

COAST AND EASTERN RACES.

Another Day of Good Sport at the Stockton Track.

Those in Attendance Yesterday Being Well Paid for Their Trouble.

Neeretta Surprises the Knowing Ones by Winning the 2:16 Class Trot in Straight Heats, and in Fast Time—Dave Ryan Carries Off the Purse in the 2:18 Race.

STOCKTON, Sept. 20.—The third day of the fair brought out a larger attendance, and all were well paid for their trouble, as Neeretta, one of the gamiest little mares that ever looked through a bridle, took the 2:16 trot in three fast heats, besting a field of good ones, including Our Lucky, on which the wise division plunged. The mare was forced almost off the track in the first heat, but trotted around her field in such handy style that she clearly showed she was the best of the lot. A killing drive took place in the stretch of each heat, and Our Lucky was lapped on the winner, but could not head her.

Waldon, behind Dave Ryan, gave an exceptionally fine exhibition of driving in the second heat of the 2:18 pace, after he looked to be out of it. The first race, trotting special, was drawn. Summary: Trotting, special, two in three, purse \$200. John Skelton (Leiginger) 2:11.1 Daughstaur (Cecil) 2:11.2

Trotting, 2:16 class, three in five, purse \$1,000. Neeretta (Brooks) 2:16.1 Our Lucky (Hegaboom) 2:16.2

Pacing, 2:18 class, two in three, purse \$900. Dave Ryan (Waldon) 2:18.1 Valeria (Bigelow) 2:18.2

OTT Phone No. 10 GOOD SYRINGES

Alpha D. Syringe is the bulb syringe that we always recommend; it is the best one made; the rubber is of the finest quality; works perfectly; noiseless; the best feature, however, is a patent valve which causes the liquid to flow from it in a continuous stream, therefore there is no possible danger of injecting the air into the vagina, irrigator, with which douching can be properly done. This irrigator is only to be had on Alpha Syringes. If hung up by the loop every time after using, it will last a long time, therefore is the cheapest in the end, and most satisfactory to buy. Each has five hard rubber pipes, packed in a handsome leatherette case. Price, \$1.50.

Alpha Fountain Syringes.

In addition to having been made of the finest rubber and containing a hard rubber vaginal irrigator, same as with the Alpha D., it also has the famous self-closing neck, which prevents the spilling of water and is easily closed, it may be laid flat and will not leak. Has five hard rubber pipes, packed in a handsome leatherette case. Price, \$1.50.

FRANCIS S. OTT, The Place to Buy Drugs.

200 K St., South Side Sacramento, California. Do Not Mistake the Store.

You Cannot Eat. Because you feel that by doing so you will have to suffer for it. If you have stomach trouble you cannot be a happy man or woman, for happiness and a good digestion go hand in hand. If you have an irritable disposition, the chances are ten to one that you have stomach trouble. If you have headaches or dizzy spells as in Fig. 1—if you are pale or emaciated as in Fig. 2—if you have a coated tongue as in Fig. 3—if you have a fluttering heart or palpitation as in Fig. 4—if you have a bloating of stomach or soreness in stomach as in Fig. 5—then you undoubtedly have stomach trouble. Loss of appetite, nervousness, sleeplessness or constipation are indicative of stomach trouble also.

BASEBALL.

Results of Yesterday's National League Games.

BALTIMORE, Sept. 20.—Kitsen held the Cleveland down to seven scattered hits to-day, and but for a bunch of three errors would have shut them out. Attendance 927.

BLACK SATIN WALKING GOWN FROM HARPER'S BAZAR

The new black gowns bid fair to outshine colored street gowns in popularity. The new extremes of severe simplicity and elaborate applied trimmings will be seen in these costumes, whether made of satin-finished cloth or of satin itself. A model of the first-named variety, illustrated on this page, is made with a close sheath skirt, fitting smoothly about the hips, but with a decided spring outward in the lower part of the skirt, to which is added a flaring ruffle, smoothly applied, under a succession of rows of machine stitching. The skirt pattern, as issued, is made in two pieces, one for the upper skirt and the second for the ruffle, with lines of perforations to indicate the shape of the front and side breadths where the material employed is to be of narrow-width silk. The ruffle should have an interlining of crinoline. The front jacket is made with stretched, seamless back, side or under-arm eye, and front fitted to the form by a single dart on each side. Large revers—those in the original model are of plain silk with stitched edges—and small gilt buttons form the sole trimming of this garment, which meets close to lap down the center of the front. The sleeves are smoothly fitted into the arm's-eye, and fit the arm closely to the wrist, where they are trimmed with single rows of gilt buttons similar to those used for the center front.

Fourteen yards of narrow-width material, such as satin, beads de sole, bengaline or other silk, will be required to make this costume as shown in illustration. Of satin-faced cloth, fifty-four inches wide, six and one-half yards will prove sufficient.
