

THE HAWAIIAN COMMISSIONERS.

Congressional Committee Has About Completed Its Work.

Expect to Sail From Honolulu for the United States To-Morrow.

The Commissioners Deputed With Petitions From Native Hawaiians—The Patriotic League Passes Resolutions Asking for the Restoration of Ex-Queen Liliuokalani.

SAN FRANCISCO, Sept. 21.—The steamship Alameda arrived to-day from Honolulu, with the Hawaiian Commissioners on board. The Hawaiian Commissioners are expected to sail for the United States to-morrow.

The undersigned being delegates of the Hawaiian Patriotic League, an organization which is composed of native Hawaiian people from all districts of the Hawaiian Islands, assembled in a convention held in the city of Honolulu, on the 12th of September, A. D. 1898, hereby respectfully submit to your honorable commission the following resolutions:

The resolutions set forth Liliuokalani's protest when yielding to the Provisional Government, January 7, 1893; President Cleveland's review of the situation in his message to Congress in December of the same year; alleges that the annexation treaty has failed, the joint resolutions, as amended, are cause not passed by the people of the Hawaiian Islands or the representatives in the Legislature and concludes: "Therefore, be it resolved, That as the representatives of a large and influential body of native Hawaiians, we solemnly pray that the constitutional government of the 10th day of January, A. D. 1893, be restored, under the protection of the United States of America."

Among the speakers at the mass meeting was Robert W. Wilcox of revolutionary fame. While a few weeks ago he was an ardent annexationist, he now took the oath of allegiance in order to qualify himself for a full pardon for past misdeeds, he is now convinced that he was wrong. The natives had been robbed of their country, first by the Provisional Government, then by the republic and now by the United States.

"It is useless to say that the flag over the Government building will not come down again," said the irrepressible revolutionist. "It was up before, and it came down again. The wrong was shown then, and it can be shown again. It will be shown that the annexation movement was carried through by a handful of foreigners, and I tell you the flag of the United States will then come down. If America loves us, why were not Hawaiian places named in the commission? We are not represented there. Next thing we shall not be able to vote. No benefit to us can come out of the arrangement. Speak your minds. No one can hold your tongues. Persevere. Work for restoration."

The Hawaiian National League presented their memorial to the commission yesterday morning at 10 o'clock. The committee were before the commission nearly an hour, many questions being put to them by the Commissioners directed to the royalist meeting, for which the Commissioners seemed to seek an explanation.

From the tone of questions and the evident desire of the commission to ascertain all that was possible about the leaders of the royalist meeting, it would appear that a very bad impression has been effected by it in some of the minds of the Commissioners. Other questions put to the committee touched on the franchise.

Following is the text of the memorial presented: The Hawaiian National League, by its committee duly appointed, by its several delegates of the several branch associations from the several islands at a meeting duly held in Honolulu on the 12th day of September, 1898, respectfully ask you to embody in your report as part of your recommendation to Congress the following:

The form of government which would meet the approval and serve the best interests of these islands would be, in our humble opinion, that of an organized territorial form of government, with the right to administer our own local affairs in the widest manner possible, not in conflict with the interests of the Federal Government. Our reasons for asking for this form of government are:

First—That we have been accustomed for the past fifty years or more to exercise the highest prerogatives of a sovereign State. Second—That in the exercise of these sovereign rights we have kept ourselves free from foreign entanglements and have given the greatest amount of protection to life and property, enabling subjects of other nations to enjoy the benefits of a free and enlightened government. Third—That under the new order of

things, the form of government we pray for will enable us to qualify ourselves for Statehood, should wealth and population favor us.

We pray that we be given the right to vote in all local affairs compatible with a representative government, without any restriction except that of an educational one.

We pray that our judiciary system shall be kept in the present form as near as possible, and that our Supreme Court be the last court of resort in all matters pertaining to our local affairs.

We pray that no contract laborers be allowed to come into the country, but that a transition state be allowed the agricultural interests of the country to adjust themselves to the new condition of things.

We pray that the local flag of Hawaii be the flag that we be allowed to live under. Such an act of courtesy will be most pleasing and agreeable to the people of these islands.

We pray that, in the formation of our local government we be allowed to make appropriations for ex-Queen Liliuokalani, Princess Victoria Kaiulani and Queen Dowager Kapiolani.

GENERAL MILLER.

He Will Command the Reinforcements to be Sent to Manila.

