

GREATER NEW YORK MUNICIPAL FIGHT.

A Bitter Struggle for Control of the City Offices.

Gen. Tracy, the Republican Candidate for Mayor, Gaining Strength.

Acute Politicians Predict That the Contest Lies Between Him and Van Wyck—Tammany Making a Desperate Fight to Win the Battle—Indications That the Vote Will Approximate Half a Million.

NEW YORK, Oct. 16.—With one more day's registration recorded of the four days allowed for the inscribing of the names of voters the indications are that approximately half a million ballots will be cast at the first election in the new municipality of New York. The registration of the present cities of New York and Brooklyn should be increased 20,000 to-day to equal the figures of 1896. In Tammany precincts there is a fuller registration than in other sections of this city, which is taken as an indication that Tammany is working with all its might to bring out voters to counteract possible defections to Henry George.

The events of the last forty-eight hours seem to indicate that General Tracy is gaining strength, and not a few acute politicians are recorded as believing that the contest will be between him and Van Wyck. Tammany is a straight Republican organization. It is pointed out, includes veteran campaigners, who, as soon as they learned definitely that no compromise would be effected with the Citizens' Union, recognized that the hardest kind of a conflict was before them. They took steps to meet the difficulties. Of money there is said to be no lack, and the unusual spectacle is presented of contributions to the Tracy campaign being made by bankers and business men who favor and will vote for Low.

Nothing is more noteworthy in this campaign than the bitterness involved. It is an "uncivil strife," and many of the prominent leaders do not hesitate to apply opprobrious epithets to each other. George and Dayton, Democrats both, announce in the plainest terms that their fight is against Tammany and Crokerism. The Citizens' Union speakers, a majority of whom are Republicans, inveigh most bitterly against Mr. Platt and his adherents, while the latter call Low and his followers traitors, disorganizers and hypocrites.

Colonel Asa Bird Gardner, Tammany nominee for District Attorneyship, has raised a lively gale in the Street Cleaning Department by his reported alliance of population therein. Colonel Waring and his deputy, Captain Gibson, vow that the matter shall not be dropped unless Colonel Gardner positively disavows the statements attributed to him, and as Gibson is on the army list (retired) with Gardner, he can call for a court of inquiry or prefer charges against Gardner, which will necessitate a court-martial. He spoke at three meetings last night, and was well received at each.

Abram S. Hewitt, ex-Mayor and ex-Congressman, who returned to-day from a stay abroad, was not permitted to set foot ashore until he had expressed himself regarding the political situation in the city. When told that C. N. Bliss, Secretary of the Interior, is to be present at a Tracy meeting Monday evening, Mr. Hewitt said: "Mr. Bliss is a most admirable man and a most admirable citizen, but when it comes to politics, he is always a partisan. When the final test comes he always stands by his party associates."

"The situation is simply that the machine politicians are standing by each other. They always look with displeasure upon any movement for the good of the people, unless it comes from the throat of a boss. What good citizens want is simply to get good government from the new municipality. National politics have absolutely nothing to do with that issue. National politicians seem to think otherwise, simply because when it is shown that an independent movement like that of the Citizens' Union can win, the power of the machine to gain wealth and honor for the men who control it will be in serious danger."

"I observed while I was in London that Mr. George says that in 1884 I defrauded him out of the Mayoralty. All that I can say about that is that if I was able to count out 20,000 votes I must have been a pretty good politician. It seems to have taken Mr. George eleven years to discover it. Of course the thing is absurd."

Mr. Hewitt smiled when he learned that Mr. Dayton had accepted the Georgeite nomination for Comptroller, with the avowed intention of assailing Croker rule over Tammany. "Perhaps it would hardly become me to say anything against Tammany," Mr. Hewitt said. "They have elected me to every office they nominated me for. But everybody knows what Tammany wants. They simply want to get the offices back. There is but one issue in this campaign. It is, shall the government of the greater city be run for the people or for the politicians? Democratic institutions are now on trial in the territory of Greater New York."

Referring to Mr. Low's candidacy, Mr. Hewitt said: "Why should he retire? Nobody disputes his eminent fitness for the place. Shall he retire simply on the demand of a boss, so that some one shall be put in who will be satisfactory to that boss? By no means. It is now his clear duty to lead the fight of decent men against the bosses, and against George and his party, if I were in his place, I would run if I were to get only ten votes. I did something of that sort myself once. Mr. Low is in honor bound to lead the fight for honest government."

