

SENATE RESURRECTS, ASSEMBLY CONCURS, GOVERNOR APPROVES.

(Continued from Fourth Page.)

declined to vote against the bill before it was safely "out of the woods" got back in line. Shortridge expressed a desire to change his vote and give notice of a motion to reconsider. Smith, who was in the chair, held that Shortridge could change his vote from no to aye if he so desired, but that such a thing as a second reconsideration was unknown in parliamentary law.

Shortridge was disposed to argue the point, but declined to appeal from the decision of the Chair, and the bill was declared passed by the following vote: Ayes—Ashie (D.), Bettman (R.), Boyce (R.), Bulla (R.), Burnett (R.), Chapman (D.), Curtis (D.), Custer (R.), Dickinson (R.), Feeney (D.), Hoy (R.), Jones (R.), Leavitt (R.), Maggard (R.), Morehouse (R.), Nutt (R.), Pace (D.), Simpson (R.), Taylor (R.), Trout (R.), Wolfe (R.)—21.

Noes—Braunhart (D.), Davis (R.), Doty (D.), Dwyer (D.), Gillette (R.), La Rue (D.), Luchsinger (R.), Prisk (D.), Rowell (R.), Shortridge (R.), Sims (D.), Smith (R.), Stratton (R.)—13. From the roll-call it will be seen that politics had no place there. It was a strictly non-partisan measure, and was voted for by sixteen Republicans and five Democrats, while seven Republicans and six Democrats voted with the minority.

The anti-cartoon bill subsequently passed the Assembly by a large majority, and goes to the Governor. OTHER BILLS CONSIDERED. Work proceeded on the special file of Assembly bills and the following were acted upon: A. B. 156, Arnerich—For the protection of horticulture, and to prevent the introduction of insects, diseases, or animals injurious to fruit trees, vines, bushes, or vegetables and to provide for a quarantine for the enforcement of this Act; read third time and passed, 27 to 3.

Title approved. S. B. 444, Stratton—In relation to municipal elections where the same are held separate and distinct in County, and elections held under the authority of Section 8 of Article XI of the Constitution, to elect Boards of Precincts, or to vote upon proposed charters, and to amend an Act in relation to elections held under the authority of Section 8 of Article XI of the Constitution; passed, 26 to 0. Title approved.

S. B. 215, Hoy—An Act for the relief of Julius A. Holt, a private in Company C, First Regiment Infantry, Second Brigade, N. G. B. 695, Pace—To amend Section 5 of an Act regulating the sale of the lands uncovered by the recession or drainage of the waters of inland lakes, and unsegregated swamp and overflowed lands, and valuations and surveys heretofore made; read third time, amended by reducing the number of acres which may be purchased from 320 to 100.

S. B. 206, Sims—To provide for the completion of the main building of the California Home for the Care and Training of Feeble-Minded Children, by the erection, equipment and furnishing of the front section thereof, to appropriate \$37,500 therefor, and to authorize the expenditure of the same; amended and ordered printed. B. 336, Bulla, to amend Section 592 of the Penal Code substituted. At 4:20 o'clock a recess was taken until 8 p. m.

Evening Session. At the evening session the special urgency law was read, and S. B. 440, relating to negotiable instruments was called up. The bill proposes to alter the entire law of the State, relating to negotiable instruments, and was the result of the deliberation of a commission for the codification and unification of

the laws, which met at Saratoga, New York, a year ago. Dickinson protested against voting on a bill which repealed the laws relating to negotiable instruments, without thoroughly examining it, and at his suggestion further consideration was postponed until to-day. Leavitt's bill to create the harbor of Oakland, define its boundaries, etc., was after considerable discussion, passed by a vote of 24 to 9—Title approved. S. B. 290, La Rue—To provide for the purchase of land, the purchase of machinery, the construction of a dam, and other improvements by the managers of the Napa State Hospital, and appropriating \$75,000; read the third time and passed, 29 to 0—Title approved. A SPECIAL FILE. Smith offered a resolution which was adopted, providing that after the consideration of the Assembly special file to-day, a file of special bills be made up, beginning at the foot of the alphabet. VAGRANCY BILL BEATEN. S. B. 170, Nutt—Amending Section 1,435 of the Penal Code, relating to trials by jury in Justice and Police Courts, read and as considerable opposition was developed a call of the Senate resulted. Just prior to the closing of the doors the bill was defeated by the Governor, who had signed the anti-cartoon bill, and that measure, which had passed from defeat, to victory and into history, was fought over again during the tedious wait.

