

TERRIFIC STORM ON BRITAIN'S COAST.

Wind Creates Great Havoc Both on and Off Shore.

A Long List of Disasters Reported, Including Large Loss of Life.

Several Vessels Go to the Bottom, All of Their Crews Perishing—A Number of Bodies Washed Ashore—Immense Damage Done to the District Near the Mouth of the Thames River.

LONDON, Nov. 29.—The latest reports from various points along the coast show that the gale which swept English waters yesterday and last night, and which had not abated its fury up to noon to-day, was one of the worst storms of recent years.

At Norfolk, Bacton and Happisburgh five vessels, as yet unidentified, went down, and the crews of all perished. A number of bodies have been washed ashore near Yarmouth.

The brig Rugby was wrecked off Hemsby. The coast guard service made desperate efforts to save the crew, and succeeded in getting a line on board.

A large steam collier dashed upon Flamborough Head, the famous promontory on the North Sea coast, floated off and then foundered, with all on board.

A steamer, not yet identified, was wrecked on the Birdlington Sands, with her entire company.

Last evening the steamer Rose of Devon, Captain Davies, went on the rocks near Red Ruth, Cornwall, where she pounded all night long, her crew of twelve perishing. This morning the bodies of the Captain and seamen, all wearing life belts, were washed ashore.

The British ship Larmer, Captain Burgess, was driven ashore near Fleetwood, at the entrance of Moreton Bay, about eighteen miles northwest of Preston. The crew were saved, but the position of the vessel is dangerous.

Phenomenally high tides are reported in many localities. The district near the mouth of the Thames has suffered severely, several townships being partly submerged.

Scarcely a vestige remains in sight of the wreck of Lord Nelson's old flagship, the Poudroyant, long fast in the sands of Blackpool. There is a great deal of wreckage near the Goodwin sands.

Immense damage has been done to the Government property at Sheerness dockyard and the Woolwich arsenal.

Six vessels were wrecked between Yarmouth and Bacton, only a few miles apart on the Norfolk coast, and twenty-five lives lost.

The brig Vedra stranded at Bacton. The storm tore out her masts, and when the rocket line was fired the crew was unable to haul it in.

Rochester and Strood, on the Midway, out thirty miles from London, have suffered severely. At Rochester the gas works are flooded, and the town is in darkness.

Very rough weather is reported along the north coast of France. A dispatch from Liverpool says that during the gale the Russian bark Nikolai, Captain Karlson, stranded on a treacherous bank near Formby, south of Southampton.

A French steamer has signaled to Dinisco, near Cardiff, that he has rescued part of the crew of a steamer that foundered in the Bristol Channel last Thursday, and that the remainder of the crew were lost.

OUR TREATY WITH TUNIS.

May Soon be Denounced by the French Government.

WASHINGTON, Nov. 29.—While our Government has not been officially notified of the intention of the French Government to denounce the treaty of trade and commerce which has existed between the United States and Tunis for a century, something in that direction is looked for, in view of the fact that the subject for a long time has been under consideration by the State Department and the French Embassy.

Thus far these negotiations have come to nothing, for our Government has taken the position that there is no authority in the French Government, in its present relations to Tunis, for denunciation of a treaty between the United States and Tunis direct. The French Government has shown that every other nation that has had a similar treaty with Tunis has insisted on its denunciation or termination, but our Government still stands firm in the assertion that only the parties to a treaty have a right to terminate it, and that the quasi-protectorate exercised by France over Tunis is not a relation sufficient to warrant the power in denouncing the treaty of Tunis.

GOVERNMENT FINANCES.

Receipts and Expenditures for the Month of November.

WASHINGTON, Nov. 29.—The forthcoming November statements of the Government's receipts and expenditures will show that the receipts during November so far have reached \$22,950,800, which indicates a total of about \$25,000,000 for the month. This is a trifling improvement over October, when the receipts were \$24,391,415. The deficit thus far during November stands at \$8,972,100, which is larger than was expected.