Serious Floods in Jamaica. KINGSTON (Jamaica), Oct. 16.—Serious floods have occurred at Montserrat Bay, a seaport town of Cornwall County, this island, having about 600 inhabitants. A number of houses have been washed out to sea, and several people are missing.

Detroit Mayorality Nominations. DETROIT (Mich.), Oct. 16.—Both the Republican and Democratic City Con-

ventions were held to-day. Clarence A. Black received the Republican nomination for Mayor. The Democrats unanimously nominated Mayor Maybury to succeed himself. The Democratic resolutions reaffirmed

Two Girls Abducted. ST. JOSEPH (Mo.), Oct. 16.—Deputy Sheriffs are searching the county for Effie and Stella Swayhart, aged 10 and 13 years, who were abducted from this city last night. A strange man called at the house where the children were staying, but was not allowed to see them. Shortly afterward, however, the children were missed. The girls are orphans, and are under the protection of the Children's Home Society of Missouri.

Justifiable Patricide. ST. LOUIS, Oct. 16.—William Smith, a boy not yet out of his teens, who recently shot and killed his drunken and worthless father in self-defense, was released from custody to-day, the Grand Jury refusing to indict him.

A Long Drought Broken. ST. LOUIS CITY (La.), Oct. 16.—A heavy rain fell in this section last night, breaking a long drought.

Bubonic Plague. MADRAS, Oct. 15.—Three fresh cases of bubonic plague have occurred here.

BRITISH CABINET MEETS.

SILVER QUESTION ONE OF THE SUBJECTS DISCUSSED.

Believed That the Government Has Decided Not to Enter into a Monetary Conference.

LONDON, Oct. 16.—The British Cabinet this morning held its first autumn meeting at the Foreign Office. Premier Lord Salisbury presided, and all the Ministers except Lord James, Chancellor of the Duchy of Lancaster, Viscount Cross, Lord of the Privy Seal, and Walter Long, President of the Board of Agriculture, were in attendance. The meeting lasted two hours. It is understood the question of reopening the Indian mints for the coinage of silver was not decided, but the matter was discussed, and will shortly form the subject of further communications between the Chancellor of the Exchequer, Sir Michael Hicks Beach, and the United States Monetary Commission.

In addition to discussing the silver question, it is understood that the Cabinet Ministers were in deliberation over the Anglo-French situation in West Africa and in reviewing the Cretan arrangements. In spite of the statement that the question of the reopening of the India mints for the coinage of silver will form the subject of further communications between the Chancellor of the Exchequer and the United States Monetary Commission, it is believed that the British Government has reached the decision not to enter into any monetary conference. Further meetings with the American Commissioners will be held simply because they were previously arranged, as cabled last week.

In regard to India, it may be regarded as certain that the mints will not be reopened at present, or until the Indian authorities are fully prepared. Though the decision rests with Downing street, it is certain that the views of Simla will prevail, and it is known that the India authorities oppose the step.

It is understood that a statement will be issued next week to the effect that the British Government does not intend to suggest that the Bank of England should hold its reserve partly in silver. Up to a late hour this evening the United States Monetary Commissioners had not received any communication from the British Government regarding the answer expected by Senator Wolcott and his colleagues to the proposal made.

HAWAIIAN AFFAIRS.

SENATOR MORGAN TALKS ON ANNEXATION.

More Convinced Than Ever That the Islands Should Become a Part of This Country.

HONOLULU, Oct. 7.—(Via San Francisco, Oct. 16.)—Senator Morgan will leave for San Francisco next Tuesday, accompanied by his daughters. They will go direct to Alabama, and after a brief rest the Senator will leave for Washington, hoping to arrive there about the middle of November.

He states that while he has been strongly convinced in his own mind that the annexation of the islands was the right thing, he is happy that his visit to Honolulu has given him such a fund of information that he can debate with intelligence on the question when it comes up in the Senate this fall. He says that his previous knowledge was gleaned from the islanders whom he had chance to meet, and from what books he could get hold of. Now he has been on the ground and ascertained for himself the condition of things, which will have important bearing on the debates that are to ensue. While he was considered an authority on Hawaiian matters before his colleagues, his right to that position will be fully recognized by all during the coming session.

In speaking about the important question of citizenship, in case of annexation, he states that all citizens of Hawaii will be made citizens of the United States. "Those people," continued the Senator, "who hold letters of denization will not become invested with American citizenship, Congress will take some measure to give them the full privileges.

