The Gospel Meetings to Close Tomorrow Until Fall.

To-morrow's services of the Young Women's Christian Association will close the gospel meetings till next fall. Most of the classes will close this month for the summer vacation, and re-open early in September.

The luncheon has been well patronized lately, and a daily lunch is served for a trifle more than the cost of care. The ladies of the city are responding very generously to an appeal for canned fruit for the winter's needs.

The rooms are bright and cheery, and all women are invited to rest or read when down town shopping or on other business. There are many things that might be done to make the rooms more attractive, and among the needs are sofa pillows, covers for the dining-tables (when not in use) and more good reading matter for the reading-room.

The Los Angeles Association has twenty-three periodicals on its reading tables. Many magazines used in homes will be acceptable to the girls if received until June. The daily papers have been donated, as are several magazines and church papers, all of which are eagerly read.

The Board of Managers are planning an entertainment to be given at the rooms on Thursday evening next. A Red Cross fund. Fancy articles are solicited for the Red Cross booth, and can be left at the rooms at any time before Thursday evening.

The association will also assist at the carnival at Oak Park on July 1st.

ESCHEATED ESTATES.

Nearly Two Thousand Dollars for the County Treasury.

When Public Administrator Miller died he left quite a number of unsettled estates of deceased persons, among them some to which no heirs nor claimants could be found. The total sum embraced in these amounted to \$1,822.38, and yesterday this sum was paid into the treasury by Mrs. Miller, executrix of her husband's estate, in accordance with an order made by Judge Johnson. Mrs. Miller and her husband's bondsmen have been released from liability in the premises.

IT WAS NOT SAMPSON.

Only Railroad Employees Blowing Up Scrap Iron. Shortly before sunset last night what was supposed to be a severe cannonading was heard in the northwest portion of the city, and a rumor spread that Cervera was trying to escape through Lake Como, and that Sampson had sunk two of his ships.

Numbers of citizens, fearing the city would be bombarded, hurried to the spot, but it was found that the railroad employees were blowing up old cylinders and other iron near the foundry.