The deficit for the fiscal year stands at \$127,701,120, the receipts having been \$46,581,120 and the expenditures \$174,282,240.

The receipts of the customs so far this fiscal year undoubtedly will fall considerably short of the estimates made by the managers of the new tariff bill during its pendency in Congress. At that time it was estimated that customs would yield about \$180,000,000 during the first year. The indications now are said to be that the receipts from this source will not aggregate more than \$165,000,000.

FAST RAILWAY TIME.

A Union Pacific Train Runs 519 Miles in 599 Minutes.

OMAHA, Nov. 29.—The Union Pacific has made a record for fast running. A mail train has been shot across the country from Cheyenne to Council Bluffs, 519 miles, in 599 minutes. This is actual time elapsed, and includes all stops. Engines were changed twice and one engine was relieved. All the regular stops were made and one extra, when an air brake hose broke, and had to be repaired at the expense of over five minutes of time.

A burned out bridge near Medicine Bow, Wyo., delayed the mail five hours and thirty minutes, and the train reached Cheyenne five hours late. It was necessary to reach Council Bluffs on time, or pay a heavy fine to the Government.

THREW UP THE SPONGE.

BALTIMORE, Nov. 29.—The first boxing bouts held within the city limits for more than a year took place to-night in the assembly rooms of the Academy of Music, under the auspices of the Eureka Athletic Club. A big crowd went to see the sport. The star bout of the evening was between Joe Gans, the Baltimore colored lightweight, and Stanton Abbott of England. The latter was fat, and Gans found him an easy mark. His seconds threw up the sponge in the fourth round.

WANTS ONLY MONETARY REPARATION.

BERLIN, Nov. 29.—The "Berliner Tageblatt" says it is reliably informed that the German Government only wants monetary reparation from Hayti for the recent arrest and imprisonment of Herr Emil Leuders by the Haytian tribunals, but that it will not brook any interference in the matter on the part of the United States.

FIFTEEN LIVELY ROUNDS.

CINCINNATI, Nov. 29.—The fifteen-round glove fight between George Stout of Cincinnati and Oscar Gardner, the "Omaha Kid," to-night was declared a draw, after fifteen lively rounds. The men fought at 130 pounds for a purse of \$800.

CONDITION OF THE TREASURY.

WASHINGTON, Nov. 29.—Today's statement of the condition of the Treasury shows: Available cash balance, \$219,268,645; gold reserve, \$156,988,549.

IMPORTANT DECISION RENDERED BY SUPERIOR JUDGE MAHON.

BAKERSFIELD, Nov. 29.—Some weeks ago the Supervisors decided to refund the bonds of Kern County, amounting to \$250,000. At the same time they contracted to sell the new issue to Trowbridge & Co. of Chicago. After a favorable election on the subject, other brokers, through local taxpayers, brought action to restrain the Supervisors from carrying out their contract. To-day Judge Mahon decided that the contract was illegal, holding that the County Government Act of 1897 does not repeal that portion of the Act of 1893 requiring bonds to be sold by the Treasurer. It also held that a contract to sell bonds cannot be made before they are issued.

FOUL PLAY SUSPECTED.

The Death of George E. Newman to be Investigated. FRESNO, Nov. 29.—John Griffith was to-day served with a subpoena to be present at the inquest to be held on the body of George E. Newman, who fell off the wharf at Antioch, on last Thursday night, and was drowned. Foul play is suspected, and as Griffith was the last person seen in the company of the deceased, he is suspected.

Griffith immediately left Antioch, and has since been spending considerable money. He is a brother of S. N. Griffith, a prominent business man of this city, and was paroled from the insane asylum at Agnews about ten days ago. A Deputy Sheriff from Contra Costa

CRUSHED BY AN ELECTRIC CAR.

A Shocking Accident Occurs on a San Francisco Line.

