

ONLY ONE FAVORITE WON.

EXCELLENT RACES AND SOME CLOSE FINISHES.

Homestake, a Twenty to One Shot, Captured the Five and a Half Furlong Race.

The atmosphere was clear and the day a beautiful one at Agricultural Park yesterday, notwithstanding the fact that the wind was in the north. The attendance was about the same as the previous day. It was an enthusiastic crowd, however, and the plaudits and horses to the end when driving finishes were made. It was not a favorites' day, only one winning—that being Napian. Thorpe did not ride in his usual luck, either, but the only short-end that got in his work was Homestake, 20 to 1.

In the first race, six furlongs, selling, for three-year-olds, there were eight entries, with Routee Wheel as the favorite at 2 to 1, with Saucy Eyes 9 to 5, Darechota 5 to 2, Magnin 10, Imp. Allen 40, Barney Schreiber 10, Tenric 20, and Eroica 8.

Tenric started ahead, but was soon in the rack, while Barney Schreiber went to the front at the five-eighths post, with Routee Wheel a couple of lengths behind. Around the turn Darechota was ahead, with Routee Wheel next. Eroica and Tenric came up with a rush in the stretch, and Darechota passed under the wire a length and a half ahead of Eroica, with Tenric a couple of lengths behind, beating Routee Wheel for third by a head. Time—1:18.

In the five-furlong race, selling, for two-year-olds, Napian sold for 11 to 20, Gilt Edge 5, Miss Reel 12, and Bland 20. Napian was riding Napian, which sent his stock up to the head, and the result justified the odds given. Napian got off ahead, with Miss Reel second, and Gilt Edge next. They ran thus to the five-eighths post, but at the half Gilt Edge was ahead, with Napian and Miss Reel behind him. They came down the stretch in the same order, but after passing the sixteenth post Thorpe lifted Napian with a rush into the lead, and Gilt Edge slipped into second place. Napian won easily by two lengths, with Gilt Edge second, half a length ahead of Ojai, who was forced to content himself with third place. Time—1:04.

The next race, selling, six furlongs, for three-year-olds and over, had five starters. Fig Leaf was the favorite at 2 to 1, with Miss Dividend at 2 to 1, Outgout 4, Dolly D. 12, and Outgo 40. Outgout got off ahead after several false starts and considerable jockeying, with Fig Leaf next to him. At the half Outgout had taken second place, which he kept until the heat, when he was ahead when he went up into first place. Down the stretch it was a struggle between Outgo and Fig Leaf for second place, which lasted until sixty yards from the wire, when Outgo passed her. Outgout won by two lengths, Outgo beating Fig Leaf by a half length for second place after a hard struggle. Time—1:17.

There were only four starters in the seven furlong selling race, for all ages. Marplot, ridden by Thorpe, was the favorite at 3 to 5, with Moringa and William O'B. each at 10 to 1, and Britanica 25. Moringa got off slightly in the lead, but was passed by Marplot before they arrived at the quarter. At the half Marplot was still in the lead a couple of lengths, with William O'B. about the same distance behind. Marplot led around the turn, but at the last quarter Moringa challenged him, and they had a pretty race down the stretch, neck and neck, to within forty yards of the wire, where Moringa forged ahead and passed under the wire a length ahead of William O'B., three lengths behind Marplot, and the crowd cheering the winner. Time—1:28.

AN UNEVENTFUL VOYAGE.

HOW RAY TRASK LOOKS UPON SOLDIERING.

His Opinion of the Residents of Manila and the Prospects There.

Roy Trask, one of the boys from down the Sacramento River, who enlisted and went to Manila, has written home to his family as follows: Arrived here at the bay of Manila on the 21st of August, and landed at the 22nd Street wharf. I was escorted to us, so we entered the harbor ourselves, passing a German cruiser at the mouth of the bay, and then sighting the blockade, which extends clear across the harbor. There are different men-of-war stationed near the forts and barracks to keep the insurgents from committing any depredations, as they would destroy everything that belongs to the Spaniards. There are the German, English, Japanese and American warships and the Spanish submarine navy, which looms up quite extensively.

We were wishing they would land us at Manila, so we could have some of the excitement, but just as well here if not better. We are stationed in barracks formerly occupied by the Spaniards, that is better than camping on the ground, as we have a good deal of material under the chairs and tables, and I can sleep pretty good in that kind of a bed, much better than our tents at the Presidio. The voyage from Honolulu was uneventful, and it took seventeen days from there to make the trip, which was very good for me, and a better appetite was buried at sea. It was a long, tiresome trip; much better food from Honolulu than it was before we reached the islands. All the boys were perfectly satisfied with the food on the ship to Manila. I enjoyed the trip very much. I met a lot of good fellows in my life. They landed us from the steamer Peru in small boats and buoys that formerly belonged to the Spanish. The Stars and Stripes float over everything, for all buildings in the surrounding country, and everything is under our control.

