

BANNERS ALL ARE WAVING.

(Continued from Fourth Page.)

ator Flint was referred to the Committee on Federal Relations:

"Whereas, It has become known to the people in the State of California that many of their staple articles of production that commend themselves to the consumers of the world by reason of their purity and quality, markets for which have been obtained by the expenditure of much time and energy, are being counterfeited by unscrupulous persons in many parts of the Union, by the substitution for the pure California product, of certain mixtures or articles not the product of California, and labeling the packages containing them as being a pure product of California; and

"Whereas, The subject of false branding and labeling of articles of food and beverages is recognized by producers and consumers throughout the civilized world as being of vital importance to commerce and the health of the people, being especially so to the producers of California, who by reason of their large annual output seek foreign markets for their surplus products, and who find that the good name and reputation of their goods are seriously injured in the markets of the world and the trade therein restrained by reason of such false branding and labeling; and

"Whereas, This condition is fully met by the provisions of a bill, entitled 'A bill for preventing the adulteration, misbranding and imitation of foods, beverages, candies, drugs and condiments in the several States, the District of Columbia and the Territories, and for regulating interstate traffic therein, and for other purposes,' introduced in the National House of Representatives by Hon. Marriot Brossius, and in the Senate by Hon. Charles J. Faulkner, and endorsed by the National Pure Food Congress, which makes false branding and labeling a misdemeanor, Section 5 of which provides that the term 'misbranded' as used therein 'shall include all drugs, or articles of food, or articles which enter into the composition of foods or condiments, the package or label of which shall bear any statement purporting to name any ingredients or substances as not being contained in such article, which statement shall be false in any particular, or any condition or food product which is falsely branded as to the State or Territory in which it is manufactured or produced;' therefore, be it

Resolved, By the Senate and Assembly jointly, that we hereby instruct our Senators and request our Representatives in Congress from this State to urge by all possible means the passage of the Faulkner and Brossius bills by Congress at an early date; and be it further

Resolved, That the Secretary of State is hereby instructed to forward certified copies of the foregoing resolution to the Senators and Representatives from this State in the Fifty-fifth and Fifty-sixth Congresses.

RECLAIM ARID LANDS. The following resolution by Senator Nutt was referred to the Committee on Federal Relations:

"Whereas, There are many thousand acres of land within the confines of the State of California that are at present lying idle, uninhabited and of no assessable value; and

"Whereas, A supply of water for irrigating purposes would render these lands susceptible of the highest cultivation and a source of revenue to the Government; and

"Whereas, The expense of securing such a supply of water by the building of storage reservoirs is far beyond the means of this State, and as the result of such work is of great value to the Federal Government in reclaiming and making salable large tracts of said land, and thereby making them a source of revenue; and

"Whereas, The money necessary for such work should properly be appropriated by Congress; now, therefore, be it Resolved, By the Senate of the State of California and the Assembly jointly, that our Senators be instructed and our Representatives be earnestly requested to use their best endeavors to secure an appropriation from the Federal Government to provide for the necessary surveys and estimates for the diverting of rivers and streams and the construction of reservoirs for the storage of water in order that some of our lands at present arid and worthless, may be irrigated and thereby rendered suitable for cultivation and a source of revenue to the United States, as well as to the State of California.

Resolved, That the Secretary of the Senate be directed to transmit to each of our Representatives and Senators in Congress a copy of these resolutions." The Senate adjourned until 10 o'clock this morning.

IN THE ASSEMBLY.

Some Important Resolutions and Bills Offered.

After the routine opening of the Assembly yesterday morning, and a somewhat lengthened correction and approval of the Journals of Tuesday and Wednesday, Cosper of Tulare moved that his bill authorizing and providing the means of collecting the California war claims of 1861 from the National Government be recalled from the Com-

mittee on Judiciary and referred to the Committee on Ways and Means. This precipitated a somewhat unexpected discussion, as Johnson (Chairman of the Judiciary Committee), Dibble and Garnett all contended with much earnestness that the proper place for the bill was with the Judiciary Committee. Johnson claimed that the bill carried no appropriation, and so was not eligible to a place in the Ways and Means Committee. Cosper was supported by Valerius and Bolshaw in his contention that the fact that the bill provided for the expense of collecting the State's claims made it an appropriation bill, and there was so lively a tilt among the lawyers that there seemed to be more than appeared on the face of the argument. In fact, Cosper claimed that Johnson, Chairman of the Judiciary Committee, had a similar bill of his own in his committee, and that, while he had every confidence in Johnson's fairness, he preferred to have his own bill before the Ways and Means Committee. His motion was carried.

