

WILLIAM M'KINLEY WILDLY CHEERED.

Oregon Republicans Show Their Loyalty to the President.

Pludge the Support of the State to the National Administration.

Differences in the State Convention Adjusted and a Ticket Nominated, Headed by T. T. Geer of Marion County for Governor and F. A. Moore for Supreme Justice.

ASTORIA (Or.), April 14.—The Republican State convention met this morning, and contrary to expectation there was no further contest over the election of a temporary Chairman.

The delegates outside of Multnomah County, which has two delegations, held a caucus and decided to support W. L. Tooez of Marion County for temporary Chairman, and he was chosen unanimously.

After the appointment of a Committee on Credentials a recess was taken until 1 o'clock. Just before adjournment the following telegram was ordered sent to President McKinley:

"With the utmost confidence in the wisdom of your administration, and pledging you the support of the State of Oregon, we express our earnest congratulations that the Maine was destroyed by design or criminal neglect of the Spanish officials, and that this outrage is a just cause for the United States to drive the Spanish nation from the Western Hemisphere."

When the telegram was read the convention rose on a mass and cheered wildly for McKinley.

When the convention reassembled this afternoon the Committee on Credentials reported in favor of seating the Simon delegation from Multnomah County. The report of the committee was adopted by a vote of 150 to 78.

At the evening session the following State ticket was nominated: Governor, T. T. Geer of Marion County; Supreme Court Justice, F. A. Moore, re-nominated; State Treasurer, C. S. Moore of Klamath County; Secretary of State, F. I. Dunbar of Clatsop County; State Printer, W. H. Leeds of Jackson County; Attorney-General, D. R. N. Blackburn of Lyon County; Superintendent of Public Instruction, J. H. Ackerman of Multnomah County.

T. T. Geer, the nominee for Governor, is the first native son of Oregon to receive a nomination for that office. He was born in the Waldo Hills, near Salem, forty-seven years ago.

FRUIT INDUSTRY. State Convention of Growers Convened at Riverside. RIVERSIDE, April 14.—The State Fruit-Growers' Convention began a two day's session to-day, Ellwood Cooper of Santa Barbara presiding.

The speech of welcome by E. W. Holmes was replied to on behalf of the delegates by Senator Wm. Johnston of Sacramento.

President Cooper addressed the convention on markets, freight rates, olive industry and fertilizers. He said the olive orchards of California when in full bearing produce 400,000 barrels of olives and 10,000 carloads of oil annually, and a greater market must be produced for the product.

E. M. Wardell spoke on the national pure food movement. He urged that all legislation should be in the line requiring everything to be labeled just what it is.

trict was held here to-day, with representatives present from all over Central California, but principally from Oakland, Alameda and Berkeley. Officers chosen for next year are: Mrs. E. Slaughter of Stockton, President; Mrs. Barcus of Oakland, Vice-President; Mrs. Lester Burke of Oakland, Recording Secretary; Mrs. Laura Buffington of Berkeley, Corresponding Secretary, and Mrs. Watterson of Alameda, Treasurer.

PALO ALTO STOCK FARM. Will Not Campaign a Stable of Horses This Year.

SAN FRANCISCO, April 14.—Contrary to expectations, Palo Alto will not campaign a stable of harness horses this year on the Eastern grand circuit. The entire string is now in training, and is to be sold at public auction, although the stock farm has some likely horses with two prospective champions. The entire racing string of 1898 is to be sold at Cleveland, O., May 16th to 24th.

PRESS ASSOCIATION. Editors of the State Assembling at Paso Robles.

PASO ROBLES (Cal.), April 14.—The advance guard of the delegates to the California Press Association convention which will be in session here tomorrow and Saturday arrived this morning on a special train. It consisted of sixty-five editors from various parts of the State, most of whom were accompanied by wives, sisters or daughters.

The delegates were met at the depot by a reception committee and escorted to the headquarters of the association, and after arrangements had been completed for their comfort, the visitors proceeded to San Luis Obispo, where an elaborate programme had been arranged for their entertainment.

A ball in honor of the visitors was given to-night by a military band. Tomorrow an excursion for the editors has been arranged to Port Harford and Sycamore Springs, with a banquet at the latter place.