"Yes, the Portuguese, as well as all other foreigners who are citizens of Hawaii at the time the islands are taken in, will become citizens of the United States." The first State entertainment given by President Dole will take place on next Monday evening at the executive building. It will be a public reception tendered to Senator Morgan on the eve of his departure.

Francis M. Hatch, Hawaiian Minister to Washington, will leave for his post on the 12th.

THE LEAGUE GIANTS TO-DAY.

GILT EDGES AND RELIANCES AT IT AGAIN.

Van Haltren Will Twirl for the Visitors—High Schools Beat X-Rays.

The patrons of baseball anticipate a great game at Snowflake Park this afternoon, when the Reliance of Oakland will once again test the mettle of the Gilt Edge aggregation.

The Reliance management has signed George Van Haltren, the old-time California player, and he will be in the box for them to-day, while Stanley will do the backstop work. Harvey and Farrell will play the points for the Brewers.

Manager Kripp is again making an effort to sign Chance, the Fresno catcher, for the remaining games of the present series, and for next season.

The Gilt Edges will play the Stocktons next Sunday, and an excursion train will be run from Sacramento to the Slough City.

To-day's game will commence at 2 o'clock sharp, and the line-up will be as follows:

Table with 3 columns: Name, Position, Reliance. Includes players like Gilt Edge, Catcher, Stanley, Harvey, etc.

HIGH SCHOOLS VICTORIOUS.

The score stood 17 to 10, with the High Schools at the large end, and the X-Rays trailing, when the ball game at Snowflake Park was finished yesterday afternoon.

A much larger crowd attended than at last Saturday's game, and as the fair sex were admitted free of charge, there was nearly a hundred present. Although the score was large and the errors many, not a single person was put out.

Yesterday's game was the first of the matinee series, of three out of five, that are to be played on Saturdays, and yesterday's crowd was an excellent start. A short account of the game is given below. In the first inning the school boys made two runs and the X-Rays but one. In the next the High School assumed a great lead, scoring eight tallies, while the X-Rays were shut out. This ended the extensive run getting until the eighth inning, when the Students totaled up five and the men from "Kripp's" three. Some of the notable feats were the brilliant fielding of McBride, Nethercott, Hall, and Griffin, for the High Schools, and that of Butler, Surgeson, and little Oschner for the X-Rays. Both pitchers played their positions well, but received poor support, as the score will show. The umpires, Tim Shanahan and Ed. Hughes, of the Gilt Edges, filled their difficult positions admirably.

Following is the map, showing just how it happened:

Table with 2 columns: Team, Stats. Includes High School, X-Rays, and various player statistics.

Summary—Earned runs—High School 6, X-Rays 3. Three base hit—Griffin. Two base hit—De Costa. Sacrifice hit—Chandler. First base on errors—High School 3, X-Rays 2. Time of game—2 hours. Umpires—Tim Shanahan and Buck Hughes. I. C. Nathan, official scorer. Attendance 920.

OTHER NOTES.

The Corkers will play at Davisville to-day, against the Martins of that town. This is the first game for the Corkers since having been dropped from the tournament. Their opponents to-day are considered a good team, having beaten almost every team played so far. The Corkers will play the original members of the team, and the line-up will be as follows:

Table with 3 columns: Name, Position, Stats. Includes players like C. Newbert, Catcher, Bronson, G. Newbert, etc.

The Young Jackson Squares will play the "Bee" Carriers to-day at Twenty-eighth and G streets. The line-up will be as follows:

Table with 3 columns: Name, Position, Stats. Includes players like J. Squares, Pitcher, Nebrbass, R. Buell, etc.

The Eureka defeated the Young Reliance boys yesterday by a score of 19 to 18.

SOCIAL EVENTS.

Last Thursday evening a pleasant birthday party was given by Oswald Hector at his home, 900 L street. The evening was spent with music, singing and games. At a late hour all repaired to the banquet table and partook of a dainty repast. Those present were: Hazel Holbrook, Irene Fouden, Flor-

ence Ashworth, Elva McCluhan, Pearl Howard, Ruby Drew, Hazel Carroll, Nellie Dwyer, Lillie Rorer, Alma Eldred, Annie King, Libbie King, Irene Russell, Mamie Farrell, Celia Espinosa, Oswald Hector, Samuel Russell, Frank Ryan, Charley Dilley, Earl Dilley, Fred Wulff, Johnny McNamara, Albert Nathan, Guyton Campbell, Robert Ashker, Albert May, Joseph Ryan, Frank McConnell, Duard Logan and George Logan.

