REPUBLICAN COUNTY COMMITTEE ENLARGED.

Robert T. Devlin Indorsed for U. S. Attorney for the Northern District.

The Republican County Central Committee has grown considerably since Saturday.

The committee has been considering the matter of the proposed increase for some time, and it was a foregone conclusion when that body met yesterday that the increase would be made.

The meeting was held in the office of Chairman A. J. Bruner, and there were present A. J. Bruner, A. J. Rhoads, F. A. Daroux, George C. McMullen, W. J. Murphy, William Lamphrey, Phil Riehl, W. H. Egan, B. E. Richardson, George Eagan and Myles Stevens.

After some minor routine business had been disposed of Daroux moved the adoption of the resolution submitted a week ago increasing the committee by the addition of two members from each of the five Assembly districts.

There was no discussion of the matter and the roll was called with the following result: Ayes—Daroux, McMullen, Murphy, Egan, Riehl, Lamphrey, Richardson and A. J. Bruner—8.

Noes—Rhoads, Eagan and Stevens—3. The committee then chose the following-named citizens as committee-men: Twentieth Assembly District—Albert Becker and Charles J. Chenu.

Twenty-first District—W. P. Hall and F. L. Martin. Twenty-second District—James Whitcomb of Galt and J. T. Fairbank of Walsh's Station.

The following resolution was adopted: "Resolved, by the Republican County Central Committee of the County of Sacramento, that we do earnestly request the appointment of Robert T. Devlin as United States Attorney for the Northern District of California.

Mr. Devlin is extremely well qualified for the position. He has been engaged in the practice of law in Sacramento City about twenty years, and is well versed in Federal procedure. He has been an earnest Republican, and whenever called upon has rendered such assistance as was in his power to aid the Republican party in this section to attain victory.

"Resolved, That this committee do urgently request Hon. George C. Perkins, United States Senator, and Congressmen James A. Barham, E. F. Loud and S. G. Hilborn to use their best efforts to secure this appointment.

"Resolved, That copies of this resolution be forwarded to the President, William McKinley, to the Attorney-General and to our Senator and Representatives in Congress."

EVERYBODY'S COLUMN.

Under this heading the "Record-Union" will publish short letters from correspondents on topics of general interest to the general public.

Communications will be understood to represent only the views of the writer, and communications must be accompanied by the name of the writer, not for publication unless so desired, but as a guarantee of good faith.—Eds.

A Democrat's Views.

Eds. "Record-Union." In times like these, when the critical eye of every civilized nation on earth is focused on the United States; when her institutions are subjected to the criticisms of statesmen and scholars of all Christendom, is it not humiliating to advocates and lovers of republican freedom to find the lack of confidence our own citizens have in the efficiency of our democratic form of government?

When the grave responsibilities of war, with all its possibilities and probabilities of loss of thousands and thousands of human lives, and the consequent woes and anguish of myriads of widows, orphans and other dependents upon the slain, we find hundreds of public journals, thousands of our citizens, and even representatives in the highest branches of national legislation, openly and without reserve, changing the Chief Executive of their country with the gravest and most despicable motives when he exhibits a disposition to avoid war so long as it can be avoided without dishonor to his country and its untarnished flag.

While I am a Democrat of uncompromising texture, and my vote was cast against the election of Mr. McKinley, yet as one claiming to be a true and patriotic American citizen, I bow without a murmur to the will of the majority, and proclaim that Mr. McKinley is as much my President as he is the President of the most ardent partisan Republican in this Union of States. And when newspapers and scheming statesmen of latter-day type charge him with avoiding his duty, or rather wrongly doing what he ought, from mean and mercenary motives, simply because it, for the time, appears to be popular to make such charges, it is a sad reflection on the efficiency of popular government.

The Governments of Europe are no friends of our institutions. They do not want to see democratic or republican institutions extended to any broader limits, and when they point to the damning evidences furnished by our own press and statesmen, well may they say that that popular government is a failure.

It is an easy matter for anyone to be swept along in the columns of a mob—an easy thing to drift with the tide, or to float upon the downward current of a stream, but it takes effort, stamina and exertion of intelligence and will-power to resist those influences

when impelled by them to the very verge of destruction. I believe that war is now imminent, and can see no way of its avoidance, and while not a pessimist, yet I fear that other nations than the United States and Spain may take a hand in it and those nations may not all be friendly to this country. It is not unwise to suppose that the conditions will say that if the United States takes a step herself to free Cuba from the yoke of Spain, may she not, with so inclined to the same thing concerning the possessions of other nations?

But I am prolonging this further than I intended. My object in writing was simply to call attention to the unpatriotic and bad policy—and decidedly un-Americanism—of this wholesale and reckless charging of corruption against everybody in public life who happens to disagree with or belong to a different race or political party, those who are bound to find fault. And particularly do I wish to remind those who have liberty of free speech and freedom of the press that too gross abuse of these rights are dangerous. Very respectfully, S. P. SACRAMENTO, April 10th.

FOLSOM ODD FELLOWS.

They Will Open the Picnic Season on the 26th.

The Folsom "Telegraph" says: "The picnic season for the year 1898 will be formally opened on Tuesday, April 26th, when Grand Lodge, No. 62, I. O. O. F. of Folsom, will hold one of their enjoyable affairs in commemoration of the seventy-ninth anniversary of their order, amid the resplendent foliage of our beautiful Natoma Grove, and if a well-prepared and inexhaustive program for the day's enjoyment, count for anything, the number in attendance to partake of the pleasures of the day's outing should be exceptionally large.

