PROMISE OF A SPLENDID PROCESSION ON THE FOURTH.

There Will Be Enough Money For Fireworks in the Evening Also.

The Fourth of July Committee held a meeting last night at the City Trustees' room, to hear reports of the committee and perfect plans.

Mayor Land, the Chairman, called the meeting to order.

Chairman Johnston of the Parade Committee reported that the details of the parade were in the hands of the Grand Marshal, who said it was to be the greatest parade ever held here.

Judge Hinkson said that he would not give a cent for a man who was not patriotic enough to walk in a procession at this time, and he thought every one would be willing to do so.

Mr. Turner said that he understood the fireworks would be set off in Capitol Park, Secretary of State Brown having consented, as there will be no set pieces.

The meeting then adjourned till next Tuesday night.

EVERYBODY'S COLUMN.

Under this heading the "Record-Union" will publish short letters from correspondents on topics of interest to the general public.

All the questions at issue in the Union Association's trouble are involved in the present hearing, and as the action is a very important and far-reaching one the arguments may consume several days.

The legal fraternity was quite largely represented. For the receiver were Lawyers George L. Johnson and James B. Devine; W. H. Devlin appeared for the Farmers' and Mechanics' Bank; Clinton L. White for the National Bank of O. D. Mills & Co., and various stockholders and other interests were guarded by W. A. Gatt, Hinkson & Elliott, C. W. Baker and J. H. Smith.

A BUILDING AND LOAN CASE.

ACTION OF THE UNION'S DIRECTORS CONTESTED.

The Effort to Recover Securities Said to Have Been Illegally Pledged.

Judge Buckles of Solano presided in Judge Johnson's Court yesterday at the hearing of arguments on the demurrer to the complaint in the case of T. W. O'Neil, receiver for the Union Building and Loan Association, against a large number of the stockholders to recover the sum of money paid out in liquidation of the sixth series of matured stock.

In order to make these payments the directors of the association borrowed some \$50,000, giving as collateral therefor certain notes, mortgages, etc. This, it is claimed by the receiver, the directors had no legal authority to do, and he now seeks to recover the securities alleged to have been illegally hypothecated.

ANTI-CIVIL SERVICE.

State Convention Called to Meet in San Francisco.

The Anti-Civil Service League, after due consideration, has issued a call for a state convention to complete the organization of a State League for California and to take action on a petition to the National Anti-Civil Service League, to elect State officers and a State Executive Committee, adopt a constitution and by-laws, outline a plan of action during the coming political campaign, receive reports of district anti-civil service organizers and present State officers, and to transact such other and further business as may be brought before it.

The convention will be composed of delegates and representatives appointed by all anti-civil service leagues and clubs throughout California, and all clubs of political parties opposed to the so-called civil service dogma, and of the officers of such organizations. Also all persons opposed to life tenure in public office. No limit is placed on the number who desire to participate and co-operate in the work of the convention and the league.

The convention is called to meet in San Francisco on Wednesday, June 23, 1898, at an hour and place of meeting to be announced two days previously.

THE WHEEL RACES. Entries Coming in Rapidly For the Fourth.

The surprising thing has occurred. In no case when the Capital City Wheelmen have given a race entertainment here before have entries come in until very near the date of closing.

Secretary Goethe reports that for the meet of the Fourth of July, already a fine list of entries are on hand, and that the race will be a most interesting one.

There are seven entries from abroad already for the championship, and a half dozen for the novice from Sacramento, San Jose and San Francisco.

Among the entries is a very good one, a Wheelman Wilson, C. C. W., has organized and is drilling a bicycle artillery corps of four guns and twelve men who will appear on the track and go through intricate evolutions, and fire Fourth of July salutes. The guns are small, but large enough to make noise and make a most entertaining feature. The artillery corps will appear in the general parade also.

A JUROR'S MISTAKE. One That Cost Major Robie Ten Dollars.

Major Ira A. Robie had too many engagements for Monday and one of them had to be broken. He was to have appeared in Judge Hughes' court as a juror, and he also had important business at Auburn. He decided to go to Auburn, with the result that a bench warrant was issued and the Sheriff directed to bring the gentleman into court.

Robie returned Monday night, the warrant was served, and he was permitted to run at large on his promise to show up the next morning. Yesterday he appeared before Judge Hughes, who taxed him \$10 for his little mistake.

NOT A BAD SEASON. Good Reports Received From the Farms and Orchards.

Following is a summary of the crop conditions for the week ending on Monday last: Except in the extreme northwestern portion of the State, no rain fell during the third week in June. At Eureka the precipitation was more than double the normal amount, but elsewhere it was less than normal. The temperature was nearly normal.

The week was good for hay, and much hay was cut. In some counties there are reports of a heavy yield of hay and grain of all kinds, all of excellent quality. The second crop of alfalfa has been favored by the weather.

Much Egyptian corn has been planted. Fruit, peaches and almonds, are generally in good condition. Peaches are better than expected. Cherries are plentiful and

grapes promise a very large yield, especially raisin grapes.

Some Muscats have dropped for the reason of high winds or lack of vitality. Pears and prunes vary, being plentiful in some sections and scarce in others. Apples will make a heavy crop. Honey is reported a failure in some counties. Beets, potatoes and all vegetables are doing well.

Land Patents Signed.

Governor Budd has signed the following patents for the sixteenth and thirty-sixth sections:
