

OLD BOARD OUT, NEW ONE IN.

NEW MEMBERS TAKE THEIR PLACES.

Messages Received From Mayor Land as Well as Ex-Mayor Hubbard.

The old Board of Trustees met yesterday evening at 6:45 o'clock, and after enjoying a social chat with the new members, were called to order by President Leonard, and the minutes of the last meeting were read and approved.

City Clerk Desmond read the opinion of Corporation Counsel Johnson, that the old board could not act legally on the nomination of patrol wagon driver, and it was ordered filed.

The old board then adjourned sine die. Before they left the room Devine made a few complimentary remarks concerning the retiring members, after which he acted as Temporary Chairman, and called the new board to order.

Trustees Dolan, Paine, Tebbets, Brown and Douglas, the new members, took their places.

Dolan, in a short speech, nominated Trustee McKay for Permanent Chairman, paying him a handsome compliment on his services on the board for the past two years, which had fitted him to occupy the chair.

McKay was elected by acclamation, and briefly thanked the board, saying that he was no speaker, but would do his duty to the best of his ability.

Bentley rose to nominate the Clerk, and spoke in glowing terms of the efficient service rendered for the past two years by Clerk Desmond, and the order and system always displayed by him, which he said, had been a source of constant pleasure to the board.

Devine seconded the motion, and Mr. Desmond was unanimously re-elected to the position he has held for the past two years. He thanked the board for the confidence in him displayed by it, and promised to so carry out the duties of his office as far as possible, as to justify the action of the members.

Bentley moved that a committee be appointed to draw up resolutions of regard for the retiring members.

The motion was carried, and the chair appointed Bentley, Devine and Tebbets as such committee, and the board adjourned for fifteen minutes to draw up the resolutions and appoint committees.

The roll was called and a full board found present. Brown and Kent, who had been absent during the vacation of the board, requested to have their votes recorded for Chairman McKay and Clerk Desmond, and their request was granted.

The Committee on Resolutions reported as follows: "Whereas, Charles E. Leonard, who has faithfully served as President of this Board of Trustees during the past two years of his term, representing the Seventh Ward; Herman B. P. Wachhorst, representing the First Ward; James G. Davis, representing the Third Ward; Lewellyn Tozer, representing the Fifth Ward; T. J. Tozer, representing the Ninth Ward, have now completed their term of office;

"It is therefore resolved by the Board of Trustees of the City of Sacramento, That an expression of thanks be extended to the retiring members in grateful appreciation of their faithful and efficient manner in which they have discharged their onerous duties.

"Resolved, further, That these resolutions be spread upon the minutes, and that a copy be presented to each of the retiring members."

On motion of Paine the resolutions were adopted. Mr. Leonard expressed his regret at severing his relations with the members of the board. Of course during his term there had been some disagreements, but they had led to no hard feelings, and he regretted to see his associates in the best of feeling. The old members had done their duty to the best of their ability, and had had to leave to the new board much that they could not do.

The two most important are the sewer system and the water mains, which should be attended to first. Mr. Tozer said that, while there had not always been harmony in the board, good feeling had always prevailed. He hoped to see many things done during his term, but had been disappointed. One of the main matters had been the wiping out of the city's bonds, which has not yet been accomplished, but was in a fair way to be. He considered it blood money, which should not have been extorted from the people. The construction of streets is a very important matter, and it is necessary to have drainage for them.

Mr. Wachhorst expressed his regret at leaving the board, and thanked them for their courtesy. He enumerated the things he hoped the new board would carry out.

Mayor Land was called on, and said that he did not think he could say much that he had not said in his message, which would be read in a short time. If the Supreme Court decides for the city on the bond question, it will owe little or nothing. If it decides against it, it will owe about \$180,000, and he would favor refunding the bonds and putting them away. High taxes have made us poor, and if the Supreme Court decides for us, he believed that the taxes could be reduced to 50 cents. When taxes become low capital will come in here, and new buildings will go up and the assessment roll will double, making the tax rate low. Sacramento will grow then. The

trouble in politics has been that no man dared to talk about the bonded commission. The time has now come to stand united and throw the shackles on our shoulders, and speak our minds like men. Wipe out the bonds and lower the tax rate, and prosperity will come. They would find that William Land was for the people all the time.

"Doc" Curtis, the genial janitor, was called on for a speech, and said he had hoped to be reappointed before being called on, but would make his speech and thank them in advance for their intention to confirm him by a unanimous vote.

The doctor's speech was loudly applauded. CITIZENS HEARD. Supervisor John Dreman addressed the board on behalf of the Veterans' Firemen, and asked the board to make an appropriation for this year again to help those who had in the past risked life and health for the good of the city. He hoped they would be able to do even better than last year.

Devine indorsed what Mr. Dreman had said, and moved that \$2,000 be appropriated for the veterans. On motion of Bentley, the matter was referred to the Finance Committee, to be reported on next week.

A. H. Liggett, for the contractors on construction of macadam on Eighteenth street, asked for an extension of time to complete the work. A resolution granting the required extension was passed, the matter having been explained to Trustees Tebbets and the other new members.

On motion of the Finance Committee, the matter was referred to the Finance Committee, to be reported on next week.

THE WHEELMEN.

They Held an Interesting Meeting Last Evening.

