

ORANGEVALE ROAD BRIDGES.

ONE TO BE REBUILT AND THE OTHERS ABANDONED.

Action Taken by the Supervisors at Their Meeting Yesterday.

The Supervisors held an adjourned meeting yesterday, at which all the members were present except McLaughlin, Chairman Morrison presiding.

County Surveyor Boyd appeared before the board and reported in regard to various surveys and inspections of bridges, roads, etc.

As to the Orangevale road bridges, reported to be in need of repairs, Surveyor Boyd reported that the road could be changed in certain places so as to avoid the necessity for bridges.

Drawings were also filed of another bridge that requires repair. This bridge is 220 feet in length and just across the American River from Folsom, accompanied by the necessary specifications.

Supervisor Curtis wished to know if two bridges were abandoned, if the timbers therein could not be used in repairing the other, and Mr. Boyd said it could.

Chairman Morrison wished to know if Mr. Boyd could give an estimate of the cost, but the latter replied that he could not just then.

As to the right of way, Mr. Boyd said that B. R. Crocker and Mr. Young, on whose lands the proposed new road would run, favored the change.

The grading of the two ravines and culverts would cost probably \$1,000.

The bridge near Folsom, Mr. Morrison said, is a miserable affair and he could not understand how people could trust themselves to cross it, unless it was on foot.

Mr. Morrison, after some discussion of the matter, moved that the matter be referred to Commissioner Curtis to have the road closed and the bridge near Folsom repaired, provided it be ascertained that the right of way for the proposed new road can be had, the timber in the two abandoned bridges to be used in repairing the other.

It was so ordered by a unanimous vote.

On motion of Supervisor Jenkins, County Surveyor Boyd was instructed to proceed to Grand Island, make the necessary surveys and prepare plans and specifications for bridges required on the line of the new road laid out there.

Chairman Morrison then called up the matter of the rental of the Touhey lot in the rear of the courthouse for storage purposes, for which \$40 per month is now paid.

The lot is offered to the county for \$10,000, and the \$40 per month rent is almost five per cent. interest on that sum, whereas the highest rate the county is now paying on her bonds is 4 1/2 per cent.

If the county did not see fit to purchase the property, said Mr. Morrison, Mr. Touhey would give a lease of it for five or ten years, but would claim all the improvements that might be placed thereon. The county needs such a place, as it has none for storage purposes.

Supervisor Dremar moved that the board take the necessary action to purchase the property.

EASTERN STAR.

Columbus Chapter Installed Officers Last Night.

Columbus Chapter, No. 117, Order Eastern Star, last night installed its officers for the ensuing year.

Patron Amelia Burnett acting as installing officer. A number of visiting sisters were present from Chico, Marysville, Dutch Flat, Elk Grove and other Chapters, and there was a very large attendance of members.

The lodge room was handsomely decorated with chrysanthemums and potted plants, and the arch in the east was beautifully trimmed with smilax and California poppies.

After the installation ceremonies were concluded, all adjourned to the banquet hall, where five long tables were, decorated with smilax and cut flowers, and presenting, with the bountiful supply of delicious viands upon them, a most tempting appearance.

After all had enjoyed themselves fully with the feast, toasts and speeches were in order, Dr. Look, the newly installed Patron, presiding.

Following are the officers installed: Worthy Matron, Flora E. Hammer; Worthy Patron, Halleck H. Look; Associate Matron, Belle Stephenson; Secretary, Hattie M. Frazer; Treasurer, Sarah A. Bragg; Conductress, Fannie Stehman; Associate Conductress, Emma N. Rider; Adah, Nellie M. Coyne; Ruth, Annie Barrett; Esther, Julia Heilbron; Martha, Eliza C. Higgins; Electa, Alice M. Tiel; Chaplain, Frances Ward; Marshal, Albina E. McMorry; Warden, Etta Morten; Sentinel, Charles A. Carlson; Pianist, Lina W. Martin.

Mrs. Burnett, Past Matron, was presented with an elegant diamond-mounted Past Matron's Jewel. The presentation was made by Mrs. Cohn, and the recipient responded in a happy manner.

THE JUDGE WAS LENIENT.

So He Gave Burke, the Footpad, Only Twenty-five Years.

If John E. Burke, one of the quartet of footpads who robbed some Japanese hop-pickers near Brighton last August, had stood a trial and been convicted, Judge Hart would doubtless have given him the full benefit of the law—life imprisonment in the penitentiary.

But Burke pleaded guilty yesterday, and in consideration of this sensible and kindly act on his part Judge Hart let him off with a dose of only twenty-five years.

It is a noticeable fact that since Judge Hart began sending convicted footpads, burglars and robbers to the State Prison for terms ranging from twenty years to the end of life the county has been singularly free from the depredations of these classes of criminals. They know that once they commit a crime here and are apprehended the jig is up with them.

