

GREAT RACING AT COLUMBUS TRACK.

Searchlight Paces the Three Fastest Heats of the Season.

Lowers His Record a Half a Second, Going Three Heats in 2:03 1/2, 2:04 1/2, 2:04.

The Maid Creates a Sensation by Winning the Postponed 2:10 Pace, After Failing to Finish Better Than Third in Any One of the Four Heats Paced on Tuesday.

COLUMBUS (O.), Aug. 2.—This was a day of great racing at the Columbus Driving Park. The weather was ideal and the track was very fast. Searchlight paced the three fastest heats of the season, 2:03 1/2, 2:04 1/2, and 2:04 and clipped a half second off his record.

The Maid created a sensation among the turfmen by winning the postponed 2:10 pace after failing to finish better than third in any one of the four heats paced Tuesday. The Maid also established a new world's record for four-year-old mares when she paced the fifth heat of the race in 2:05 1/2. The best previous record was 2:06 1/2, made by The Maid at Cleveland last week.

The 2:04 pace, despite the fast time, was won by Searchlight apparently without an effort. The gelding is undoubtedly the fastest pacer cut this season. His performance in the first heat was nothing short of sensational. There were six starters, Bessie Bonehill, Anaconda, Frank Bogash, Searchlight, Directly and Chehalis. Anaconda took the lead at the start, and it was evident that McHenry proposed to force McCarthy to drive Searchlight out, for Anaconda went the first quarter at almost a two-minute gait.

Searchlight moved up slowly, and it was a pretty race all the way to the three-quarters with the horses neck and neck after they passed out the half and Directly closed behind. As the horses came into the stretch Searchlight shot ahead and held the lead, passing under the wire two lengths ahead of Anaconda without being urged. The official time by quarters was 0:30 1/2, 1:01, 1:23, 2:03 1/2.

A protest was at once raised against the time, it being claimed that the heat was made in 2:02 1/2, this being 0:30 1/2, instead of 1:01. This was the time caught by a number of horsemen. The official time indicates that the third quarter was made in 2:04 seconds, considerably under a 2-minute gait. The protest was not regarded, however, and the one-quarter of a second keeps Searchlight in the 2:04 class.

The gelding won the two remaining heats with as much ease as the first. The pace was too hot for Chehalis, and after staying one heat he was distanced. Ace, the horse which showed such speed in the 2:10 pace Tuesday, disappointed his backers in the finish today, not being able to get better than fourth place in the concluding heats. While Ace was generally considered a sure winner after he had taken two heats Tuesday, there were a few wise ones who pinned their faith on The Maid.

The Queen was favorite in the 2:24 trot, and won the race easily in straight heats.

Tudor Chimes was heavily backed in the 2:12 trot, but the gelding never had a show to win. Bonatella took the first heat and dropped back in the next two. Dr. Leckie taking the second and Altoka the third. Bonatella won the next two heats and the race, being hard-pushed in the fourth by Altoka

and in the fifth by Tudor Chimes. The favorite made a magnificent spurt at the finish in the last heat and was only beaten out by a head. Results: 2:10 pace, purse \$2,000 (postponed from Tuesday), The Maid won the fifth, sixth and seventh heats. Time—2:05 1/2, 2:07 1/2, 2:08 1/2. Ace won the third and fourth heats, and was second. Time—2:05 1/2, 2:09. Eyelet won the second heat in 2:07 1/2 and was third. Wildam won the first heat in 2:07 1/2. Fire Gilt, Silt Silk, Minnie Irene and Donogh also started.

2:10 pace, purse \$2,000. Searchlight won in straight heats. Time—2:03 1/2, 2:04 1/2, 2:04. Anaconda second, Frank Bogash third. Directly, Bessie Bonehill and Chehalis also started.

2:24 trot, purse \$3,000. The Queen won in straight heats. Time—2:11 1/2, 2:12 1/2, 2:12 1/2. Owyhee second, Chain Shot third. Amis, Escobar, Princess, Jean Lee, Tesla and Ed Winter also started.

2:12 trot, purse \$3,000. Bonatella won the first, fourth and fifth heats. Time—2:10 1/2, 2:10 1/2, 2:11 1/2. Altoka won the third heat in 2:13, and was second in 2:10 1/2, and was third. Tudor Chimes, Carly Carne, Georganna, Piloten and Ruby also started.

