

TO MAINTAIN THE PARITY OF MONEY.

(Continued from First Page)

Additional deposits of bonds or of lawful money in excess of the market value of the bonds held to secure the circulating notes shall fall below the par value of the circulating notes outstanding, for which such bonds may be deposited as security.

And, provided further, That the circulating notes furnished to national banking associations under the provisions of this Act shall be of the denominations prescribed by existing law, except that no national banking association shall, after the passage of this Act, be entitled to receive or to issue or re-issue or place in circulation any circulating notes of a less denomination than \$10.

And, provided further, That at no time shall the total amount of such notes issued to any such association exceed the amount at such time of its capital stock actually paid in.

TAX ON CIRCULATION. That every national banking association having on deposit, as provided by Sections 5,159 and 5,160 of the Revised Statutes, bonds of the United States bearing interest at the rate of 2 per cent. per annum to secure its circulating notes, shall pay to the Treasurer of the United States in the months of January and July a tax of one-fourth of 1 per cent. each half year upon the average amount of such circulating notes as are based upon the deposit of said 2 per cent. bonds, and such taxes shall be in lieu of existing taxes on its circulating notes imposed by Section 5,214 of the Revised Statutes.

DECLARED A DRAW.

The Fight Between Frank Erne and Jack O'Brien.

NEW YORK, Dec. 4.—Frank Erne of Buffalo and Jack O'Brien of New York fought twenty-five rounds at 133 pounds at the Coney Island Sporting House, George Sittler, of Chicago, declared the bout a draw. This decision was fair and just, but it did not satisfy a number of persons who had picked a favorite.

O'Brien did a lot of forcing the fighting, but Erne's work was of a cleaner and more scientific character. O'Brien's blows fell with a force that was not behind Erne's. It was the old case of a clean boxer against a hurricane fighter. Of the two O'Brien's face bore the worse marks. Both his eyes were badly damaged, and his mouth and nose puffed up.

Erne's left eye was smashed, but it will not hurt him half as much as the punishment he received in the body during the mill. O'Brien invariably got in pile driving blows on the stomach, ribs and kidneys, and the frequent visitations of his fists left red welts on the Buffalo man's body.

O'Brien was an even money favorite about the fifteenth round, while before the fight began 100 to 75 was laid against him.

During the fight O'Brien scored three knockdowns, while none was recorded against him. Both men were in the condition, but it is just possible that Erne was drawn a bit fine to get down to the limit.

As the mill drew to a close, so eager was each of the contestants to get the favorable decision, that they fought like furies. Erne having the call on points, possibly, and O'Brien inflicting the worst punishment. The final round was furious, blows coming thick and fast. They hugged each other and punched in the clinches. Erne was pulled and dragged each other in their efforts for supremacy, and a description of the blows would be impossible. Both were covered with blood, but O'Brien's face was the worst looking, both eyes being ringed up and his mouth badly lacerated.

When the gong finished the bout neither man heard it, and the house was in an uproar. There were cries of "Edne, Erne," and "O'Brien wins," from the partisans of each, while the more level headed spectators were waiting to be a more just decision. As soon as the noise had abated somewhat the master of ceremonies announced that the referee had declared the bout a draw.

ONE KILLED AND TEN INJURED.

A Passenger Train Wrecks an Electric Car Filled With People.

CHICAGO, Dec. 4.—A Wabash railroad passenger train struck a Thirty-first street electric car at 7 o'clock tonight, killing Charles Shaw, the motorman, and injuring ten others, including the following: Anna Lohr, left shoulder fractured; Charles Reiman, internal injuries, left foot cut off; Frank O'Connor, left ankle broken.

The passenger train was running at a high rate of speed, and was two blocks from the crossing, when the conductor of the electric car gave the signal to the motorman to cross. The car had reached the middle of the tracks, when a warning shout from the flagman notified the passengers of the approaching train. There were thirty or more persons on the car, and they made a dash for the doors. Several succeeded in getting out, and those who did not were thrown more than twenty feet with the car, which was broken into pieces.

Shipping Bill Introduced.

WASHINGTON, Dec. 4.—A shipping bill was introduced in the House today by Representative Payne of New York, who, with Senator Hanna, prepared and introduced the bill last year. Mr. Payne says it is the same in all essential particulars as the former bill, except that a provision is made that the bounty on the foreign-built ships annually, and that foreign-built ships

having American registry shall have only 50 per cent. of the bounty rates provided. In case the total bounties earned exceed \$9,000,000, a pro rata is made.

WILLIAM F. MILLER.

Is Reported to Have Been Captured at Montreal.

CHICAGO, Dec. 4.—In a telegram received here to-night at the local offices of a detective agency the capture of William F. Miller, accused of having been connected with the Franklin Syndicate swindle in New York, was announced as having been effected at Montreal by the agency's operatives, who have been in pursuit of the fugitive since his disappearance ten days ago. Early in the morning General Manager Overland of the detective agency first wired that Miller had been located in Montreal, and that identification was complete. Later in the day another message announced that he had been safely lodged behind the bars.

MONTREAL, Dec. 5.—At 2 o'clock this (Monday) morning the police authorities say that Miller has not been arrested in the city as far as they are aware.

