Sacramento Ball Tossers Lose a Game to the Oakland Team.

The Senators Outbatted Their Opponents, But Were Ragged in Fielding.

Harvey Allows But Three Hits to Be Made Off His Delivery, Yet the Athens City Team Win Out in a Score of Five to Three—San Jose Shut Out by Santa Cruz and the Friscos Beaten by the Watsonvilles.

SAN FRANCISCO, July 15.—The Oakland team beat the Sacramento at Recreation Park to-day, 5 to 2, principally through the errors of the losing team. Sacramento took the lead in first inning, and held it until the third, when Oakland waded it from them by making four runs. Throughout it was a game of light batting. Steffani, the young San Josean recently signed by Oakland, held the Senators down to five hits, while Harvey, the veteran twirler, did even better, allowing the Dudes only three hits. Oakland excelled in fielding, making only two errors, while Sacramento made four and all costly ones. Score: Oakland, ab. r. bh. sb. po. a. e. Peppers, 3b. 2 0 0 0 2 4 0. Hammond, c. 3 1 0 0 14 0 0. SAN JOSE SHUT OUT. SANTA CRUZ, July 15.—The Santa Cruz ball players defeated the San Jose nine this afternoon, the score being 5 to 0. The locals played championship ball. San Jose only secured three hits off Borchers, while Santa Cruz got twelve off Borchers. Santa Cruz made two errors and San Jose 1. Score: Santa Cruz 5, hits 12, errors 2; San Jose 0, hits 3, errors 1.

WATSONVILLE WON. WATSONVILLE, July 15.—Watsonville won the game from San Francisco to-day, the score standing 6 to 4. Riley and Payne of San Francisco each made two-base hits in the second, fourth and sixth inning. Morrow made a three-bagger in the fifth, and Courtney hit for three bags in the ninth. Score: Watsonville 6, hits 14, errors 4; San Francisco 4, hits 6, errors 6. Batteries—Iberg and Sullivan, Whalen and McFarland. Umpires—Cahill.

OREGON'S CHIEF EXECUTIVE

Tendered a Reception by Members of Governor Gage's Staff.

SAN FRANCISCO, July 15.—The members of Governor Gage's staff to-day tendered a reception to the Governor of Oregon and his staff, who departed this evening for Portland. The officers and ladies of the party assembled in the parlors of the Occidental Hotel. All the officers were in uniform, and the gathering was a brilliant one. General Seamans first addressed the company officers, explaining that the members of the Governor's staff desired to show a mark of respect to the visitors, and had gathered together for this farewell reception. "The California people were the last to bid farewell to the gallant soldiers of Oregon when they sailed away," said General Seamans, "hence it is entirely proper that California should be the first to greet them on their return from the glories of war. We have been pleased and glad to greet you, and if we have done anything to contribute to the pleasure of your visit here we are most glad."

Governor Geer responded, saying that he wished that the people of California for their kind treatment and courtesy. "It has been a wonderful reception," said the Governor, "and we thank you all for the many courtesies we have received." Colonel Spencer, Judge Advocate General on the Oregon staff, made the concluding speech, saying: "On behalf of the Governor and his staff, I desire to say that we have been wonderfully impressed by our reception here, and the greeting you have given our boys is something that we can never forget. We thank the people and the members of the Governor's staff for their kindness and courtesy."

The singing of "Auld Lang Syne" brought the reception to a close.

WEATHER CONDITIONS.

Temperatures Nearly Normal in the Great Valleys. SAN FRANCISCO, July 15.—The following maximum temperatures were reported from stations in California to-day: Eureka 69, Fresno 98, Los Angeles 70, Red Bluff 96, San Luis Obispo 74, San Diego 96, Sacramento 82, Independence 92, Yuma 104. San Francisco data: Maximum temperature 74, minimum 48, mean 52. The pressure has risen slowly over California and Oregon. A depression of moderate depth extends from Arizona to Washington. The temperature has risen slowly along the coast from San Francisco to the mouth of the Columbia river. In the great valleys the temperatures are nearly normal. In the vicinity of San Francisco there is a vertical thermal gradient of one degree rise for every 218 feet of elevation. Thunderstorms are reported at Winnemucca and at Cedar City. Heavy fog prevails along the coast of Northern California.

STEPHEN M. WHITE.

A Boom Being Worked Up for His Nomination for President. LOS ANGELES, July 15.—Robert P. Troy, formerly of San Francisco, and more recently of Washington, D. C., arrived from the East this morning over the Santa Fe. Mr. Troy was a few years ago one of the best known Democrats in the State, and Secretary of the Democratic Central Committee. He is working up a boom for Senator Stephen M. White for the Democratic nomination for the presidency. He said: "The Senator could, in my opinion, easily secure the Democratic Presidential nomination. He is looked upon in the East as one of the National leaders of the party, and perhaps the single man who could give William J. Bryan any serious trouble in next year's National convention."

DISPUTE OVER A DEAD BODY.

