

ANOTHER FERRY FRANCHISE

ASKED FOR BY MANY FARMERS IN YOLO.

The Supervisors Can Do Nothing in Road Matters Until After July Next.

The Supervisors had another session yesterday with people from down the river regarding a petition for a ferry franchise a short distance below Freeport.

A short time ago application was made for the privilege of establishing a free ferry at Freeport, which was refused. This time about forty landholders on the Yolo side asked the privilege of establishing a ferry for their own use, to run across the river from the beach ranch on this side to that of J. L. Manica on the Yolo side.

W. M. Sims appeared for the petitioners, and F. D. Ryan for the protesters. The petitioners were Antonio Joseph, J. L. Manica and M. F. Silva.

Antonio Joseph testified that it costs him from \$40 to \$50 per month to take his produce to this side and do his trading in Sacramento. It is more than he can afford to pay.

J. L. Manica testified that the people on the Yolo side greatly need this ferry. He spends all his money in Sacramento, but it costs him \$60 a year to come here, and he has to avoid it whenever he can.

J. H. Cave said he does his trading in Sacramento. It used to cost him from \$150 to \$200 for ferryage, but he can't afford to travel so much now. There ought to be a free ferry, so that people could come to the city as often as possible.

Mr. Ryan contended that, as the Weber ferry at Clarksburg and the Soto ferry at Freeport are only four miles apart, another ferry is not needed, and would only cut into their business, which is not very profitable. He presented a written protest, signed by residents of the east side of the river, also one from the river transportation companies, against the establishment of the ferry asked for.

Mr. Sims made a vigorous argument in support of the petition, claiming that it would be for the interest of a large number of farmers who want to take their produce to Sacramento and do their trading in this city. No man or men should enjoy a monopoly of the ferry privilege on the river.

Mr. Ryan denied that the cost to these Yolo farmers amounts to as much as stated. At one trip per week to the city, at 50 cents per trip, the expense would not be upward of \$26 per year, instead of from \$50 to \$75.

L. J. Hindsdale of Clarksburg, called by Mr. Ryan, said that the Weber ferry is well conducted and that he thinks another ferry would offset more than to drive some other one out of business. Personally he favored free ferries, but if tolls are to be charged he could see no necessity for another.

The matter was then submitted, and Supervisor Jenkins moved that the board take the matter under advisement.

Supervisor Gillis said he did not think it a good idea to grant a franchise at this time. The Peters franchise for the ferry this side of Freeport, will expire within a year, and the board might decide to establish a free ferry at that point.

Jenkins' motion prevailed, and the matter was taken under advisement.

ROAD MATTERS. The matter of the petition of L. R. Davis and others for a cross road from Highland Park to the Whisky Hill road, which was set for hearing yesterday by the Board of Supervisors, was further continued till July.

The board desires all persons interested in road matters to understand that nothing can be done in that direction before July.

AN OAK PARK SALOON. C. M. Beckwith appeared before the Supervisors yesterday in behalf of the application of Jesse Phillips for a license to conduct a saloon at the corner of Sacramento and Madison avenues, Oak Park, in the building heretofore occupied by Selberg's saloon.

Chairman Curtis said the Oak Park people desired to be heard in the matter before action is taken, and on motion of McLaughlin the application was set for hearing on the afternoon of the 20th inst.

UNITED BROTHERS' CHURCH. The Supervisors Help It Out of a Bad Situation. County Assessor Berkey appeared before the Board of Supervisors yesterday and stated that the church property of the United Brethren had been deeded to the State on account of delinquent taxes, and it was desired to redeem it. It will take \$49 to pay the State's claim and redeem the property, and this sum the parishioners are able to pay, but in addition thereto the church owes the county \$118.42 on back taxes. The city had already remitted its claim, some \$69, and the few members of the church asked that the county do the same, which will place the church on a safe footing.

Mr. Berkey explained that the people of the church had paid the first installment of last year's taxes and have arranged to pay the second, so that if the county's back claim were released the church would be free.

