

LOCAL NEWS.

It rained and the town leaked.

The average price of cattle are said to be \$10 and \$14 per head.

Joe Andrade sold 14 head of cattle to Jim Simpson, the butcher, Saturday.

There was quite a heavy frost observable throughout the valley this morning.

Bryan & Young's high class minstrel will be at Reid's opera house December 11th.

A drove of the Rouse cattle consigned to Delahanty and Rice, in the Huachuca went through yesterday.

There was an incipient fire in Col Zabriskie's office this forenoon, but beyond wrecking some furniture no particular damage was done.

W. T. Boyd, grand recorder of the A. O. U. W., has been petitioned to open a lodge of the order in Nogales. He has written them that he will be there some time during the latter part of this month or the beginning of the next.

Haywards Celebrities will be here December 4th. They consist of a lady violinist from the Dresden Conservatory of Music, a cornetist and a reader and impersonator. Manager Reid considers them of the best musical troupe on the road.

Henry A. Treed, an old timer and prominent citizen of Arizona, died at his home Monday night near Phoenix. He had been a resident of the territory for twenty years, the greater part of the time having been spent at Tombstone. He was 52 years of age, and leaves a wife and four children to mourn his loss. He was well known in Tucson having been at one time a prominent citizen.

An exchange says that a western hunter who heard of a local scoundrel, hinted at it and announced that if a bottle of champagne would be sent him he would refrain from mentioning that "little affair." He received champagne from seven persons with notes, requesting him to keep quiet.

Rev. D. Brewer, an Episcopal clergyman, and proprietor of St. Matthew's school at San Mateo, is in the city en route to Baber and Tombstone. Mr. Brewer is making a tour of the territory in the interest of his school, which is said to be one of the best in California. It employs thirteen teachers and its graduates are accepted at Stanford and Berkeley without examinations.

We notice that with appropriate fitness to the season a fine turkey displayed in the show window of Mr. Zecendorf's jewelry store which is to be given to the poor. The turkey is the weight of the Thanksgiving bird. This contest is open to all who will take the trouble of leaving their guests in the store. The contest will close Wednesday night at 8 p. m. and no one should miss this chance.

The following was reported to have been found on the wall of a deserted shack in the heart of the desert. "Five miles from a maver; sixteen miles from a post office; twenty-five miles from a railroad; fourteen miles from a school house; forty-one miles from a church; a hundred miles from the nearest town; half a mile from water; God bless our home. We're gone to Arizona to get a fresh start."

To say that Tucson was a wet town yesterday would be saying but half. At least nine tenths of the houses in town have mud roofs and at least nine tenths if not ten tenths of those having mud roofs leaked. The complaint is general and "dry" is a word which is used whenever two householders meet. Occasionally a wall fell down and an old roof or two broke in, but beyond this the sum total of the damages lies in raised ceilings and water-soaked goods. Every drop of rain that fell went in and it was almost impossible for a dirt roof to withstand it.

It is stated that the rules of the Illinois state board of health, the commission and prevention of diphtheria direct the removal of birds and other domestic pets and the exclusion of cats from the sick room, on the ground that they are susceptible of the disease and often convey it to children. It is also recommended that as much sunshine as possible be admitted to houses, as the rays of light kill the germs. The water supply has nothing to do with the matter, it is said, except as contaminated water affects the soil and lowers the resting powers of the system.

Arizona is coming to the front as a rain producer and has broken her record of aridity by two successive wet seasons. By some she is believed to be fast approaching the eastern climate where it is supposed to drop down wet at least once a week throughout the entire year. There has been splendid rains throughout October. November, the late drizzling downpour covering an almost unprecedented period of 30 hours. As a rule October and November are dry seasons, but their records have gone by the board in 1895. The surrounding mountains are covered deep with snow which assures the prospect of a winter of an abundance of water in the hills, and the plains, the agriculturist and stockgrower of sufficient water for crops and cattle.

