

ELECTION BOARD OFFICERS.

REPUBLICAN CENTRAL COMMITTEE OBJECTS TO THEM.

Many Said Not to Be Taxpayers and One Not to Be Able to Read and Write.

The Republican County Central Committee is very much dissatisfied with the list of election officers appointed for this city by the Board of Supervisors for the coming election.

The members find particular fault with the officers selected for the First Supervisor District and claim that most of them are disqualified under the law.

It is further stated that in the Sixth Precinct one of the Judges is down on the Great Register as not being able to read or write.

The Central Committee has appointed a sub-committee, consisting of John Cavanaugh, P. S. Driver and Albert Starr, to take the necessary steps to prevent the ineligible persons from acting.

EVERYBODY'S COLUMN.

Under this heading the "Record-Union" will publish short letters from correspondents on topics of interest to the general public.

The Single Tax.

Eds. "Record-Union": In a recent issue of a Sacramento newspaper I find a letter purporting to come from a rancher, signed "Rancher," in which the following paragraph occurs:

"I am now taxed on my land and also on that which I produce from my land, my personal property."

As I am myself at present living on a little farm on some of the best spots that I would be taxed on my land only, according to its value.

Suppose I should go into hog raising, for example, under the single tax, I want to ask any thoughtful man, say a mechanic who likes bacon and eggs, whether I should not be compelled to charge more for hogs and chickens (or bacon and eggs) raised on land that costs me \$300 a year taxes than on lands that are taxed but \$30 a year?

In other words, if I should have to mail down to a heavy tax and excuse all the nabobs of wealth-owners of carriages, diamonds, elegant residences—would I not be compelled to increase the price of all the commodities I offered for sale?

I am sure that the market price of everything I raise is governed by the cost of production, and if it costs me more to raise bacon, eggs, wheat, corn, etc., next year than this year, then the price of those things (to the consumer) is sure to increase next year, and by a law over which I have no control.

Then if this is true, how is it possible to levy a tax on land that will stay levied there? How will

it be possible to place a tax on the acres that produce crops that will not be shifted by the man who produces crops to the man who consumes them?

Now let me go a step further: Suppose John Smith to be a carpenter living in a five-room cottage in Sacramento for which he pays \$15 a month.

Near to him is John Jones, a lawyer who earns \$10,000 a year, who lives in a house for which he pays \$100 a month. The cottage and the lawyer's house are not a block away from each other, each lot being 50x100 feet, and each assessed at the same value.

How is it with the poor carpenter? Let us see: His landlord finds himself assessed so much more for his lot (same value as that occupied by the lawyer) that he must raise the carpenter's rent to nearly \$60 a month, or build a large house so that his income will be sufficient to enable him to pay taxes on the land.

My home has been my refuge. Come what may, I have felt that I could produce the food for my family here, that the roof would remain over them. I might subsist here as Robinson Crusoe on his island, only with my loved ones near me.

While the sudden move of the police to enforce the ordinance will do so many arrests in a spectacular manner, it will not be considered as effective as direct arrests, yet it had the effect of calling general attention to the fact that the law is to be enforced hereafter.

While most of the arrests last night were made for the disregard of the provision requiring the ringing of a jingle bell, the most important matters are the ones that cause most of the accidents are the riding on the wrong side of the street, the turning of corners improperly and the riding at an unlawful speed.

Chief Dwyer, however, last night stated to a "Record-Union" reporter that he proposed to have the law strictly enforced from this time on.

He had given the wheelmen plenty of time to become acquainted with the ordinance, he said, but things had steadily grown worse, and from this time on those who ride on the wrong side of the street, turn corners improperly, race on the streets or ride at a prohibited rate of speed or violate the ordinance in other ways, will have to pay the penalty.

Those who are not familiar with the ordinance can procure a copy at the headquarters of the Capital City Wheelmen, so that ignorance will be no excuse for those arrested.

Action will also be taken in arresting horseback riders and drivers of vehicles who violate the law governing riding and driving, and they will also be forced to comply with the law.

Miss Katherine Ruth Heyman's piano recital took place at the Congregational Church last evening under the auspices of the Saturday Club.

It drew a large and a brilliant audience, one which warranted to the accomplished artist at once, was speedily quickened to enthusiasm, and which showered the pianist with commendations sincere, discriminating and beautiful.

