Spain and America.

Eds. "Record-Union": Your editorial in Sunday issue, "Cruel Time," was truthful, patriotic and grand, and the sentiments therein contained will find a ready response in the soul of every true American who reads it.

In one respect the disaster to the Maine is a more serious affair than injuries to a merchant ship or a private citizen would be. A vessel of the United States navy actually represents the Government itself, consequently the blowing up of the Maine was an overt attack on the United States Government, and as far as it went was an attempt to destroy that Power, and the actual commencement of hostilities on the part of those who committed the deed as really as if it had been sunk by a shot from their forts or men-of-war. It is an offense so serious against the Republic that it should not be condoned as injuries to any private citizen could have been.

The President, Cabinet and members of Congress should bear this in mind and govern themselves in accordance therewith. It was a low-down, treacherous plot to murder unoffending men whom they were too cowardly to meet in a possible future battle on par with the assassin, outrage and assassination of women and children and non-combatants generally; a blot on modern civilization, and characteristic of a nation which has been the cradle and support of the barbarous Inquisition; a proof of treachery and cruelty which impelled them to adopt no higher code of morals and justice than that of "might is right," and have robbed and lived off the industry of a long-suffering people ever since Columbus discovered the West India Islands.

Despite the strenuous objections of Hiram W. Johnson, counsel for Steffan Baumann, the wife-slaver, Judge Hart yesterday refused to proceed with the trial of the defendant, under the existing commitment, the prisoner having been held to answer by the recently deceptively held Police Court.

At the request of District Attorney Ryan, who did not wish to let the chances of Baumann escaping punishment—he was discharged, but was at once re-arrested and taken before Justice Henry, who set the case for re-examination to-day.

TEMPERANCE WOMEN MEET.

REUNION OF CITY AND COUNTY SOCIETIES.

Brief Talks on Temperance, Recitations, Singing, Etc.—Mrs. Teat's Lectures.

The members of the Women's Christian Temperance Union held a union meeting at the Congregational Church yesterday afternoon for the purpose of holding memorial exercises in honor of the late great temperance apostles, Neal Dow and Miss Frances E. Willard.

On the fifth Tuesday of every month (such as Tuesday) the Women's Christian Temperance Union societies of Sacramento city and county will hold reunions such as that yesterday, and by that means will not be obliged to depend on conventions for fraternalization.

The meeting was opened by appropriate reading by the President, after which all joined in singing "Christ, For the World We Sing." Prayers were offered by Rev. Mr. Russell of Oak Park and by Mrs. McMullen of Brighton.

After the singing of "Onward, Christian Soldiers!" which was one of Miss Willard's favorite hymns, Rev. Mr. Russell addressed the meeting, taking for his subject the life-work of Neal Dow. The address was clear-cut, and brought out the strong points of the great crusader's character with power and directness.

The next on the programme, which was impromptu, was recitation entitled "The Drunkard's Wife," by Mrs. Gould, and this was followed by a duet by Mrs. Heath and Miss Eulass entitled "The Earthen Vessel."

Mrs. Clara S. Wood gave a recitation on the death of Frances Willard, and this was followed by remarks on the life of Miss Willard by the County President, Mrs. Maggie Willis. Mrs. Willis spoke of the great good done by the wearing of the white ribbon, and said that in almost every country on the globe memorial exercises have been held in honor of the founder of the order, Miss Willard.

Rev. Mr. Russell, who was at one time connected with the church at which Miss Willard worshipped, told a number of anecdotes showing her purity of purpose and great goodness of heart.

It was announced that on Sunday, April 17th, Mrs. Teat would open her course of lectures, for men only, on "Purity," and would lecture every night for a week. After some business remarks the ladies sang "Go With You Till We Meet Again."

Everything for the House.

Midst all this talk of War

the busy business man sits at his roll top desk and goes right on making plans for securing more business, as if such a person as a Spanish Don never existed. He'll be on hand at the front, if it becomes necessary. But at present the White Navy is doing very well, thank you.

Speaking of roll top desks reminds us to remind you that our stock of desks has just been augmented by quite a number of new arrivals, and we are now in a position to say that any size or style of office desk wanted can be had at Breuner's. We are the only firm in Sacramento that buys office desks in carload lots; this gives the manufacturer a good excuse to discriminate in our favor when making out his bills; and it enables us to quote very, very low prices.

But to particularize. Here is a roll top desk that is unusually convenient. It is made of solid oak and is paneled throughout, so that there is no danger of warping. It has an antique rub finish, and, as it comes from a maker who produces desks only, the cabinet work is thoroughly good. As to its conveniences for the use of a business man, the picture speaks. This desk is 51 inches high, 60 inches wide and 32 inches deep. Price \$35. Quite a surprisingly small price for so much excellence, isn't it?

THEY RIDICULE IT. MANY PEOPLE RIDICULE THE IDEA OF AN ABSOLUTE CURE FOR DYSPEPSIA AND STOMACH TROUBLES.

Ridicule, However, Is Not Argument, and Facts Are Stubborn Things.

Stomach troubles are so common and in many cases so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion.

This fear of being humbugged may be carried too far; so far, in fact, that many persons suffer for years with weak digestion rather than risk a little time and money in faithfully testing the claims of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, bismuth, hydrastis and nux. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten promptly, thoroughly before it has time to ferment, sour and cause the mischief.

Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely upon the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets, taken after meals, digest the food. That is all there is to it. Food not digested or half digested is poison, as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite, and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50 cents per package. Address Stuart Co., Marshall, Mich., for book on stomach diseases or ask your druggist for it.