On Wednesday evening Dec. 4th the musical troupe will be offered a grand picnic in the form of the Dewey Haywood company which is composed of Miss Flora Drescher a great violinist who has appeared in this country with Thomas orchestra and her just close engagement with "Mark Iwan." Miss Clara May Bryant a very gifted reader and impersonator whose work is full of humor and very pleasing. W. Scott Heywood a celebrated cornetist who was two seasons with Clara's band and let's cornet solo with Iowa state band at the world's fair, and Frank M. Fuller a talented pianist. Arrangements have been made to secure a fine piano and Mr. Fuller will play a leading feature of the program. There is no mistake in dates and this company will be sure to appear as advertised. It will be one of the treats of the season, and the company should be met with a full house.

Mr. Ozro Haskins who for about three months has been head engineer at the Tucson smelter, met with an accident yesterday, which caused him to make a visit to the city for repairs. Everyone knows Mr. Haskins is a strong, powerful and loses no chance to make a convert. His smooth and plausible arguments in favor of his party, have long been known as easily as water from a ducks back. He had about made a convert of one of the Mexicans working at the smelter, who was chopping wood yesterday morning, and Ozro went up to where he was at work, and taking the axe from him, said "we will knock out the other party this coming election as easily as I can split this stick." Hearing him say in the air he brought it down with might force on the wood, the stick flew back, striking him on the chin, cutting a gash about three inches long, knocking out two teeth and making a hole in the end of his tongue. After the doctor had taken several stitches in this cut and repaired damages as well as he could, Mr. Haskins went back to the smelter a regular and wiser man and is now convinced that the populist party has as good a show to win as he has to lose two new teeth grow again. Next November Mr. Haskins will not be found in the populist ranks, his change of views was subdued but sure.

Makes the Blood Pure

This is the secret of the cure by Hood's Sarsaparilla. Read this:

"I am so glad to write that I am now in perfect health and it is all because of Hood's Sarsaparilla. My health broke down with troubles peculiar to women, my nervous system was shattered and I had to take my bed. The physician said there was little hope for me. A neighbor told me of wonderful cures by Hood's Sarsaparilla and I decided to try it. I had taken 3 bottles, I could sit up and now I am perfectly well and strong."

Hood's Sarsaparilla

has done all this for me. Mrs. C. F. FARRER, La Platte City, Colorado.

Hood's Pills

are habitually constipated. Price 25c per box.

The Postmaster's Grocery store closed its doors today.

On account of tomorrow being Thanksgiving, no paper will be issued from this office.

Parke's Cough Syrup for Coughs and Colds. Sold by Fred Fleischman.

There was no mail east of El Paso this morning, presumably the trains are snow bound.

A number of exceedingly interesting exercises took place at the public schools this afternoon. The little folks acquitted themselves most becomingly.

Mrs. J. R. Charalau has returned from California where she has been for the past six months much improved in health.

Arizona Lodge No. 1, A. O. U. W. at their meeting tonight will elect officers for the ensuing term and a large attendance of members is expected.

The Telegraph office, Wells, Fargo & Co. and the postoffice will be open Sunday hours tomorrow only. The telegraph office hours will be 8 to 10 a. m. and 4 to 6 p. m.

Union Thanksgiving services will be held in the Congregational church next Thursday morning at 10:45. Sermon by the Rev. H. M. Bell of the Baptist church. A cordial invitation is extended to all.

The Ladies of the Universal Benevolent association are notified to meet at the residence of Mrs. Herbert Brown, on Main Street, Friday afternoon at 2 o'clock.

Mr. John Gendolfo Yuma is in the city en route to Altar, Sonora, where he is on business connected with a big mining property he owns in the Sierra Paria near the Gulf of California.

A round trip ticket for \$20.50 to El Paso and return has been made by the Southern Pacific railroad on account of the bicycle tournament. Tickets will be good from Nov. 27 to 29th inclusive.

There will be given at the Baptist church Thursday evening Nov. 25th a literary and musical entertainment followed by a coffee and cake social. Admission 25c. Everybody is cordially invited.

The Phoenix base ballists are making a strong bid for the Tucson team, even going so far as to offer to defray expenses, etc., but the boys are out of practice and out of shape and are no more fit to meet a competing team than the home Phoenix nine is to play baseball.

