

CENTRAL REPUBLICAN CLUB.

ITS ROUSING MEETING HELD LAST EVENING.

Fusion and Colored Republican Meetings To-Night—Ryan, Neff and Carpenter on Saturday.

The largest and most enthusiastic Republican meeting held by the Central Republican Club in the present campaign was that of last evening in Federated Trusts Hall.

Mayor Land occupied a seat on the platform during the evening. The meeting was called to order by the President, Hon. F. R. Dray, who at the outset of his remarks insisted on every one present eating, drinking and being merry.

Charles T. Jones, who followed, devoted much of his time to national politics, and telling his hearers why they should support the nominee for Congress, Frank D. Ryan, and the legislative ticket throughout the county.

A. S. Greenlaw, candidate for County Treasurer, made a neat speech, in which he spoke for his running mates on the ticket more than for himself.

Richard T. Cohn made a few remarks, but could not gain an audience until he promised to sing one of his favorite melodies, which he rendered in his usual manner.

Sheriff T. Johnson made a good talk and was assured that it was only a question of the size of the majority in his case.

At this time the Railway Employees' Club, which was holding a meeting at the headquarters in Pythian Castle, adjourned and visited the Central Republican Club in a body.

The next speaker was Hon. Grove L. Johnson, who discussed the issues of the campaign in a most eloquent manner. He drew comparisons of the candidates for the positions of lawmakers for the people, and though somewhat humorous they were always to the point.

W. H. Carlow, who was nominated by the County Central Committee for Tax Collector, addressed the meeting and was assured of the support of the club.

Eugene Welty, candidate for Township Justice, made a neat speech and convinced his hearers that, though young in years, he is fully able to handle the duties of the office to which he aspires.

Colonel Thomas H. Berkeley, candidate for Assessor, was next called on. When he stated that he served both the rich and poor alike he was loudly applauded, and several in the audience declared that he has been the fairest Assessor that ever filled the office.

B. F. Howard, candidate for Superintendent of Schools, made a short address and was freely applauded.

County Surveyor Boyd, told of the many reasons a man of experience should be elected to that office, and stated that a mistake by the Surveyor might cost the county thousands of dollars. He asked and was assured of the club's support.

William N. Lamphrey, candidate for County Clerk, though unavoidably absent, was fully taken care of. Every speaker had good words for "Billy," and Messrs. Greenlaw and Sharrick said that if the city would stand by him as would the country there would be no doubt of his election.

Mr. Lamphrey is a member of the Central Republican Club there was much cheering every time his name was mentioned.

Harry Sharrick, a printer, addressed the club in regard to the State Printing Office, and related several good reasons why A. J. Johnston should be re-elected. He dwelt largely on the slanderous stories that have been circulated in regard to the women employed in the State bindery, denounced their authors as accountants and was loudly applauded.

By a rising vote the club decided to vote solidly for A. J. Johnston for State Printer.

Dugald Gillis, candidate for Supervisor from the First District, stated that he had been a Republican for forty-five years, and expected to be one for forty-five years more. He felt that he would be elected.

The Central Republican Club quartet sang several selections during the evening.

Mayor Land closed the meeting with fitting remarks. He stated there was not the least doubt about the entire Republican ticket being elected, from Governor down to Constable.

The meeting closed with three rousing cheers for President Dray of the club and the entire Republican ticket.

NINTH WARD JINKS.

FUSIONISTS TO-NIGHT.

COLORED REPUBLICANS.

The Colored Republican Club will hold a meeting at Pythian Castle this evening under the auspices of the Republican County Committee. An interesting program has been arranged for the occasion, and good speakers will address the meeting.

RYAN, NEFF AND CARPENTER. At the Old Pavilion on Saturday evening the Republicans will hold a meeting at which addresses will be delivered by Hon. Frank D. Ryan, candidate for Congress, Jacob H. Neff, candidate for Lieutenant Governor, and Judge R. B. Carpenter.

RAILWAY EMPLOYEES.

Propose Making Their Votes Tell on Election Day.

The railway employes held another enthusiastic meeting last night at Pythian Castle. A very large number attended. All matters that came up were warmly discussed.

J. M. Brown, an employe of the Sacramento shops for the last twenty-five years, a boilermaker by trade, was mentioned by some of the members as a candidate for Tax Collector.

Mr. Renfro, realizing this, and being anxious to see a railroad man get the office, made his personal ambition and generously resigned in favor of Mr. Brown, whereupon the club passed a resolution that J. M. Brown receive the unanimous moral support of the club.