"Dancing, games and other outdoor amusements will abundantly serve to while away the entire time of the 26th day. The best of music, furnished by Lincoln's Cornet Band, will be discoursed for the pleasure of those in attendance; the Reception Committee selected, are equal to the occasion, and will see that all enjoy themselves to their heart's content.

"There will be an oration delivered at the grove at 10 a. m. by Past Grand C. F. of Folsom, and at 11 a. m. a fitting finale of the day's entertainment, a grand ball in the evening at the Opera-house, will wind up the day's festivities, the music for the occasion being furnished by the Folsom Orchestra. An invitation is extended to everybody to be present and participate in the day and evening's festivities."

IONE HIGHWAY.

A Sacramento Firm's Contract Not Accepted.

The Supervisors of Amador County are about to construct a macadam road one mile leading out of Ione, and bids were opened last week. Robert Parker and partner of this city were the lowest bidders, but all bids were rejected. The Amador "Record" of Saturday says:

"At the regular session of the Supervisors this week two bids only were received for the building of a mile of road on the Ione highway. They were from Sacramento and Oakland parties and the figures were over \$5,000 and \$7,000 respectively. Inasmuch as the estimates made by the State Bureau of Highways on the cost of the same work was only \$2,750 per mile, the Supervisors refused either bid and decided to undertake the work themselves under the direct supervision of the State Board of Engineers.

"In adopting this plan the Supervisors will be able to determine what the actual cost per mile is and it will also give the State Bureau of Highways an opportunity of practically demonstrating whether the estimates of their engineers are correct or not. It will likewise serve the Supervisors as an authority for future operations on the same line."

"MUSHROOMS GALORE.

A Patch on Grand Island That Produces Whoppers.

James Collins, a farmer on Grand Island, has been doing quite a business in mushrooms during the winter. He has a patch of ground on his place that grows mushrooms right along during the winter and spring, ranging from two to five inches in diameter.

The mushroom belt on Mr. Collins' land is limited to quite a small area, but it produces several boxes of large and luscious "fruit" per week for which he receives from \$1.50 to \$3 per box. On Saturday a box weighing 25 pounds and containing 100 mushrooms was received at the Sheriff's office, where they attracted considerable attention.

Weather Reports.

The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 72 and 46 degrees, with gentle southerly and northerly winds and clear weather prevailing.

The barometrical readings at 5 a. m. and 5 p. m. yesterday were 30.07 inches and 30.12 inches respectively.

The highest and lowest temperatures one year ago yesterday were 81 and 56 degrees, and one year ago to-day 80 and 60 degrees.

The average temperature was 59 degrees, and the normal 57 degrees, showing yesterday to have been 2 degrees warmer than usual for the 10th day of April.

A Saloon Robbed.

The saloon of Pearl & Purcell, at Eighteenth and I streets, was entered on Saturday night and \$50, which was hidden behind a barrel, was stolen.

It is believed that the thief watched through the window while the money was being cashed away. No arrests have been made.

BLUEROCK CAMPAIGN OPENED

SPONSBILL GUN CLUB'S SHOOT YESTERDAY.

Most of the Bluerocks Were Out of Focus—A Few Fair Scores.

A dozen or more members of the Sponsbill Gun Club met at Eckhardt's shooting grounds at East Park yesterday to open the season's bluerock campaign. The grounds were in nice condition and the shooters and spectators were protected from the sun by the abundance of shade trees.

The shooters were a little shy on the swift-flying targets, and ciphers are plentiful throughout the scores, but it is usually so at the opening of the season. Later on the men will be better able to connect with the discs.

A ten-bird match opened the day's sport, with this result: C. Fiehr 101010101010-4 Helms 111111111111-3 Woods 111111111111-3 Steigler 111111111111-3 Eckhardt 111111111111-3 Smith 111111111111-3 Chapman 111111111111-3

In a 25-bird match Nicolaus broke 7, Eckhardt 6, Smith 3, Ruhstaller 12, Eckhardt 16, Soule 10, Chapman 12 and Peck 12.

The concluding match at fifteen birds, was not finished, owing to a lack of ammunition.

LIFE.

Man's health depends altogether on the sort of life that he leads. It may be regular or irregular. If it is the former he is always full of vigor and proud of his strength. If the latter he is always weak and ashamed of himself. From youth to the age of 45 or 40 he should sleep eight hours a day, or be normal and good condition. How often does he leave the beauty sleep alone together and get to bed in the small hours of the morning. This invariably results in weakness that he does not understand, and then he is in search after health again. There is only one way in which lost strength can be regained. It is by the use of the specific "Hudyan," which is the sole property of the Hudsonian specialists, and from them only can it be obtained. The work it does may be briefly described thus:

First symptoms of decay. The system fails. Help comes. The system rallies. The glow of health.

These are the regular courses of those who get the assistance of "Hudyan" when they need it. It seems not to matter how severe the case, the relief is as prompt and effective as could possibly be expected. Life is regained, and the whole body becomes fresh and bright. The decay ceases at once and the confidence, with the return of health, is again apparent where it was dying out. But it is "Hudyan" that brings this precious help. It has restored confidence to some 20,000 people, and it will always remain the friend and helper of those who wish to regain lost power and vitality. Circulars and testimonials telling all about its great work are sent free to every inquirer. If you are at all weak write and learn how to restore your