SAN FRANCISCO CHARTER. Dibble moved to recall A. C. R. 6, the San Francisco Charter measure, from the Committee on Municipal Corporations and re-refer it to the Judiciary. After some discussion, on motion of Cobb, the Charter was recalled and referred back to the House.

LEAVE OF ABSENCE. Assemblyman Chynoweth, who has been in close attendance on the sick bed of his mother, who has been and still is very ill with pneumonia, asked virtual leave of absence for the rest of the month. Chynoweth gives a portion of each day, however, to his legislative duties, but wished simply to be excused from roll-call.

RULE SEVENTY-FIVE. In its report the Committee on Rules and Regulations (Dibble, Chairman) offered a substitute for Dibble's rule, No. 75, concerning the supervision of attaches. The new rule provides that the Committees on Judiciary and Ways and Means shall each have one clerk and one stenographer, to be selected by the Chairman of the committee. The Sergeant-at-Arms or his assistant shall have supervision of the gatekeepers, porters, mail clerks, pages, bill clerks and file clerks, and shall report any neglect on their part to the Speaker. All appointments of committee clerks and attaches shall be made by the Committee on Attaches, and must be reported to the House, ratified by that body and printed in the Journal. Report adopted.

RESOLUTIONS AND MOTIONS. Johnson offered a resolution authorizing the Sergeant-at-Arms to provide for the Committee on Judiciary such furniture and other supplies as may be needed for their use. Adopted.

FOR THE SAN JOAQUIN. Griffin of Madera offered Assembly Concurrent Resolution 11, which, on his request, was referred to the Committee on Irrigation. It is as follows:

"Whereas, The right of conservation and appropriation of the waters of the streams of the State for purposes of irrigation, under wise and judicious restrictions, and in such manner as to give an equitable distribution thereof, must be accorded; and

"Whereas, Every foot of the great San Joaquin Valley, comprising the counties of San Joaquin, Stanislaus, Merced, Madera, Fresno, Tulare, Kings and Kern, with an area of over 7,500,000 acres, might be irrigated from the waters of the Stanislaus, Tuolumne, Merced, Fresno, Kings and Kern rivers; and

"Whereas, The physical and climatic conditions of this valley render it impossible to till the land successfully and with certainty without an artificial supply of water for irrigation thereof; and

"Whereas, Much of the valley is too arid for cultivation without irrigation, and with water will produce abundantly of all the staple fruits and cereals, and would be worth vast sums of money, but without water produces nothing with certainty, and is comparatively valueless; and inasmuch as irrigation means progress, prosperity and wealth to this valley; now, therefore, be it

Resolved by the Assembly, the Senate concurring, that our Senators in Congress be instructed, and our Representatives therein be requested, and urged, to take such action as shall result in an estimate of the cost of, by engineers of the Federal Government, and a proposal of a plan for the extent and circumstances of restraining works to confine and husband the waters of the Stanislaus, Tuolumne, Merced, Fresno, Kings and Kern rivers, where a dam or dams on each of them can be best located, the amount of water that may be utilized, and a secondary system of main irrigating canals leading therefrom, and tertiary distributing facilities, and such other necessary works as will provide for the sufficient irrigation of the whole valley of the San Joaquin, and to enable the valley to be divided into districts, and the amount of land that may be irrigated in each; and that following such report an appropriation may be made by Congress to defray the cost of the same.

Resolved further, That the Chief Clerk transmit by mail a copy of this resolution to each Senator and Congressman from California at Washington, D. C.

A. J. R. 3. Was offered by Works, and referred to the Committee on Federal Relations. It is as follows:

"Whereas, The United States Government has expended a large sum of

money in the partial construction of a jetty at the mouth of San Diego Bay; and

"Whereas, The growing importance of the commerce of the Pacific Coast in general, and of the city of San Diego in particular, demands that said jetty be completed; now, therefore, be it

Resolved by the Assembly, the Senate concurring, that our Senators in Congress be, and they are hereby, requested, and our Representatives be, and they are hereby, instructed to use all honorable means to secure a sufficient appropriation for the completion of the Government jetty now partially constructed at the mouth of San Diego Bay.