Union Thanksgiving services will be held in the Congregational church tomorrow, at 10:45 o'clock. The Rev. H. M. Bell of the Baptist church will preach. The offering will be devoted to the noble work of the Women's Universal Benevolent Society of this city and it is hoped will be generous. A general invitation is extended.

Two tramps became indignant today over seeing their fellows working with a ball and chain attachment. They abused the men for not resisting and also abused the officer in charge. At this juncture the game Mary and W. A. Brady and "ran them in." They will be up for a hearing on Friday.

The famine in wood created considerable competition on the streets today. At the postoffice several would be purchasers had an Indian man, who had a hand saw for sale and the vendor was bewildered with his seeming popularity and what to do. The gorilla knot however was cut by a lady taking his team by the head and turning it in the direction she wanted it to go.

Wood has become so expensive and scarce that the electric light company has been compelled to order a car of coal to keep them going until wood again comes in sufficient quantity to keep the plant running. Although coal is a cheap fuel for the company than wood, yet they prefer using wood as the money is left home whereas all money for coal purchases goes out of the territory.

There is nothing that causes women greater discomfort and misery than the constantly recurring headache. Men suffer less with headache. "My wife's nose fit to meet a competing team than the home Phoenix nine is to play baseball."

Parke's Cough Syrup is what we desire. Every one who has tried it readily says that it has no equal in the Cure of all diseases of the throat and lungs. We know it will cure any cold and do it in the shortest possible time. You don't know this, but you will get Parke's Cough Syrup. Sold by Fred Fleischman.

Monthly Rainfall for 1895 at Tucson.

Table with 12 columns for months and 2 rows for total rainfall and average monthly rainfall.

Rainfall for the Month of November 1895.

Table with 12 columns for days of the month and 2 rows for total rainfall and average daily rainfall.

Dr. J. H. McLean's Volcanic Oil Linctus in the relief of pain and in curing diseases which seemed beyond the reach of medicine, has been truly remarkable.

Handfuls supposed to be crippled for life with cramp and leg drawn up crooked or distorted, their muscles withered or contracted by disease, have been cured through the use of this remedy. 50c and \$1 per bottle, sold everywhere.

Mr. Tomkins, secretary to Supt. Garland of the Bowie and Globe railroad was in the city yesterday looking for a job.

The address that has attended the use of Dr. J. H. McLean's Volcanic Oil Linctus in the relief of pain and in curing diseases which seemed beyond the reach of medicine, has been truly remarkable.

TELEGRAPHIC.

New York, Nov. 24.—A dispatch to the World from Havana says:

The Spanish government could no longer hold back the news that General Maceo and General Gomez had crossed with their respective armies into Santa Clara province, and finally called the news official.

Both Cuban generals have been in Santa Clara some days, hence the morning of other insurgent troops further westward into Matanzas province.

General Antonio Maceo is west of Sancti Spiritus in the Inaquin mountains. There the Spanish gathered to fight 10,000 or 12,000 troops, including mountain artillery, with the intention of defeating the famous Cuban general, but they did not meet him, or else were defeated themselves, as nothing is mentioned as to what happened there. The Spanish are concentrating all their forces on his way west to Santa Clara, an important battle will soon be fought in that neighborhood. General Gomez has crossed over into Puerto Principe province, it is officially acknowledged, on his way west to Santa Clara. He is said to be at the head of 5000 men. The program of the Cuban rebels is being carried out, and the Spanish troops apparently can offer but slight resistance.

General Gomez has declared that he will operate in earnest next month in the most important part of the island.

As the rebel forces continue to push forward and advance further west, it is apparent that they have selected either the province of Havana or Matanzas for their battlefield.

CONSTANTINOPLE, Nov. 25.—There is no doubt efforts have been made to maintain order in the districts where disturbances are threatening and to suppress the disorders which outbreaks against the Greeks are now passing.

The governor of Hajio, who threatened to burn the convent there and set fire to the barley fields, has owing to strong representations made to the ports by Mr. Terrill, has been recalled and his conduct is being inquired into. The main question has now being discussed between the Porte and representatives of the powers is the demand of Great Britain, Italy, Russia and Austria for the armaments for the passage through the Dardanelles of extra gunboats.