The bill under consideration when the doors were closed is commonly known as the "Vag Bill." It provides that Justices of the Peace and Police Judges may summarily dispose of vagrancy and similar cases, and that such offenders shall have no right to trial by jury. It is 10:30 o'clock when the Sergeant-at-Arms finally returned, with Langford, "the Father of the Senate" in tow. Langford voted aye, but there was still not enough votes to pass the bill, and an avalanche of changes from eye to no followed, resulting in the bill being under consideration in the 13 to 18. Nutt was among those who changed his vote to no, and he gave notice of a motion to reconsider. S. J. R. 17, Davis—Relative to the mineral lands within railroad land grants in the State, and the segregation and reservation of such mineral lands, was read and passed, 31 to 0.

GOVERNOR DISAPPROVES. During the evening executive messages were received and read as follows: To the Senate of the State of California, I herewith return to your honorable body my approval of committee substitute for Senate Bill No. 151, with my objections thereto. This bill in substance authorizes the Attorney General, in consideration of an assignment by J. N. E. Wilson to the State of California of all his right and interest in and to any moneys collected by said Wilson as Attorney-Commissioner, and deposited by him in the Pacific Bank of San Francisco, to settle and dismiss a certain action wherein the People of the State of California, by J. N. E. Colgan, State Controller, in plaintiff, and J. N. E. Wilson, F. C. DeLong and J. D. Byrnes are defendants, and wherein judgment was obtained against Mr. Wilson and J. D. Byrnes and F. C. DeLong, his sureties, in the Superior Court of the county of Sacramento. The action was commenced by the People March 1, 1894, to recover the sum of \$2,988.41, fees collected and unlawfully withheld by Mr. Wilson for the month of June, 1893, together with a 25 per cent. penalty, and with interest at 10 per cent., as provided by law. Judgment was rendered against said Wilson for \$4,063.82 on February 20, 1895, and against F. C. DeLong, April 8, 1895, and against J. D. Byrnes, January 18, 1897.

On December 28, 1894, Mr. Wilson paid into court from fees in his hands the sum of \$649.93 in partial settlement, but withheld, without any legal right, the sum of \$400 on account of his salary. No other amounts have been paid upon the claim of the State. An appeal was taken by Mr. Wilson to the Supreme Court, and the judgment was affirmed June 14, 1897, the case being reported in Vol. 117, California Reports, page 242 et seq., where it was held that Mr. Wilson's act in depositing the money in bank was wholly unlawful. The present bill seeks to relieve Mr. Wilson and his sureties from the judgment against them. The amount of money, if any, in the Pacific Bank, which is proposed by this bill to be paid in settlement of the judgment, is not shown; nor does there appear to be any reason why Mr. Wilson and his sureties should be relieved from the

consequences of the judgment. It is well known that the Pacific Bank went into insolvency, and the proposed assignment of any money deposited therein by Mr. Wilson may prove a very poor bargain for the State. Inasmuch as a judgment was obtained against Mr. Wilson, February 20, 1895, it seems strange that Mr. Wilson did not previously assign to the State his interest in the money so deposited, especially as he contended in court that the money in bank belonged to the State, and that the State should suffer the loss through the failure of the bank. I have thus far called the attention of your honorable body to the circumstances surrounding the judgment, in order to consider whether this bill for relief could have an equitable foundation. I now further call your attention to the fact that the bill flatly contravenes the sixteenth subdivision of Section 25 of Article IV. of the State Constitution, which reads as follows: "The Legislature shall have no local or special laws in any of the following enumerated cases, that is to say: "Sixteenth—Releasing or extinguishing in whole or in part the indebtedness, liability, or obligation of any corporation or person to this State, or to any municipal corporation therein." It is clear, therefore, that committee substitute for Senate Bill No. 151 is in violation of this constitutional provision, and therefore void.

HENRY T. GAGE, Governor. THESE APPROVED. To the Senate of the State of California: I herewith return to your honorable body, without my approval, Senate Bill No. 82, with my objections thereto. The sum of \$7,500 appropriated by this bill for furnishing the fuel and other fixtures of the State Treasurer's office is altogether excessive, as I have found after a personal examination. In addition to this objection, the amount appropriated is made payable later on or after January 1, 1900. HENRY T. GAGE, Governor. To the Senate of the State of California: I have the honor to inform your honorable body that I have approved Senate Bill No. 11.

I heartily approve of this bill for many reasons, among which are the following: The road is an urgent necessity for the two great producing classes, the farmers and the miners, who reside on the east slope of the Sierras between Sonora Pass on the north and Walker's Pass on the south. There is no road, save the mountain, other than pack trails, for a distance of over 250 miles. The citizens of our State residing in that section of the eastern slope have been compelled for many years to travel to Nevada to sell their products, and to trade there, for the reason that they have had no accessible route to the great valleys and valleys on the California side west of the mountains. Though they have cheerfully borne their proportion of the taxes to California for many years, yet for want of a proper roadway they have not had the usual benefits incident to taxation. The great waste and necessity of the people of that part of the State for the construction of this road is manifested among other things by a very unusual offer on the part of some of the citizens in interest, which is to guarantee the construction of the road for the amount of \$1,000,000, and a tender to the State of a good bond therefor. A further guaranty has been made by a number of leading citizens that the maintenance of the road shall never become "a claim upon or charge against the State of California." These guarantees have been filed with the Secretary of State. In view of the afore-mentioned and many other reasons, it is but just to the people inhabiting that region of the State, both east and west of the mountains, that this appropriation should be granted; hence I approve of the bill. HENRY T. GAGE, Governor.

