

OUTCOME OF THE DREYFUS TRIAL.

Opinions Differ as to the Judgment of the Court-Martial,

Whether the Verdict Will Be for Against the Accused.

The Tribunal Said to Share the Feelings of the Military Witnesses, but Some Signs of the Judges Coming Around in Favor of Dreyfus.

(Copyrighted, 1899, by Associated Press.)

RENNES, Aug. 19.—Opinions differ as to what the judgment of the Dreyfus tribunal will be. Townspeople who know well General Germain and General Lucas of the army corps think the decision will be against the accused.

On the other hand, at the Hotel Moderne which is now the great conversational news center, the idea prevails of a reluctant judgment in his favor.

The tribunal certainly shares the feelings of the military witnesses, but there are signs of coming around. It noticed a member of the court-martial watching Dreyfus to-day with an expression of compassionate interest.

Then, again, Colonel Jouaust, the President, did not rebuke him for apostrophizing Captain Cuignet, who led the procession of military witnesses to-day.

nor order him, as he was wont to do, not to speak until he was addressed.

Maitre Demange is more hopeful, although acknowledging the perverse use the Nationalists make of the Schneider and Panizzardi telegrams to inflame patriotic sentiment.

That party now demands the full publication of the secret dossier, so as to heap disgrace on the military attaches and the illustrious German Prince involved, a Prince who lived long in Paris.

I should not be surprised at a tie. This would enable the prisoner to leave the court a free man, but would not be noticed as before, the judges believed him guilty.

Captain Cuignet to-day gave his testimony in a hollow voice, quite different from that in which some days ago he made his virulent attack on Dreyfus.

His attitude, however, was not as before, his language was less so. To-day his task was to destroy the effect of the question of Maitre Demange, and to set up again the demolished theory of General Mercier.

Cuignet was in the fourth bureau of the general staff when Dreyfus was in another bureau there, but not under his orders. They were both engaged in calculating what work invasion would throw on the railways, but were engaged on different lines.

Dreyfus, he said, constantly came to him for information which he had no cause to give. Cuignet kept repeating until he was tired out by the importunities of the accused. Then, by degrees, he gave him, Cuignet deposed, all the notes he himself had made.

Dreyfus, according to the witness, never returned the notes. When search was made at his house, they were not found. What had become of them? Dreyfus was not the man to cast them away. Cuignet's insinuation was that they were sent to Berlin. The conclusion was far fetched, but the members of the court-martial made a note of it.

When then the members of the court-martial next against Dreyfus against Picquart and next against Du Paty de Clam. "The traitor," he exclaimed, "is not Esterhazy, but Dreyfus."

Here Captain Dreyfus lost his self control. Starting to his feet, he violently apostrophized Cuignet, who went on with his lecture, the diction being clear, measured and slow.

No new fact was brought forward by Captain Cuignet, and everyone was tired of him. When he turned to Colonel Schneider's Ems telegram, which he compared to another dispatch from Ems, that let loose an invasion upon France, M. Demange shrugged his shoulders.

General De Bolsdeffre was also a witness. He denied that Colonel Picquart on the occasion of the first Dreyfus trial was sent with secret papers to the President of the court-martial. He was a cautious witness, but he had to support the other Generals.

Colonel Picquart at the end was allowed to defend himself against the malignant insinuations and assertions of the witnesses.

Until Maitre Demange and Maitre Labori speak one should risk no opinion as to the outcome. General Billot thinks there will be many fluctuations before the trial is over, but he confidently expects a verdict of guilty. The Government seems more neutral since the Foreign Minister, M. De Casselle, returned from his visit to Count Muraviev.

such an exceptional source. To carry with it unusual presumption of truth, the sentence of Dreyfus is already decided upon. He will be found guilty of disciplinary indiscretions, for which he will be sentenced to five years' imprisonment. As he has already served this term of sentence, the practical result will be that he will be set free and take his position in the army as a Captain "en reform" without pay or emoluments, and any career in the active army will be closed to him.

WHEELMEN'S MEET.

The Concluding Races at Charles River Park Disappointing.

BOSTON, Aug. 19.—The concluding races of the meet at Charles River Park were only fair in quality, and they dragged so badly that the last events were run in the darkness. The mile national championship professional and the mile national amateur were the big numbers, but the former was slow and the latter narrowly escaped being a farce in the finals. Tom Butler won the mile professional, with Major Taylor second, both riders showing wonderful sprinting ability just at the time when the race looked lost to them. Jim Moran of Chelsea took the amateur honors, beating out Peabody of Chicago by a few inches.