VANDALS AT BERKELEY. Halyards of the Flag Pole at the University Cut.

BERKELEY, April 14.—Students climbed the flag pole of the University of California last night and cut the halyards, making it impossible to raise the Stars and Stripes. This insult to the national colors has aroused the indignation of the college authorities, and the expulsion of the offenders may follow.

The affair is regarded as of special moment, because the University of California is a military institution, in part supported by the Federal Government, with an army officer detailed as military instructor, and with strict discipline in matters of military training. The faculty is taking steps to identify the vandals.

REVENUE CUTTERS. Orders Expected Attaching Them to the Navy.

SAN FRANCISCO, April 14.—Officers of the revenue marine service expect orders detaching them from their vessels and placing them in the navy. They are now under the orders of the Treasury Department. It is said that the expected orders are on their way from Washington, and it is an open secret that the revenue cutters Rush, Corwin and U. S. Grant will not go north this season to patrol Behring Sea and the Alaskan coast. It is expected that the three revenue cutters will be attached to the navy, and will patrol this coast.

Garcia Murder Trial. LOS ANGELES, April 14.—The trial of Mary Garcia for the murder of Charles Collins at Santa Monica last February began in the Superior Court this morning.

The murder is alleged to have been committed by the woman for the sake of a few dollars Collins had on his person. Pedro Garcia, who is jointly charged, has made a statement in which he says that his mistress smashed the old man's brains out with an ax. The day was consumed in selecting a jury.

War Rumors Affect Ocean Travel. SAN FRANCISCO, April 14.—Rumors of the impending war have caused a marked decrease in the passenger business of the Pacific Mail and Oriental and Occidental Steamship Companies.

Twenty passengers who were booked for the Orient by a recent out-going steamer cancelled their booking a few days before the steamer sailed, owing to fear of being held up by privateers on the high seas. These steamers each carry from one to four howitzers.

Verdict for the Editor. SAN JOSE, April 14.—The jury in the suit of Henry Stromberg, President of the Board of Town Trustees of Los Gatos, against W. S. Walker, editor of the "Mail," to recover \$10,000 for an alleged libelous publication, in which the Trustees were assailed for making a certain lumber contract in a surreptitious manner, to-day returned a verdict for the defendant.

Death of a Stockton Citizen. STOCKTON, April 14.—John Barrett, a resident of this city for fifteen years, died to-night after an illness lasting nearly a year.

Fire on the Ocean Beach. SAN FRANCISCO, April 14.—A fire on the ocean beach to-night destroyed the Golden Gate villa, owned by Leonard T. Haggerty. The loss will reach \$25,000, with \$20,000 insurance. The fire was visible from all the bay towns, and great excitement was caused by the rumor that Suro's Baths were burning.

Prince Albert at Coronado. SAN DIEGO, April 14.—Prince Albert, heir apparent to the throne of Belgium, and his party are guests at the Hotel Del Coronado, having arrived from New Orleans to-night. He will go to San Francisco in a few days.

Guilty of Manslaughter. SAN LUIS OBISPO, April 14.—The trial of Jose Lopez for the murder of Juan Viera in October, last, terminated to-day, the defendant being found guilty of manslaughter.

MORE SEISMIC DISTURBANCES. Two Shocks of Earthquake Felt Last Night.

Heavy Enough at Eureka City to Stop the Big Clock.

Felt Quite Perceptibly at Port Costa and Caused Some Alarm, but Did No Damage—Taller Buildings at San Francisco Shaken Briskly but Not Violently.

SAN FRANCISCO, April 14.—Two slight shocks of earthquake were felt here to-night, the first at 10:43 and the second at 11:07. The tremors here were not severe enough to cause serious damage, and no injurious results so far have been reported. The shocks were felt in a number of towns in this part of the State.

The areas of to-night's earthquake were more limited than on the occasion of the heavy shock two weeks ago. The quake was most severely felt at Eureka and Port Costa, where there was great alarm, but no damage. At Alameda and Stockton the shock was light, and it was not felt at Oakland, Berkeley or San Rafael, nor at the Lick Observatory on Mount Hamilton.