WEATHER FORECASTS.

Upward of 500 Cards Issued Daily by Observer Barwick.

Several weeks ago notice was given through the "Record-Union" that it was the desire of Observer Barwick to have the weather forecasts posted in all business places in town. Since that time the Observer has canvassed the city as far as the grocery stores, drug stores and meat markets are concerned, and he now reports that there is being issued from his office daily (except on holidays and Sundays) 505 forecast cards. Upward of 200 of these go outside of the city to various towns, districts, etc. Mr. Barwick has laid a proposition before the managers of the Sacramento Electric, Gas and Railway Company in which he hopes to be able to have a weather card on each street car daily before or by noon. This can be done by leaving twenty-five forecast cards at the foot of Second street. As all cars go to the passenger depot, it will be an easy matter for the street car conductor to put on the Weather Bureau bulletin board, which is always furnished for holding forecast cards.

It is also Mr. Barwick's intention to try and have the forecast cards posted in every hotel in all towns where the mail arrives from Sacramento not later than 5 or 6 p. m., by which means he hopes to be able to distribute at least 600 daily, and if this can be done it will give Sacramento the reputation of distributing more weather forecast cards than any other city of its size in the United States.

This has been made possible by the hearty co-operation of the citizens of Sacramento and surrounding towns in nineteen different counties.

If any business house of any kind has been overlooked by Mr. Barwick in his recent canvass of the city, all the proprietors need do is to send him their names and addresses, and cards will be mailed them daily after the receipt of the same.

MISSING LINKS OF EVOLUTION.

A Lecture on the Subject by Dr. Allen Griffiths.

Dr. Allen Griffiths, the theosophist of San Francisco, is again in Sacramento for a few days. He will lecture under the auspices of Hargrove branch of the Theosophical Society in America to-night in Theosophical Hall, Odd Fellows' Temple, 1017 Ninth street. "Missing Links of Evolution," will be his subject. Man's origin and ancestors; his relation to the animal kingdom; the existence of the fairies and the spirits of the earth, water, air and fire, will be considered by the speaker. Questions from the audience will be answered after the address. Lecture at 8 o'clock. All are cordially invited to attend this and all free meetings held Sunday and Friday evenings.

REDUCED TO BATTERY.

Charles Tiel's Case Continued Till Next Saturday.

Charles Tiel was charged in Justice Henry's court yesterday with assault to murder on complaint of K. Thaler, who alleged that some days ago Tiel caught his wife by the wrists and threw her against a fence.

The charge was reduced to battery, and the case continues till next Saturday. Both parties reside on the lower Stockton road, a few miles south of the city.

O'BRIEN IS BOSS AT IONE.

State Prison Directors Will Recommend a Commutation.

At the meeting of the State Board of Prison Directors at Folsom yesterday the case of Louis Sternberg, who was convicted of having stuffed the Great Register in San Francisco, was taken up, and the Directors decided to recommend that the Governor commute his sentence to a term within the executive discretion. While convinced that Sternberg was guilty of the offense with which he was charged, and that the sentence imposed was not excessive, the Directors took into consideration Sternberg's exemplary character since his incarceration, and also the fact that he was confined in the San Francisco County Jail several months before his trial. They decided, therefore, to make the recommendation for commutation.

AMUSEMENTS.

"A Virginia Courtship" was played yesterday afternoon at the Metropolitan Theatre next Saturday and Sunday evenings. Aside from undying popularity to a fair audience. It was charmingly presented, and proved to be a clever comedy of old Colonial times in which woman's wit is the pivot around which evolve the details of a pretty story.

Announcement is made that "the Ellimirts" are to appear at the Metropolitan Theatre next Saturday and Sunday evenings. Aside from undying popularity to a fair audience. It was charmingly presented, and proved to be a clever comedy of old Colonial times in which woman's wit is the pivot around which evolve the details of a pretty story.

After to-night the Clunie will be closed for the week, as the new opera chairs have arrived and will be put in place. Kate Purcell's company will give the "Queen of the Plains" to-night for the last time.

Weather Reports.

