

FLEET FLYERS ON EASTERN TRACKS.

The Rosebud Was the Chief Stake Feature

At Sheephead Bay, With Affect a No Favorite.

Won Easily From Belle of Orleans - Forget Did Not Forget to Win the Bay Hurdle Race From Premier-Headley, a Forty to One Shot, Surprised the Sports at Latonia, Getting Off in Front and Never Was Headed.

NEW YORK, June 21.—The Rosebud was the chief stake feature at Sheephead today, with Affect a no favorite. Affect went to the front at once from a poor start and made all the running to the bend into the main track. Belle of Orleans got within a length of her, but Affect won easily by three-quarters of a length. Premier opened favorite for the Bay Hurdle race, but Forget took the honor at the close of the betting. She went to the front at the fall of the flag and was never headed, winning in a mild drive from Premier. Results: Six furlongs, Philon d'Or won, Primate second, Momentum third. Time—1:14. One mile, Admiration won, Kirkwood second, Pirate M. third. Time—1:41. Rosebud stakes, five furlongs, Affect won, Belle of Orleans second, Primate third. Time—1:01. Mile and a quarter, Thomas Cat won, Strathcona second, Jeannot third. Time—1:54. Bay hurdle, two miles, Forget won, Premier second, Ben Eder third. Time—3:51. Futurity course, Sadducee won, Gulden second, Mark Check third. Time—1:11.

AT LATONIA. CINCINNATI, June 21.—The victory of Headley, one of the Leigh cast-offs, at 40 to 1, was a big surprise at Latonia. Headley got off in front and was never headed. Results: Six furlongs, John Boone won, Kalmia second, Marietta third. Time—1:06. Five furlongs, Kilmarnock won, Lew Kraft second, John Yerkes third. Time—1:03. One mile, selling, Headley won, Sylvia second, Provost third. Time—1:43. Mile and a half, Prosecutor won, True Light second, Countess Irma third. Time—2:37. Five furlongs, Aurea won, Cascan second, Fonda third. Time—1:03. One mile, Albe Belle won, Full Dress second, Aureole third. Time—1:24.

AT HAWTHORNE. CHICAGO, June 21.—Weather at Hawthorne fair; track fast. Results: Five furlongs, Lord Weil won, Commonwealth Attorney second, Annie Palmer third. Time—1:03. Six furlongs, Goebel won, Honey Boy second, Galathée third. Time—1:12. Mile and a quarter, selling, Croesus won, Uarda second, Brametta third. Time—2:00. Seven furlongs, Meddler won, Lucky Star second, Elkin third. Time—1:26. One mile, Piccola won, Headlight second, Osta third. Time—1:41. One mile, Robert Bonner won, King's Guard second, The Winner third. Time—1:41.

AT ST. LOUIS. ST. LOUIS, June 21.—The Fair Grounds track was fast to-day. Results: Six furlongs, Lula W. won, Lady Memphis second, Koenig third. Time—1:17. One mile, Dutch Bard won, Sir Gaten second, W. B. Gates third. Time—1:42. Mile and seventy yards, Raffello won, Found second, Apple Jack third. Time—1:40. Six furlongs, Wagline won, Silver Set second, Alleviate third. Time—1:15. Six and a half furlongs, Duke of Baden won, Trust Me second, Sly third. Time—1:22. Six furlongs, Young Dixon won, Sam Lazarus second, Denver Michael third. Time—1:16.

AT DENVER. DENVER (Col.), June 21.—Favorites were generally successful to-day at Overland Park. In the pacing event, Coney lost the first heat, but took the next three, and to show something of what he could do, he took the first half of the second heat in 1:03, doing the first quarter in 0:31. Jockey W. P.

Death of Judge Foster. TOPEKA (Kans.), June 21.—C. G. Foster, formerly Federal Judge for the District of Kansas, died this evening at 6 o'clock. Judge Foster was appointed Judge of the United States District Court by President Grant in 1874 and served until March of this year.

Troop F Goes to the Presidio. WASHINGTON, June 21.—Troop F, of the Sixth Cavalry, now at Fort Leavenworth, Kan., has been ordered to take station at the Presidio, San Francisco, for the purpose of assisting in the care and protection of Government property there and in the Yosemite Park.

