast table at the Plunkett residence. The night's rest had worked wonders for both, and all traces of weariness and care had disappeared.

Attorney General McKenna, who was slightly indisposed yesterday afternoon, was in the best of spirits this morning. Secretary and Mrs. Long came over from the residence of O. T. Plunkett, a brother of the President's host, where they are being entertained, shortly after the morning meal was over, and the entire party enjoyed a quiet hour upon the broad piazza.

The weather this morning was not of the best. There were clouds in the sky and now and then a slight rainfall. Shortly after 10 o'clock Colonel Albert Clarke, Chief of the United States Forest Service, and Mr. Stott of Lowell, President of the Home Market Club, and other well-known Republicans called on the President. Immediately after their departure the President called a meeting of that portion of his Cabinet which is in Adams with him, among two hours were spent in consultation in the parlor of the Plunkett residence. After the meeting adjourned the President and Secretary Long went for a short walk through the Plunkett estate.

THE LATTIMER SHOOTING. Resolutions of the Executive Council of Federation of Labor.

WASHINGTON, Sept. 23.—All the members of the Executive Council of the American Federation of Labor were present at the session to-day.

Regarding the shooting at Lattimer, Pa., on September 18th, the following was adopted:

"Resolved, That we declare the attack of Sheriff Martin and his deputies on the marching miners on the 18th to be a brutal and unprovoked massacre, inspired by the coal operators of the district to defeat the demands of the men for better conditions.

"Resolved, That the ever-ready use in late years of court injunctions, armed force and the State militia to suppress the peaceful and lawful activities of the workers of America for the most debasing degradation.

"Resolved, That we condemn most severely the wanton killing and wounding of the poor miners at Lattimer, and will give our fraternal sympathy to the trades union, and the American Federation of Labor to raise money for the legal prosecution and conviction of Sheriff Martin and his murderous minions, that through the courts of our land even-handed justice may be done to atone for these revolting murders."

CUBAN WAR. Insurgents Surrender to the Spanish Authorities.

HAVANA, Sept. 23.—It was officially announced to-day that the insurgent forces and twenty-one armed insurgent cavalrymen, who belonged to the insurgent force under Trelez, surrendered yesterday to the Spanish authorities at Yaguaramas, Province of Santa Clara. Trelez, it is added, was killed the previous night by three of his followers.

A column of Spanish troops commanded by Colonel Munoz, while reconnoitering the north coast of Havana, between Boca Brae and Boca Caig, east of Bacuranao, captured sixty boxes of ammunition, the greater part of which had belonged to a filibustering expedition which had recently landed in that vicinity. The troops are continuing the search and hope to capture more arms and ammunition.
