

PLANNING NEW ATTRACTIONS

COMING CHAMPION PILLSBURY MAY PLAY CHESS HERE.

Consultation Game Played by Mr. Goodman at the Capital City Chess Club.

The Capital City Chess Club is about to make arrangements for a grand exhibition of chess play by the engagement of H. N. Pillsbury for one night this winter. Mr. Pillsbury, under the management of the "American Chess Magazine," is about to begin a tour of the United States, and the club hopes to have him play blindfold and simultaneous games with the members and all other chess players who desire to avail themselves of the glorious opportunity to see and play with the future champion of the world. His skill in exhibition chess (checkers also) in simultaneous blindfold and over the board games is not less great than his display of ability in games against the finest players of this country and Europe, and the club can find no better way of creating interest in the royal game than by having this master with them for at least one evening. We give below a game of recent date played by this brilliant young man with W. P. Shipley of Philadelphia.

BEWARE! BEWARE! BEWARE! Look! Listen! Remember that there are others who try to deceive the people as well as peddlers. As we are a new firm in your city and owing to advertisements which have been run in this paper by a certain local peddler, the object of which was to ruin our good name and reputation, we deem it our duty to say a word to the public in just defense of ourselves. Having come here to purely advertising purposes, certainly we would handle no more but first class goods, but as local dealers have taken it upon themselves to place an inferior instrument upon the market, we are forced to handle the same thing in order to do justice to our patrons and ourselves, and to show to them the difference between the two grades. Our Grade B (seems as advertised by local dealers) we are not advertising. We are offering it for \$6, on payments of \$1 down and 5 cents per week. Lessons and tuning and repairing free, as this is the regular price of this grade of world over. Our Grade A we are allowed only a limited number for the city and advertise this number for \$8.75 on same payments, or \$3.25 cash, including two lessons weekly for one year, also one year's tuning and repairing, free of charge. The regular price of this grade is \$12. We kindly invite you to call and see us before purchasing, and give for yourselves the truth of the state of the best references.
