THE DAY.

The observance of Memorial Day takes on unusual meaning this year. Not that the veterans are diminishing in number and their steps growing feebler, as they march to the graves of their dead comrades, for that has been noted steadily as the years have rolled on.

Such testimonials are not to the men alone, not to the self-sacrifice that inspired their devotion solely, but to the genius of the American Republic, to the liberty of conscience, person and expression, which is guaranteed the American citizen; to the loyalty of the people to the Constitution and the laws; to the spirit of patriotic devotion that makes the citizen soldier the arm of the nation's strength for defense or for assault.

The war in which we are now engaged is one for freedom for men, for the right of self-government among those human beings who, prone at our threshold stretch forth their hands in supplicating appeal for the exercise of the right to be free from the tyrannous rule of a monarchical power.

THE RED CROSS, THE COMFORT FUND AND A HITCH. The Red Cross work has gone on famously in Sacramento. Our people have reason to be proud of their patriotic and unselfish spirit in regard to it.

Right here we note that an unfortunate hitch has occurred that must at once be straightened out. Before a local Red Cross Association was suggested in this community the "Record-Union" advised the creation of two comfort funds, one for each of the Sacramento commands.

When the Red Cross started the comfort fund idea was in danger of being lost sight of, and we again called attention to it. Some noble women took hold of it and the matter began to take form.

No one who has given a cent to either movement for a moment dreamed of strings being attached to the comfort funds, but it appears that the money having been forwarded to the two companies, they have returned it because they are informed it is to be a revolving fund; that it is "given" as a loan, as it were.

A mistake has been made, a mistake

of judgment; we would be the last to say that it arose in any other way. If the fund is, however, not given as a free donation, is not to be what it was intended, a purse upon which the companies can draw at their will, and as they see fit, then it is no donation at all, and the whole purpose of the individual contributors has been lost sight of.

A DECEPTIVE PLEA. Premier Sagasta says in a doleful tone that Spanish pride is greatly hurt by the charge of colonial incapacity made by Americans.

THE TRIAL OF ZOLA. Los Angeles Express: Only two weeks more and Zola will be tried again, and hardly an American, so intent are we on our own affairs, has given it a thought.

THE RIGHT VIEW OF IT. All patriotic citizens, every man who entertains the idea that his country is superior to his party, will agree with the Baltimore "News" (Democratic) when it declares that "Those Senators who use this emergency as a time either for attempting to force the adoption of their financial notions, or for cutting off the Government's supplies while they pretend to make such an attempt, will be justly overwhelmed by public condemnation."

ONE PEOPLE. The County Paper: "The last vestige of the dividing line between the blue and the gray was wiped out and totally effaced in the bay of Manila the other day. In the harbor of Manila, away on one side of the globe, the reunion that was entered into at Appomattox thirty-three years ago was re-established and perpetuated for all time on May Day, 1898, over our feet on the other side of the globe, the flag of our new Union was unfurled for the first time as a battle flag.

NO NEED TO MISREPRESENT. Oakland Enquirer: The number of real successes won by the Americans in this war is sufficiently so that we have no need to misrepresent things to our own advantage.

CALIFORNIA WILL GAIN. Colusa Sun: California will be an ultimate gainer as a result of the war. It is said that the battleship Oregon, after having steamed around Cape Horn and arriving almost at her destination, has been ordered back to the Pacific.

WILL SHE SUE FOR PEACE? Oakland Tribune: It is an even money bet that if Spain is defeated in the pending engagement between the naval forces in the Atlantic she will sue for peace.

Not suiters are to be permitted with the army in this war. Thank heaven for that. Of all nuisances in the last war the sutler was the chief. He was an incubus it was impossible then to shake off, because the Commissary Department had not been brought up to such a state of efficiency that he could be displaced.

VOICE OF THE PRESS.

EXTRACTS FROM EDITORIAL EXPRESSION.

State and Coast Opinions on Subjects of Living News Interest. Santa Barbara Press: Uncle Sam has to wake up about every thirty years and show Europe that he can fight.

THE WAR FINANCES. Tulare Register: Obedient to our prophecy, made only a few weeks ago, it has already developed that the opposition to the United States in Washington has united in a determined effort to inflate the money of the country by further issues of silver and paper.

THE MEN WHO REALLY FIGHT. Los Angeles Times: The San Francisco "Chronicle" is not greatly enamored of the picturesque fighter of the plains. It says: "It is to be feared that Roosevelt's theatrical regiment will share the fate, if the war goes on, of 'Billy Wilson's' and 'Elmer's' battalions."

EASTERN PRESS EXPRESSION. WHAT LEADING PAPERS OF THE EAST SAY. On Matters of First Importance—The War—The Battle Flags.