The bill carries an appropriation of \$25,000 for the construction of the road. To the Senate of the State of California: I have the honor to inform your honorable body that I have this day approved Senate Bill No. 536. As your honorable body and the Assembly have both declared that an immediate necessity exists for this appropriation by twice passing this measure, and the amount specified in the bill being reduced from \$10,000 to \$7,500, I have therefore approved the bill. HENRY T. GAGE, Governor. The bill appropriates \$7,500 for the purpose of sending an expert to Australia, New Zealand, other countries, to collect and import into this State for general distribution parasitical and prodaceous insects from those countries prey upon such species of fruit and tree pests as abound in orchards of this State. At 10:35 o'clock the Senate adjourned.

IN THE ASSEMBLY. A Day Not Without Its Excitements and Incidents. The opening of the Assembly yesterday morning at 9:30 o'clock found a quorum present and business was done from the beginning. Leave of absence was granted to Works, Brown, Kenneally, Mack, Arnerich, Clark and Greenwell. A BILL RECALLED. A message from the Governor requested the relative to his Private Secretary of A. B. 84, sent in Wednesday afternoon with a veto message, for the purpose of correcting a clerical error. SO ORDERED. ATTORNEY GENERAL'S REPORT. Attorney General T. Ford sent in a report in response to the Assembly's request, sent to him some time ago, in the shape of a resolution asking him to give a detailed report of the status of all litigation pending between the Board of Railroad Commissioners and the Southern Pacific Company and other railroads. The Attorney General's report is given in full in another column.

B.'s, 954 to 957 inclusive, all amending the various codes so as to make a holiday of the day on which a general primary election is held. Wade, for State Hospitals and Asylums, recommended Cowan's A. B. 193, to provide an adequate water supply for the Home for the Feeble Minded, that it do pass as amended, and be referred to Ways and Means. Cargill, for Public Health and Quarantine, reported adversely on Rickard's A. B. 556, amending the Act regulating the practice of pharmacy; Conroy's A. B. 806, repealing the general

the Jenness Miller Shoes, at \$3.50 and \$5. These are shoes designed and made for the comfort of foot-tired women, but that is no reason why the lines should not be easy and graceful and the shoes slightly. We think that you will find them so. They cost \$3.50 and \$5.00 and look worth every penny of those prices.

B. 878, for a public highway from Merced to Yosemite, was reported favorably. RESOLUTIONS. Atherton, for State Prisons and Reformatories, offered a resolution permitting that committee to make a pleasant trip, as the resolution read, "to go to see the school at Whittier, including the clerk." This was ambiguous, but the Assembly seemed to take it all right, and adopted the resolution, leaving it to the committee whether they would go to see Whittier's Clerk or take their own clerk to see Whittier.

The Weather Bureau reports show the highest and lowest temperatures yesterday to have been 65 and 42 degrees, with gently to fresh southerly winds and partly cloudy weather prevailing. The average temperature was 54 degrees.

ANOTHER VETO SUSTAINED. The Governor's disapproval of Raub's A. B. 145, concerning reclamation districts—which veto was printed with others in yesterday's "Record-Union," was sustained by the election. SENATORIAL ELECTION. Under special orders Caminetti's two joint resolutions providing for the election of United States Senators by the direct vote of the people came up for consideration. The debate upon this important question was cut short by the advent of the hour for the joint session and will be renewed to-day. Dibble stood for the Constitutional method. Caminetti supported his resolutions, which were also championed by Wade, Valentine, Lardner, Cooper and Cowan. On motion of Caminetti the further

B. 870, to amend the Political Code, relating to the counting of money in the State Treasury, and making the breaking, or any interference with any seal affixed on any safe or inner vault in the vault of the State Treasurer, a felony; also Crowder's A. B. 253, appropriating \$80,000 to complete the San Diego State Normal School, and A. B. 877 (substitute from the Committee on Roads and Highways for A. Atherton, for State Prisons and Reformatories, offered a resolution permitting that committee to make a pleasant trip, as the resolution read, "to go to see the school at Whittier, including the clerk." This was ambiguous, but the Assembly seemed to take it all right, and adopted the resolution, leaving it to the committee whether they would go to see Whittier's Clerk or take their own clerk to see Whittier.