The Charmion Won. HELIGOLAND, June 21.—The judges have decided that the winner is F. B. Atkinson's 175-ton yacht, Charmion, with R. Lee's 146-ton yacht Wendur second and J. Gretton's 92-ton yacht Betty third.

Well-Known Painter Dead. MILWAUKEE (Wis.), June 21.—William Verorick, a well-known portrait painter, died at his home in this city to-day, aged 76 years, after an illness of several weeks.

Chauncey M. Depew's Son Sick. LONDON, June 21.—Chauncey M. Depew was hurriedly summoned to Brussels last evening where his son was suddenly taken ill yesterday.

The Treasury's Condition. WASHINGTON, June 21.—To-day's statement of the condition of the treasury shows: Available cash balance, \$272,535,654; gold reserve, \$235,572,065.

OF INTEREST TO CYCLISTS.

A RELAY-PROPOSED ELECTRIC LIGHT MEET.

Chainless Wheels—Touring—The C. C. W.—Those Badges—Good Roads—In the Orient.

The Capital City Wheelmen of Sacramento, and the Reno Wheelmen of Reno, will have a fifty-mile relay meet on the Fourth of July at the latter place, for a trophy and percentage of gate receipts, the expenses being agreed upon for each club. It will be a very interesting meeting indeed, for there is a commendable spirit of honest rivalry between the two clubs. Captain Clay is setting his Sacramento team into good shape for the contest, but his time is much too short in which to prepare.

The proposition for an electric light meet at Sacramento between the Olympic Club of San Francisco and the Capital City Wheelmen for a fifty-mile relay is worthy of earnest consideration. Sixty-five arc lights on the mile track will illuminate it finely. The cost will not exceed that of a meet in which from \$150 to \$200 in prizes are put up. It would be a most successful event. On one of our soft summer nights in August it would attract thousands of people to enjoy the open air concert and the racing between two of the crack clubs of the coast. The benefit would greatly aid the building fund of the C. C. W., and compensate the people with three hours of the most interesting sport. The entire affair would cost \$400 and it is certain that fully 5,000 people would attend such a novel meet.

The Capital City Wheelmen at their new rooms and grounds through the latter are by no means satisfied with the successfully introduced quilt pitching and putting the stone. Other athletic exercises will follow. Boxing is indulged in by a few pleasantly and grudgingly. A handball court is talked of and a croquet ground is among the possibilities. The new grounds will have a great conveniences. All in all the C. C. W. have a cosy home and a most pleasant resort free from all vices and temptations.

The wheelway badges for unattached wheelmen issued by the C. C. W. go off very slowly. Not fifty have been taken as yet. Nevertheless over 2,000 unattached wheelmen use that public convenience the Folsom wheelway, and fail to take a badge and contribute to the maintenance of the path, which has cost the C. C. W. in the past a good deal of \$2,000. Badges can be had at 500 K street.

The motor bicycle under construction in this city by one of the C. C. W. and some brother mechanics, may make its first appearance on the Fourth of July.

The preliminary preparations for the program of the good roads assembly of the National Farmers' Congress make it evident that this will be one of the most important meetings ever held in the interest of improved highways. The fact that it will be held at the University of California, and that it will be presided over by a wheelman, President Keenan of the L. A. W., shows how important this movement has become. Co-operation between these two classes, if successfully carried out, would be an irresistible force in the State Legislatures.

Many of the European countries allow members of cycling organizations to cross the borders without payment of duty, providing they show their membership cards. The International Touring Association will endeavor to make this universal for the individual members of all the national organizations, so that the simple showing of a membership card will be sufficient for a tour through Europe without having to pay any duty whatever. This is a privilege which will be appreciated by American wheelmen, particularly next year during the Paris Exposition.