Washington Masonic Celebration.

WASHINGTON, Dec. 4.—The committee having in charge the Masonic celebration of the centennial anniversary of the death of George Washington has practically completed the arrangements for the event, and has secured a very satisfactory railroad rate from all over the United States to this city. A fare and one-third for the round trip has been promised them. Tickets will be on sale from the 12th to the 14th to Washington, the return ticket being good from the 14th to 18th inst.

Commercial Cable Company.

NEW YORK, Dec. 4.—The shareholders of the Commercial Cable Company, at a meeting to-day, approved an increase of its capital stock from \$10,000,000 to \$15,000,000, for the purpose of laying another cable across the Atlantic by the cotton mills manufacturing of the operatives in this city 15 per cent. December 15th. Some 10,000 operatives will get the benefit of the raise, which is about \$9,000 a week.

Raining at Fresno.

FRESNO, Dec. 4.—Rain began falling at 12 o'clock to-night, and indications are for a steady downpour. Frost would be more acceptable to the farmers now, as the growth of wheat is becoming too luxuriant.

Advance in Wages.

NEW BEDFORD (Mass.), Dec. 4.—It was decided by the cotton mills manufacturers to-night to advance the wages of the operatives in this city 15 per cent. December 15th. Some 10,000 operatives will get the benefit of the raise, which is about \$9,000 a week.

Former Consul Williams.

NEW YORK, Dec. 4.—The British steamer York, which arrived today from China and Japanese ports, had as a passenger O. F. Williams, formerly United States Consul at Manila.

Joubert Retires From Estocort.

LORENZO MARQUES, Nov. 29.—General Joubert has retired from Estocort, and is now blowing up the Colons. He brings a large herd of cattle, and intends to congregate his forces in the vicinity of Ladysmith.

Tom Johnson's First Monopoly.

The five weeks immediately following Lee's surrender was a golden time to Tom Johnson financially. In that period he earned \$88, enough to carry the family (which consisted of his parents and two younger brothers) to Kentucky. This was the way he did it: There was, of course, great thirst for news in Staunton, as all over the country, but only once a day was Staunton in railway communication with the outside world.

MUSIC AND ART.

LAURA C. WALTERS, TEACHER OF voice, piano, violin, guitar, mandolin, 303 K street, room 2. Telephone: Sunset west 333.

recognizing his ability. Of his own initiative, Bideman Dupont, one of the owners of the railway, offered to his protegee a loan of \$30,000 with which to try his fortune. The possibility of security was, of course, out of the question.

"Take it, Tom," he said, "and if you live I know you'll pay it back; if you die, why, I'll be out just so much. But I'm gambling on your living."

"And later," remarked Mr. Johnson. "I had the pleasure of associating two of Mr. Dupont's sons with me in business matters, and thus enjoyed the satisfaction of partially repaying his kindness."

With the generous loan the young financier organized a triumvirate for the purchase of the street railways of Indianapolis, thus taking the first step in the course which led him in turn to absorb the lines of Cleveland, Detroit, St. Louis, Brooklyn and other cities. In Indianapolis he pursued with benefit to himself the system which had been successful in Louisville—cheap fares and good accommodations, with increased transfer privileges.—Success.

Buccooed.

"Last election didn't bring as much money as it ort," said the villager. "Too bad," said the traveler. "What was the reason?"

"W'y the bosses of the two parties got together an' figured out what men they each one of them could buy from the other side, an' then, durn their skins, they just traded with one another, 'stead of puttin' up the cash as they orter done."—Indianapolis Journal.

A practical and generous gift of a California was the check for \$2,500 given by Mrs. Collis P. Huntington to Principal H. B. Frissell of the Hampton Normal and Agricultural Institute for the establishment in Newport News, Va., of a cooking and sewing school for colored girls.—San Francisco Examiner.

BEECHAM'S PILLS make life worth living. Cure Bilious and Nervous Disorders. 10 cents and 25 cents, at drug stores.

The Numbers Tell of Woman's Woes

No woman should at low herself to drift into the mire of chronic invalidism. There are certain ailments of a natural tendency to mope that are most trying to the system. They recur again and again, and the old methods of treatment fail. Since the discovery of H. J. W. ROSS, N. Y., these delicate cases are of less frequent occurrence and suffer less. H. J. W. ROSS has been restored to perfect health again.

HYDIA, permanently cures female weakness in all its forms, hence H. J. W. ROSS is the greatest earthly boon to suffering women. Weak and nervous women who suffer with Colic, indigestion, flatulency, dark rings under eyes (fig. 2), hollow cheeks and pale, thin faces (fig. 3), coated tongue and infrequent breath, should take HYDIA. These conditions are in most instances the direct result of some chronic ailment of the maternal organs. HYDIA affords immediate relief for it goes to the bottom of the evil and exerts its curative influence there. HYDIA cures all uterine troubles. Don't wait; take H. J. W. ROSS' HYDIA. It is a package of five packages for \$2.50. Your druggist does not keep it, send direct to HYDIA REMEDY CO., corner Stockton, Ellis and Market streets, San Francisco, Cal.

CONSULT HYDIA DOCTORS FREE OF CHARGE. CALL OR WRITE.