The floral tributes sent to the stage were very rich, beautiful, and exceedingly numerous. Miss Heyman's recital, in audience that in the years of her absence she has honored her native city, and added to its fame as the producer of geniuses.

Miss Heyman's playing is characterized by its virile quality, its precision and high finish, its firmness and positiveness. Her left hand work may well be styled wonderful for its force and brilliancy, and yet for its delicacy. While vigor and positiveness so mark her playing, and while her technique is well nigh the perfection of the art of execution, there is not wanting the feeling, pathos and tenderness that flows from a finely informed intelligence and a profoundly gifted interpretative genius.

It ought to be sufficient to say that she moves her audience, not superficially, but deeply, for more the artist does not desire. It would be difficult to say in what number of the program Miss Heyman most pleased and satisfied exacting tastes. Perhaps the first and third, which were so enthusiastically applauded; but the last, Liszt's "Hungarian Fantasy," seemed to stir the audience to the more lively manifestations of approval and pleasure, which resulted in response to the encore, as in one other instance, in both of which most charming and pathetic charged selections were given.

The recital, however, was a triumph by an artist in her home, the most difficult of all places, by the way, in which to quicken judgment to enthusiastic laudation. Sacramento honored Miss Heyman, and the artist proved herself every bit worthy of it, and of the commendation which has received on both sides of the Atlantic.

The sale of season tickets for the Capital Concert Series is proceeding handsomely at Pommer's music store. The list of artists now engaged for the series numbers twenty more than it was originally contemplated to engage, but still others are to be added. This insures us concerts this fall and the coming winter of a very high order.

Such enterprise must, however, be carried through, not only by the subscription, but by the taking of season tickets, concerning which and reservation of seats special announcement is this morning made elsewhere.

The directors of the Sacramento Athletic Club, at their regular meeting last night, took up the subject of ventilation and exits from the Old Pavilion Hall, fears having been expressed that there were not enough exits in case of a panic.

The halls were ordered taken out of the windows, so that they can be opened for ventilation, and two exits through the club's gymnasium room were ordered, making three exits altogether. The work will be completed in a few minutes. The work

BICYCLISTS COME TO GRIEF.

MANY ARRESTS WERE MADE BY THE POLICE.

Chief of Police Dwyer Will Strictly Enforce the Ordinance From This Time On.

Things were lively on K street for a while last night, and many bicyclists were treated to a free ride to the station, Chief of Police Dwyer having given orders that all violators of the bicycle ordinance be arrested.

Officers Ash and Bagley were stationed at Fourth and K streets, Officers Pennish and Wilson at Fifth and K, Officers Hardy and Bailey at Sixth and K, and Officers Greene and Douglas at Eighth and K streets. The wheelmen were out in large numbers and a large number of arrests were made.

Officers Ash and Bagley captured Robert Packenham, O. Cook, J. T. Killum, A. W. Smith and Masahi Ukiki. Pennish and Wilson took in H. M. Goodfellow and K. Amiyil. Hardy and Bailey captured Levi Holben, E. Edwards and J. E. Secord, and Greene and Douglas arrested F. E. Sewell, while Sergeant Doan captured General Tozer.

Some of the wheelmen put up deposits and others left their wheels and all were notified to appear in court this morning. Some took their arrests good and merrily, while others declared their heads were in a bad way.

One man was defiant and claimed he had a right to ride on either side of the street he pleased. He will find out what the ordinance provides.

While the sudden move of the police to enforce the ordinance will do so many arrests in a spectacular manner, it will not be considered as effective as direct arrests, yet it had the effect of calling general attention to the fact that the law is to be enforced hereafter.

Eighth Street Non-Partisans.

The Eighth-street Non-Partisan Club held one of its enthusiastic meetings at its headquarters last evening. The quarters were not commodious enough to accommodate those who sought admission. The following speakers were in attendance: C. W. Baker, W. F. Gormley, Erskine Greer, W. P. Clark, H. N. Baumann and N. D. Millner, in behalf of S. B. Smith.

Frank J. O'Brien of the District Attorney's office appeared and spoke in behalf of Frank D. Ryan, nominee for Congress. Mr. O'Brien made a stirring speech and while touching lightly on national affairs, particularly desired to impress on his listeners that Sacramento should have some home pride and support their nominee for Congress.

PERSONAL MENTION.

J. W. Easton and wife of San Francisco are guests at the Golden Eagle. W. L. Jeneris and Joseph L. Joseph of Sonora are at the Golden Eagle.