LOTS OF RUNS.

The Bases Were Kept Hot at an Amateur Game.

The Henderson-Browns defeated the W. P. Fuller ball team at Fourteenth and F streets on Sunday by a score of 23 to 12. The game was very evenly contested up to the eighth inning, but then the Potato Bugs got next to Rithers delivery, and it was all over.

The game had many features. McNell's base running was worth going miles to see. The umpiring of Llanquich was far above the ordinary. "Joe Corbett" played left field for the Fullers, and did well as there were no chances sent off to him. The batteries used: For Henderson-Browns, Rothwell and Levy; for the Fullers, Pither and Merie.

A DANGEROUS MAN.

W. F. Coyle's Mind Runs on Shedding Blood.

Early yesterday morning Officer Bagley arrested W. F. Coyle on Third street between K and L. Coyle, who is a stranger, showed every sign of insanity. He said he was on his way to Woodland, where he intended to kill five prominent citizens who had been responsible for the murder of his wife and his brother.

Coyle will probably be taken before the County Lunacy Examiners, and if found to be dangerous will be committed to an asylum.

Weather Reports.

The Weather Bureau report shows the highest and lowest temperatures yesterday to have been 50 and 49 degrees, with gentle to fresh southerly winds and cloudy weather prevailing.

The barometrical readings at 5 a. m. and 5 p. m. yesterday were 30.22 and 30.12 inches, respectively.

The highest and lowest temperatures one year ago yesterday were 54 and 32 degrees, and one year ago to-day 56 and 40 degrees.

The average temperature was 52, and the normal 50, showing yesterday to be usual for the 29th day of November.

River steady at 7 feet 8 inches.

The rainfall of the few light showers that fell yesterday amounted to 0.01 of an inch, making for the season 1.57 inches, as against 2.74 inches to an equal date last year.

Charged With Battery.

J. J. Nagel was arrested yesterday morning by Officer Naghel on a warrant sworn out by Samuel Stein, charging him with battery. The trouble which led up to the arrest occurred on Saturday, when, it is alleged, Nagel knocked Stein into the gutter, loosening one of his teeth. Nagel put up a cash deposit for his appearance in court this morning.

There is some talk of inviting Tom Sharkey out here for a match with Jake.

Captain Hughes' Visit.

A number of members of Company F, Sixth California Volunteers, are here on special furlough, pending the date for being mustered out of the service (December 15th). In order to save them the expense of an extra trip to San Francisco to sign necessary papers, Captain J. L. Hughes came to the city with the papers, and has had them signed here, an act of kindness which the men greatly appreciate.

Real Estate at Auction.

D. J. Simmons & Co. announce the sale at auction at 10 a. m. to-day, the 29th, on the premises, of a one-acre tract on Oak Park, with good house, barn, trees, etc. The best bid will get it.

Governor Budd has appointed E. A. Majors to be Supervisor for the Third District of Contra Costa County, vice D. F. Majors, deceased.

AMUSEMENTS.

In front of the oval and music stand at Mare Island Navy Yard are mounted two notable naval relics. One is the battered and storm-torn figurehead of the United States ship Vandell, the other is the most magnificent crew of her companion, the Nipic. The great blades are twisted and bent like a paper shell in the hand of anger. The two relics tell the story of the most awful storm ever known in the South Seas and of the greatest disaster which ever befell our navy, when the United States warships Vandell, Nipic, and Trenton were ground to pieces on the coral reefs of Apla Harbor, Samoa, and the German warships Adler, Eber and Olga were sunk and hundreds of brave men of both nations lost their lives.

The British ship Callopo alone escaped. The Trenton went with the Stars and Stripes flying, and her crew singing the national hymn. Around that tragic scene is woven the story of "Under the Dome," played last night at the Orpheum and to be repeated to-night.

It is simple justice to say that no piece has ever been staged at the Orpheum or any other Sacramento theater, with such remarkable scenic and mechanical effects. More brilliant and showy scenery we have had, and many intricate mechanical stage devices, but nothing so true to nature and to history, so realistic, so thrilling or in which the illusion has been so neatly worked as in "Under the Dome." For the scenic effects alone the house ought to be packed to-night. They are all new; they are novel, and they are wholly original. One of these is a ferry-boat scene. The audience is on the boat as it lies in its slip; the song sounds and the boat moves on, and presently the pilot light of the slip the boat is approaching is dimly seen. Gradually it grows brighter and larger; then come into view the white and red pier lights, and as these apparently draw nearer the boat moves into the home slip and the scene falls.