Chairman Otto Dörner of the Highway Improvement Committee of the L. A. W. makes the following interesting remarks on the good roads movement: "The country road is the neglected step-child of the Legislatures, Railroads, canals, rivers and harbors and steamship lines have been encouraged and lavishly subsidized with bonuses, but practically nothing is done to help the farmer in building his country roads. Yet these are equally important with railroads. We are pre-eminently an exporting agricultural nation, and whatever benefits the farmer benefits the whole country. Our grain products must compete, in European markets, with the crops of Russia, South America and India, raised on cheap lands, with cheap labor. We can meet this competition only with invention and enterprise, the liberal use of machinery and the reduction of the cost of transportation to a minimum. The cost of shipping grain from Chicago to New York has dropped to one-fifth of what it was at the close of the Civil War; we can ship it from there to Liverpool for 4 cents, where we formerly paid 10 1/2 cents. But the cost, in time and effort, of man and beast in hauling wheat from the farm to the railroad can still be reduced by two-thirds through good roads. That which should be done is as essential to the continued success of American agriculture as the reduction in railroad rates. Some of the older Eastern States, recognizing the logic of the situation, are encouraging country road building by paying part of the cost out of the State Treasury, provided the improvements are substantial. New Jersey, Massachusetts and New York are the leaders in this policy of State aid."

Wheelmen in Mexico caught without license labels on their wheels suffer the temporary confiscation of their machines and have a deal of trouble in adjusting matters. A Mexican newspaper tells how one young man called at the administration office every day for a week, ready and anxious to pay his back taxes, but was unable to regain his machine.

It is doubtful whether motor racing will ever be popular in England. It is too artificial to appeal to an Englishman's idea of real sport.

Wheelmen in Denmark are forbidden by law to ride faster than the speed of a cab through any town.

An unbeliever in the efficiency of the free wheel asserts that back-pedaling gives the muscles of the legs a rest, making the rider feel fresher at the base of a hill than when at the summit.

COMMERCIAL.

WHEAT FIRMER, SPOT MARKET IS WEAK.

Barley Steady, Spot Weak—Oats Dull and Easy—Corn Easy.

San Francisco, June 21st. Wheat firmer; spot market weak. Barley steady; spot weak. Oats dull and easy. New hay firm; burdocks unchanged and quiet. Bayos at firm prices. THE MEDICAL RECORD.

The Medical Record.

The Medical Record.

The "Medical Record" says: Albu (Berliner klinische Wochenschrift) confirms the observation of others that even in severe cases of diabetes active muscular exercise, such as bicycling, may be utilized as a therapeutic factor of great importance in the regulation of the diet. The former has the advantage of being more readily applicable, as a rule, than the latter, and for this reason it is worthy of serious consideration in cases in which it can be employed. Its influence should, however, always be carefully estimated both qualitatively and quantitatively.

One comes across bicycles in the odder corners. Take Persia, the alleged land of gazelle-eyed damsels and limpid streams, and rose-bowers. There, around the city of Teheran, may be seen Englishmen and English girls having a jaunt, just as you might see them on the Portsmouth road. When the bicycle was first introduced into Persia, the late Shah, Nasr-i-Din, went out riding one day, met a traveler on a bicycle. He was immensely amused and insisted on having a race. That he borrowed the bicycle, and had it taken to the palace. He insisted that his Ministers of state should ride. It was more than the head of a Grand Vizier was worth to refuse, so the poor horseman jumped on a red one, and tried again, and came croppers, and altogether were obliged to supply his majesty with half an hour's excellent amusement. The Persian dearly loves this sort of uncomfortable practical joke. Says a writer: "I had an extreme misadventure in Isfahan, in going to the present Shah. I was spending an afternoon at the palace, and the Prince, whose inclinations are chiefly military, asked me a lot of questions about the usefulness of bicycles in warfare. Unfortunately, my knowledge of warfare was of a minimum quantity, and I could only speak generalities. In the grounds of the palace I rode up and down, just to give his highness an idea of how easy bicycling was. Then he asked me to ride down a particular path as fast as I could. I didn't see the gizam in his eyes, and as I was going at a tolerably swift speed, when I was hurled, I spied a wall-like drop in front of me. I was off the machine in a trice, and just saved both neck and bicycle from simultaneous breakage. Turning round, I saw the Prince bent double, crimson-faced, and cursing me profusely from laughter. I do really believe he would have enjoyed a smash-up. Since then I have sometimes thought that, if only I had broken my skull, he might have decorated me with the Order of the Lion and the Sun. Burmah is a country very conducive to the health of the thick jungles and pagodas. Yet there is plenty of cycling in the land of the Lord White Elephant. There is a good little club at Raungoon, and it has run round the lakes and occasionally up to Pegu, some sixty miles away. I'll always remember the man surprised at seeing a bicycle after a stoppy journey along the jungle paths. I was a little eager to see this famous city. Suddenly the rough road changed to a good level macadam; there were cabs rattling to the station, and there was a pretty-checked English girl, in bicycling, in the leading wheel. It seemed so strange to find a girl cycling away in that corner of the world! And yet there are many English cyclists in Mandalay."

