

FOR STATE FAIR EXHIBITS.

CHAMBER OF COMMERCE WILLING TO HELP.

Various Matters Considered by that Body at Last Night's Meeting.

The regular monthly meeting of the Directors of the Chamber of Commerce was held last night...

Among the subjects that were considered was one of a branch Postoffice station on Second street...

The matter was referred to a special committee of three and the President appointed Messrs. Enright, Miller and Small as the committee.

The committee on Exhibitions, L. F. Breuner, Chairman, reported that the committee had tendered its services to the State Agricultural Society...

The recommendation was adopted, and the committee was requested to get down to immediate work.

D. A. Lindley and J. O. Coleman reported that D. B. Woods of Woodland had obtained the contract for filling the cuts in the base of the levee above Elkhorn...

The following communication from the Civic Federation of Chicago was read and the matter was referred to the Committee on Public Affairs:

Dear Sir: Enclosed please find copy of a call which is being signed by representative men all over the country...

The call will be signed in this city by Presidents of leading clubs, commercial bodies and representative citizens generally.

"Call for a national conference on the foreign policy of the United States: The undersigned deem it desirable that a national conference be convened at an early date to consider the future foreign policy of the United States...

The war with Spain gives promise of the overthrow of Spanish power in Cuba, Porto Rico, the Philippines and the other of that country's colonial possessions.

The question of what disposition the United States should make of these possessions when peace is reached is none too soon in engaging the thought of our people.

"This question impresses us as being one of the most serious the American people have had to consider. It is a new question and one upon which very little thought has been bestowed by the great majority of our people...

Whether the foreign policy of the 'fathers' should be adhered to or departed from is enough to challenge the most serious consideration of our ablest and most thoughtful men.

The people should be informed of the reasons which such men, after mature reflection, have formed, and of the reasons which have influenced their judgment.

In this way the people may be aided in reaching an intelligent and wise decision as to the course which, under all the circumstances, it is best that the United States should adopt.

"In our opinion, this conference should be composed of men from all parts of the country, without regard to party affiliations and irrespective of whether they are for or against a policy of territorial expansion...

With this end in view, we hereby unite in calling a conference to be held at Saratoga Springs, N. Y., Friday and Saturday, August 19th and 20th, 1898."

COOLGARDIE EXPOSITION. The following communication was read and referred to the Committee on Public Affairs:

San Francisco, June 18, 1898. Dear Sir: We beg to hand you herewith printed circulars of the International Exhibition, Coolgardie, Western Australia, which explain themselves. We wish to commend this to your careful consideration...

We have reached the point where the value of our manufactures exported have exceeded the value of foreign manufactures imported.

For the ten months of the last fiscal year the excess is reported at \$40,000,000.

This it is hoped is only the commencement and we predict the exhibition will afford an opportunity not to

ZINOLITH. ZINOLITH may be called a ready mixed flat paint, a fresco paint, a water color or a liquid stone...

For walls and ceilings, ZINOLITH is better than any kalsomine or other dry sized wall finish made.

ZINOLITH for an outdoor finish for brick, plaster or cement cannot be excelled.

PUT UP IN 16 DIFFERENT COLORS. Price, 1 gallon tins, per gallon, \$1.25. Price, 5 gallon tins, per gallon, 1.15. Price, 50 gallon barrel, per gallon, 1.00.

AMERICAN CASH STORE, Agents for Sacramento and all Distributing Points.

INDIFFERENT ABOUT VOTING.

FIVE THOUSAND VOTERS STILL OFF THE REGISTER.

But Twenty Days Left in Which to Protect Their Right of Suffrage.

The worst troubled men in town are Registration Clerks R. O. Cravens and George Ebert. While they cannot be held responsible for the failure of voters to register...

FROM STEWART RIVER.

A "Klondiker" Who Writes in a Very Hopeful Spirit.

W. E. Russell of this city, who went to Alaska last winter, writes at length from Stewart River to a friend here, under date of June 16th:

"Dear Friend: Just a line to let you know that we arrived here in good health, after a very hard journey over many mountains and swamps."