The Capital City Wheelmen's annual meeting last night was a rousing one, the turnout of members being overflowing. The officers elected were: President, C. M. Goethe; Vice-President, J. A. Woodson; Secretary, J. T. Sheehan; Treasurer, Ammon Clay; Historian, Frank Mueller; Captain, Charles F. Shaw; Trustees-at-large, Scott F. Ennis, Louis Payen, J. F. McDonald and J. E. Little.

A mass of reports was submitted to the corporation from which space extracts will permit of but a few extracts. It was shown that there are 305 members on the roll; net gain in membership in 1897, 86; losses by death, resignation, removals, etc., 36; active membership, exclusive of those on leave of absence and under suspension, 270; receipts for the past year, \$2,205 14; disbursements, \$1,992; cash on hand, \$275 25; assets, \$1,207; liabilities, \$57 75.

The report of the Wheelmen Committee was very interesting, including details of how to construct a wheelway and suggestions for future lines of paths.

All the reports contained suggestions for betterments. Excelsior, was the theme of the song of the evening, with a determination to accumulate capital for a permanent home for the club.

The address of incoming President Goethe was a very neat and conservative delivery, sketching the history of the club, its non-political character, its social features, and its purposes for the future. It was the largest meeting ever held by the club, and the most enthusiastic and impressive.

Criminal Cases Continued. Judge Hart yesterday continued until February 7th the case of Oscar Henley, charged with manslaughter in connection with the death of the old man John Scott.

The case of William Cutts, charged with assault with a deadly weapon, was continued till February 10th.

FEED BRAINS. Scientific Selection of Food Adapted to Brain Building.

The manner in which the human body transforms food into tissue and brain matter determines the kind of man or woman.

Proper food must be furnished the laboratory (stomach) or failure in power, both physical and mental, is the result.

One sure way to make brain tissue that mind can play upon and produce success in business or profession is to furnish the body with selected food elements especially required in the building of that peculiar grayish substance of which the Solar Plexus, the Brain and the nerve centers throughout the body are composed.

13-15 per cent of Postum Food Coffee consists of Protein, a tissue maker, while 66.11 per cent, consists of Dextrine or British Gum, Grape Sugar, (terms given to certain highly nutritive properties obtained from cereals), and other energy and heat producing elements, giving a total of 79.24 per cent of the energy food demanded by nature for this work.

The analysis by Dr. B. F. Davenport, one of New England's most famous chemists, is of interest to thoughtful people who seek to invoke the aid of proper food to enable them to skillfully carry out their daily duties and maintain within their grasp bounding health.

"This is to certify that I have purchased in the open market of Boston an unopened original commercial package of Postum Cereal Coffee. I have carefully examined the same, and find that when it is prepared according to the directions given on the package it forms a healthful, appetizing beverage, of an agreeable fragrance and wholly free from those properties which render ordinary coffee so harmful to many. I have carefully analyzed it for the proportions of nutrient substances contained in it, and find them to be as follows:

Of Moisture Per Cent. 5.85
Of Mineral or bone-forming substance 4.61
Of Cellulose energy and fat-producing substances 8.76
Of Fat or energy and heat-producing substances 1.60
Of Protein or flesh-forming substances 13.13
Of Non-nitrogenous extracts, such as starch, sugars, gums, etc., heat and energy-producing substances 66.11

A total of 100.00
"Bennett F. Davenport, M. D."

Angostura Bitters, prepared by Dr. Siegert for his private use, have become famous as the best appetizing tonic. Accept no other.

NEGLECT IS SUICIDE.

Plain Words From Mrs. Pinkham, Corroborated by Mrs. Charles Dunmore, That Ought to Bring Suffering Women to Their Senses.

If you were drowning and friendly hands shoved a plank to you, and you refused it, you would be committing suicide!

Yet that is precisely what women are doing if they go about their homes almost dead with misery, yet refuse to grasp the kindly hand held out to them!

It is suicidal to go day after day with that dull, constant pain in the region of the womb and that bloating heat and tenderness of the abdomen, which make the weight of your clothes an almost intolerable burden to you. It is not natural to suffer so in merely emptying the bladder. Does not that special form of suffering tell you that there is inflammation somewhere?

Shall I tell you what it is? It is inflammation of the womb!

If it goes on, polypus, or tumor, or cancer will set in. Commence the use of Lydia E. Pinkham's Vegetable Compound. Thousands of women in this condition have been cured by it. Keep your bowels open with Mrs. Pinkham's Liver Pills, and if you want further advice, write to Mrs. Pinkham at Lynn, Mass., stating freely all your symptoms—she stands ready and willing to give you the very best advice. She has given the helping hand to thousands suffering just like yourself, many of whom lived miles away from a physician. Her marvelous Vegetable Compound has cured many thousands of women. It can be found at any respectable drug store.

Mrs. CHARLES DUNMORE, 102 Fremont St., Winter Hill, Somerville, Mass., says: "I was in pain day and night; my doctor did not seem to help me. I could not seem to find any relief until I took Lydia E. Pinkham's Vegetable Compound. I had inflammation of the womb, a bearing-down pain, and the whites very bad. The pain was so intense that I could not sleep at night. I took Lydia E. Pinkham's Vegetable Compound for eight months, and am now all right. Before that I took morphine pills for my pain; that was a great mistake, for the relief was only momentary and the effect vile. I am so thankful to be relieved of my sufferings, for the pains I had were something terrible. I am, indeed, very grateful for the good Mrs. Pinkham's remedies have done me."