WASHINGTON, Sept. 21.—General Miller, now in command at San Francisco, will command the reinforcements ordered to Manila.

Batteries A and D of the California Artillery will go with the expedition. General Miller has made application to have the troops which accompany him armed with the Krag-Jorgensen rifle. The department will stand upon the order recently issued respecting arms, and the commanding General at Manila will decide what regimen, if any, will be armed with the Krag-Jorgensen.

General Merriam, who reached San Francisco yesterday from Honolulu, has telegraphed the War Department of his arrival, and says he will send his report by mail. This report is on the subject of camping grounds and military matters in general at Honolulu.

PRESIDENT MCKINLEY.

Decides to Postpone His Departure for the West.

WASHINGTON, Sept. 21.—The President has decided to postpone his departure for the West until the second week in October, giving himself only time to reach Omaha by the 12th. This is a change from the original program, which contemplated an earlier start and a visit to other places before arriving at Omaha. He has received invitations to visit other points en route, but he has definitely decided only to go to Omaha on the 12th and to Chicago on the 17th.

It is not expected that Mr. Hay will be installed as Secretary of State before the President's departure for the West, and it is hoped to have the War Department investigation well under way before the President gets away.

The report that ex-Governor Woodbury of Vermont had been asked to accept a place on the investigation committee, and that he had accepted, was confirmed at the White House today. He is the seventh member of the commission. There are two places still to be filled.

FIVE MEN INJURED.

A Bad Accident Occurs Near Corapolis, Pennsylvania.

PITTSBURG (Pa.), Sept. 21.—Five men were injured at the new Government dam at Neville Island, near Corapolis, Pa., today, when the dam broke, causing a large derrick sixty feet above the crane to the ground. In its descent the derrick tore away the supports of the crane, which crashed down on the workmen. A huge block of stone which was being raised when the rope broke fell a distance of forty-five feet among the group of workmen, and the men ran, and all but five escaped injury.

Cleveland Strike.

CLEVELAND (O.), Sept. 21.—Another ineffectual attempt was made today by the officials of the American Wire Company to take non-union men into their mill. Fifteen non-unionists, mostly Poles, accompanied by two of the company's officers, started to march from the street car to the plant. They were met by 150 strikers, who were doing picket duty around the mill, and driven away. The police allege that no violence had been attempted, and refuse to arrest any of the strikers.

Troubles in Philippines Not Over.

MANILA, Sept. 21.—The report that the last Spanish garrison in the island of Luzon had surrendered is premature. The Spaniards still hold seven sea-points in Albany province, the principal of which is Zamboanga. The disturbances have already resulted in a diminution in the output of Albany hemp by 250,000 bales, compared with last year's figures. Further fighting seems imminent, and unless peace is concluded the shortage will be doubled.

Fatal Floods in Spain.

MADRID, Sept. 21.—The southern part of Spain has been visited by terrible floods. At the village of Herrera, near Cadiz, eighty persons have been drowned. A great number of cattle have perished and the olive harvest is lost, especially in the provinces of Seville and Granada. There have been many deaths in other parts of the flooded country.

are tied up. No details of the Alabama quarantine have been made public.

Odd Fellows at Boston. BOSTON, Sept. 21.—Odd Fellows to the number of 20,000 paraded to-day beneath a bright sky through streets handsomely decorated in their honor. The streets along the entire line of march were filled with spectators. The route was five miles long, and for the entire distance buildings were elaborately decorated. Business was quite generally suspended.

Indicted for Murder. NEW YORK, Sept. 21.—The Grand Jury to-day returned an indictment for murder in the first degree against Dr. Samuel J. Kennedy, who is accused of the murder of Emeline C. Reynolds, better known as "Dolly" Reynolds, in the Grand Hotel on August 10th.

Barry Defeats Towns. LONDON, Sept. 21.—W. A. Barry defeated George Towns of Australia today in the final heat of the races for the sculling championship of England. Time—23:23. Towns held the lead for a mile, but dropped out of the race on the second mile.

Embassador Cambon. PARIS, Sept. 21.—The "Echo de Paris," says M. Cambon, the French Ambassador at Washington, is to be transferred to Vienna.

If you have been sick you will find Hood's Sarsaparilla the best medicine you can take to give you appetite and strength and restore you to a condition of perfect health.

Hood's Pills cure nausea, sick headache, biliousness and all liver ills. Price 25 cents.