New York Tribune: The assistant Spaniards who are trying to shove this country into a new debauch of paper currency should amend their measure so as to have their money printed on yellow paper striped with red.

WAR WITH A WEAK NAVAL. New York Herald: Few thinking officers failed to gauge the results of a war with a weak naval nation. They recognized that in a contest with a strong maritime power the struggle would be confined to coast defense, as an irritant, to that commerce destroying which is as futile in real war making as a wasteful raid or a sporadic and revengeful bombardment.

A FRANK CONFESION. Albany, N. Y. Journal: The Hon. Albany, N. Y. Journal made an interesting admission in the House of Representatives the other day when he said: "It is our war, not yours. My Republican friends, we took you by the scruff of the neck and dragged you into it, and that will be the verdict of history."

Now having brought the country into a condition of war is it the purpose of the Democratic leaders to withhold war supplies in order to embarrass the Administration and bring the Republican into a humiliating position?

Volunteers and Conscripts. Chicago Record: "Should our Volunteers be Raised by Conscription?" is the paradoxical title of an article in the May number of the "North American Review." In it Captain James Parker of the United States army holds that the exigencies of a great war would make the National Guard of the States a necessity at home for the prevention of civil disorders.

THAT SPANISH BOASTER.

Humboldt Standard: We should like to hear the opinion of the Governor-General of the Philippine Islands now has of the American navy. A few days ago he issued a bloating proclamation to his Spanish subjects assuring them that the Yankees were the excrescences of all nations; that their sailors and naval forces were without discipline and without courage.

THE BATTLE FLAGS. New York Times: The proposition to return the captured Confederate flags to the States by the troops of which they were borne, on application of the Governors, will arouse no opposition in the North, though the men who advocated some use of the mouth when Mr. Cleveland suggested it.

NEWS CENSORSHIP. Cleveland Plain Dealer: No sensible person will object to the censorship which the United States Government would exercise upon the press dispatches from the seat of war. No patriotic newspaper cares to publish anything inimical to the success of the American arms.

Bin, which I did about the 1st of October, 1897. He said my trouble was the cancer of the stomach. I commenced taking his medicine immediately, and the first three or four months there seemed to be but a very little change.

San Francisco, March 2, 1898. I saw Dr. Tom She Bin's advertisement. I first came up to 615 Kearny street to feel my pulse. He told me what trouble I had was true. I had a fever, my body and chills. I put my case to him: first week I take Chinese Herbs, one week I was great deal better. I been sick for six years. I go to white physician, cannot do me any good. I take Dr. Tom She Bin's Herbs six weeks; I was all well. I was cured about one year and never pain again. I take Dr. Tom She Bin's Herbs at Lafayette Place, between Green and Union, Kearny and Dupont, San Francisco, Cal.

San Francisco, March 4, 1898. By these presents I do hereby recommend Dr. Tom She Bin as a successful doctor to cure the dreadful disease styled consumption, so common among all classes. He has cured me in a very short term of twenty days, for the sum of amount of \$25 per day. Signed, MABEL BARBARER, 608 Upper Main St., Los Angeles, Cal.

San Francisco, March 5, 1898. This is to certify that I have been entirely cured of stomach trouble by Dr. Tom She Bin in two months. He has cured several American physicians and they had failed to cure me. MABEL BARBARER, Milpitas, San Jose, Cal.

San Francisco, March 6, 1898. I have had kidney trouble four years. My friend sent me Dr. Tom She Bin. He felt my pulse and he told me what my trouble was. I was cured in four weeks my troubles were all cured. Now my health is all good. I was sick for four or five years I went to white doctors, but never did me any good. Now I have got well and am all right. JENS J. JENSEN, 2134 Clara St., San Francisco, Cal.

San Francisco, March 7, 1898. I wish to give my testimony in behalf of Dr. Tom She Bin. It is about two months ago that I fell sick with influenza, being unable to procure no other help than that of domestic remedies. I got worse and worse, until I was totally paralyzed. I was induced to consult Dr. Tom She Bin, and he, by the aid of his wonderful Chinese herbs, I felt somewhat relieved in twenty-four hours, and he agreed to treat me for the sum of two hundred dollars, and now I feel grateful to the doctor for his efforts. Very truly, HILARIO PRECIADO, Los Angeles, Cal.

San Francisco, March 30, 1898. I have been ill for two years and a half with womb trouble. Could get no relief until I tried Dr. Tom She Bin who cured me. I have been troubled in the least since taking his medicine. I can honestly say that I was suffering and suffering the same as I did. MRS. A. L. DILEY, 217 Eddy Street, San Francisco, Cal.