In the taller buildings of this city the occupants were shaken briskly, but not violently. TWO SHOCKS AT EUREKA. EUREKA, April 14.—Two earthquake shocks were felt to-night, the first at 10:50, the second at 11:10, which was the heavier. A rumbling noise accompanied the second. The duration was ten seconds, and the direction was north and south. The shock stopped the big city clock. It was the heaviest for many years.

LATEST FROM ALASKA. Sixty-Two Bodies Recovered From the Chilkoot Avalanche.

VANCOUVER (B. C.), April 14.—The steamer Packham, which arrived here to-day from Dyea, Alaska, reports that the search for bodies in Chilkoot slide has been concluded. SIXTY-TWO bodies had been taken out altogether. Among the steamer's passengers was R. A. Ellis of California, who left Dawson March 17th, reaching Dyea April 7th. Ellis was accompanied as far as Dyea by Captain Ray U. S. A., who was on his way from Fort Yukon to Washington. Captain Ray stopped at Dyea for a few days, and will come down on the next steamer.

Ellis says the first boat will leave Dawson for St. Michael about the middle of June. He estimates that she will carry fifteen million dollars in gold, and that the total output of the Klondike region will be forty millions. The latest gold discovery before Ellis left Dawson was on Boulder Creek. Thirty-seven dollars was the highest pan taken out.

CENTRAL PACIFIC. The Board of Directors Meet and Elect Officers.

SAN FRANCISCO, April 14.—The Board of Directors of the Central Pacific Railroad met to-day and elected the following officers to serve for the ensuing year: President, Lewis L. Requa; Vice-President, Wm. H. Mills; Second Vice-President, J. C. Kirkpatrick; Third Vice-President, Charles P. Wells; Secretary and Controller, Wm. M. Thompson; Assistant Secretary in New York, Charles Rabbidge; Treasurer, William H. Mills; Liquidator in New York, Frank H. Davis; Transfer Agent, George Watkins, New York.

PRINCETON INN INCIDENT. It Threatens a War in the Presbyterian Church.

CHICAGO, April 14.—The "Tribune" New York special, filed here to-day, says that a war is threatened in the Presbyterian Church that will overshadow the famous controversy over Dr. Briggs' alleged heresy.

The present trouble grows out of the Princeton Inn incident, when former President Grover Cleveland, joined with Professor Charles Woodruff Shields, who holds the chair of harmony and science and revealed religion in Princeton College, and other property owners of the university town in signing a petition that a liquor license be granted to that hotel, which is a favorite resort for students as well as for members of the faculty and friends.

It was told that Professor Shields had left the Presbyterian Church, and had been confirmed into the Episcopal faith by Bishop Potter. This caused a sensation in Princeton. However, it was nothing to the feeling aroused when it was learned that President Patton, with Professor Duffield and Professor Cameron of the college, had refused to go as delegates to the Presbyterian General Assembly. Many persons predicted that this action preaged the absolute breaking away of Princeton University from the denomination.

It is probable the college will be entirely without representation at the convention. The ground of the refusal of President Patton and his two colleagues to serve as delegates is that they expect the faculty of the college will be censured on account of the Princeton Inn trouble. The opinion is expressed that no explanation they offer will be accepted by the assembly, as Professor Shields' action in endorsing the application for the liquor license has been denounced formally in scathing terms by Presbyterian bodies in almost every State in the Union.

President Patton's present course is held to indicate that since war is to be declared between the church and the college, the college will begin it. PRIVATEERING. Spain Will Make It a Conspicuous Element in the Campaign.

LONDON, April 14.—There is great interest here in Government and commercial circles over the possibility of privateering in the event of war between the United States and Spain. Special application for letters of marque have been made at the Spanish Embassy and at the office of the Spanish Naval Commission, but there were no applications at the United States Embassy. It is generally recognized

that Spain intends to make privateering a conspicuous element of the campaign. It is thought, however, that she will confine her energies in this direction to preying upon American coastwise commerce. It is not believed she will risk offending the European Powers by stopping their American-bound vessels, or by searching trans-Atlantic ships for American goods, for if European ships are molested the Powers probably will adopt radical preventive measures.