BASEBALL.

Results of Yesterday's Games on Eastern Diamonds.

CINCINNATI, Aug. 2.—Donovan was easy for the locals to-day, while Taylor pitched good ball, and the Reds made it three straight from Brooklyn. Dusty Miller was given his ten days' notice of release to-day. Attendance, 1,000.

Score: Cincinnati 8, hits 12, errors 3; Brooklyn 3, hits 8, errors 3. Batteries—Taylor and Peitz; Donovan and McGuire. Umpires—Lynch and Connolly.

AT LOUISVILLE.

LOUISVILLE, Aug. 2.—Cunningham helped his team to victory by knocking out a home run when three men were on bases in the fifth inning. Attendance, 2,000.

Score: Louisville 7, hits 12, errors 2; New York 6, hits 15, errors 0. Batteries—Cunningham and Zimmer; Carriek and Warner. Umpires—Manassau and Smith.

AT PITTSBURG.

PITTSBURG, Aug. 2.—Leever's poor control, coupled with errors by the team behind him, lost the game for Pittsburgh. Attendance, 2,000.

Score: Pittsburgh 3, hits 10, errors 3; Baltimore 6, hits 9, errors 3. Batteries—Leever and Bowerman; Kitson and Robinson. Umpires—Swartwood and Hunt.

AT ST. LOUIS.

ST. LOUIS, Aug. 2.—Boston took a double-header to-day. The visitors hit the ball cleanly in both games. The second contest was interesting, but the first was full of miserable misplays on the part of the Perfectos. Attendance, 7,100.

Score of first game: St. Louis 2, hits 7, errors 8; Boston 10, hits 12, errors 0. Batteries—Jones, McBride and Schreckengost; Willis and Clarke. Umpires—O'Day and McGarr.

Second game: St. Louis 1, hits 8, errors 1; Boston 5, hits 9, errors 1. Batteries—Cuppy and Schreckengost; Bailey and Clarke. Umpires—O'Day and McGarr.

AT PHILADELPHIA.

PHILADELPHIA, Aug. 2.—Two games were scheduled to-day, but darkness caused by an approaching storm put a stop to the first after five innings had been played, and the extra game will take place to-morrow. Knepper was easy for the locals. Cleveland began to hit Orth in the

fourth inning and Platt took his place in the fifth. Attendance, 3,500. Score: Cleveland 5, hits 9, errors 3; Philadelphia 8, hits 13, errors 2. Batteries—Knepper and Sugden; Orth, Platt and Douglass. Umpires—Gaffney and Latham.

IOWA REPUBLICANS.

State Convention Meets at Des Moines and Nominates Ticket.

DES MOINES (Ia.), Aug. 2.—The State Republican Convention to-day nominated the following ticket: Governor, Leslie M. Shaw of Denison; Lieutenant Governor, J. C. Millman of Logan; Superintendent of Public Instruction, S. C. Barrett of Osage; Railroad Commissioner, E. A. Dawson of Waverly; Supreme Judge, John C. Sherman of Mason City.

The first four nominees are the present incumbents and were named by acclamation. Judge Sherwin was nominated on the fourth ballot.

The convention met in the new auditorium at 11 a. m., and listened to the address of Temporary Chairman Charles Pickett of Waterloo. The hall was packed with some 2,500 delegates and visitors, and Chairman Pickett's address was generally applauded, particularly where he endorsed the Administration and its policy of expansion.

After the appointment of working committees the convention adjourned to 2 p. m.

At the afternoon session the convention listened to an address by former Congressman G. W. Curtis, Permanent Chairman.

Mr. Curtis said in part: "The distinguished results of the Republican victories in the past are happy reminiscences for the future. It will solve and administer the affairs of finance, as they produce the greatest possible benefits to all the people. It will so adjust and readjust the trade relations with other nations that the wage earners of this country will maintain their present proud position of being the best paid and most intelligent laborers in all the world. It will successfully grapple with the problem of unlawful trusts and combines, so that no oppression or tyranny or injurious monopolies shall distress or burden the people."

The nominating speeches followed. After approving the administration of President McKinley and Governor Shaw, the resolutions state: "We commend the action of the Iowa delegation in Congress in support of protection, of the Dingley tariff, of the maintenance of the gold standard and on its faithful support of the administration of President McKinley in his policy in peace and war. We rejoice in the prospective election of David B. Henderson to be Speaker of the House of Representatives, and endorse him as wholly worthy of that honor."