This fine effect is as nothing to that of the fourth act—the storm in Apia Bay, which closes with the hurricane dashing upon her and the hurricane lifting her like an egg shell, tossing her aloft and then dropping her with a fearful thud upon the rocks, but all the while the Stars and Stripes fly from her mizen and she goes to her death to the music of the "Star Spangled Banner." The audience last night rose to the scene and cheered as we have heard no other cheer in that theater. Six times the people required the scene to be repeated, and the cheering at the end of the scene fully justified the patriotic enthusiasm manifest, for the text of the play adroitly works up the feelings to this climax and he must be cold indeed who is unmoved by it. There are other scenes; a pretty and striking one is a view of Apia harbor on a tropical day. Another is the National Capitol from the foot of Pennsylvania avenue by night. The play all hinges upon the loves, haps and mishaps of a blue jacket and his sweetheart, who are pursued by the usual melodramatic villain. It is a clever and romantic story, strongly drawn on the lines of the sensational melodrama. It is quite well played, but the leader and notable character personator is Mr. Compton, as a boatsman of the Trenton. It is really refreshing to see an "old salt" so faithfully personated and free from the excessive cleverness of most artists lay on in personating the part of the American navy. Two specialists are introduced—Mr. Sutherland, a whistler of superiority; indeed, one of the best and certainly one of the truest to real musical effect. The other is Miss Hunt, a young soubrette, who cannot sing even a line since her husband is that of a child and has no musical tone in it—but as a nimble-footed dancer she is one of the neatest, cleverest and by all odds the most modest we have had here in many a day. The same play to-night and to-morrow night.

Season tickets and reserved seats for season ticket holders can be secured for the Capital Concert Series second concert on Friday night at Pommer's Music Store after 9 o'clock this morning. There is no extra charge for reserving. Single tickets have been placed at 50 cents, with no extra charge for reserving seats. Seats can be secured on them at Pommer's Wednesday morning. Season tickets are procurable at a less rate than at the opening of the season, as one concert having been given there is a deduction for it. There will be plenty of seats for season admission ticket holders, as only part of the season tickets usually sold in previous years have been disposed of.

NATIVE DAUGHTERS.

Their Conundrum Party a Very Enjoyable Affair.

A large number of invited guests attended the conundrum party given by the California Parlor, No. 22, Native Daughters of the Golden West, at Grangers' Hall last night in honor of the ladies and gentlemen who assisted at the recent minstrel show given by the parlor.

A number of novel features were included in the program, among which was the ghost dance, which created no end of merriment. The hall was tastefully decorated in yellow, while the banquet-room to which the guests repaired late in the evening was done in red, hollyberries being profusely scattered everywhere. All present spent a thoroughly enjoyable evening.

And There Are Others.

Ah Teck was arrested by Officer Wilson yesterday morning for violating the ordinance prohibiting the hauling of refuse matter on the streets without sideboard protection. The Chinaman was driving a wagon loaded with refuse matter along Twelfth street, and left a trail of filth behind him.

Accident to a Locomotive.

As the train from Oroville was approaching Williamson, Yolo county, yesterday morning one of the driving rods of the locomotive broke in two and did some damage to the cab and boiler. A switch engine had to go out and bring in the disabled train.

Woman's power is largely dependent upon her ability to interest, entertain, attract and please. It is for this reason that women strive to become accomplished. They study in order that they may converse intelligently on all subjects. They strive to become good musicians, graceful dancers and amiable hostesses.

All accomplishments are unavailing if a woman suffers from ill-health in a womanly way. The special weakness peculiar to the womanly organism, will rapidly wreck the general health. The sufferer will lose her natural vivacity, her wit, her good looks, and the ambition and power to display the accomplishments at her command. Any woman affected in this way should resort to Dr. Pierce's Favorite Prescription. It is a wonderful medicine for ailing women. It is the invention of an eminent and skillful physician, Dr. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. It aims to cure but one class of diseases, and claims to be good for nothing else. It imparts health, elastic strength, vigor and virility to the delicate feminine organs. It prepares a woman for widowhood and motherhood.

Mrs. Ramon Sanchez, Penasco, Taos County, N. Mex., in a letter to Dr. Pierce says: "From a grateful heart my voice goes up to God both night and day in a solemn prayer that He may guard your health and preserve your life. I hereby express my gratitude to you for the relief I have received from your wonderful medicine, 'Favorite Prescription.' After suffering years of misery I am today a healthy and happy wife, and can truthfully recommend to women the use of the 'Favorite Prescription' as a regulator of the monthly periods. The quick constipation-cure—Doctor Pierce's Pleasant Pellets. Never gripe."

Not Worth the Risk.

Bing Brier will not be declared entitled to the office of County Recorder. When he came to make an estimate of the probable cost of carrying the case through the various courts, and of the law's delays, he weakened and withdrew his suit.