Robert Idal Suddenly Meets With Probably Fatal Injuries.

A Man Supposed to be James Willets, the Ex-Convict, Accused of the Murder of C. A. Andrews During the Robbery of the Grand Hotel at Baden, Arrested Near Almaden, Santa Clara County.

SAN FRANCISCO, Nov. 29.—Pedestrians on Kearny street were horrified this afternoon by a shocking accident to a young man named Robert Idal, whose address is 1906A Mission street.

Green car No. 1114 of the Kearny street line of the Market-street Railway Company was gliding down the grade from California to Sacramento street on its trip northward, when Idal attempted to cross the street ahead of it on his way from the west to the east sidewalk. The front guard of the car struck him on the shoulder, knocking him down on the track in front of the advancing wheels. He fell on his back, and instantly was crushed under the body of the car, the wheels of the forward truck passing over his thighs. The injured man was removed to the Receiving Hospital. His recovery is doubtful.

From the persons who saw the accident it was difficult to obtain accurate information as to just how it happened and who was to blame. Different persons saw it differently. One young man, who was sitting on the forward part of the car, said he saw Idal leave the sidewalk and walk out into the street.

The car was then moving quite rapidly, though not so fast as the cars usually run down the grade. This witness thought the motorman did not realize that Idal was unconscious of the approach of the car. The speed was lessened to some extent. Laree probably thought that Idal would get out of the way in time. Nevertheless, the witness thought that the cars run along that portion of the road too rapidly. Other persons said that Laree was entirely to blame, while others still hold that he could not have helped it, as he had rung the bell and could not foresee that the young man was going to step on the track directly in front of the moving car. Laree must have had the car well in hand, for he brought it to a stop before it had run more than fifteen feet after the collision.

A WINE MERCHANT MISSING.

Was Last Seen Fishing in a Small Boat Off Lime Point.

SAN FRANCISCO, Nov. 29.—Andrew I. Sweetzer, President of the Cordelia Wine Company at Cordelia, Sonoma County, and formerly an Idaho cattle king, has been missing since last Saturday afternoon. He was then seen in a small boat just off Lime Point light-house.

THE DUNHAM SUSPECT.

Not Believed the Man Arrested in Arkansas Is the Murderer.

SAN JOSE, Nov. 29.—Sheriff Lyndon this morning received a photograph and descriptive letter from Mulberry, Franklin County, Arkansas, of the man held there under suspicion of being Dunham. While the size and general description somewhat fit Dunham, the officers are not hopeful that it is the murderer. The man wears a hat like that worn by Dunham when he left here, and he is nicely dressed. His age fits Dunham, and the shape of his head and chin is similar, but the expression of the face is different.

The Arkansas authorities say the man declines to give a full account of himself. The photograph is simply a small tin-type, and it is difficult to make accurate comparisons. The officers are holding the photograph and description for inspection by those who knew Dunham well. It is necessary, further investigation will be made. This is the case reported from Van Buren.

LOS ANGELES SCANDAL.

Several Directors Said to be Implicated in Blackmailing.

LOS ANGELES, Nov. 29.—The "Evening Press" publishes this afternoon a confession made by Superintendent of Schools Buildings Axtell regarding the numerous attempts at blackmailing with which he is now charged.

The confession implicates several of the Board of City School Directors, but Axtell says that Director Walter L. Webb is the head of the plan to make each janitor, principal and teacher pay a month's salary in advance, in order to hold their jobs. Axtell was to make the demands, and distribute it among the others.

An investigation has been in progress for several days, and the Grand Jury is also investigating.

KERN COUNTY BOND CASE.

Important Decision Rendered by Superior Judge Mahon.