Rev. Mr. Border, the pastor, informed the board that there are but thirty odd members of the church, but that a half dozen of whom are able to contribute anything toward its maintenance. He had but recently taken charge of the church, but hoped to be able to accomplish something toward

THE MORAL WELL BEING OF THE COMMUNITY. Henceforth, he thought, the church people would manage to pay the taxes and keep the little church out of debt.

On motion of McLaughlin it was ordered that the county remit the amount of its claim against the church, and it was so ordered by unanimous vote.

Mr. Border festively thanked the Supervisors for their generous action.

ANTHRAX GERMS. Anxiety Lest the High Water May Distribute Them. The prevailing high water in the Sacramento River is giving rise to considerable speculation among cattlemen and others interested concerning the possibility of scattering anthrax through the pastures bordering on the lower portions of the river by carrying germs which may have lived through the winter in the soil of the Perkins ranch up the river, in Yolo County, where a number of pronounced cases occurred last fall.

In speaking of the matter yesterday one of the foremost veterinarians in the city said that the anthrax germ, unless burned to a cinder, or buried so deep as to exclude all oxygen, would live about the grass roots for twenty years. He further stated that the germs, being light, would float on the water, and in case of overflows many of them would rise to the surface, float down stream and possibly be picked up by grazing animals.

As the carcasses of animals which died of anthrax up the river were either burned entirely or buried deep, it is hoped that the germs of the disease may have been eradicated.

ITS QUARTERLY CONVENTION

COUNTY CHRISTIAN ENDEAVOR UNION.

To Be Held This Afternoon and Evening at the German Lutheran Church.

The twenty-seventh quarterly convention of the Sacramento County Christian Endeavor Union will be held at the German Lutheran Church, corner of Twelfth and K streets, in this city, this afternoon and evening.

The subject chosen for the afternoon is "The Christian Endeavor Garden," and during the afternoon session, which will open at 3 o'clock, the "Christian Endeavor tools" used in the "garden" will be discussed by six Endeavorers. The praise service will be led by Mrs. I. Magray, and there will also be a duet by Mrs. I. Magray and Mrs. F. Valentine.

The evening session will open at 7:30 o'clock with a service of song, led by E. R. Barfoot, and during the evening "The Conditions Necessary for Growth in the Christian Endeavor Garden" will be taken up. It is hoped that all the Endeavorers and their friends will be present during both sessions of the convention and help to make the occasion a success. They will give information in relation to the sessions, theme and speakers of the convention, and also in regard to transportation. UNDER A PLASTER. A Receiver Now in Charge of the Geiser Shoe Store. The big shoe store of William B. Geiser & Co. at Eighth and K streets, is in the hands of a receiver. On Monday last an attachment was made, on request of Augustus Yast, of the Merchants' and York Packing Company, who is the principal creditor.

Mr. Yoerk is Mr. Geiser's father-in-law, and respecting the attachment levied on the shoe store, he yesterday said to a "Record-Union" reporter that he was interested in the store to the extent of \$24,500, he having acted as Geiser's surety for that amount borrowed from the National Bank of O. O. Mills & Co. When he found that Geiser was unable to meet the notes he took them up, giving his individual note instead.

Mr. Yoerk said that after assuming the obligation he, through his attorney, attempted to get Geiser to allow a good business man in the store to look after the (Yoerk's) interest, but got no satisfaction. Sheriff Johnson has appointed R. M. Beard receiver of the concern. It is not yet known what course will be pursued toward closing up the business.

"BIKE" RIDERS VIGILANT. There is a General Look Out for Wheel Thieves. The stealing of a bicycle in the State Capitol on Wednesday within twenty feet of the entrance to the Controller's office, and an equal distance from the Governor's office, has caused a sort of stampede among wheelmen employed at the Capitol. Though the hallways have heretofore contained at least a dozen wheels, all an "easy catch" for a thief, not a wheel was in sight there yesterday. The cops stood there inside, and watchmen everywhere about the building were vigilant.

There was a heavy demand for locks at bicycle stores yesterday. The Capital City Wheelmen discussed the question of vigilance, and every rider was on the lookout for the thieves supposed to be making a raid of this city.

The admissions are limited because of the capacity of the hall.