"We adopt the following declaration from the Iowa Republican platform of 1898: the monetary standard of this country and the commercial world is gold; the permanence of this standard must be assured by Congressional legislation, giving to it the validity and vitality of public law. All other money must be kept at a parity with gold, and we urgently call upon our Senators and Representatives in Congress to lend their best endeavors to enact these propositions into law."

"We denounce the Chicago platform and its declaration in favor of free trade and free silver coinage at the ratio of 16 to 1, and its attacks upon the courts, as threatening the American people with a departure from the

policy of good government that would prove fraught with evil to the American people. The enormities of that platform call for the resistance of all good citizens."

"As Republicans we make recognition of the loyalty and exalted patriotism of the sound money Democrats and men of all parties who put aside partisanship in order to maintain the good faith of the nation and in resistance to the Chicago platform and its candidate.

"To maintain the welfare of the people is the object and aim of all Governments. Industry and commerce should be left free to pursue their methods according to the natural laws of the world, but when the business aggressions known as trusts prove hurtful to the people, they must be restrained by laws, and if need be abolished.

Confidence in the high purpose of the President, the skill of the officers and the heroism of the men in the army and navy are expressed, and moral and material support promised them so long as there is resistance to the flag anywhere.

THE GROWING OF TEA.

Experiments Made in South Carolina Prove Successful.

WASHINGTON, Aug. 2.—Charles U. Shepard, who is in charge of the experimental tea garden at Summerville, S. C., has made a report to the Secretary of Agriculture, covering the progress made up to date.

He says there are now about fifty acres of land under tea cultivation, and 3,000 pounds were sold last year at a profit of 25 per cent. It is estimated that when all the plants now growing arrive at maturity they will yield 10,000 pounds annually.

Dr. Shepard expresses the opinion that the fact that the tea plants lived through last winter, when the most intense cold in the history of the section was experienced, is a guarantee that the weather conditions will prove satisfactory.

The labor problem, he says, has been solved by establishing a school for the education of negro children in tea picking.

The quality of tea also has proved satisfactory. Of the black tea he says: "It has distinctly characteristic flavor, and, like some of the choicer Oriental teas, its liquor has more strength than its color indicates."

The green tea, he says, has attracted keen interest in the trade and among consumers, and he adds that "Oriental teas can hardly furnish the like in this country."

THE SHAMROCK.

Captain Hamilton Will Navigate the Challenger Across Atlantic.

GREENOCK, Aug. 2.—Captain Hamilton of the Allan Line will navigate the cup challenger Shamrock to New York.

Sir Thomas Lipton was seen by a representative of the Associated Press aboard his steam yacht Erin this morning. He said: "The boats will pick up their anchors off Faslane to-morrow. It was intended that they should sail via the Azores, going quite to the southward of the usual transatlantic steamer courses."

The Shamrock's daylight flag signals will "S. P. M. K." At night her lights will be green at the bow and stern and gold on the mainmast. The Erin's flag is "R. O. M. B."

The Shamrock started from here with

the flood tide, and after adjusting her compasses proceeded in the direction of Fairlie. Her departure was witnessed by thousands of people lining the quay. They gave the yacht an enthusiastic send-off.

MAZET INVESTIGATION.

Every Member of New York Municipal Council Summoned.

NEW YORK, Aug. 2.—The most interesting thing that developed to-day in connection with the Mazet Legislative Investigating Committee was the fact that every member of the Municipal Council has been subpoenaed for to-morrow for the purpose of determining why the present city legislative body had not been abolished.

A member of the staff of Mr. Moss, counsel of the Mazet Committee, attended the meeting in the Municipal Assembly to-day and served the subpoena. With each subpoena was a letter from Mr. Moss saying: "You will be subpoenaed to appear before this committee on Thursday at 11 a. m., and will be treated fairly and honestly. The assembly will be urged to convene and legislate against the Municipal Assembly, and I desire that your side of the controversy shall be correctly presented."

Gardes Denied a Pardon.

WASHINGTON, Aug. 2.—The President has denied the application for pardon for Henry Gardes, formerly President of the National Bank of New Orleans, who is now serving an eight-year sentence in the Ohio Penitentiary for misapplying the funds of the bank.