BAKERSFIELD, Nov. 29.—Some weeks ago the Supervisors decided to refund the bonds of Kern County, amounting to \$250,000. At the same time they contracted to sell the new issue to Trowbridge & Co. of Chicago. After a favorable election on the subject, other brokers, through local taxpayers, brought action to restrain the Supervisors from carrying out their contract. To-day Judge Mahon decided that the contract was illegal, holding that the County Government Act of 1897 does not repeal that portion of the Act of 1893 requiring bonds to be sold by the Treasurer. It also held that a contract to sell bonds cannot be made before they are issued.

THE BADEN HOTEL MURDER.

SAN JOSE, Nov. 29.—A man supposed to be James Willets, the ex-convict, accused of being the burglar who fired the shot that killed C. A.

WHY WAS THE ROYAL BAKING POWDER SELECTED

By the United States Government, By the San Francisco "Examiner," By the San Francisco "Call,"

As the only Baking Powder suitable for shipment to the ice-bound Arctic whalers off Point Barrow?

Because the ROYAL BAKING POWDER is the strongest; therefore carries farthest and is the most economical.

Because it is the purest and gives better results than any other powder.

Because the ROYAL BAKING POWDER keeps in any climate, under any circumstances or conditions, and can be shipped to the Arctic or to the Equator without deterioration.

The ROYAL BAKING POWDER has been invariably selected for ALL foreign expeditions, and is the only Baking Powder that has successfully withstood the extreme climatic conditions

On the Yukon River, In the Klondike, And other Arctic mining fields.

The ROYAL is the only Baking Powder that can be shipped into Alaska and withstand the extreme climate, as it preserves there, unimpaired, all its wonderful leavening power.

County will take young Griffith to Antioch to-morrow.

MURDER NEAR PLEASANTON.

A Half-Cast Portuguese Beaten to Death by an Indian.

OAKLAND, Nov. 29.—Elauna Wilson, an Indian, set upon Antonio Silva, a half-cast Portuguese, near Pleasanton, and beat him to death with a redwood stake. The men quarreled over Louise Morales, an Indian girl. She fought to stay the enraged Wilson and save Silva, but was thrust aside with a threat of the same cruel treatment. Wilson made his escape.

The car was then moving quite rapidly, though not so fast as the cars usually run down the grade. This witness thought the motorman did not realize that Idal was unconscious of the approach of the car. The speed was lessened to some extent. Laree probably thought that Idal would get out of the way in time. Nevertheless, the witness thought that the cars run along that portion of the road too rapidly. CHOKED AND BEAT A PUPIL.

LOS ANGELES, Nov. 29.—The District Attorney was to-day asked to issue a warrant for the arrest of Professor Guttery, a principal of the Pomona High School, for assault upon Gus Rush, a pupil. Guttery is alleged to have thrown Rush down and pounded and choked him in the presence of many pupils of both sexes. The warrant has not yet been issued.

INFESTED ORANGES.

SAN FRANCISCO, Nov. 29.—The steamship Gaelic brought as part of her cargo 2,500 cases of oranges from Japan, many of which Quarantine Officer Craw of the Board of Horticulture finds to be infested with a certain injurious bug. In order to prevent the introduction of the parasite into California, the whole shipment will be thoroughly fumigated. Three peach trees, intended for Agent Center, were found to be so badly soiled that they were burned.

ATTORNEY GRADY ACQUITTED.

SAN FRANCISCO, Nov. 29.—Attorney W. D. Grady, formerly of Fresno, who was accused of embezzling \$320 belonging to J. Bennett, administrator of the estate of W. C. Bennett, was acquitted to-day in Judge Cook's court. Judge Cook instructed the jury to acquit, inasmuch as the evidence introduced by the prosecution failed to substantiate the charge.

WILL GO TO THE SUPREME COURT.

LOS ANGELES, Nov. 29.—The case of the county against W. D. Spencer, to enforce the payment of a lien created by the Horticultural Commission in fumigating Spencer's orchards, after the owner had refused to do so, which was decided against the county by Judge Van Dyke two weeks ago, will be fought out in the Supreme Court. Deputy District Attorney James filed briefs in behalf of the county this afternoon.