The Weather Bureau report shows the highest and lowest temperatures yesterday to have been 73 and 46 degrees, with gentle northerly and southerly wind and clear weather prevailing. The highest and lowest temperatures one year ago yesterday were 76 and 53 degrees, and one year ago to-day 81 and 51 degrees. Cincinnati is to have a labor temple.

COMING GRIDIRON BATTLES.

SOME EXCITING CONTESTS ARE PROMISED.

Sacramento and Woodland High Schools to Open the Campaign Saturday.

Sacramento has put another feather in her cap in the way of athletics. Following closely on the football article appearing in last Monday's "Record-Union" arrangements were completed between Manager Kripp of Snowflake Park and the Sacramento High School football team, whereby Sacramento will have the privilege this year of witnessing some very interesting academic games.

The initial game will be played next Saturday, the 23d, on the new gridiron at Snowflake Park, between the local High School and Woodland teams. Without any question the game will be well worth seeing, if Woodland puts up the kind of game she did last year when it was 6 to 4 the first game, and 0 to 0 on the second. Sacramento winning out by but two points.

It goes without saying that the local fellows know just a little about handling the pigskin, as the personnel of the team differs but slightly from last year. Here is the make-up of the purple and white:

Center, E. K. Smith; right guard, J. Shroy; left guard, H. Reed; right tackle, F. Canon (Captain); left tackle, Cyrus L. Mason; right end, W. Goode; left end, D. Cowden; quarter back, R. Giffen; right half-back, S. Root; left half-back, Al Harney; full back, W. F. Quintin. Substitutes—T. Rowen, B. Austin, F. Mott, A. Brown and S. Edwards.

Charlie Jones, manager of the team, is sanguine of success. He knows his team well, and he and Captain Canon are in constant conference during all practice plays and at all times when their studies will not prevent them from talking about affairs of the gridiron.

"We are going to have the boys out at Snowflake Park next week," one of them said yesterday, "and intend to do some good, lively drilling. We will put our subbs and everyone who wishes to don the football canvas, and will get the boys accustomed to the grounds, besides educating them thoroughly in signal work. Especially will this latter practice be of benefit, as we will put men against us who know our plays, and who will be coached to intercept them by all kinds of tricks."

San Dickson, Captain of last year's team, who is at present preparing for the University at Berkeley, has been placed at right tackle on the High School team of the 'varsity town. He is visiting his old colleagues at present, and is endeavoring to make arrangements for at least two games this season; the first to be played here on the 6th of November, with a return game either in San Francisco or Berkeley. Sam says that in his opinion the Sacramento team has the better of it in the line, but looks for good work by the Berkeley backs.

"The trouble we have to contend with in Berkeley," he says, "is that the practice games on the campus draw our men away to such an extent that we can hardly ever turn out enough men to have a good lively practice game. This, of course, is good in its way. It will put the boys on to a great many of the plays of the 'varsity team, and there is no doubt but that the education thus received will not come amiss when we go up against teams which do not have the advantage of watching the older boys play."

Woodland will be heard from this week, and his line-up will appear later. Anyway, next Saturday the purple and white and orange and white will mix up on the football field, and a pretty game will be the result.

STERNBERG'S CASE.

State Prison Directors Will Recommend a Commutation.

At the meeting of the State Board of Prison Directors at Folsom yesterday the case of Louis Sternberg, who was convicted of having stuffed the Great Register in San Francisco, was taken up, and the Directors decided to recommend that the Governor commute his sentence to a term within the executive discretion. While convinced that Sternberg was guilty of the offense with which he was charged, and that the sentence imposed was not excessive, the Directors took into consideration Sternberg's exemplary character since his incarceration, and also the fact that he was confined in the San Francisco County Jail several months before his trial. They decided, therefore, to make the recommendation for commutation.

the normal 50, showing yesterday to have been 1 degree warmer than usual for the 16th of October.

The wet thermometer at 5 p. m. was 53, being 17 degrees cooler than the dry thermometer at the same hour.

The percentage of moisture in the air at 5 p. m. was 29 per cent., as against 28 per cent. at the same hour on Friday.

A DEAL IN DRY GOODS.

Two Young Men Arrested for the Theft of Some Cloth.

Police Captain Fisher last night arrested two young men for the theft of a large quantity of blue denim, such as is used in making overalls.

The stuff was taken from L. Elkus' factory on Front street late yesterday afternoon and sent in an express wagon to the rear of C. P. Nathan's store on J street and left in the yard. It was discovered there by a Chamber of Commerce man who supposed it had been left by mistake, and word was sent for the expressman to call and take it away. It was not called for—so far as was known in the store—but at 8 o'clock the box was found to be empty.