Great applause followed the action of the club, and nearly every member present arose and expressed himself as a hearty worker in Mr. Brown's behalf.

This action of the club, the members believe, is equivalent to Mr. Brown's election, and they say they are going to make their strength forcibly left in this particular fight.

It was deemed necessary, owing to the close approach of election day, to hold a special meeting next Sunday afternoon, at which the report of the Indorsement Committee will be read and methods adopted for carrying out the indorsement of candidates.

"IT'S A CORKER."

Father Yorke's Lambasting of Maguire and Phelan. The chief topic in local political circles yesterday was Father Yorke's roasting of Maguire and Phelan, the fusion candidates, respectively, for Governor and Mayor of San Francisco.

Father Yorke's arraignment of these political counterfeits, said a well-to-do citizen, "will cost them many thousands of votes, not only in San Francisco but all through the State. He has striped the pair of their masks, and it amounts almost to a case of record exposure. It will cost Maguire a thousand votes right in this county, mark my word."

Said another: "I don't know much about the country outside the city, but for what I hear I believe that at least 500 voters right here in town have abandoned Maguire in the last two days."

That is the kind of talk one hears wherever he goes.

WOODMEN OF THE WORLD.

Ceremony of Unveiling a Monument at Pleasant Grove. On Sunday last the officers and a delegation of members of Sequoia Camp, No. 104, Woodmen of the World, paid a visit to Pleasant Grove for the purpose of unveiling a monument erected by that order to the memory of Dr. Charles E. Fowler, a member of Sequoia Camp. The ceremony was performed in the presence of 400 or 500 people from the surrounding country, and was as follows: Opening remarks by Consul Commander W. H. Tade; singing by a quartet; reading of poem, H. O. Tubbs; unveiling ceremony by the officers of the camp; oration, J. H. Liggett; singing by the quartet; closing ceremony by W. H. Tade.

This order erects a monument over each of its deceased members, and on next Sunday, at 2:30 o'clock, the monument of James W. Nixon will be unveiled at the City Cemetery here with appropriate services, to which the public is cordially invited.

PERSONAL MENTION.

M. H. Burke was down from Folsom yesterday.

Mrs. W. Crawford of Boston is a guest at the Golden Eagle.

Mr. and Mrs. R. McNamara of St. Louis are stopping at the Golden Eagle.

J. D. McDougall and B. B. Bekert of Stockton are at the Golden Eagle.

THE SAN JOAQUIN CUT-OFFS.

BIDS OPENED BY THE PUBLIC WORKS BOARD.

John Hackett, of San Francisco is to Do the Work for the Sum of \$18,650.

A meeting of the Auditing Board to the Commission of Public Works was held in Commissioner Leake's office yesterday, all the members being present.

Bids for making cut-offs 3 and 4 on the San Joaquin River were received from John Hackett of San Francisco, the San Francisco Bridge Company, J. D. McDougall and T. T. Lovell.

The contract was awarded to John Hackett, his bid being lower in the aggregate than any of his competitors. The work consists of 45,000 cubic yards of scraper work on cut-off No. 3, 160,000 yards of work other than scraper work at the same point, and 35,000 yards of excavation at cut-off No. 4.

The successful bidder agrees to do the scraper work at cut-off No. 3 for 9 1/2 cents per cubic yard; and excavation at cut-off No. 4 for 12 1/2 cents per cubic yard.

According to the estimates of the engineers to the Commission, the aggregate cost for the work will be \$18,650. Work will be commenced within ten days of the signing of the contract and will be finished within ninety days after commencement.

William Schaw, one of the directors of the local Chamber of Commerce, appeared and explained to the board that the city had under consideration a proposition of constructing a system of wharves on the water front below N street.

He called attention to the fact that the river is shoaling on the Sacramento side, and that the proposed wharves would draw more than three feet of water cannot land. He said the city could not afford to go to the expense of putting in a costly wharfage system and find after its completion that there was not enough water to permit of its use.

It was proposed to make an attempt to get the Federal Government to take favorable action in the matter, but that the Chamber of Commerce desired to get an expression from the Auditing Board, and that action they would take provided the Federal authorities declined to give the assistance desired.