The prevalent opinion that the United States will not embark in privateering produces an excellent impression. At the Admiralty it is suggested that the Spanish naval scheme will not be to fit a fleet against the American warships, but to scatter Spain's warships about the coasts and indulge in guerrilla warfare, swooping down upon coast towns and retreating before they are overtaken. It is deemed certain that this will be Spain's policy if she abandons the hope of retaking Cuba, and merely pursues a war of revenge.

Many merchant vessels are being offered at the United States Embassies on the Continent, but no negotiations are proceeding, and it is said at the Embassies here that the United States Government has no need for any more ships. LONDON, April 15.—The morning papers are filled with dispatches from the Continent, nearly all of the same tenor. The belief that war is inevitable is universal, as well as the feeling of hostility to the United States. The papers also contain numerous articles, speculating upon the effect of war upon securities, the markets and other interests.

The "Times" says editorially: "Spain's note to the Powers can have no effect except to perhaps delay the issue. The Powers will certainly not interpose, while if they did, neither the United States nor Spain would listen. It is doubtful whether, even if President McKinley regained his authority over the situation, he could stem the tide of popular sentiment in America for war."

Condition of the Treasury. WASHINGTON, April 14.—To-day's statement of the condition of the treasury shows: Available cash balance, \$225,875,294; gold reserve, \$179,964,086.

COAST AND EASTERN RACES. HUMIDITY WINS GEBHARDT STAKES AT OAKLAND.

Gallops Home From a Field of Seven—Results at Newport and Montgomery Park.

SAN FRANCISCO, April 14.—Humidity galloped home a winner in the Gebhardt stake at Oakland to-day. There were eight starters, including the favorite stake winners, Olinthus, Magdalen and Sevens. The favorite, Olinthus, was ridden by Thorne, and Humidity, with Clayson in the saddle, ruled favorites at 5 to 2. Humidity jumped out in the lead, followed by Sevens. These two had the race between them all the way, the former winning in easy fashion. Olinthus finished third. Results:

Seven furlongs, selling, Sly (Thorpe), 6 to 1, won; Judge Stouffer (Spencer), 6 to 1, second; Red Glenn (Clawson), 30 to 1, third. Time—1:27. Myr, Royal Mile and Sea Spray and Salisbury II, also ran.

SUPREME COURT DECISIONS.

SYLLABUS. (L. A., No. 277—Department One—Filed April 8, 1898.) Russ Lumber and Mill Company, respondent; Muscupiabe Land and Water Company, appellant. Action to recover semi-annual installments of interest accrued upon promissory note. Reversed.

One party cannot enforce the performance of another's part of a contract while he is in default in the performance of his part of it. There is no difference in the effect upon a contract between the successful defense of a party of want of total failure of consideration and the successful termination of an action to rescind it. In either case the contract is rendered incapable of enforcement the judgment being a bar to any future action so far, at least, as parties to the action, or such concluded by it, are concerned. Where the failure of consideration is total, as where nothing of value has been received by the defendant under it and the plaintiff cannot perform it, no notice of rescission is required, but the defendant may plead want of failure of consideration.

A failure of consideration, either total or partial, may be pleaded as a defense to an action upon a promissory note, either wholly or pro tanto. A mere promise to perform an act in the future is not, in a legal sense, a representation, nor does a failure to perform such promise convert it into a false representation; but if the promise is accompanied with statements of existing facts, which show the ability of the promisor to perform his promise, and without which the promise would not be accepted or acted upon, such statements may be deemed representations, and if falsely made are grounds of avoiding the contract, though the thing promised to be done lies wholly in the future.

(S. F., No. 683—1st Bank—Filed April 14, 1898.) M. W. Fox, respondent; Hale & Norcross Silver Mining Company et al., appellants. Action by stockholder against corporation, directors thereof and others, charging fraudulent conspiracy between the directors and others to cheat and defraud the corporation and for an annulment. Judgment affirmed and reversed.

Proof of a motive to commit wrong is insufficient by itself to prove that the wrong has actually been committed. Fraud is a conclusion of law, and when made a ground of action the fact constituting it must be proved. See Bliss on Code Pleading, Section 211. Unless the facts are stated, at least in a general way, no cause of action is stated, and the appellate court has ruled that the facts must be alleged with sufficient distinctness to enable the adverse party to come prepared with evidence upon the general questions of fraud which will be raised.

