Beginnings for the House—a sale of dinner sets

One of this season's new and prettiest dinner set patterns is called "The Lady Ursula." These sets are of genuine Limoges china imported from Austria...

Our original order with the manufacturers for these dinner sets was very large—quite large enough for any reasonable demand. But through a mistake of the factory we are unfortunately (or fortunately for you) the possessors of a great many sets in excess of our order...

The sets consist of fifty nine pieces—just a nice composition for six persons. The regular price is \$16.00. Special price until surplus stock is disposed of—\$10.00. This is a reduction of almost HALF.

Luxury for the dining room

place to keep them as in a china closet? This one illustrated in picture above is a rich creation in quartered oak, highly polished and finished in golden color. It measures six feet high to top of mirror frame and 20 1/2 inches wide...
