The new company at Glendale are evidently made up of kind of live and live people. The Silver Belt announces incidentally that the company will be in the city in a matter of days. It is not to be inferred from this, says the New York Sun, that the people of one country are much more prone to litigation than are the people of another, but the explanation is to be found in the fact that the conditions of litigation vary exceedingly. Going to law in England is very expensive business, for it entails outlays in the form of costs which are very large. In this country the courts are practically closed to persons of modest means, and a long litigation unsuccessfully pursued ends often in bankruptcy.

Mr. T. D. Byrne who was popularly supposed to have been found dead in the Curonian mountains, repudiates most vigorously the soft impeachment. But for his he would be rational, and on any other subject appears to be perfectly sane.

Some weeks or perhaps months since, the City Council made application to the Board of Health for a license to permit testimony relating to the water capabilities of the Santa Cruz valley contiguous to and above Tucson. Under the old regime, the decision in that direction could be done. With the incoming of new authorities a different view of the request was taken and a second application to a like end having been made, it is expected that it has been returned, and this morning Mayor Bushman was advised by the board that whatever assistance could be rendered by the board in that direction would be done. This board is to be complimented on its wise and liberal policy.