Whether the evidence is sufficient to establish the fact is a question of fact which must be determined by the tribunal to which it is submitted; a declaration by the appellate court that it does establish the fact would be outside of its functions and would not be binding upon the trial court. Public policy declares illegal contracts made by a trustee with himself which he makes a profit and compels him to pay over all the profit to his beneficiary, even though the beneficiary be not injured.

It is presumed, however, even if in favor of a trustee, that he has done his duty, and when he has rendered an account of his stewardship which appears to be sufficient and fair, the account is presumed to be correct. In order to charge him with fraud and unfaithfulness, the beneficiary must falsify the account by evidence which does more than raise a suspicion. The evidence must be satisfactory within the rule stated in Section 1835, C. C. P. Guilt cannot be properly found from a comparison of a number of conjectures.

The appellate court has under the Constitution no power to review its own final judgments. See, also, opinion in Fox vs. Hale & Norcross, 108 Cal., 369. (L. A., No. 323—Department One—Filed April 9, 1898.) Gerard Grand, respondent; Louis G. Dreyfus, appellant. Recovery of balance of account due. Affirmed.

A long hand copy of a letter is just as admissible in evidence as a letter press copy, if shown to be a true copy. The admission of evidence which works no injury to either party and which has no influence upon the jury, even if erroneous, is not ground for reversal.

FEELING AGAINST UNITED STATES. PARIS, April 14.—The feeling here of both the press and the public is very strong against the United States especially since President McKinley's message. Mr. McKinley is compared to Pontius Pilate, and the American Congress is accused of a buccaneering spirit, which it is feared will extend to the possessions of other nations as well as those of Spain. There is feverish activity at the Government dockyards in completing vessels and returning old ones.

Rumor of Sky Denied. HOPKINSVILLE (Ky.), April 14.—W. P. Norton of this city, owner of the Wewona stock farm, has purchased of Charles Patterson the race horse Oranment for \$20,000. After this season's racing in Wewona will be retired to the stud at Wewona Stock Farm.

MEMPHIS (Tenn.), April 14.—Chas. Patterson, owner of Oranment, says there is no truth in the report he had sold his racer.

CONSUL MCGARR ARRIVES AT BEAUMONT. BOSTON, April 14.—The fruit steamer Barnstable, from Cienfuegos, Cuba, reached here to-day, having on board United States Consul McGarr. Mr. McGarr said all was quiet when he left Cienfuegos.

THE UNPARALLEL STORE. Summer Wash Goods.

Bright, beautiful, fresh, dainty spring stuffs, and summer stuffs, cotton prettiness galore. It took artists' brains and artists' hands to conceive the coloring and weave the beauty and harmony found in both the imported as well as domestic wash fabrics this season. You'll find, too, by inspection, that Yankee ingenuity is pushing the imported hard—which means a lessening in price with scarcely a perceptible difference in kind. We have thus far this season shown in kind and price an unrivaled line of organdies, dimities, lawns, percales, madras, and ginghams. They have sold rapidly, and as rapidly their places have been filled anew. We quote a few from the latest invoice, just to set you a thinking.

Sheer Organdies, 25c yard. American Organdies, 10c yard. Dimities, 15c yard. New Percalles, 12c yard. Gingham, 8c yard.

These are counterparts (copies) of the imported organdies, so handsome and delicate in effects and colorings as to vie with the imported for first place; they are beautiful floral and vine effects, as well as stripes and conventional patterns; makes up beautifully for a chic summer gown or shirt waist.

Almost if not quite as handsome as the 25c fabric, sheer, cool weave, handsome patterns, neat colors; just the thing for a dainty summer gown, and a value seldom seen at our price—10c yard. One of '98's most favored fabrics, comes in checks and plaids, principally in blendings of summer's most popular and soft colorings, is fine of texture and of even thread; the correct weave for smart shirt waists or for full summer costumes; fast colors and launder as when new. One of the most durable wash fabrics ever produced for making shirt waists or house wrappers; they come in light, medium and dark colors, to suit their usage; as well as coming in neat and appropriate patterns, fast colors and absolutely dependable; 12c per yard.