Chairman Corcoran said the Federal Government, while it would take action to keep the channel of the stream open for navigation, would be in no way bound to dredge so as to make it in any specified course. So long as boats could pass up and down the stream the river was considered clear, and local authorities would have to look out for landings. He said that the work of the wharves suggested by Mr. Schaw would, in his opinion, be under the class of improvements enumerated in the bill creating the Auditing Board to the Commissioner of Public Works, and if in the spring conditions existed as at present, he believed the Auditing Board would give the assistance desired.

Mr. Markley said that while the Federal Government would keep the channel of the river open, it would not interfere with its course and would go to no expense to have it cut along close to the wharf. He felt that the matter ought to be handled by the State, and was certain that every member of the board would, provided that in the spring the water was still shoal on the Sacramento side of the river, authorize the Commissioner to construct the wing-dams necessary to divert the channel to the east side of the river.

Messrs. Doty and Hall also expressed themselves as willing to have the necessary work performed, provided the life of the Auditing Board was continued by the next Legislature.

On motion, Mr. Tatterson a full account of Mr. Schaw's statement, together with the expressions of the several members of the board regarding the matter were ordered spread upon the minutes.

Engineer Nurest said that 2,000 tons of rock, instead of 1,200, would be required to weight down the brush fascines at the Newtown shoal jetty system. The setting of the brush was greater than was expected, and, consequently, a greater quantity of rock was needed.

Captain Hall was, on motion of Mr. Tatterson, appointed a committee of one to confer with Captain Roberts of the San Joaquin Transportation Company and make arrangements for a steamer to convey the Auditing Board and invited guests up the river to the Elkhorn easement, and down the river to the Newtown jetties, the trip to be made some time between the 12th and 20th of this month. After allowing claims of contractors, the board adjourned until the 19th inst., at which time it is expected the excursion to the easement and to the jetty system will be made.

TOUHEY'S VACANT LOT.

He is Willing to Sell It to the County. At the adjourned meeting yesterday of the Board of Supervisors Mr. Curtis presented the name of J. T. McGregor as inspector in the Sixth District, in place of J. E. Camp, who is no longer a Populist but a Republican.

The board ordered the change made. By request Frank Ogden was appointed judge in place of A. L. Warren in the same precinct.

A communication was received from James Touhey to the effect that if the county desired the further use of the vacant lot in the rear of the County Jail, on which to store cobblestones, he would consider a proposition from the county to purchase it.

Chairman Morrison said the county used to pay \$40 per month for the use of the lot, but at his motion the rent was reduced to \$20. Mr. Touhey has not been satisfied with that sum and either wants a higher rental or to sell the lot to the county.

Mr. Morrison said the county needs

FATAL FALL.

Sad Accident to Myron Comstock Near Pleasant Grove.

Shortly after noon on Tuesday last Myron Comstock, a prominent rancher living on the Pleasant Grove road, north of this city, met with an accident which resulted in his death Tuesday night.

Mr. Comstock was engaged in putting a new roof on his barn, from which he had thrown the shingles, leaving on the old sheathing. He was carrying a bundle of shakes up to the comb of the roof, when one of the planks of the sheathing broke and he fell to the stable floor beneath, landing on his head and shoulders.

He was unconscious when picked up, and remained so until he died. He was attended by Dr. Hardin of Nicolaus, who certified that death resulted from concussion of the brain.

Mr. Comstock was well known in this city, where he had many friends.

Weather Reports.

The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 74 and - degrees, with gentle southerly and northerly winds and partly cloudy weather prevailing.

The barometrical readings at 5 a. m. and 5 p. m. yesterday were 30.15 and 30.09 inches, respectively.

The highest and lowest temperatures one year ago yesterday were 62 and 48 degrees, with no rain, and one year ago to-day 65 and 46 degrees, with a trace of rain.

The average temperature was 58 and the normal 57 degrees, showing yesterday to have been 1 degree warmer than usual for the 24 day of November.

River, 7 feet 6 inches.

The last grand rally of the silver Republican, Democratic and People's Party county candidates will be held in the Clunie Opera-house Friday evening, November 4th, at 8 o'clock. Hon. Lafe Pence, Colorado's silver-tongued orator, and the county candidates and other speakers will address the meeting. Good vocal and instrumental music will be furnished and seats will be reserved for ladies and their escorts.

Try McMorris's 6c uncolored Japan tea; E. B. tea, 70c; G. P. tea, 85c; P. F. Japan tea, 50c. 531 M street.

Try McMorris's Blend Coffee, 35c.

SPECIAL NOTICES.