"The most dangerous part of our trip was at Thirty Mile River, the current being about ten miles an hour, and a very rocky channel. We passed not less than fifty wrecks—boats completely smashed and outfits gone."

"Now, in regard to the gold mines, I can say we struck our first gold on Monday, June 13th. We have nine men with us, hence we do not anticipate any trouble in getting out gold in small or large quantities."

"No one here seems to doubt that there is an abundance of gold in this section. Strange to say, however, there has not been a claim recorded either the Pelly or Stewart Rivers. This information was obtained from one of the mounted police at Fort Selkirk."

"The climate here is simply fine. Today the thermometer shows 80 degrees in the shade. This is the best we have had. Last night it was 11 p. m. when the sun went down. I find it difficult to sleep sometimes, there being no darkness whatever. I expect we will get enough of that next winter."

"We get no outside news, so a letter will be considered quite a treat. Remember us kindly to our friends. Address Dawson City."

A NEW HOME FOR BOOKS.

The State Library to be Placed by Itself.

So great has been the demand for space in the State Library that the Trustees, in consultation with Librarian Frank L. Coombs, have decided to make important changes at an early date as possible in the arrangement of certain books.

Some of the contemplated changes which will be fully set forth before they are made, Librarian Coombs yesterday said: "It has long been evident that there is not the proper arrangement regarding law books, for which reason it will be necessary to separate the law department from the rest of the library, as it is separately catalogued."

Under the present arrangement a lawyer cannot get in after 4 o'clock, or if he does enter the library it leaves all other parts of the library open.

"This should not be. The remedy lies in moving the law library to a place by itself and having a special librarian in charge of the books there. We have discussed these changes fully and decided that they shall be made. It will be a great convenience to the entire public, especially to those who desire to consult law books."

ELL DENISON'S WILL.

How the Former Sacramentoan Disposed of His Estate.

The will of the late Senator Ell S. Denison, who died at his home in Oakland on the 7th inst., has been filed for probate by the widow, Della M. Denison, who is named as executrix without bonds.

By the terms of the instrument, which is witnessed by Judge Rhodes Borden of Oakland, \$1,000 is given to each of his brothers, Harry Denison of Oakland and Joseph L. Denison of Sacramento, and also to his sister, Sophia D. Ostrander of Oakland.

The balance of the estate, valued at \$50,000, is left to the widow with a request that she manage it carefully and at her death leave all to their two daughters, Olive and Lavane, and to his stepson, Harvey Sloper, share and share alike.

Sixty Days for Anita.

In the City Justice Court yesterday S. R. Hart, attorney for Anita Seaward, who, on Wednesday last, was convicted of vagrancy, made a formal motion for a new trial, which was denied. He then waived further time, and Justice Davis set aside the verdict for sixty days in the County Jail.

Pending a motion for appeal she was admitted to bail in the sum of \$100.

Still on Trial.

Yesterday was the fourth day of the trial of the case of the Sacramento Electric and Railway Company against the North Fork Ditch Company in Judge Hughes' court. Involving the use of water from the American River, the defense moved for a nonsuit, which was refused, and then the ditch company began its side of the case.

Estate of Mrs. E. C. A. English.

A. S. Greenlaw, W. H. Sherrburn and Howard Kimbrough, appraisers of the estate of E. C. A. English, deceased, have filed their inventory and appraisal. The estate foots up \$16,987.69.

A personal property and real property valued at \$8,000, making a total of \$24,987.69.

To Foreclose a Mortgage.

Maurice Leavitt, by his attorney, Hiram W. Johnson, has brought suit against Mary E. Howard, administratrix of the estate of Madison Howard, deceased, to foreclose a mortgage on certain real estate for \$3,844.55. The original amount of the debt in October, 1894, was \$2,700.

ALFREDUMS EGYPTIAN HENNA

A vegetable dye for immediately restoring gray hair to its original color. Convenient and effective; no objectionable qualities. For sale by first-class druggists and hair dressers.

Try McMorris's 60c uncolored Japan tea; E. B. tea, 70c; G. P. tea, 85c; P. F. Japan tea, 50c; 531 M street.