It appears that in the meantime the cloth had been sold and delivered to Weinstein, Lubin & Co. by a young man named F. M. Hawkins, who represented that his father, who he said was a merchant in San Francisco, had purchased the goods at auction and wanted to sell it. He received a check for \$84 04 in favor of his alleged father and drawn on the California Bank in San Francisco. Subsequently, suspecting there might be something wrong in the transaction, Weinstein, Lubin & Co. summoned Captain Fisher, and requested him to investigate the matter. Captain Fisher did so and found that the check had been given to F. M. Jones, proprietor of a cyclery, in payment of a bill for \$2, and that he returned the balance of the amount in coin.

Hawkins then went to the store of Albert Elkus, at 915 J street, and purchased a new suit of clothes. Having found that the cloth had been taken from L. Elkus' factory, Captain Fisher arrested Hawkins. He also arrested Edward L. Elkus in connection with the transaction.

The real value of the cloth is said to be about \$130.

SUPREME COURT DECISIONS.

SYLLABUS.

(Crim. No. 261—In Bank—Filed October 9, 1897.)

The People, respondent; C. R. Bennett, appellant. Assault with intent to commit murder. Affirmed.

A previous decision of the Appellate Court is conclusive in the same case upon the rights of the parties, and is not the subject of revision.

(S. F. No. 1108—Department One—Filed October 9, 1897.)

Estate of Depeaux, deceased, vs. Elizabeth Peck, appellant. Motion to dismiss appeal from order revoking letters. Motion granted.

It is the duty of the party seeking to avail himself of a bill of exceptions for the purpose of obtaining a review of the action of the Superior Court to take whatever steps may be necessary to procure its settlement. (See Sec. 653, C. C. P.) A neglect on the part of the appellant to take such steps as are within his power and incumbent upon him to take for the purpose of securing the settlement of the bill is equivalent to his failure to file the transcript within the time limited.

Sues for Divorce.

Adella A. Trask has commenced suit in the Superior Court for divorce from Charles F. Trask, on the ground of failure to provide.

His Achievement.

"Yes, Hubbleson is a man of mark." "Why, what has he ever done to make him so?" "Had the smallpox."

A SEVERE CRITICISM.

AN INTERNATIONAL AUTHORITY TALKS PIANO.

This Make Was Included in the Kohler & Chase Piano Sale.

If piano people desire to see what is considered under the term "original" we advise them to look at the several new designs and styles of the Kimball uprights. Look at them. They are entirely outside of the ordinary character of piano case work. The finish is simply exquisite.

Then look at the interior. The ordinary plate styles and furnishings are supplanted by new features simply startling.

Then try the piano; test them severally. Go through the question of dip, of repeat, and of sympathy of touch. All these will be found delightful for pianists, and the tone is rich, resonant and refined.

There is no limit to the capacity of the W. W. Kimball company as a piano manufacturer. Everyone will admit that. The capacity runs in every direction. There is no limit to factory capacity; no limit to the capacity to absorb every excellent idea in piano structure; no limit to capital necessary to get the greatest experts and specialists, and no limit to secure the very finest material and put it together in the very best style. That all must be admitted.

The Kimball piano of the present day must be viewed as one of the greatest successes in recent piano history. Of course, with this piano, and the millions behind it, and the brains and the energy and the knowledge of the business, and the condition of the piano trade to aid it, there is no difficulty in predicting the future grandeur of the Kimball house. With old houses retiring or going to pieces, new alignments ensuing, a rearrangement of the conditions of the past proceeding visibly before us, the Kimball house assumes an importance that must necessarily be felt throughout the musical world of America with electrical effect. It is now being felt, and the impulse is so great as to be startling in its character.

Having prepared our readers for what we are now about to state, we hereby announce that the W. W. Kimball company is arranging to produce forty pianos a day in its enormous factories. This advance will be reached before the close of the present year—Musical Courier, April 15, 1896.

This paper is considered the leading authority on music and musical instruments in this country and Europe, and speaks volumes for Chicago. The Kohler & Chase music house is the sole agent for these pianos in California.

Try McMorry's 50c unpoleated Japan tea; E. B. tea, 60c; G. P. tea, 75c; P. F. Japan tea, 40c; 551 M street.