CONSTANTINOPLE, Nov. 25.—Definite information has been received here that the missionaries attached to the station at Kharput, have left that point under an escort for Constantinople.

CONSTANTINOPLE, Nov. 25.—The United States Minister, Terrill, has received a dispatch from Aintag announcing the safe arrival there of the American missionaries belonging to the Central Turkia mission. The situation here is still grave and more complicated.

ST. JOSEPH, Mo., Nov. 25.—A special from Jefferson City, Mo. says: The Rev. J. T. Johnson, D. D., pastor of the First Baptist church, just returned from a tour through Turkey and Holland, last night in a sermon made the statement that American Minister Terrill ought to be hanged. He declared that the minister to Turkey has joined the Mohammedan church, and is thus aiding in the persecution and killing of christians, instead of protecting them. The situation is far worse than reported to the papers, as Terrill sends out false reports. The Rev. Johnson and his party of 34 members signed a petition to the president to remove Terrill.

OMAHA, Neb., Nov. 25.—The eighth annual convention of the Trans-Mississippi Commercial Congress convened at 11 o'clock this morning. Though the storm throughout the west delayed many delegates, three hundred faced President Geo. Q. Cannon, of Salt Lake, when the convention opened. I. A. Carpenter, of Omaha, welcomed the convention, in behalf of the business men. Mayor Bemis proffered the welcome of the city. Governor Silas A. Holcomb performed a similar duty, in behalf of the state. The band played "America" Governor Prince, of New Mexico, responded to the welcoming address. The afternoon session was devoted to examining credentials.

BERLIN, Nov. 25.—The police raided the house of socialist members of the Reichstag and other leaders of the socialist party today. All their letters and papers were impounded and taken to the office of the chief of police. It is claimed the socialists degraded the law.

GREELEY, Colo., Nov. 25.—An earthquake shock last night of 15 seconds was felt here at 1 a. m. today. No damage resulted.

YARMOOUTH, Eng., Nov. 25.—The Norwegian bark Lebasden, Captain Isaacson, was wrecked off this port during a gale; 12 of the crew were drowned.

COLORADO SPRINGS, Colo., Nov. 25.—Another mining stock exchange, the fourth in this city, is about to be established here. It will hold the call in the evening.

WASHINGTON, Ind., Nov. 25.—A plug blew out of the mud valve at the electric light plant last night, frightfully scalding six tramps sleeping just above the boilers. Two died.

LONDON, Nov. 25.—The marriage of Lieutenant Commander W. S. Cowley, U. S. naval attaché, to Miss Roosevelt, sister of James S. Roosevelt, secretary of the U. S. Embassy took place in St. Andrew church, Westminster at 2:30 p. m. today.

CHICAGO, Nov. 25.—The storm which raged here last night and early this morning was one of the worst that ever struck this city. The wind blew a gale and the snow fell in great clouds. Street and railroad traffic is greatly delayed and street car companies had to abandon some of their minor lines and devote their energies in keeping the main lines open. Dispatches received here show the same state of affairs throughout Illinois. On Lake Michigan the gale was very severe.

CHICAGO, Nov. 25.—Chicago is almost isolated from the rest of the world by telegraph and telephone wires being down, and a blockade on the railway lines. The streets are full of live wires. Three horses were killed by contact, and many serious accidents were narrowly averted.

ST. LOUIS, Nov. 25.—A blizzard which set in here early last evening subsided this morning, leaving six to eight inches of snow, badly crippling street railways and greatly impeding traffic. The wires are down in all directions. The storm throughout Missouri, Arkansas and Texas was more severe than for many days, if the temperature falls much

lower in Texas there will be great loss of cattle and sheep.

CHICAGO, Nov. 26.—The lives of at least 25 men are in imminent peril on vessels blown around in Lake Michigan, off Glenoc. The Evanston life-saving crew, on duty at the pier, are endeavoring to reach the vessels.

