King Turkey is coming

And in his regal robe of brown will soon be on his throne. But Man!—it is very important that his robe BE brown. Are you sure that old range of your wife's can bake His Majesty right? If not, tell her to throw it out in the back yard and hasten to Breuner's for a new one before Thanksgiving Day. Ranges are here from \$7 50 to \$58.

Blinds are out of date

For windows now—alays. Shades are the proper thing. Our own shade factory makes the shades we sell, so we know they are "right." We make shades to order any size, from 18 inches to 12 feet wide.

Only \$7 50 A little Beauty

The most "stuck up" turkey in any barnyard would feel proud to be cooked in this range. It's a "Jewel," and cheap as it is, it has many of the characteristics of the famous higher priced "Jewels." It is a perfect baker and does not swallow up fuel "like a furnace." Burns wood only.

Kitchen Usefuls

A never satisfied man is our kitchen store manager. He's always crying for more space says we don't give him "half a show" in the advertisements; says he has too fine a department to be snubbed. And he's right.

Dining Tables

We've been wanting these particular tables a long time. They're only just put in an appearance. The picture gives you a very good miniature idea of them. They are made of quarter sawed oak richly polished. Size of top when closed, 48x18 inches. Prices: 8 feet long, \$20; 10 feet long, \$22; 12 feet long, \$24.