August 13th they captured Manila, with a loss of about fifteen killed. The Astor Battery won renowned fame by doing such heroic work, as the Spanish made a dash on them and captured two of their guns and they retreated for a hundred yards, and a better appetite drew their revolvers, which was all they had, charged on the Spaniards, drove them back and recaptured their guns, and then slaughtered them. The fighting is all over. The Spaniards are glad to be under American protection. A lot of natives are exchanging goods, and to give prizes for the same; to deal in hay and grain. Continued for Argument. In the matter of the contest to the filing of the final account by the administrator and administratrix of the estate of Caroline Leimbach, in Judge Johnson's court yesterday, the evidence was taken and the matter continued until October 12th for argument. The contestants, Albert E. Leimbach and Amy C. Tryon, put in a number of claims against the estate which had never been satisfied.

In Justice Court. In the City Justice's Court yesterday George Carter pleaded guilty to a charge of vagrancy, and was floated out of town on a sentence of six months in the County Jail.

Rolf Admits He Was Guilty of Robbing the Japs.

Karl Rolf, the young man arrested in San Francisco a few days ago for holding up and robbing two Japanese near Brighton Station about two weeks ago, had his preliminary examination before Justice Henry yesterday, and was held to answer to the Superior Court, bail being fixed in the sum of \$2,000. M. Tsuda, from whom the robbers took \$22.25, identified Rolf as the man who had held a pistol at his face while the rest went through his pockets. Tsuda said there were four of the robbers and as the moon was full he saw them all very distinctly. The witness said one of the four robbers fired a shot, wounding his friend, T. Yokota, in the head. County Detective Max P. Fisher testified that he had had a conversation with Rolf subsequent to his arrest. He had told him of the mass of evidence that would be used against him, and that he declined to say a word which might lead to the detection of his confederates, and he would not testify against them if they were captured. Rolf expressed a wish to make a statement and was placed under oath. He said: "I am one of the four men who robbed the Japs. Me and my partner didn't do anything to him but take his money. We don't want to say anything, denial and what Fisher said was true."

THEY TOOK HIS TIME.

But Barrett Was Lucky Enough to Keep His Ticket.

I. H. Barrett, who says he was Master-at-Arms on the Olympia, at the battle of Manila, but who was recently sent back on account of sickness, was in the City Justice Court dock yesterday morning. He admitted that while he had swallowed more intoxicants than was good for him, that somebody had profited by his experience and stolen his watch, chain and meerschaum pipe. The thieves, however, had failed to locate his railroad ticket to his old home, and he went on his way rejoicing. He got full again yesterday, however, and landed in the City Jail again last night.

HAPPY MOTHERS AND HEALTHY CHILDREN.

Lydia E. Pinkham's Vegetable Compound Goes Straight to the Cause of All Female Troubles and Assures a Healthy Maternity.

Mrs. M. SINGER, 104 Hudson Ave., Rochester, N. Y., writes to Mrs. Pinkham as follows: "When I applied to you for advice I had been suffering some years from debility, nervousness, etc. I had had several miscarriages and was pregnant when I wrote to you."

"I am grateful to say that after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was considerably better, and after using three more I brought me where I am to-day. I am well, and the mother of a three-months' old baby."

"Doctors had failed to help me. I have no one to thank but Mrs. Pinkham and her wonderful remedy."

Mrs. ELLEN DUNGAN, Reeder's Mills, Iowa, writes: "DEAR MRS. PINKHAM—I thank you for what your medicine and advice have done for me. I have a baby two months old. When he was born I was sick only fifteen minutes, whereas with my other children I was sick for two or three days, and also suffered with my left leg, and could get nothing to relieve the pain but morphine. My leg did not trouble me at all this time. I had no other pains and was not as weak as I had been before."

"I cannot praise Lydia E. Pinkham's Vegetable Compound too highly. May God bless you in your noble work."

Mrs. J. W. PRUETT, Medford, Oregon, says: "My health, also the baby's, we owe to Lydia E. Pinkham's Vegetable Compound."

Mrs. JOHN W. LONO, Wyoming, Iowa, writes: "I had shooting pains all over my body, was very weak and nervous. I could not straighten up. I wished to become a mother but was afraid I never could. Seven months ago I got some of your Vegetable Compound, and after taking half a bottle was much relieved. I took four bottles and was cured. Now I have a big baby boy which I feel I owe to your Compound. Many thanks for your kind advice."

Barler

The comfort, convenience and economy of a strictly first-class portable heater can never be known except by its use in your own home. We sold over two hundred and eighty-five "Barlers" last season and not a single complaint did we hear.

The Barlers can be regulated for any degree of heat, are always ready at the touch of a match and will heat your room for 1 1/2 cents an hour without any disagreeable smell. They are as effective for constant work in cold weather as for temporary use in autumn.

The picture shown opposite represents the \$3 Barler. This is not a lamp, but a substantial heater, embodying all the merits of the larger sizes in a condensed form. Size 27 inches high, weight 16 pounds. Price \$5.

Dining Chair \$1.25

The mystery of the low price of this chair is no mystery at all. We buy them in carload lots, hence both manufacturer and railroad make concessions in our favor. This chair is made of good, solid, substantial oak with an excellent finish. The seat is 17 inches wide; it has brass arms and eight spindles in back. Price \$15 the dozen or \$1.25 each.