Los Angeles Coroner Negligent in His Duties. LOS ANGELES, July 15.—Justice Morgan decided to-day that Undertaker E. H. Breesee is not guilty of interfering with an officer by the removal of the body of George Hanchette on June 14th before the body was viewed by the coroner. A long-standing feud has existed between Coroner Holland and local undertakers. There is no public morgue in this city, and the coroner believed he could have the bodies taken to such undertakers as he might designate, regardless of the wishes of the relatives of the dead. Justice Morgan, in his decision, says that the neglect and delay occasioned by this occasion were due to Coroner Holland's failure to perform his sworn duty.

A Boy Accidentally Killed.

SAN JOSE, July 15.—Edrien Bennett, aged 16, accidentally shot and killed himself about 7 o'clock this morning in a short distance above Congress Hall. He and his brother Louie, two years younger, were hunting. Edrien had fired the pistol and was wiping out the barrel, when the weapon was discharged, the bullet entering his heart.

TOYOKUNI COAL MINE DISASTER.

Late Particulars Show It Much Worse Than First Reported.

Two Hundred People Entombed, Not One of Whom Was Rescued Alive.

Bodies Taken From the Pit Charred and With Terribly Injured Limbs—In Some Cases Whole Families Were Annihilated, Excepting the Infants and Aged People.

VICTORIA, July 15.—Particulars of the catastrophe at the Toyokuni coal mine, Kyushu, on the morning of the 15th ult., are to hand. A tremendous sound, accompanied by violent quaking of the earth, was experienced by people living adjacent to the mine. Instantly they rushed out of doors, and saw a column of dense black smoke issuing from the pit, throwing pieces of wood and other articles high up into the air.

A party of rescuers—for there had been some 200 men and women working in the mine when the disaster occurred—rushed to go into the pit from a side entrance, but were driven back by the suffocating gas that filled the pit. Stone was thrown down to ventilate the gas-laden pit. It was, however, some time before the people could go into the shaft.

Up to the night of the 16th only five bodies had been recovered, charred and with terribly injured limbs. The work of recovering corpses was still going on when the steamer Olympia sailed. Miners' sheds have been changed into big charnal houses, where the ghastly operations of washing blackened bodies, coffining and cataloguing them are taking place by a large number of miners who have come from other mines.

In some cases whole families have been annihilated, excepting the infants and aged people. K. Hiraoka, M. P., now traveling in America, is the principal owner of the mine, and the loss resulting from the disaster is roughly estimated at 100,000 yen.

A dreadful case of "running amuck" recently occurred at Singapore on board the steamer Pontank. Two Malays, father and son, ran about the ship with daggers, stabbing everyone in reach, while the cry of "amok" rang through the ship. Captain Koentig brought down the old fanatic with a bullet, but not until the two Malays had killed six people and wounded thirteen others.

The Japanese Government has decided to purchase a portion of the Hokkaido Railway. The whole of the Koku Railway and operate them. The cost will be 35,000,000 yen. A plot has been discovered in Seoul for the dethronement of the Emperor in favor of Prince Yi Chun Yoo. The conspiracy is the result of recent famine outbreaks. The object is supposed to have been the murder of those Ministers of State who advocated the restoration of ancient and barbarous systems of punishing the relatives of political offenders.

VISITING EDUCATORS.

Spend the Day in Pleasure Seeking About Los Angeles. LOS ANGELES, July 15.—The delegates to the National Educational Association convention and the visitors attracted to the city from all parts of the United States by the meetings have spent to-day in pleasure seeking and sightseeing. Excursions to all the seaside and mountain resorts have been held and hundreds have availed themselves of the opportunity to see Southern California. Hundreds of others have left to-day for points of interest in the north and for their Eastern homes.

The latest and official data as to the attendance at the Los Angeles session of the National Educational Association demonstrates that when the figures are all in the total number of teachers attending here will exceed 15,000. Secretary Shepard this morning said that the high attendance at the business there had been issued in Los Angeles 11,372 National Educational Association memberships. To this sum must be added two memberships that to-day were issued by those who have the registration bureau in charge. This means a total of 11,372. This total does not include 500 memberships that are in the hands of Professor J. A. Forsyth, nor the membership that will be included in the one-third of the California counties that still are not reported. To this must be added the 1,000 membership that are in the hands of standing of active members that paid for their dues, but were not ticketed. Assuming that 1,350 will be the membership to come from the California counties, the final total of all figures is 15,122.

The greatest attendance in the history of the association, up to the Los Angeles meeting, was 11,279 in Denver in 1895.

COEUR D'ALENE RIOT TRIALS.

More Strong Evidence Brought Out Against Accused. WALLACE (Idaho), July 15.—In the Corcoran murder trial, W. H. Pipes, engineer of the Bunker Hill mill, told of his experience on April 23th. Five masked men came to his house near the mill and ordered the men residing there to get the woman out, the men being held, and Cheyne Rogers and Huff being captured later. All were taken up the road away from the mill. A few minutes later came the explosion. About the time of the explosion Cheyne Rogers and Huff were ordered to run, the crowd firing at them.