Don't Will Go East. SANTA CRUZ, June 21.—Mike Donlin, the pitcher for the local baseball team, will leave next week for the East to join the St. Louis nine. The management of St. Louis team telegraphed Donlin a few days ago asking him to take his terms, which he did, and they were promptly accepted. They are now negotiating with Manager Tuttle of the Santa Cruz team for his release.

Cattlemen Combine. SAN LUIS OBISPO, June 21.—The San Luis Obispo County cattlemen's Protective Association has been organized here by the election of the following officers: Smith Shaw, President; A. Tognazzini, Vice President; J. B. Blake, Secretary; L. W. Booker, Treasurer. The association is composed of large cattle raisers who have combined for mutual protection.

Fruit Doing Well in Tulare. VISALIA, June 21.—Horticultural Commissioner I. H. Thomas returned to-day from a tour over Tulare County. He reports fruit trees in general in splendid condition and says that prunes are doing well. The Bureau of Agriculture seems to be the case in other counties of the State. There is a much larger crop of apricots being harvested than at first anticipated at the beginning of the season.

WHEAT FIRMER, SPOT MARKET IS WEAK.

Barley Steady, Spot Weak—Oats Dull and Easy—Corn Easy.

Barley Steady, Spot Weak—Oats Dull and Easy—Corn Easy.

San Francisco, June 21st. Wheat firmer; spot market weak. Barley steady; spot weak. Oats dull and easy. New hay firm; burdocks unchanged and quiet. Bayos at firm prices. children's summer clothing is here in abundance, and at less than regular prices; selling continuously throughout the week.

swell shirt waists and summer skirts

Our showing of dress skirts embraces adaptations of the most stylish models. They're shown in light weight serges, chevots, mohairs and broadcloths. For wash skirts the blue covert is the most fashionable material. A fortunate purchase early in the season gives you a quantity at a price which enables us to sell \$1.25 covert skirts at 95c. These skirts are properly cut, well made, full pattern and have deep hem.

Unusual selling of high class exclusive mannish fashions in shirtwaists. One hundred dozen swell Stanley, Trojan, Geisha and Victor waists are here at unusually low prices. The great majority of women know these shirtwaists as the best in the market. They're made of the wanted materials—piques, dimities, lawns and swisses. Thus you have the flower of the output of America's leading waist makers at prices difficult to match.

Our new tuckered and \$1.00 embroidered white India linon waists; beautifully made new effects. Compare these with others at \$1.50.

\$1.50 for new white guimp waists, cross tuckered yoke, new white lawn waists with insertion of fine embroidery; the equal of any made to order waist.

\$1.25 for swell white lawn waists, lace stripe front, bias or bayadere, new white mull waists with row of insertion on yoke; the equal of any \$1.75 waist elsewhere.

\$2.00 for imported waists, fronts a succession of tucks and insertion; also white silk spot pique waists actually worth \$3; a splendid offering.

At 2 o'clock this afternoon we shall serve free in the basement delicious water ices made in the "Lightning" freezers.

Hale's Corner, Ninth and K.

HUDYAN CURES Nervous Dyspepsia. 50c

SYMPTOMS—Headache—Coated Tongue—Tired Feeling—Belching—Irritable Temper—Nervousness—Loss of Appetite—Pain in Stomach—Palpitation of Heart—Sleeplessness—Lack of Energy—Emaciation—Alameda, Cal.

Dear Sir: I am recommending Hudyan to my patients suffering with nervous dyspepsia. It is a most reliable and effective cure. I have cured many cases of this kind, and I can assure you that it is a most reliable and effective cure. I have cured many cases of this kind, and I can assure you that it is a most reliable and effective cure.