Resolved further, That the Chief Clerk of the Assembly be, and he is hereby, instructed to mail a copy of these resolutions to each of our Senators and Representatives in Congress.

Arnerich offered a resolution that P. J. Arnerich, be, and he is hereby, discharged from bill clerk of the Sergeant-at-Arms and be it further resolved, that J. J. Connell be changed from fireman to bill clerk. Referred to Committee on Attaches.

INTRODUCTION OF BILLS. By Mack—Amending the Act relating to estrays.

By McKee—Authorizing rural cemetery associations to erect or purchase buildings, furnaces or other works for the cremation of human bodies; also to erect or lease buildings in which shall be entombed only the ashes of the cremated dead; to make provision for the care of burial places and ashes of the dead; also to provide for the cremation of the unclaimed dead and bodies liable, if interred, to spread disease. Health and Quarantine.

By Fairweather—To regulate the sale of commercial fertilizers, or materials used for manurial purposes, and to provide penalties for the infraction thereof. Agriculture.

By De Lancia—Fixing and defining a miner's inch of water. Mines and Mining.

By Burnett—To establish the California Polytechnic School in the County of San Luis Obispo, Cal., and making an appropriation therefor. Ways and Means.

By Arnerich—To prohibit the sophistication and adulteration of wine, and to prevent fraud in the manufacture and sale thereof; to provide the penalty therefor, and to appropriate money to enforce the same. Fruit and Vine Interests.

For the protection of horticulture, and to prevent the introduction into this State of insects or diseases or animals injurious to fruit or fruit trees, vines, bushes or vegetables, and to provide for a quarantine for the enforcement of this Act. Public Health and Quarantine.

To prevent the shipment of infected fruits out of the State of California. Public Health and Quarantine.

To amend an Act to create and establish a State Board of Horticulture. Agriculture.

Making an appropriation to pay the claim of the State Board of Horticulture for moneys expended in behalf of the State of California. Claims.

To appropriate \$10,000 for the purpose of sending an expert to Australia, New Zealand or other countries, to collect and import into this State parasites and predaceous insects. Ways and Means.

By Kenneally—To provide for the construction and maintenance of a fireboat for the protection of shipping and inflammable property bordering on the bay of San Francisco.

By Mead—To regulate the granting of telephone and telegraph, street railroad, and electric light, heat and power, and other franchises, by municipal authorities of incorporated cities, and repeal certain conflicting Acts. Municipal Corporations.

By De Lancia—Authorizing the Board of Trustees of the State Normal School at Chico to construct and furnish an addition to the State Normal School building at said place, and appropriating money therefor. Public Buildings and Grounds.

To amend the Political Code. Judiciary.

By Blood—To establish branch State Normal School in Calaveras County, and appropriating \$50,000 therefor. Public Buildings and Grounds.

By Chynoweth—To prevent monopolies in articles or commodities of common use and prohibit restraints of trade and commerce and providing penalties for violations of the provisions of this Act. Labor and Capital.

By Pierce—To amend an act to regulate the width of tires of wagons. Roads and Highways.

By Melick—To classify the roads in the State, to define each class, and to provide for their management. Roads and Highways.

To promote the apicultural interests of the State, by providing county inspectors of apiaries, and repealing the Act authorizing the Boards of Supervisors of the several counties of the State to appoint inspectors of apiaries. Agriculture.

Providing for the location, construction and maintenance of highways by the levy of a rate of taxation, and the creation of a fund therefor. Roads and Highways.

By Devoto—To amend the Act providing for the appointment, duties and compensation of a Debris Commissioner. Judiciary.

By Muenster—To amend the Act creating a board of Bank Commissioners, Commissions and Public Expenditures.

By Conroy—To amend the Civil Code in relation to how funds of insurance companies may be invested. Judiciary.

To regulate and improve the Civil Service of the State of California, and to appropriate money therefor. Commissions and Public Expenditures.