Mr. Pipes heard Cheyne ordered to go down the path past the mill. This order was to Cheyne, Rogers and Huff. Cheyne remonstrated, saying the mill was full of powder, with fire in the immediate vicinity, and that he would be killed himself about 7 o'clock this morning. He was then told by a masked man, "You will make too good a witness, and will go past the mill or get out of the country at all." Shortly after the explosions began, and those three were ordered to run. Some one said: "No, not yet, we may want them some more."

DETROIT WILL NOT RUN RAILWAYS

Pingree-Johnson Plan for City Ownership Doomed to Defeat.

No Possibility of Passing the Ordinance Over the Mayor's Veto. Several of the Aldermen Who Voted for the Security Franchise Decide That the Risk of Failure to Pay for the Roads Out of Three-Cent Fare Receipts Is Too Great to Incur With Reasonable Safety.

DETROIT (Mich.), July 15.—It was conceded on all sides this afternoon that the Pingree-Johnson plan for the purchase of the street railways is defeated. There is now no possibility of mustering enough votes of Aldermen to pass the desired ordinance over the Mayor's veto. Several of the Aldermen who voted for the security franchise have now decided that the risk of failure to pay for the roads out of 3-cent fare receipts is too great to incur with reasonable safety. Another attempt in the same direction will doubtless be made at some future time. Three-cent fares were still in vogue to-day. Tom L. Johnson left for New York this afternoon.

Before leaving the city Tom Johnson handed the following letter to Governor Pingree: Hon. H. S. Pingree, President Detroit Municipal Railway.—Dear Sir: We are satisfied that it is not feasible to consummate under existing conditions the plan of transferring the street railway properties to your company. We face squarely the proposition which the opponents of the plan put forward, that our franchises are running out, and that when they do expire we shall have an empty shell of a street railway which the opponents of the plan say that they can compel us to sell at enormous sacrifice unless we are willing to accept a new franchise of their terms.

"We must so manage the railways in the meantime as, if possible, to prevent the losses threatened. Low fares and short franchises are incompatible if railways are to be run for profit as a private enterprise—as truly so as low rents and short term lease would be if a great building were put up by a tenant on leased land. Our franchises are running out, and that when they do expire we shall have an empty shell of a street railway which the opponents of the plan say that they can compel us to sell at enormous sacrifice unless we are willing to accept a new franchise of their terms."

REDDING, July 15.—The proposition to bond the city for \$20,000 for the purchase of a lot and the erection of a new public school building was voted down at an election to-day. Only 144 votes were cast, 46 in favor and 98 against. Out of the \$20,000 to be raised by the bonds it was proposed to pay off \$6,000 of the old bonds and it was argued that the \$14,000 remaining would be insufficient to erect such a building as is required, since a high school must also be provided for.

Death of a Sonoma County Pioneer. SANTA ROSA, July 15.—Joaquin Carrillo, the oldest pioneer of Sonoma County, is dead, aged 83 years. He was born in 1816, and lived in Sonoma County, near Sebastopol, where he at one time owned five leagues of land. Carrillo used to claim that he owned fifteen leagues of land in Northern California in the early days. He was a brother of the late Julio Carrillo.

A Mother's Fatal Mistake.

SAN FRANCISCO, July 15.—The infant son of Mrs. Lizzie McEntee is dead from the effects of poison given to the child by its mother, who mistook a bottle of an inhalation mixture for a cough medicine. A sad feature of the case is that two of McEntee's children have died recently from pneumonia.

First Shipment of Dried Peaches.

VISALIA, July 15.—The first shipment of dried peaches of this season's yield was sent out of Visalia to-day. They were of extra fine quality, and the total amount of the shipment was six and one-quarter tons. This is not only the first lot sent out of Tulare County, but also the first shipment from any point on the Pacific Coast.

Suicide of a Hospital Patient.

SAN FRANCISCO, July 15.—Edward Feeney, an inmate of the City and County Hospital, where he has been confined during treatment for stomach trouble, escaped from his nurses to-day and made his way to the street, where he committed suicide by shooting himself in the side with a revolver.

Deaths in Calaveras County.

ANGELS CAMP (Cal.), July 15.—William Crozier, a pioneer of this county, died at Murphy's yesterday, aged 79 years. W. J. Calburg died at Vallejo yesterday, aged 49 years. He was well known in Calaveras County, where he lived nearly all his life.

A Youth Accidentally Killed.

SAN JOSE, July 15.—M. H. Casey, 80 years old, who wandered away from his home at 222 Minna street, San Francisco, three days ago, was picked up by the police here, and will be returned.

According to anatomists, a perfectly-formed foot should be as long as that bone in the forearm which extends from the elbow to the joint of the wrist. If taken in a long-limbed person this measurement seems abnormal, yet it is the one taken by artists. A check for \$20,000 was presented to Bethany Presbyterian Church, Philadelphia, by John Wanamaker at a congregational meeting. The munificent gift was a surprise to the congregation. It is understood the money will be expended in generations and improvements about the church and Sunday-school buildings. In the eighth century gloves with separate fingers were first seen.