The crew have lashed the masts to the masts, since they cannot be seen through powerful glass to move, it is believed may have been frozen to death. NAGANSA, Falls, Nov. 25.—The cataract is greatly augmented in volume by the westerly wind, which has attained a velocity scarcely paralleled here. The suspension bridge has been subjected to a tremendous strain. It is freight sheds were blown down.

FRANKLIN, Ind., Nov. 25.—The storm last night in this vicinity developed into a regular tornado, which spread destruction in all directions. The city hall is damaged \$15,000.

PUT-IN-BAY, Nov. 25.—Last night's storm was very destructive here. Several buildings were demolished. A deck laid on the steamer "Hessoner" was blown overboard and the vessel was driven to the beach. The vessel is in the lake with two men on board.

BOJLING GREEN, Ky., Nov. 25.—The Standard Oil company reports 1,000 barrels blown in the town of Bojling Green. The standard oil and gas company reports that the wind has raised to the velocity of 72 miles an hour. Several houses were blown down and many buildings were ruined. The wind is reported to have blown away in all parts of the city.

NEW YORK, Nov. 25.—(Special Dispatch.) A report, which probably had good grounds for truthfulness, has just been sent out that William A. Brady, Cleveland manager, had agreed to negotiate for the purchase of a controlling interest in one of the National League baseball clubs, presumably the Washingtons.

Brady, however, the rumor declares that he should the purchase be made, is Manager Brady's intention to put Corbett and his brother Joe into professional baseball; that the prizefighter will play basketball and his brother will pitch for the nine.

There is no doubt about Brady and Corbett having the baseball game, Brady said a year ago that he and the champion had money to invest in a game, and all they asked was an opportunity. Corbett and his manager imagine that all they have to do is to get into a league club and make a parcel of money by the national game an instrument for turning the fame of the prize ring into a means for making money.

But they will find themselves mistaken. It would be very easy to legislate at a spring meeting so that men who have been professional prize fighters should be barred as ineligible players in national League teams. Secondly, it is almost sure that any club which caters to that kind of notoriety would become bankrupt in one season. Though Corbett and his manager are at one time fairly good ball players, they never could and never will play class A ball, according to the ideas of some critics.

FITZ-SIMONS ARTICLES.

HOUSTON, Tex., Nov. 25.—Fitzsimmons has signed articles for a fight with Corbett at the following:

Corbett is to have a fight to a finish with Fitzsimmons in a side ring, to be held on January 10, 1896, at El Paso, or elsewhere, the party of the first fall (D. A. Stuart) agreeing to give the winner of the fight \$100,000. Should the party of the first fall pull out of the fight on the date mentioned, he is to forfeit to Corbett and Fitzsimmons one-half of the purse, \$100,000. Upon the date mentioned the party of the first fall agree to sign the articles, the parties of the second and third falls (Corbett and Fitzsimmons) are to deposit each \$12,500. The amount \$100,000 deposited by each side is to be held in trust by the contestants and it is to go to the winner of the fight.

The amount of \$250 deposited by each side is to be held in trust by Dan Stuart, to be paid to him should either of the principals fail to appear at the ring-side on the date selected, and should they appear at the appointed time, the money is to be returned to them immediately after the contest. Should one of them fail to appear the other one is refunded what has been deposited. The purse money offered by Stuart is to be held in trust by Corbett and Fitzsimmons, and \$100,000 five days previous to the contest.

SAN FRANCISCO, Nov. 25.—The Bulletin will publish a story of several bodies which after recent interment have been completely perished. Over 1,200 bodies are to be removed from the Hebrew cemetery at Ghroch Olam on Dolores Street, to the Home of Peace cemetery, San Francisco, California.

The first arrivals from Sonora were received at Nogales last Monday. They are a little late this year.

N. W. Bernard was in Nogales from Aravaiz, Thursday, and loaded a thousand head of cattle at Calabasas yesterday evening from a week's traveling trip to Old Bally, where they succeeded, between them, in killing one squirrel, which they cooked and gave to Mr. Cummings.

The Knights of Pythias elected new officers Tuesday night as follows: P. J. Vazquez, C. C