TO-DAY, JANUARY 14th, AT 9:30 A. M. TO-DAY, JAN. 14th, SALE OF 726 Children's and Misses' Shoes of All Kinds At Most Uncommon Prices.

It is a long ways to the end of 1899, but we do not believe that we shall at any time during the year be able to offer more telling values in MISSES' AND CHILDREN'S SHOES than to-day. If you will carefully read what follows we think you will agree with us. Stocktaking having just been completed, we have culled out all the broken lines of MISSES' AND CHILDREN'S SHOES—slow-selling sorts, lines that we do not intend to reorder, lines in which sizes are broken, etc. In all there are, perhaps, twenty different kinds of shoes, suitable for all tastes and needs. They are not old shopworn goods of shoddy, inferior make, but every pair of them is up to our standard of shoe excellence, and they are all in clean, inviting condition. So do not associate the prices that follow with inferior goods. Boys and girls are always wearing out shoes, and at these prices it will pay you to buy not one pair but several. Here are the details:

SALE OF MISSES' AND CHILDREN'S SHOES. LOT 1—All the shoes in sizes 5 to 7 1/2 are put in this lot and made one uniform price, regardless of former selling prices. Many of them were \$1, \$1.15 and \$1.25 up to stock-taking time. Some of them in fine kid with black vesting tops and inlaid insteps. Others with plain kid tops and patent leather tips. Still others of durable kangaroo leather lace style, for every-day wear. Sale Price, 68c. LOT 2—All the shoes in sizes 8 1/2 to 11 are in this lot. Most of them have been selling up to stock taking at \$1.25, \$1.35 and \$1.50. They are all attractive shoes of the best kinds. For dress wear there are kid shoes with inlaid vesting insteps and tops and stylish coin toes. Another interesting lot are Alaska seal lace shoes, heavy soles and just the thing for Winter wear. Several styles in cloth top kid button shoes, with patent leather tips. Also kangaroo calf shoes for school or play. Sale Price, 88c. LOT 3—Misses' shoes in sizes 1 1/2 to 2 and comprising about all the styles as described in Lot 2, only larger sizes. Note particularly the Alaska seal goat lace shoes, as well as the kangaroo calf and the fine dress shoe styles. Up to stock taking prices have been as high as \$1.50, \$1.75 and \$2. Now we make one uniform price, namely, Sale Price, \$1.18. LOT 4—A line of fine kid shoes, with black cloth tops, button styles, and made by the well-known J. & T. Cousins of New York. Neat half square toes, with patent leather tips, spring heels and first-class materials and workmanship in every part. When we bought these shoes we first marked them \$2.50. A good run of sizes in 1 1/2 to 2. Our price to close will be Sale Price, \$1.38. Weinstock, Lubin & Co., 400-412 K St., Sacramento.

"Stitch in Your Back" DO YOU EVER GET CAUGHT WITH A "stitch in your back" as you straighten up from a stooping position? Is there a pain and stiffness in your back muscles? These are troubles easily cured by my Electric Belt. It invigorates the muscles of the back by filling them with electrical warmth; it cures lame back in a day, sometimes. It always cures it. My Belt Cures for Good. "Three years ago I bought a Belt of you for lumbago. My trouble would come in wet weather. I wore the Belt for two months and the trouble left me. I am thankful to say it has never come back at any season. I wear the Belt a day or so whenever I feel poorly, and it is as good as the day I bought it, three years ago. Yours truly, W. F. HALE, Collinsville, Selma Co., Cal., Dec. 27." "THREE CLASSES OF MEN" is the name of my book. All about what my Belt can do. Call and test the power of my Belt free if you can. If not, let me send you the book. DR. A. T. SANDEN, Box 2, 700 Market St., San Francisco, Cal. Office hours—8 a. m. to 8 p. m.; Sundays, 10 to 11. Branches at Los Angeles, Cal., 230 1/2 South Broadway; Portland, Or., 234 Washington; Denver, Col., 614 15th St.; Dallas, Tex., 205 Main St. NOT IN DRUG STORES. Dr. Sanden's Electric Belt is never sold in drug stores or by traveling agents; only at our office. 1850-1898. 48 years of success prove these troches to be the best for Coughs, Colds, Hoarseness, Bronchitis, Asthma. In boxes—never sold in bulk.