N. W. Blanchard of Santa Paula is at the Golden Eagle. Miss Emma Salsburg of Alameda, who has been visiting her cousin, Miss Emma Gilman, has returned to her home.

Irving M. Scott and wife of San Francisco came up yesterday to attend their nephew's wedding and are at the Golden Eagle.

TO CURE NERVOUS DYSPEPSIA.

To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean. Make a Test of Stuart's Dyspepsia Tablets.

Interesting Experience of an Indianapolis Gentleman.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think that their nerves are to blame, are surprised that they are not cured by nerve medicines and spring remedies; the real seat of mischief is lost sight of; the stomach is the organ to be looked after.

Nervous dyspepsia often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every other organ; in some cases little physical exertion, but I am glad to state that the tablets have overcome all these obstacles, for I have gained in flesh, sleep better, and am better in every way. The above is written not for notoriety, but is based on actual facts. Respectfully yours,

"A. W. SHARPER, "61 Prospect St., Indianapolis, Ind."

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation, indigestion and headaches.

Send for valuable little book on stomach diseases by addressing Stuart Co., Marshall, Mich. All druggists sell full sized packages at 50 cents.

and 53 degrees, with 0.56 of an inch of rain. One year ago to-day (21st) ushered in the commencement of a good soaking rainstorm, which lasted three days; there being measured on the first day, October 21st, 0.56 of an inch, while on the 22d there was but a trace, but the 23d gave us a regular California down-pour, there being 1.18 inches measured in twelve hours.

A Girl Badly Burned.

A 10-year-old daughter of D. Gustin, who lives at Twenty-first and O streets, was severely burned about the face and head Wednesday night, the result of an oil lamp which was upset by other children of the family, and which exploded. The screams of the children brought Mr. Gustin to the room, and he tore the clothing from the child, badly burning his hands in so doing. The child will, it is thought, recover.

Afro-American League.

The Afro-American League held a largely attended meeting last night. Much important business was transacted. After the routine business was through and several new members had signed the roll, many interesting and instructive speeches were made on the political situation of the day.

Democratic Meeting Last Night.

A number of Democratic county candidates addressed a big outdoor meeting at Fifteenth and D streets last night. State Senator Gillis Doty also spoke.

Is the baby too thin. Does he increase too slowly in weight? Are you in constant fear he will be ill? Then give him more flesh. Give him more power to resist disease. He certainly needs a fat-forming food.

Scott's Emulsion is just that food. It will make the baby plump; increase the weight; bring color to the cheeks, and prosperity to the whole body. Thin children take to it as naturally as they do to their milk.

EVERYTHING FOR THE HOUSE Sacramento, Friday, 27 October, 1898.

Typewriter desks

For months we've been searching the market for the most perfect typewriter desks. We've found them. The desk pictured here is made of solid oak with antique finish, and is 50 inches wide and 32 inches deep with four roomy drawers on each side. The typewriter can be raised up in place or put out of the way without any effort or strain on the part of the operator. You who have used typewriter desks know that this is not true of all. Price \$40.

This one \$30. This desk is very similar to the first mentioned, but it has only one row of drawers on side. Well made and nicely finished and the typewriter can be raised and lowered easily.

A "Jewel" Steel Range for \$29.50. Have you seen the "Jewel" steel range we are selling for \$29.50. Come in and have the construction explained to you. It is not made of common sheet iron, but of the highest grade of cold rolled steel plate and sheet metal. Bear in mind we are the exclusive agents in Sacramento for the famous "Jewel" stoves.

Window Shades. We make to order any size window shade desired. The following we carry in stock ready made: Plain shades of glazed Holland cloth, with spring rollers, 3 by 6 feet, 25 cts. Plain shades of opaque cloth, 37 inches by 7 feet, 32 cts. Fringed opaque cloth shades on spring rollers, 36 by 84 inches, 50 cts. Extra quality hand made opaque cloth on spring rollers; will not fade or split from heat; size 38 inches by 7 feet, plain, 65 cts. Same, extra heavy with knotted linen fringe, 85 cts. All spring rollers in our shades are made by the Hartshorn Shade Roller Co.

Typewriter chair \$8.00. And here's chair comfort for typewriters. It's just as hard to find comfortable chairs as it is to find desks that are right. This chair has a back that is adjustable to many different positions. The top cross piece is upholstered in leather and the seat is cane. Neat in appearance and strong. Price, \$8.
