

A CONVICT AS A WITNESS.

FRED HOWARD'S TESTIMONY IN LYNN'S CASE.

He Evidently Tries to Save His Pal—George Shaw Admits He Swore Falsely.

The trial of Harry Lynch, as one of the Ferrut robbers, will be concluded in Judge Hart's court this morning.

Yesterday George Shaw, who had testified for the prosecution at the preliminary examination, went back on his testimony and declared it was false.

It is quite likely that Shaw will be held to account for perjury.

Fred Howard, one of the three men who participated in the robbery of Ferrut, and who was given fifteen years in the State Prison on his plea of guilty, was brought down from Folsom yesterday to testify for the defense.

Howard would not deny positively that he had not been in Lynch's company a day or two before the robbery, but did not remember speaking to him.

He said there was another man beside himself and Davis concerned in the robbery—the one who stood guard in the alley, but did not say who he was.

This third man, he said, separated from him and Davis when they crossed the river and reached the Yolo side.

He said he did not see Lynch until himself and Davis got to Elmira on the train the next morning, and denied that the three left this city together.

He admitted, however, having given Lynch almost a stroke to him—some of the money taken from Ferrut's store, but could not explain to District Attorney Ryan why he divided the spoils with him.

As to a conversation he (Howard) had with Detective Max Fisher relative to advising Lynch to plead guilty, he said he was thinking of the shooting at the brakeman at Suisun and not of the Ferrut robbery.

District Attorney Ryan asked Howard how he could have supposed that Fisher had reference to a charge being lodged against the men in Solano County, when Lynch was in jail here under a charge of robbery.

To this query the witness and self-confessed thug—the man who held Ferrut and his two customers at bay with a pistol in each of his hands—could only mumble an evasive answer.

The case will probably go to the jury by noon, or at all events this afternoon.

canvassing board. Frost actually received but 3,003 votes. "Official malconduet" on the part of the election officers in the several wards is alleged in their counting and tallying of the ballots, by which certain votes cast for Carmichael were returned as having been cast for Frost.

Plaintiff asks that the court fix a time for hearing the contest, and that the result of the election for City Treasurer be determined on a re-examination of the ballots.

Seventy days.

Johnson Will Seek the Seclusion That the County Jail Grants.

John Johnson was charged in the Police Court yesterday with vagrancy.

He is the man found by Officer Douglas trying to sell some halters, six of which a farmer living in the country says were taken from his wagon while in the city.

Officers Douglas and Pennish told the story of Johnson's arrest, and he was sentenced to seventy days in the County Jail.

Weather Reports.

The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 54 and 32 degrees, with gentle northerly winds and clear weather prevailing.

The barometrical readings at 5 a. m. were 30.30 inches and 30.30 inches, respectively.

The highest and lowest temperatures one year ago yesterday were 54 and 35 degrees, and one year ago to-day 47 and 32 degrees.

The average temperature was 43 and the normal 50 degrees, showing yesterday a drop of 7 degrees cooler than usual for the 26th of November.

There was quite a heavy frost yesterday morning, it being the coldest of the season, as the lowest temperature reached the freezing point in the weather bureau office, which would indicate a temperature near the ground in exposed places went several degrees below the freezing point, and no doubt thin ice was formed.

This is what a prominent physician says: "I have given my own children the benefit of very careful study in the matter of absolute cleanliness in bottle feeding. I have studied the so-called easily-cleaned nursing bottles, and I long ago came to the conclusion that a little Pearline would render ordinary nursing bottles the safest utensils of them all. I firmly believe that children properly fed and cleanly fed will avoid the majority of the difficulties which they encounter during the first two years of life. I believe that if every feeding bottle was washed with Pearline, many innocent lives would be saved."

Surely, this is a matter to interest every mother. Nothing so thoroughly cleanses as Pearline.

SUNDAY'S GAME.

It Will Decide the Pennant Issue for Sacramento.

The local ball-tossers who sprung into fame on Thursday by defeating the great Baltimore aggregation will tomorrow play their last game here of the present league series.

On this occasion the Olympics of San Francisco will be their opponents, and they are not easy men to down by any means. They may treat the Pitt Edges just as the latter did the Baltimoreans, and if they do, the Sacramento lads—who are now in the lead for the pennant and a percentage of the season's gate receipts—will be even up with Stockton. But if the home club should win, the pennant, etc., will be theirs.

The Olympics have an excellent pitcher in Wheeler, and there is no telling what corkers will be made up into the battery. If there were a time when the Pitt Edges needed a game, it is now. In the hope of seeing the pets of the league win the deciding game, there will no doubt be an immense crowd at Snowflake Park tomorrow. It is a case of "root, hog, or die."

DAVISVILLE'S DIAMOND.

Home Team Victorious in Two Games on Thursday.

There were two games of ball at Davisville on Thanksgiving day, in which the Davisvilles were the victors. There were good-sized crowds at both games, and some good playing was done. The first game was called at 11:10 a. m., in which the Davisville Juniors defeated the Winters High School team by a score of 7 to 6.

The excellent pitching of P. Hoag, the good all-round playing of his brother, C. Hoag, at third, and the heavy hitting of Fred Roos, were the features of the game for Davisville; while Martin of Winters, with two home runs, did the spectacular work for the Winters team.

In the afternoon a game was called between the Woodlands and the Keiths of Davisville. Charles Fisset of the Keiths had three three-baggers and one home run to his credit, and Bender of Woodland had two three-baggers. The score was 16 to 2 in favor of the Keiths.

DASTARDLY ACT.

A valuable carriage horse killed by powdered glass.

A carriage horse owned by Mrs. E. J. Smith of 1308 J street was killed on Thursday by some person who apparently had a grudge against its owner.

The animal died in great agony, and its symptoms were such that foul play was suspected. An analysis of the contents of the stomach showed that powdered glass had been given the horse. Mrs. Smith is at a loss to account for the motive of the person who committed this act.

A Fearful Experience

A POSTMASTER LOSES THE USE OF HIS LEGS AND ARMS.

Edwin R. Tripp, of Middlefield Center, Meets with a Hazardous Encounter Which Renders Him Helpless.

From Otsego Republican, Cooperstown, N. Y.

Mr. Edwin R. Tripp, the postmaster at Middlefield Center, N. Y., recently had a dangerous experience which left him in a helpless state. His system was so much shattered that it was feared he might never recover.

In an interview with a reporter of the Republican, regarding this experience which had attracted considerable attention, Mr. Tripp stated:

In March, 1897, I was taken with what I afterward learned was locomotor ataxia, and was unable to walk, and I kept getting worse until I lost the use of my arms. I doctored with two skillful doctors but received no benefit, and also used a galvanic battery but kept getting worse and the doctors told me they could do no more.

This was in May and June, 1897. I gave up all hope of ever having the use of my limbs again, and did not expect to live very long. I was unable to dress or undress myself, and could not get around the house unless I was moved in a chair.

"I think it was in June that I read of the case of a man in Saratoga Co., N. Y., who was taken very much as myself. He had taken Dr. Williams' Pink Pills for Pale People which contained, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves, and had been cured by their use."

"I learned that the pills were prepared by the Dr. Williams' Medicine Company, Schenectady, N. Y., and only cost 50 cents a box."

Subscribed and sent to before me this 23d day of June, 1897.