BAKER & HAMILTON, wholesale hardware, bicycles, carts, buggies, carriages, prairie wagons and header wagons. Send for catalogue.

YOUR WIFE knows a good thing when she sees it—that is why she married you. Tell the dear woman to buy her MEAT at our market. We know she will be pleased, consequently you must be.

A Vote for Johnston is a Vote Against the Eastern School Book Monopoly. By order Executive Committee California State School Book League. J. H. Batcher, Secretary. (SUTHS) F. R. DRAY, President.

Sacramento, Thursday, 3 November, 1898.

Greater America

"To-day we stand in the presence of Greater America." A few short months ago and no one dreamed of expansion by conquest. Satisfied with our old boundaries we were at peace with all the world. Suddenly the Spaniard exploded a magazine beneath our prow and blew us high in the air and we came down everywhere, and wherever we dropped we proposed to stay. Dewey was the first to fall. He fell upon the Philippines, and as Old Glory first floated over the city of Manila, where for so long had floated the proud banner of the dons, Dewey exclaimed: "I hope it floats there forever!"

Governor Eastis of Minnesota.

Not to our knowledge has it ever been possible before to buy good Axminster carpet in new patterns and colors at a lesser price than \$1.15 the yard.

But here are some styles at 85 cents the yard, sewed and laid, that cannot fail to appeal to you. The "pile" is rich and deep and they will give excellent wear. For parlors it is hard to find prettier floor coverings.

Doing a larger silverware business every month, and doing it better. Selling nothing but goods from reliable manufacturers and guaranteeing everything. And this latter is more important than you might think, for there's a deal of deceit practiced in the silverware business nowadays.

If you would be certain of obtaining reliable silverware, note the following, as the reputable manufacturers all mark their plated ware and you cannot be deceived if you know the marks:

Silverware marked XII is only single plated with an additional plate on parts most exposed to wear. Real triple plate silverware is marked as follows: 6 is the mark on teaspoons; 9 the mark on dessert spoons, and 12 the mark on table spoons.

Some people are going so far as to say that our 50-cent linoleum is the best in the world for the money.

California Star Spring. If you are looking for a spring that is the perfection of comfort and ease, that is elastic and will yield to your every movement, this "California Star" is what you want.

It contains one hundred and forty good, heavy copper springs, standing closely together, and securely braced. The top and bottom surface are exactly alike. Exceptionally strong and durable. Price, \$7.50.

Same spring, three quarter size, 66 springs, \$5. Another spring mattress, containing one hundred and seventeen black Japanned springs, for double size bed, \$5.

Don't put off buying till Saturday night, for remember we close at 6 p. m. every day, including Saturday.

Thanksgiving is coming. See that the cook is fixed up with a new range that is safe for a good dinner.

There may be many "safe" ranges on the market, but there is one brand that you know, that we know and that most everybody knows is akin to perfection—the "Jewels."

We back these ranges up with our reputation. The manufacturers back us up with their reputation. You run no risk, for your money will be returned if you say "not satisfied."

John Bruner

CORNER SIXTH AND K.

AMUSEMENTS.

Orpheum. To-night, Thursday, Positively Last Time. THE GRAND, IMPRESSIVE, INSTRUCTIVE LESSON, The Great Passion Play!

The Trustees reserve the right to reject any or all bids. E. S. CULVER, G. L. SWAN, Trustees. Del Paso, October 25, 1898. 035-101

Ayer's Cherry Pectoral. The absolutely marvelous things it does for sick people is shown by the experience of Mr. Frank A. Starz, of Fayetteville, Fayette Co., Texas, who writes: "It affords me pleasure to testify to the remarkable curative power of Dr. Pierce's Golden Medical Discovery. I was severely afflicted with trouble in my lungs—spitting up blood, and was weak I was unable to continue my work. I tried several remedies which gave me no relief, and I had commenced to give up hope when I was told of Dr. Pierce's Golden Medical Discovery was recommended to me, so I tried it and began to improve at once, and was soon able to resume work. I consider it a wonderful medicine."

Work of a Petty Thief. P. F. Valentine, who lives at 2400 K street yesterday reported at police headquarters that somebody had stolen his coat and a football mask while he was practicing at Seventh and J streets, and believes they were taken by some small boys.

"Ayer's Cherry Pectoral" saved my little girls' lives when they had Whooping Cough. Mrs. A. H. BEERS, Barnes, N. Y. HALF-BOTTLES, 50c.