In the two mile professional handicap, the scratch men, the Butlers and Taylor, either lost in their heats or had no show in the final, from bad handling. Frank Starbuck made a beautiful twenty mile paced race against Gilson of Cincinnati, and won through the latter's inability to keep up on his motor pace. Summary:

One mile national championship, professional, in four heats and final—First heat won by Major Taylor, Time—2:51. Second heat won by McCarthy of St. Louis, Time—2:34 2-5. Third heat won by Frank Butler, Time—2:51 2-5. Fourth heat won by Carman of Morrisburg, Canada, Tom Butler second, Time—2:29 2-5. Final heat (limited to first men in heats and Tom Butler), won by Tom Butler, Major Taylor second, H. Carman third, Time 2:07 1-5.

Two mile handicap, professional—Final heat won by B. McCarthy of Toronto (180 yards), J. W. Pauquette of New Orleans (140 yards) second, Hugh McLean of Chelsea, Mass., (200 yards) third, Time—4:10.

One-third mile exhibition, paced, without handle bars—E. H. Taylor, Time—0:40 2-5.

Two-mile handicap, amateur—Final heat won by W. A. Ladue of New York (60 yards), Lester Wilson of Pittsburgh (scratch) second, U. S. Minie of Chicago, Mass., (30 yards) third, F. A. Joseph of Detroit (60 yards) fourth, Time—4:45 2-5.

One mile national championship, amateur, between J. A. Moran of Chelsea, Ben Goodson of Australia, E. W. Peabody of Chicago, A. Tallander of Paris, W. A. Ladue of New York and O. W. Peabody of Milwaukee—Won by Moran, Peabody second, Goodson fourth, Time—2:34 4-5.

Match race, twenty miles, motor paced, between Frank Starbuck of Philadelphia and Harry Gibson of Cincinnati—Won by Starbuck by nearly three miles, Time—35:51 3-5.

Five mile inter-city pursuit race between Philadelphia and Boston—Won by Boston, Eddie McDuffee and Nat and Frank Butler, in four and one-third miles in 9:27.

Australian pursuit race, unlimited—Won by John T. Colan of Trenton, Nat Cuignet second, C. A. Church third, Time—17 1-5.

THE BRITISH AND THE BOERS.

English People as a Whole Pay Little Attention to the Matter.

(Copyrighted, 1899, by Associated Press.) LONDON, Aug. 19.—Though many signs point to the extreme likelihood of war between Great Britain and the Boers, and though troops are pouring in the direction of the Cape and the British army chiefs are deep in problems of preparation for possible hostilities, the English people as a whole seem to be unconcerned.

At another time would raise a whirlwind of patriotic enthusiasm. The nation seems completely absorbed in the Dreyfus case.

As each day passes without an answer from the Boers to the proposition of Great Britain for a joint commission to investigate the effect which the franchise reform legislation would have on the Uitlanders, the probability of a pacific settlement of the difficulty decreases. Yet, national interest, tired of delay, flags as the tension at the War and Colonial offices grows. If war comes Great Britain will awake with a tremendous start.

If the Boers surrender to the British demands, scarcely more than a ripple of interest will be excited, so long as the Rennes court-martial holds the world under the spell of its dramatic recital.

From a political point of view, a rapid and successful war against the Boers would probably strengthen the hands of the Conservative Government more than any other outcome of the present crisis, for the vast preponderance of public sentiment already heartily in favor of the course of Mr. Chamberlain, Secretary of State for the Colonies, and should the British soldiers meet their old enemy, the Boers, few would be bold enough to openly oppose the morality of the war.

The "Saturday Review" to-day, in an article on Europe and Americans, sneering at the proposed Anglo-American alliance, frankly declares that it amounts to little or nothing. "We have," the "Review" says, "accepted it almost as an axiom of sound policy that friendly relations with the United States is the only object worth aiming at in the Western Hemisphere."

SACRAMENTOS NOW LEADERS.

Go to the Head of the Baseball Pennant Ladder By Defeating the San Francisco Team Yesterday Afternoon.

And It Was a Great Game of Ball, Thirteen Innings, and the Score at the Wind-Up Only Two to One—Santa Cruz Defeats Oakland and Watsonville Wins From San Jose.

SAN FRANCISCO, Aug. 19.—For the first time this season the Sacramento baseball team is in first place, but it required thirteen innings of hard work to win that honor from the San Francisco by a score of 2 to 1. Swindell's miss of a throw from center in the last half of the thirteenth inning enabled McLaughlin to land the winning tally.

The struggle was mainly a pitchers' battle, though Riley and Sheehan shone brilliantly at third. Harvey was in top notch shape, permitting five hits in thirteen innings and giving but two bases on balls. Menefee caught in place of Stanley, who has a lame hand. Fireman Fitzpatrick did well. Not an error marked the play of the locals until the tenth, when Riley fumbled a slow grounder.

In the eighth the Senators tied with two clean hits and a sacrifice. Then in the last, with two out and McLaughlin on second, O'Connor struck to center. Fyne made a pretty throw to the plate, where Swindell missed connection with the ball, and the game was ended. Score:

AT SANTA CRUZ. SANTA CRUZ, Aug. 19.—The Santa Cruz ball players to-day defeated the Oakland team by a score of 13 to 1. The locals played in championship form. Their positions had been shifted about. Streib went behind the bat. Face to face and Arrellans to shortstop. In the second inning Moskimon for the Oakland was batted out of the box, Santa Cruz making nine runs. In the fourth inning, after two more runs had been made off him, Moskimon was retired to third, and Lange took his place. Drennan, the center fielder for Santa Cruz, accepted seven chances and never missed one. The Oakland made only four hits off Balsz while put a stubborn game after the fourth inning, but could not hit safely. The same teams will play again to-morrow morning and afternoon. In the morning game the Santa Cruz team will play a new pitcher, Harris.

REINFORCEMENTS FOR GEN. OTIS. Three Regiments Ordered to Proceed to San Francisco To Await Transports to Carry Them to the Philippine Islands.

The Soldiers Who Are to Immediately Start West Are the Twenty-Fifth, Thirty-First and Thirty-Fourth Volunteer Regiments of Infantry.

WASHINGTON, Aug. 19.—The following dispatch was to-day sent by the Adjutant General to the commanding officers of the Twenty-fifth, Thirty-first and Thirty-fourth volunteer regiments of Infantry: "Orders of to-day will direct that your regiment be placed en route for San Francisco as soon as transportation can be provided by the Quartermaster General. On arrival at San Francisco your regiment will go into camp at the Presidio, and its instructions in target practice, etc., continued until transports are ready to take your command to Manila. Acknowledge receipt with any remarks you may have to make for the information of the War Department."

The Twenty-seventh is at Camp Meade, the Thirty-first at Fort Thomas, Ky., and the Thirty-fourth at Fort Logan, Col. The Quartermaster's Department to-day directed that the Geniole and Tacoma of the Northern Pacific Steamship Line be chartered for carrying troops to Manila. The Geniole will carry 800 and the Tacoma 650 men.

Orders were issued from the War Department to-day placing all Majors, Captains and Lieutenants appointed for the new regiments on recruiting duty. They will assist the nearest recruiting officer for a period of about one week, and will then conduct their recruits to the rendezvous. The first ten regiments of volunteers are complete, and there is a surplus of about 2,000 men for the regiments in the Philippines, and the next ten to be raised. The enlistments yesterday were 236, making a total of 14,605.

Speaking of the orders issued to-day to the three regiments to proceed to San Francisco, General Corbin said that not only would the other regiments follow soon, but the ten recently raised would be sent to Manila as soon as they could be organized.

Judgment Affirmed. SAN FRANCISCO, Aug. 19.—The Supreme Court has affirmed a judgment of the lower court wherein John Stewart sued for the value of goods stored in a warehouse. The goods were sold by Louis Naud, a warehouseman of Los Angeles. Stewart shipped the goods from Canada and paid four years' storage. There was a lapse in the payment of accruing charges, and the goods were sold after publication of notice, and the mailing of a copy to the pledgor. The lower court gave judgment for the pledgor. The Supreme Court holds that the pledgee can proceed to collect charges only after notice to the pledgor, and action for the unpaid storage must be commenced, whereupon execution must be issued, upon which the goods may be sold.

Pigeon Shoot at Del Monte. DEL MONTE, Aug. 19.—The pigeon shoot for the Del Monte cup, first prize, and the Worden cup second prize was held here to-day. The contest was open to members of all country clubs, but only men from the San Francisco and Burlingame country clubs entered. About 400 pigeons were liberated, 400 being brought down, thus making a low percentage of misses. F. R. Webster, C. W. Tuttle, A. R. Whitney and P. B. Murdoch tied in the preliminary, each shooting twenty-four birds out of a possible twenty-five. The shoot off resulted in Murdoch winning first prize, Webster taking the second.

Cannot Stand Punishment. SAN FRANCISCO, Aug. 19.—In an interview to-day Dr. Lewis of this city, who examined "Kid" McCoy when he was here last spring, stated that McCoy's defeat at the hands of McCormack did not surprise him. He advised McCoy at the time to quit the ring for a long time, in order to give his shattered nervous system an opportunity to recuperate. To-day Dr. Lewis stated it as his opinion that McCoy would never be a champion, for the reason that his constitution is so undetermined that he cannot stand punishment.

Christian Endeavorers. STOCKTON, Aug. 19.—Preparations for the State convention of Christian Endeavor Societies which is to be held in this city next spring began last evening. State President J. A. FIGHT ON L STREET. A Row in Which One of the Bell-gerents Was Injured. At an early hour this morning the police office was notified by telephone that as the result of a fight on L street, near Fourth, a man was lying on the ground, apparently badly injured. Sergeant Plunkett sent the patrol wagon out, but when it reached there the man had vanished, and no one could be found who would admit any knowledge of the fight or of the injured man.
